SS North American Enters Harbor On Pre-Season Cruise

School Children, Vacationers
From All Parts of Michigan
Enjoy Stop-Over Here

The Steamer North American, owned by the Georgian Bay Transit Co., was the first passenger boat to enter Charlevoix harbor this season. She appeared in the harbor May 29, and returned May 31, bringing senior students from southern Michigan. The sister ship, South American, docked in the forenoon of May 27 with tourists from Chicago and vicinity.

The cruise was in charge of M. E. Borsena, director of Youth Travel Cruises. Mr. Borsena, in an interview with the Courier reporter, said "The children as well as all aboard our ship enjoyed the stay in Charlevoix. All look forward to returning at a future date." He lauded S. E. Coleman, director of the Board of Commerce, for his untiring efforts in arranging for their stay in Charlevoix.

The S. S. South American is scheduled to dock here at 8 A. M., Sunday, June 10, and will remain until 12 noon. The trip is sponsored by the Geographic Arts Society of Chicago.

In a letter this week to Mr. Coleman, E. J. Gobel, general manager of the Georgian Bay Co., expressed regret that "due to changes in the schedule, the SS North American, due here June 12, would be cancelled."

Said Mr. Gobel, "We regret having to do this and missing the opportunity that Charlevoix offers. We hope the opportunity will arise whereby we can include your fine city on our schedule at a future date."

VFW Meet, Install Officers

Plan to Organize
Ladies Auxiliary

The regular meeting of the Veterans of Foreign Wars and the installation of officers were held at the 1000 hall on Thursday evening, June 1. Sam King was installed as the new commander. Other officers were Leslie Everts, senior vice commander; Lewis Brant, junior vice commander; Walter Moore, quartermaster; Adolphus Allard, adjutant; Major R. L. Spratt, sergeant; and Jay Oliver, chaplain.

Pvt. Martin Elzinga, the newest member, who was released recently from a German prison camp and who is now on furlough in Charlevoix, gave an interesting talk on his experiences.

Plans were discussed for the new auxiliary which is being formed and it was announced that the Department President of the Ladies Auxiliary will be here on June 10 to organize the group.

Meetings of the V.F.W. are held every second and fourth Thursday of the month. The next meeting will be on June 14 at the 1000 hall.

Blue Star Mothers Met Monday Evening

Four New Members Were
Taken Into The Group

The Charlevoix chapter of the Blue Star Mothers met at the home of their president, Mrs. L. A. May, on Monday evening, May 29. At the business meeting at which Mrs. May presided, it was decided to give \$75 to the Ida Hill fund and \$75 to the Percy and Hospital at Battle Creek, and with made for a tag day to be held in August.

July Oliver, spoke to the group about the graves in Iran and the Holy Land.

A short memorial service was held for the boys who had lost or live in action in the last war.

Four new members, Mrs. J. J. May, Mrs. John Stephens, Mrs. M. McGowan and Mrs. Laverne Thomas, were taken into the group. Twelve members were present.

Refreshments were served by Mrs. May, Mrs. May, Mrs. Grant, Mrs. May, Mrs. Dixon and Mrs. May.

Rev. Claypoole New Pastor Here

Comes to Charlevoix
From Fowlerville, Mich.

Rev. Ansley B. Claypoole, after a pastorate of seven years and seven months with the First Baptist Church of Fowlerville, Mich., took up his duties as pastor of the local Baptist Church last Sunday.

Mr. Claypoole has held five pastorates previous to his coming to Charlevoix as follows: Charles City, Iowa, 3 1/2 years; Rapid City, South Dakota, five years and two months; Aberdeen, South Dakota, seven years and four months; Wyandotte, Michigan, seven years and six months; Fowlerville, Michigan, seven years and seven months.

He is a graduate of Kiskimewan Preparatory School at Saltsburg, Penna., from which he holds the degrees of B. A. and M. A. and of Crozer Theological Seminary, from which he holds the degree B.D.

Rev. and Mrs. Claypoole visited the local Baptist Church on April 22nd. That week end the church extended him a call and he and Mrs. Claypoole arrived via car on Tuesday evening to assume their duties in Charlevoix. Their furniture arrived via van on Wednesday forenoon and they are now nicely settled in the parsonage at 208 Mason Street, where they will be pleased to receive all new well-wishers and friends.

Brothers Display Ciscos

These local anglers have cause to be proud of their fine catch of Ciscos displayed in picture above. The fish were caught recently in Round Lake by Dwight and Joe Smith. Time: three hours. Joe is now in the armed forces and is a former policeman on the local beat. Dwight was here on a visit from Washington State.

Cook-Bird Wedding Solemnized With Double Ring Ceremony

The marriage of Melva Louise Cook, of Petoskey, daughter of Mr. and Mrs. Orson Cook of this city, to Corporal Douglas W. Bird, son of Mr. and Mrs. Frank P. Bird, was solemnized in a beautiful ceremony at 3 o'clock Saturday afternoon, June 2, at the First Presbyterian church in Petoskey in the presence of one hundred and fifty guests.

The double ring ceremony was performed by the Rev. E. P. Linnell. Tall candles, each holding white tapers and adorned with cedar boughs, stood in front of the altar which was banked with lavender and white lilies.

The bride, given in marriage by her father, was lovely in a gown of white slipper satin fashioned with a train. An orange blossom and pearl tiara held a full length veil of bridal illusion. She carried a fan bouquet of Serenim's roses, narcissus and snapdragons with lilies of the valley attached to white ribbon streamers which extended from a white satin bow.

Her only attendant was Miss Kathryn DeKemper, wearing a gown of pink crepe and matching hat. She carried an arm bouquet of Better Times roses, white carnations and forget-me-nots, tied with blue satin ribbon.

Kenneth Bird, brother of the bridegroom, was best man, Harold Suck and Lewis Brown, Y2-c, USNR, acted as ushers.

Mrs. Cook chose for her daughter's wedding a navy blue dress with white accessories. Mrs. Bird wore a suit of teal blue with powder blue accessories. Both wore corsages of gardenias tied with bronze ribbons.

Music was arranged and under the direction of Mrs. Norman Risk, organist. Miss Dorothy Myers sang "Because" and "I Love You Truly" preceding the ceremony.

Following the service, a reception was held at the Lewis for approximately seventy-five relatives and close friends. The bride's table was centered with an all-white three tiered wedding cake decorated with a bouquet of lilies of the valley. The cake was flanked by tall white tapers in crystal holders.

For her wedding trip the bride chose a three piece dusty rose ensemble with navy accessories. She wore a corsage of roses, narcissus and snapdragons.

Following a wedding trip in southern Michigan, Cpl. Bird will report at Fort Sheridan, Ill., on June 14 and Mrs. Bird will resume her duties in the office of Dr. John R. Kelly in Petoskey.

A program of wedding music was played by the church organist and the soloist, a friend of the family, sang "Thine Alone" and "I Love You Truly."

The bride, given in marriage by her father, chose a gown fashioned with a white eyelet embroidery bodice and a full net skirt which ended in a train. Her bridal illusion veil was fingertip length. She wore a pearl necklace and carried an arm bouquet of white rose buds and lilies of the valley.

A reception was held in the church parlor after the ceremony. The bride's table held a large wedding cake flanked by lighted tapers and bouquets of white flowers.

Far from away the bride wore an aqua blue suit with white accessories and a corsage of white carnations and lilies of the valley. Following a lake cruise the bride will return to Detroit and resume her position at the Detroit Edison company and Cpl. Bird will return to Fort Knox, Ky., where he is stationed with the army.

Lands 'Mackinaw'

E. M. MOCK

E. M. Mock, formerly of Detroit, and now living at 505 Petoskey Ave., had quite an experience with this Mackinaw Trout which measured 34 inches and weighed 14 1/2 pounds. Mr. Mock spent 30 exciting minutes landing it. Caught on a perch hook with a minnow for bait, the fish was also hooked thru the back fin with the second hook. The fishing grounds? Foot of Clinton street, 110 feet due east, in Round Lake. A trout was weighed in at Block's A & C Store and the picture was taken by Mr. Mock's personal photographer.

U. of M. Pleased With Charlevoix School System

Representatives of Bureau
of Cooperation Inspect
High School Methods

On May 9, Dr. Edgar G. Johnston and Dr. Clyde Vroman, of the Bureau of Cooperation with Educational Institutions, University of Michigan, visited the Charlevoix Public Schools and made a thorough inspection of equipment, curricula, methods, and buildings. As a result of that visit, the Secretary of the Board of Education has submitted for publication the following comments from a letter received from Dr. Johnston:

"Dr. Vroman and I enjoyed our recent visit to Charlevoix and were very favorably impressed with the general character of the school and the plans for future development. The close contact with the community as evidenced particularly in the monthly open house and the bulletin describing the school program for patrons, is especially commendable. Congratulations and best wishes for continued progress."

Six Candidates From County Are Eligible For Camp

Charlevoix Chapter Will
Sponsor Membership For
National Aquatic School

The American Red Cross announced the dates of June 20th-30th for the 1945 National Aquatic School to be held at St. Mary's Lake Camp Battle Creek, Mich.

To be eligible to enroll in the aquatic section, students must be eighteen years of age, be sound physical condition and strong swimmers. To be eligible to enroll in the First Aid and Accident Prevention section a candidate must be twenty years of age or hold a teacher's certificate and must be in sound physical condition.

It is desirable that chapters recruit and select school candidates on the basis of their interest, teaching ability, and availability to teach after they qualify. Chapters employing Swimming and Water Safety instructors for intensified summer programs should send these workers to the schools for training.

The Charlevoix County Chapter will pay the enrollment fee. Enrollment will be limited. Two are wanted from East Jordan, two from Bayne City and two from Charlevoix. Anyone interested may get more information, and application blanks may be obtained from George Hemminger, chairman, First Aid, Water Safety and Accident Prevention, Charlevoix County, Bayne City, Michigan.

Foster Boat Co. Gets Contract

More Workers Needed
In Expansion Move

The Foster Boat company has just been awarded a Navy contract for the construction of 60 additional 24-foot Plane Personnel boats, bringing to 80 the number of such craft now on order. Production is now under way on the previous contract for 20 boats to be delivered in June and July. Delivery of the additional 60 boats is scheduled over 6 months beginning in July. Two years ago the company built 30 such boats of a somewhat different design.

Plane Personnel boats are used by the Navy to carry crews to and from seaplane bombers and must be light, fast and maneuverable. They must attain high speed with a crew of two and 14 passengers. They are companion craft to the 33-foot Plane Rearing boats, which are designed to ferry torpedoes and bombs. A hundred of the latter type have been built by the Foster Boat company.

In addition to the Personnel boats, a large number of 16-foot Storm boats remain to be built for the Corps of Engineers. The company is expanding its working force to meet production requirements and is accepting applications for both skilled and unskilled help.

Kiwanis Speaker

MARTIN ELZINGA

Pet. Martin Elzinga was an interesting speaker at the regular Monday evening meeting of the Kiwanis club.

Pet. Elzinga held his audience spellbound when he related his experiences as a prisoner of the treatment accorded American prisoners and displayed several German-made articles, including cigarettes, a saloon, wristwatch and alarm clock.

After his midday furlough with friends and relatives here, Pet. Elzinga will return to Florida for reassignment.

Members of the Traverse City club were guests at the meeting.

Michigan Bell Opens New Office

Move Is Made To
Provide Better Service

Charlevoix's telephone business office will open at a new location at 405 Bridge street, half a block north of the Postoffice, at 9 o'clock Monday morning, C. L. Johnson, manager for the Michigan Bell Telephone Company, announced today.

The move is being made to provide better service on both local and long distance calls, Johnson said. The present office is located at operating quarters of the company and operators have had to devote part of their time to business contacts.

Mrs. Flossie Bullock, who has been with the company 26 years, will have charge of the new office as service representative. She comes to Charlevoix from Rochester.

The new office will be open from 9 A. M. to noon and from 1 p. m. to 5 p. m. daily, and 9 a. m. to 12 only on Saturdays.

EARLY ARRIVALS

Among the early arrivals of summer visitors this week, were Mr. and Mrs. Arthur W. Schellinger, who are occupying their home at 121 Michigan, and the Harry Palmers who reside at 304 Michigan. Incidentally this is Mr. Schellinger's 26th year as a summer resident here.

Swintons Are Safe at Ann Arbor

Visited Here With
Relatives Before
Returning "Home"

Prof. and Mrs. Roy Swinton, who returned to this country last month after being liberated after more than three years at the Santo Tomas camp near Manila, have gone to Ann Arbor to live after spending several days with the former's mother, Mrs. George D. Swinton, and his sister, Mrs. H. A. Craig.

After weeks of medical care in Manila both Prof. and Mrs. Swinton have regained much of the weight they lost at the camp on a diet which, in the last six months of their imprisonment, consisted of a thin rice gruel called *lugaw*. All the meat they saw in that time, they said, were the worms in the rice. At first they were allowed to buy food when it was available, but soon that privilege was taken from them and they were forced to live on prison fare. Coffee made from scorching sweet potatoes, barley or rice was a Sunday treat and the grounds were saved to make more of the leverage on Wednesday.

When they first went to the camp they were allowed to take only one change of clothing with them and at the end of the three years the original garments were not recognizable—they had been turned, mended, and patched. Toward the last, the few sheets that were left were cut up and used for clothing.

Within a few weeks after the Americans were imprisoned, they organized a community government with a mayor and executive committee which operated under the strictest rules and was run with no co-operation from the Japanese.

The Swintons feel that the smallest necessities back here seem like a luxury after life in the camp. In all the three years they were never allowed fuel to heat water. They did the laundry, scrubbed the floors, took a bath and washed their hair in cold water. The camp hospital was always full and the American doctors doled out the precious supplies as sparingly as possible.

Prof. Swinton will return to teaching at the University of Michigan in a few weeks. While here, the Swintons received the news that their son, Sgt. Stanley Swinton, whom they hadn't seen for nearly five years, and who has been in Italy with the army as a member of the staff of Stars and Stripes, is on his way back to the States.

HOUSING SHORTAGE!

"And now," says "Mike" Hamlin, "we find ourselves with a housing shortage for storing scrap paper."

Waste paper is still a necessity. It is critical, and we must continue to collect all we can," said Mr. Hamlin.

Anyone having a building suitable for storing the collected paper until it can be sent out, is urged to contact Mr. Hamlin at once.

GIRL SCOUTS MEET

The Girl Scouts of Charlevoix under the leadership of Mrs. Harry Lahti, met at the recreation room of the City Hall on Monday afternoon to organize patrols and name patrol leaders. Twenty-four girls were present.

Barbara Rice was named leader of the Eagle patrol; Birchwood patrol, Marilyn Bullock; Pansy patrol—Mona McFarland; Lakeland, Colleen Reed.

Meetings will be held every Monday afternoon at 4 o'clock during the month of June.

'Jim' Foster Dies at Home In 'Soo'

Brother of Harry and Ted.
He Was Well Known Here

J. D. Foster, 53, brother of Harry and Ted, of the Foster Boat Co. here, died last Thursday in his home at the "Soo". Death was due to a heart attack.

The deceased was a former business man in Lansing, Mich., where he was associated with his father and brothers in the E. F. Foster industries. For the past four years he has been resident engineer with the U. S. Engineers at the "Soo". "Jim", as he was popularly known here, had recently purchased a home at 392 Dixon Ave., which is being remodeled, preparatory to occupancy. He had planned to make Charlevoix his home.

The body was brought to the Glenn Sea Funeral home and interment in the family plot at Kalkaska.

FARM TOPICS

By B. C. Mellencamp
Agricultural Agent for
Charlevoix County

Seed Reminders:

It is not advisable to sow a seed mixture on top of an old June grass pasture as a means of improvement according to the Farm Crops Department staff at Michigan State College. It results in a waste of seed and time. It is very difficult to get anything established on June grass by merely sprinkling seed on it. Instead it is much better to plow, fit a good seed bed and fertilize, followed by seeding a good hay or pasture crop such as alfalfa, bromine mixture. Old June grass fields ordinarily make poor pasture and should be plowed up and put back into the regular crop rotation.

Likewise, it has been observed that most farmers plant bromine grass too deep. An inch or less in depth is about right. Also, if properly sown on a good seed bed, three to four pounds of bromine grass is sufficient for a good stand.

Bromine makes good pasture, especially for hogs or sheep if alfalfa or an alfalfa bromine mixture is available. This is seeded at three to six pounds per acre and will furnish pasture until late fall. Starter Solutions Will Hasten Gardens:

The very slow backward spring in the garden is discouraged. To hasten growth when growing season finally arrives, starter solution may be used. Perhaps one of the best solutions is made by dissolving one teaspoon of potassium sulfate (Galt's) plus one teaspoon of monocalcium phosphate in each gallon of water. To use: water plants can be purchased at any hardware store. When using, add one cup of fertilizer containing 10 percent phosphorus and one cup of potassium sulfate to the water. Two or three tablespoons of these elements will hasten the growth of the plants. The only objection to this is that they do not dissolve thoroughly, but can be stirred in a good help. Finally, the use of the liquid fertilizer is one of the best plant food solutions.

AAA NEWS

Walter H. Henley, Chairman
Charlevoix County AAA
Committee

For several weeks the Jordan Valley Co-Operative Creamery has been running ads in the local papers, apparently sponsored by the A.D.A., saying in effect that the Government controls food production and then going on to state that the Government is discouraging butter production. We are concerned over the fact that this advertisement may be incorrectly interpreted by many in giving the impression that the Government is discouraging all dairy production.

Let's look at the dairy picture. Milk is the original product and is now being produced in the greatest quantity in history, a large portion of which is sold as whole milk direct to consumers. From the balance of this milk production comes the various products such as butter, cheese, cottage cheese, dried milk, condensed milk, ice-cream and oleomargarine. It is obvious that if more butter was produced; then there would be less of the other products. The Government has successfully channeled the milk and milk products into those items which were most needed by the Armed Forces and civilians.

We do not know whether the Jordan Valley Creamery is making more or less butter now than a year ago, but we do know this: that during the five month period of November, December (1943) and January, February and March of 1944, the farmers of Charlevoix county sold 117,714 pounds of butterfat and 408,500 pounds of whole milk. The same period a year later, they sold 165,577 pounds of butterfat and 574,100 pounds of whole milk, a gain of almost 50,000 pounds of butterfat and over 100,000 pounds of milk. Throughout the entire nation, the number of milk cows on farms January 1, 1945, at 27,785,000 head, was 129,000 greater than on January 1, 1944. Returns to dairy

farmers, because of higher production payment rates for butterfat, probably will average higher in 1945 than in 1944.

The Government has not discouraged the production of milk. As the above indicated figures prove, it has greatly encouraged its production. In 1945, for the third straight year, milk production on U. S. farms is expected to reach at least 119 billion pounds if returns continue high and weather conditions are above average, according to the Department of Agriculture. Pre-war production (1935-39) averaged approximately 103 billion pounds annually. We fail to see in what way the

Government is discouraging butter production, when it has increased the butterfat production payment to 17c for the month of April.

CARD OF THANKS

I wish to thank the people of Ironton, one of whom deliberately poisoned a small red Cocker Spaniel, whose only crime was that he followed the children to church Sunday morning.

Audrey Orvis Russell

We wish to thank the many friends and neighbors for their sincere sympathy and thoughtfulness during the recent loss of our beloved wife and mother.

Wm. Prevost and family

We wish to express our appreciation to our friends and neighbors for the many acts of kindness shown us during our recent bereavement.

Michigan Mirror

The homeward return of Michigan war workers to small towns and rural communities is now under way.

Announcement of the closing June 15 of the boom-time Willow Run bomber plant, owned by the federal government and operated by Ford Motor company, is one of numerous straws in the wind.

Long awaited V-E Day brought scattered cutbacks in war production. Others will come slowly in 1945, for the army is continuing its policy of creating huge stockpiles of surplus war goods on the military theory that wars are won by surpluses and lost by deficits.

V-E Day was a signal to the public for a reduction in spending. As Louis M. Nims, state revenue commissioner phrased it, "The pinch is on!" Sales tax collections dropped approximately \$1,000,000 in May.

Thus the war boom has started to deflate. And with it, the tide of population will be reversed—back to the small towns.

A realistic picture of what's ahead for Michigan was given a few days ago by C. C. Carlton, vice-president of the Motor Wheel Corporation, Lansing, and chairman of the Michigan Committee for Economic Development, to members of the Michigan state planning commission of which Dr. Eugene B. Elliott is the chairman and Don Weeks the director.

Cancellations by July 1 will total only 10 per cent, he emphasized. By September 1, however, 120,000 layoffs in Detroit alone may be expected. Not until the end of 1945 when a third 100,000 war workers are due to be let off will an employment condition exist in Michigan, he predicted.

Where are these war workers going?

A recent survey at Willow Run revealed 54 per cent of workers laid off had disappeared from the area within two weeks. They had taken employment with the understanding that the job was temporary, for war purposes only. Family savings in many instances were substantial—thanks to war bonds and savings stamps. Many workers were returning to their former homes in Michigan and other states—Kentucky, Tennessee, Arkansas, Missouri, for example—with money to pay off indebtedness on their farms or homes.

To speed up the trek of returning war workers, the Michigan Unemployment Compensation Commission is considering a ruling whereby unemployment benefits could be mailed to eligible persons after their removal from Michigan. Carlton said he had been "spanked" by the Detroit Real Estate Board for advocating this change for the purpose of encouraging an exodus of migrant war workers.

The state legislature recently amended the unemployment compensation act to provide \$2 dependents' allowance for each dependent child with a maximum of \$28 for a family with four children. As this provision affects 35 to 40 per cent of the claimants, it may add as much as \$20,000,000

benefits during reconversion.

President Truman has asked congress to revise unemployment compensation to permit maximum payments of \$25 a week for 26 weeks. Michigan's schedule calls for \$20 a week for 20 weeks. The additional amount would be paid by the federal government. The state commission early in 1945 advocated \$25 a week for 26 weeks, but the legislature decided to wait until the situation cleared up before making the change.

Governor Kelly has assured labor leaders he will call a special session of the Legislature if the needs arise for additional unemployment benefits during the change-over from war to peacetime manufacturing.

Carlton told the planning commission that many war workers were "disillusioned" because they had been unable to qualify for unemployment benefits immediately after plant layoffs. They had assumed payments would be granted at once, whereas the state law clearly stipulates such payments are to be made only when the worker was unable to find new employment.

"A year ago I had my doubts whether Michigan's unemployment compensation reserves would be adequate to meet the reconversion needs," he said. "Now I am convinced they will be. The commission merits public commendation for its sensible administration of the law."

Governor Kelly has signed a

bill which will require employers to build a plant reserve of 5 per cent of payroll.

Lt. Governor Vernon J. Brown, chairman of the public works section of the planning commission, announced that Michigan local governments were contemplating a total expenditure of \$430,557,000 in public works as a bulwark against unemployment in the post-war period.

The geographical distribution of these projects is as follows:

Cities represent 58.1 per cent of the \$430 million program (approved and in process), of which the 15-mill cities submitted 8.5 per cent. Other breakdowns: counties, 15.6 percent; villages, 2.6 per cent; townships, 2.5 per cent and school districts, 21.3 per cent.

A personal postscript: The people's accumulated savings in war bonds, bank deposits and securities makes Michigan's post-war future very bright. Michigan is less apt to be affected adversely than states where ship building and aircraft economy have been dominant. Demand for automobiles is tremendous. Conclusion: Tomorrow as today, Michigan will be a good place in which to live!

THE OLD JUDGE SAYS...

TOM: "It's mighty nice to receive a compliment like you've just given us, Judge. We do take our responsibilities very seriously and try to do the right thing with everybody. In spite of it, we get criticized now and then."

OLD JUDGE: "I know... you've got to take the bitter with the sweet in times like these. Speaking of criticism, and I mean really unfair criticism, reminds me of the spirit beverage business."

FRANK: "How is that, Judge?"

OLD JUDGE: "Simply this... can you think of any other business in which the seller is responsible for what the buyer does with his merchandise? If a person eats too much cake and gets indigestion, the baker isn't blamed. Nor is the coffee merchant criticized if someone drinks too much coffee and can't sleep. But the seller of spirit beverages gets blamed plenty if one of his customers overindulges. Doesn't seem quite fair, does it, Tom?"

TOM: "Frankly, it doesn't, Judge. We've never looked at it that way before."

RECORD OF THE COUNCIL

JUNE 4, 1945

The Common Council of the City of Charlevoix met on the above date with Mayor Bridge presiding. Aldermen present: Bellinger, Goss, Hooker, Nettleton and Ochs. Absent: Erber.

Minutes of previous meeting were read and approved.

(45-41) Ordinance No. 217 Adopted.

Alderman Ochs offered Ordinance No. 217 fixing budget for 1945, and moved its adoption seconded by Alderman Bellinger.

ORDINANCE NO. 217

AN ORDINANCE TO PROVIDE FOR AND APPROPRIATE THE SEVERAL AMOUNTS REQUIRED TO DEFRAY THE EXPENSES AND LIABILITIES OF THE CITY OF CHARLEVOIX FOR THE FISCAL YEAR BEGINNING MARCH 1, 1945. TO PROVIDE FOR AN INTEREST AND SINKING FUND TO PAY THE FUNDED DEBT OF THE CITY AND THE INTEREST THEREON.

THE CITY OF CHARLEVOIX ORDAINS:

Sec. 1. That to defray the expenses and pay the liabilities of the City of Charlevoix, Michigan, for the fiscal year beginning March 1, 1945, chargeable to the several general funds provided by law and duly created, it is necessary to appropriate to such funds for the respective purposes thereof, the following sums of money:

Contingent fund	\$10,017.24 (4.2 mills)	Advertising Fund	\$2,619.64 (1.1 mills)
Park Fund	2,857.79 (1.2 mills)	Cemetery Fund	2,619.64 (1.1 mills)
Street Fund	3,572.24 (1.5 mills)	Total General Fund	\$28,593.29 (12 mills)
Docks and Harbors	476.30 (.2 mills)	Interest and Sink Fund	7,144.47 (3 mills)
Fire Fund	1,428.90 (.6 mills)	Total All Funds	\$35,737.35 (15 mills)
Police Fund	5,001.13 (2.1 mills)		

Sec. 2. That there be raised by tax upon the July tax roll for the year 1945, to be assessed upon the real and personal property in said city, a total sum of money equal to 12 mills on each dollar of the total assessed valuation of such property as shown on the assessment roll of said year, such sum, including the allocation made by the County Tax Commission. Also, a further sum equal to 3 mills on each dollar of said valuation for the uses and purposes of the Interest and Sinking Fund in paying the funded debt of the City of Charlevoix and matured interest thereon. Such taxes shall be entered upon the tax roll, assessed and levied, and as collected shall be apportioned to the aforesaid funds in the amounts as prescribed in section one of this Ordinance, and the same are hereby apportioned accordingly and the amounts therein assessed and levied aforesaid for the Interest and Sinking Fund shall be apportioned to said fund as herein prescribed.

Sec. 3. The City Assessor shall assess and spread the total of the amounts herein specified on said July Tax Roll in the manner provided by law, together with all unpaid Special Assessments appearing upon the Special Assessment Rolls of said City as a lien upon lands described in said rolls, which Special Assessment shall be spread and levied against the respective lands and premises liable therefor according such Special Assessment Rolls.

Sec. 4. The City Treasurer shall collect the taxes levies and spread under the provision of this Ordinance, and, when collected, credit the several funds as herein prescribed pro rata as the appropriation to each fund shall bear to the total of all taxes assessed and spread on said roll, and shall collect all special assessments on said tax roll, and when collected credit the same to the Special Assessment Funds as provided by law.

Sec. 5. Ordinance Number 213 and all other appropriation Ordinances are hereby repealed.

Sec. 6. This Ordinance is ordered to take immediate effect.

Adopted by the following Yea and Nay vote:

YEAS: Aldermen Bellinger, Goss, Hooker, Nettleton and Ochs.

NAYS: None. Absent: Erber.

(45-42) Payroll Ordinance No. 218 Approved and Adopted.

Alderman Ochs offered Ordinance No. 218 fixing salaries of elective and appointive officers of the City and moved its adoption, seconded by Alderman Hooker.

ORDINANCE NO. 218

AN ORDINANCE FIXING THE SALARY AND COMPENSATION OF CERTAIN ELECTIVE AND APPOINTIVE OFFICERS OF THE CITY; TO ESTABLISH OFFICE HOURS AND TO PRESCRIBE CERTAIN DUTIES THEREOF.

Section 1. The following named officers of the City shall receive the salary and compensation named in the following schedule:

Mayor, per year	\$ 50.00
Alderman, per year	50.00
City Clerk, per year	100.00
City Treasurer, per year	100.00
Other clerical services	620.00
City Attorney, per year	150.00
City Assessor, per year	400.00
City Marshal	2080.00
Street Commissioner, per year	2340.00
Health Officer, per year	100.00
Harbor Master, per year	100.00

Section 2. The salaries herein prescribed shall be paid semi-annually except the salary of the City Attorney which shall be paid quarterly and the salary of the City Treasurer, City Marshal, and Street Commissioner which shall be paid every second Monday.

Section 3. All City Officers and Employees not named in said schedule shall receive such salary or compensation as the Common Council shall by resolution, or otherwise, determine.

Section 4. The salary of the City Attorney shall be in full for attendance at meetings of the Council, for routine advice to City Officials concerning official business, for drafting motions and resolutions in the regular procedure of the Council, and services incidental thereto. It does not include service in judicial proceedings or proceedings before any board, department or other governmental agency, nor time employed and service rendered in special proceedings, investigations or search, all of which shall be paid upon itemized statements filed with the City Clerk and audited by the Council. He shall receive reimbursement for all actual expenses incurred in the discharge of his official duties, including telephone tolls, and stenographic fees and charges. Whenever it deems desirable the Council may require an advance of fees and charges or special services and a special contract or agreement.

Section 5. The City Clerk and City Treasurer shall keep their respective offices open to the public from nine o'clock a. m. to twelve o'clock noon, and from one o'clock p. m. until five o'clock p. m. on all regular days excepting legal holidays and Saturday afternoons and at such other hours as shall be provided by law for special instances.

Section 6. The City Clerk and Treasurer shall keep their respective books in agreement and shall balance their books at the close of each month's business and shall render to the Council a statement of the condition of each fund and the cash balances therein whenever the Council shall make such request.

Section 7. All City Officers and department heads, unless specially excused therefrom, shall attend all the meetings of the Common Council.

Section 8. All ordinances or parts of ordinances, in anywise contravening the provisions of this ordinance, are hereby repealed.

here June 22nd:

Turkey farmers will be interested to learn that Mr. O. E. Shear, Extension Specialist in Poultry will spend Friday, June 22nd, in the county. We are not holding a meeting but will use the time available to make personal visits to as many poultrymen as possible.

If you have any particular problem with your turkeys and would like to have Mr. Shear visit you, drop a line to the county agent at Room 101 and we will make our plans accordingly. Thus far, the turkey growers have been successful. The losses have been less than could be expected. The development is satisfactory. The birds are in good condition and the season is promising.

Mr. Toad
(The Bug Eater)

In cool and moist places the gardener's friend, the toad, goes looking for his food. He eats only living, moving things. His diet includes flies, mosquitoes, June bugs, spiders, grasshoppers, worms, caterpillars (hairy or smooth), and he even kills the little green aphids off the stems of plants. Nothing is too crunchy or slimy for the toad.

A toad can throw his tongue out at least two inches. It is covered with sticky substance that holds the insect. Toads have no eyes when they swallow a meal. The eyes get out of the way and help form the food.

Sgt. E. J. Hiller Writes Parents

Describe Beautiful Scenery of Philippine Country

Mr. and Mrs. Ernest J. Hiller Sr. received the following letter from Junior, who is now in the Philippines:

Sunday, May 20, 1945.

Dear Mother and Dad:

I haven't written in several days as I have been in the process of moving. I am now in the Philippines and like it very much. Our camp site is along the ocean again and in a large coconut grove. The beach here is nice white sand and the ocean bottom is sandy for over a mile out. It is much nicer for swimming than the coral beaches.

The food here is sure good after what we have been having, now we get rations from home rather than the Australian rations. I have had more fresh meat and things this week than I had from January until we arrived here.

I was able to visit a town in the Philippines and it was very interesting. Most of the City had been blasted to pieces but some of it is still standing. The streets and sidewalks are the first I have seen since I have been overseas. One bank was still up although it had several holes in it. We went in and changed our guilders to pesos so we could purchase a few things.

We found a restaurant and were able to buy fried egg sandwiches and coffee. They had a pretty big menu, several Chinese, and a few Americans. We visited the Market and it was a very nice place. The market was very busy and the people were very friendly.

We found a very nice place to stay. The room was very comfortable and the food was very good. The people were very friendly and the atmosphere was very nice.

John T. Geer Promoted

Was Employee of Charlevoix Light Plant

John T. Geer, son of Mr. and Mrs. E. M. Geer, was promoted from Sergeant to Staff Sergeant in the 1483rd Engineer Maintenance Company. He is a construction and equipment mechanic foreman directing repairs on heavy equipment that is being readied to roll down the "road to Tokyo."

Following induction in August, 1943, the Sergeant trained with the famous 42nd "Rainbow" Division until assignment to the present organization.

Prior to induction, he was employed by Charlevoix Light Plant. Sgt. Geer is married to Edith D. Geer and has one child.

place and buy souvenirs.

They have the place fairly well cleaned up and are starting to fix up places to live. I sure wish I had had a camera with me to take some pictures around there. While we were there I bought eggs, bananas, pineapples and even fried chicken. We really had our fill for a change. Two of the fellows brought five live chickens each and I was going to get some, too, but thought I had better wait until we had a place to put them in the camp.

Well, I am sure I will write you more about the place tomorrow.

Yours truly, Ernest J. Hiller Jr.

Enclosed are some photos of the place.

Explosion Damages Cruiser "Natalie"

Dr. Hopkins Severely Bruised By Impact

The Scabie cruiser, Natalie, owned by Dr. S. G. Hopkins, of Miami, Fla., was badly damaged by an explosion of undetermined origin on Thursday morning off St. Helena Island in the Straits.

Dr. Hopkins had purchased the boat recently and was taking her to Miami via the Great Lakes and the eastern inland route. Mrs. Hopkins was to have joined him at Detroit.

The Natalie had put into Charlevoix harbor May 29 and after having some minor repairs made at the Hamilton Boat Yard had left this port early Thursday morning.

Accompanying Dr. Hopkins at the time of the accident was Richard Donaldson, of Charlevoix. After the accident both came ashore several miles from Mackinaw City in the boat's dinghy. Dr. Hopkins received several fractured ribs when thrown against the side of the cabin by the blast. He was treated at Mackinaw City.

Eccleston

led to Hawaii in December of that year. Later he was stationed in the Fiji Islands and took part in the initial landings of Guadalcanal by land based planes. Personnel of the air force at that time was so limited that ground crew members often filled in as gunners and Bill made three missions as a B-17 waist gunner. He moved into Guadalcanal with the Army in August, 1943, and a week later

was transferred home. He arrived in the States on September, 1943, and after spending a furlough here was assigned to the army air field at Pueblo. He has no plans for the immediate future except for a well earned vacation.

Beluctantly, he told of his experiences on the morning of December 7. Hickam Field is located next to the rim of the basin which makes up the Navy base known as Pearl Harbor with only a fence between the two. The Jap attack started at 7:55 a. m., when most of the men were still in their barracks. Men who heard the first bomb blasts thought it was the Navy planes making practice runs, a common occurrence. A soldier who had been on the field in a short time came into the newly erected barracks, which housed several hundred men and said the Japs were attacking. No one really believed him, but a few curious men, of whom Bill was one, dressed and went outside. Men were even then watching the planes when the first wave of Jap planes came in over the field. As one circled they saw the insignia of the Rising Sun on the wing and in an instant realized the meaning of the attack. Then many planes were over the field, bombing the buildings, strafing the planes—B-17s, which were still lined up in front of the hangars following the Saturday inspection. The signal system at the field was one of the first places knocked out by the Japs and warnings were given by word of mouth only. With available tractors and cars, the ground crews dispersed as best they could the remaining planes over the field. By then the hangars were a blazing inferno, the barracks with many men still in their bunks had been bombed and strafed and the men were working like mad doing everything they could even when the odds were against them. Many acts of heroism, of which the world will never know, were performed that day.

Things were happening faster then it takes to tell about them and time seemed to stand still. When they had done what they could, Bill and another soldier started across the field to escape the merciless bombing and strafing and to get somewhere where they could help. The naval base by then was ablaze and the air was filled with planes, smoke and flying rubble from the bombings.

In an hour and fifteen minutes it was over and Pearl Harbor and Hickam Field were, for the time being, out of operation. Words, Bill says, can not describe what happened there that day. Action was so far-flung that one saw only what went on around him and not until later could one start to realize the extent of the damage. It's 75 minutes of action, he knows he'll never forget.

Three days after the attack their squadron was moved to another island, Maui. While there Jap submarines came in close enough to the island to shell the city and the airfield. Later they were stationed at other fields in the islands and on December 16,

1942, were transferred to the Fiji Islands.

While in uniform Bill wore the Asiatic Pacific ribbon with two combat stars, the American Defense ribbon with one star, the Good Conduct medal and the Pearl Harbor ribbon.

ROBERT BRIDGE, Mayor

"Boy,
how we miss
a telephone!"

"We've just moved into a new home, and have no telephone. We asked for one, but they say it may take a long time to fill our order."

"Of course, we know why we can't have one. The boys overseas need nearly every bit of telephone equipment that can be made, and they're mighty welcome to ours."

We in Michigan Bell can add that we're installing some telephones every day as present users give them up. These are few, indeed. But telephones alone wouldn't solve this problem. To give everyone service who wants it would mean erecting more build-

ings, making more switchboards, stringing more wire, and so on. And that's impossible now.

As soon as war permits, we plan to launch an expansion program costing \$120,000,000 in the first five years, so we can fill waiting and new orders... extend rural service... and adopt wartime improvements developed by Bell Laboratories. But even with that big program, it may take two years or longer before service can be installed generally without delay.

We appreciate the patience of the 100,000 Michigan families that are waiting for telephones.

Veteran's Counselor Tells of Benefits

Veterans' School
G. M. Lindsay, Charlevoix Veterans' counselor, this week issued the following information regarding veterans' affairs.

The Michigan Veterans' Vocational School is located on Pine Lake in the southwest corner of Barry county.

The school was formerly known as the W. K. Kellogg Foundation Camp School and was operated by the Foundation for underprivileged children. Last summer the school was leased for one dollar a year to the state through the Office of Veterans Affairs. It is now being operated for the benefit of veterans of World War II who are in need of health and vocational rehabilitation. The school is one medium through which the Michigan program of assistance to returning servicemen is being developed.

The site consists of 31 acres, one-half of which is cleared, the remainder being a large tract of woods. About one-half mile of shore line with two wooden docks, a diving raft and boat rack, boats, canoes and other water equipment are available to those attending the school. The school is in a natural beauty spot and is very conducive to physical and mental health restoration.

Veterans are quartered in log cabins, six to eight in a cabin, with a total capacity of 250. Comfortable beds that are a combination of bed and wardrobe were provided by the state and the Michigan Veterans' Association. Other equipment to make the cottages homesick and comfortable was furnished by the state and the Michigan Veterans' Association.

Sample Facilities
The school includes a library, a recreation room, a dining hall, a mess hall, a kitchen, a laundry, a workshop, and a storage room.

A combat block, factory-type building has been erected. The building is being equipped with the finest kind of machinery for instruction and training in machine shop work, boat building, welding, acetylene welding, sheet metal work and other courses.

The school is operated by a board of directors. All teachers are certified by the board and must meet the same standards as teachers in the public schools of the state. The training includes the methods and practices acceptable to business and industry.

All services and facilities of the Office of Veterans Affairs, the State Board of Control for Vocational Education and the Department of Public Instruction, are available to veterans attending this school. Their training is geared to their physical and mental restoration. Full rehabilitation is kept in mind at all times. The objective is to have veterans attend classes six hours a day, five days a week. However, some are able to attend only an hour or two a day when they came to the school. This is increased as their mental and physical health improves. Services of a physician, a psychiatrist and a nurse are available at all times with physical and occupational therapy also available.

Many Courses Offered
Instruction in machine drafting, office practice, bookkeeping, clock and watch repair and radio is given to veterans now enrolled. The curriculum can be changed or expanded to meet the needs of the veterans. For instance, arrangements have been made with farmers living near Pine Lake to permit veterans interested in agriculture to receive practical experience by visiting and working on their farms.

Rehabilitation is kept to the absolute minimum at Pine Lake. Everyone works together, all help each other and excellent cooperation exists. The goal of complete rehabilitation is kept in mind by students and faculty alike. Personal improvement is noted. Many have shown increases in weight and improved attitudes have resulted quickly. The veterans apply themselves conscientiously to their studies and because the courses concentrate upon the main subject chosen, progress is rapid. A veteran may remain at Pine Lake as long as is necessary for him to regain his health and learn a new vocation. When he is ready to leave, assistance is given him in placement.

The Michigan Veterans' Vocational School is unique in that it is the only school of its kind in the entire nation. It is available to all Michigan veterans of World War II. Veterans who are eligible for benefits under Public Act 16, or the G. I. Bill, may enroll at Pine Lake. Veterans who have non-service-connected disabilities and who are in need of physical or vocational rehabilitation are also eligible to attend.

Living Costs Low
Veterans who find it difficult to meet living costs with the sums allowed under the G. I. Bill will

News Of Our Servicemen

From Eugene A. Stinson, S2-c, of the Navy, sends the following: Just a few lines to thank you for the Courier and to give you my change of address. This is a lot different than Amphibious Forces and I like it pretty well. I'm still cooking and there are 37 other cooks working with me. We have a large crew to cook for, so keep busy.

From an AP press dispatch recently comes the following: The battleship New Mexico, hit by a Jap aerial bomb on January 4 which killed 30 including her skipper, lived up to her nickname, "The Queen" and continued her pre-invasion bombardment of Lingayen Gulf in the Philippines on schedule. The 12th Naval District has announced. After repairs at Pearl Harbor she is back in action. This is the first damage sustained by the 26-year-old 33,400-ton battleship once flagship of the Pacific. Shortly after Pearl Harbor "The Queen" rejoined the Pacific fleet and took part in the Aleutian campaign. Thereafter she participated in the Gilbert Islands, Marshall Islands, Marianas and Philippines offensives.

Several Charlevoix boys are aboard this ship but because of censorship regulations, the Courier can not print their names as has been requested.

No new subscriptions or renewals to magazines or newspapers for mailing to Navy, Marine Corps or Coast Guard personnel overseas may be accepted after July 1 under an order recently issued by the Postmaster General at the request of the Navy Department, unless the periodicals are requested in writing by the servicemen themselves. This measure, similar to one which has been in effect for many years, is intended to help conserve vital shipping space and to prevent nonessential mailing.

After July 1, publishers will be required to present the requests from servicemen in order to mail magazines and newspapers overseas. However, they may continue mailing copies without a request in fulfillment of subscriptions run out.

The Charlevoix Service Organization asks that all new subscriptions to men in the Navy, Marines and Coast Guard overseas be in before July 1.

Special Clinic At Gaylord

Free Aid and Advice
Given Crippled Children

Dr. A. F. Litzinger, Director of District Department of Health No. 3, representing the counties of Antrim, Charlevoix, Emmet and Oshtemo, has announced very special Orthopedic clinic to be held in the High School at Gaylord, Friday morning, June 29th.

The clinic is being sponsored by Northern Michigan Medical Society, through the Cripple Children Commission who have secured the services of Dr. Carl Badley of Michigan University and Dr. J. T. Jerome of Traverse City Orthopedic Clinic. Both of these surgeons are highly specialized in their profession and will offer free aid and advice to all crippled children who have been notified, crippled children who have recently moved into the county or children who have recently developed a crippling condition. It will be well to remember however, that this service is necessarily limited to people up to 21 years of age. X-rays, if needed, and diagnosis of each patient will be rendered without charge.

In addition to such medical aid, a representative of the State Board of Control of Vocational Education will be present to consult with patients of 16 years and over regarding vocational training within the capacity of their physical ability.

Dr. Carlton Dean, Director of Cripple Children Commission, together with orthopedic nurses and medical social workers will be on hand to assist in conducting the clinic. Field representatives of the Michigan Society for Crippled Children will also be there.

All of these people together with Charlevoix County nurse, Mrs. Violet Reberg, will assist in this important work. Mrs. Reberg organizes each and every afflicted person, not already notified, to get phone 121 for appointment.

Charlevoix and Crawford counties are invited to take advantage of this orthopedic clinic service and are expected to be represented by some of their less fortunate citizens who may be in need of this valuable service.

Transportation to and from Gaylord will be arranged for those who have no other means of travel.

LIBERATED

SGT. FAY A. BRADLEY

Sgt. A. Bradley arrived Friday from Fort Sheridan, Ill., to spend 60 days with his daughter, Miss Shirley Bradley. A prisoner of war since the Battle of the Bulge in December, Sgt. Bradley was liberated by the Americans on April 22. He will report at Miami Beach, Fla., when he returns to duty.

GARN-STRAIGHT NUPTIALS

Mrs. Lucy Gann, of this city, and Clifford W. Straight, of Grand Rapids, were united in marriage at St. Andrew's Cathedral, Grand Rapids, on Thursday, June 7. The Rev. Fr. Malone officiated.

The couple will make their home in Grand Rapids.

Mrs. Straight has made her home in Charlevoix with her sister, Mrs. Phillip Lemieux for the past six years.

Farewell Party For Hagle Family

Reception for New Minister
and Wife Given at Church

The members of the Methodist church held a reception at the church parlors on Monday evening for their new minister, the Rev. Gaylord Howell, and Mrs. Howell, and a farewell party for the Rev. and Mrs. Leigh H. Hagle and family, who are leaving for Mr. Hagle's new pastorate at Buchanan.

The short program opened with the singing of a hymn by the group followed by two vocal solos by Frank Poole, accompanied at the piano by Miss Ernestine Chiew; Mrs. Harry Stewart gave a humorous reading. Dr. F. F. McMillan presented an address of welcome to Rev. Howell. Fred Bancroft gave the farewell address and presented Rev. and Mrs. Hagle with a gift.

Refreshments were served buffet style at a table decorated with bouquets of garden flowers. A social hour followed. One hundred members were present for the occasion.

Mrs. A. C. Holding was in charge of the program and Mrs. Frank Bird, Mrs. Joe Williams and Mrs. Bancroft were in charge of the refreshment committee.

PVT. "BOB" LIVINGSTON AWAITING DISCHARGE

Private first class Robert B. Livingston, veteran of three major invasions with the First Division, has returned to this country and is awaiting his discharge from the army.

Mr. and Mrs. A. L. Livingston in a telephone call from Fort Sheridan, Ill., on Tuesday afternoon.

Pfc. Livingston has been overseas since August, 1942, and was stationed in England before participating in the invasions of Normandy, Sicily and Normandy with the "Fighting First".

John A. Mascho, 62, Marion township farmer, died Tuesday morning at the Charlevoix Hospital, where he had been a patient for a week. He had been in poor health for many years.

Mr. Mascho was born near Remus in Mecosta county on October 17, 1882. At the age of 15 he came to Marion township where he lived until 1917 when he went to California. He resided there and in other western states returning here 13 years ago to make his home with his sister, Mrs. H. L. Mascho.

Surviving are his mother, Mrs. Elsie Mascho, of Benton Harbor; three sisters, Mrs. Hazel Jardine, of Harbor Springs, Mrs. Norma Smith, of Jackson, and Mrs. Effie Francisco, two brothers, Charles, of Marion township, and Ray, of Villa Park, Ill.

Funeral services will be held at the St. Paul's Home at 1:30 p.m. Thursday afternoon with the Rev. E. C. Swanson, of the Pilgrim Holiness church, Ellsworth, officiating. Interment will be at the Southern Cemetery, Central Lake.

GLADOS RECEIVES WORD FROM BROTHER IN GREECE

General Glados, owner of the Sugar Bowl, this morning received a telegram from his brother, John, at Athens, Greece.

The wife was sent from Athens, Greece.

John is well known in Charlevoix, having worked with his brother for 20 years previous to returning to the old country. He left here in 1928 and the last word from him was received five years ago in May.

Plan Nurse's Aide Training Class

Need For Trained Aides
In Serious Situation

Plans for a Red Cross nurse's aide training class in Charlevoix are being formulated by a committee headed by Mrs. E. J. Edwards, with the cooperation of Mrs. Jean Spence, superintendent of Charlevoix Hospital.

The hospital's need for trained aides, Mrs. Spence has stated, is serious. By conducting a class this summer it will be possible to have several local women fully trained and ready to help at the hospital a few hours a week next winter.

Any woman from 18 to 50 years of age may enroll in the course, which is divided in two phases. The first 34 hours is given to lessons and demonstrations in the classroom, while the second phase of 60 hours is actual work in the hospital under supervision of nurses. After completing the course, volunteer aides are asked to give a minimum of 150 hours a year, or approximately three hours a week, to the hospital.

Mrs. Edwards will be glad to furnish further information to those who are interested. More details of class organization will be announced later.

PNEUMONIA VICTIM

Addison B. (Bud) Cator, 40, of Charlevoix, died unexpectedly at a Chicago hospital on Tuesday. He had been ill with pneumonia for several days and had been admitted to the hospital on Monday for treatment.

Mr. Cator was well-known here as his family maintained a part-time home in Charlevoix for many years and he has always spent a great deal of time here. He was the owner of the William B. Cator Manufacturing Company in Chicago.

Surviving are his wife and daughter, Ada Lou, and his mother, Mrs. W. H. Cator, all of Chicago.

Funeral services and burial will be in Chicago.

JOSEPH SMITH QUITS ARMY

Joseph L. Smith has received a discharge from the army and arrived Friday from Fort Sheridan, Ill., to join his wife and family.

He has been in the service since January, 1944. He had been stationed at Fort Eustis, Va., Camp Stewart, Ga., Fort Riley, Kan., and was at Camp Livingston, La., before being transferred to Fort Sheridan for his discharge.

FOURTH ANNUAL QUARTET JAMBOREE HERE LABOR DAY

Dr. Nettleton announced today that tentative plans are under way for the 4th Annual Quartet Jamboree to be held Labor Day weekend here in Charlevoix. This will be a three-day celebration which promises to be even a larger affair than the one held last year.

Approximately ten or twelve quartet groups will attend including last year's champions "The Harmony Bells". Also they hope to have this year's champions "The Mistle" attend.

Some of the cities represented at the S.P.E.R.S.Q.S.A. Jamboree are Muskegon, Grand Rapids, Holland, Sarnia, Detroit, and Midland.

LEGION AUXILIARY REGULAR MEETING

Mrs. J. Sidorowicz Is Hostess;
Gifts Presented to Two
Members of Group

The American Legion Auxiliary met with Mrs. J. Sidorowicz on Monday evening for a 7 o'clock dinner and regular business meeting. Places for twelve were laid at a table decorated with garden flowers.

A short business meeting was followed by a social hour. The president, Mrs. Lewis Brant, who celebrated her birthday anniversary on Saturday, was remembered with a handkerchief and card shower. Mrs. Clifford W. Straight who was married recently and who is leaving to make her home in Grand Rapids was presented with a gift from the group.

The next meeting will be held in Memorial Park on July 16.

Wilma Jean Krulik Weds Coast Guard

Miss Wilma Jean Krulik, daughter of Mr. and Mrs. Kenneth Krulik, became the bride of Alfred C. Hardtke, ship's cook, U. S. Coast Guard, son of Mr. and Mrs. Chas. Hardtke, of Chicago, at a ceremony performed at 1 o'clock Saturday afternoon at the Zion Lutheran church, Petokey. The Rev. Walter L. Gienapp read the double wedding service in the presence of a few close friends.

The bride was attired in a dress of light blue wool with white accents and white and navy accessories. Her flowers were a corsage of white and red roses.

Mrs. Leona Holson, her only attendant, wore a navy suit with white accessories and a corsage of red roses.

Robert Ashdon, Boatwain's mate first class, U.S. Coast Guard, assisted the bridegroom as best man.

Following the ceremony a dinner for the wedding party and guests was held at Zach's place at Bay Shore. Places for 14 were laid at a table centered with a wedding cake and decorated with white flowers and tapers. Guests were Mrs. Ashdon, Mrs. Perry Smith, Miss Leola Henley, S-Sgt. Stanley Evers, of Scott Field, Ill., Sgt. Leonard Thomson, of Clovis, N. M., and Capt. Don Solomon, of Sheppard Field, Texas.

The couple will make their home in Charlevoix where the bridegroom is stationed with the U. S. Coast Guard.

Breakwater Hearing Due

Report Submitted in 1931
Will Be Reviewed

A public hearing will be held in the Council Chambers at Charlevoix, at 11:00 a. m. on Tuesday, July 17, 1945, to obtain the views of interested parties in connection with the review of reports on Charlevoix Harbor, submitted December 7, 1931, with a view to determining if it is advisable to modify the existing project in any way at this time and particularly with a view to constructing a breakwater, all as called for by resolution of the Committee on Rivers and Harbors of the House of Representatives, United States adopted May 10, 1915.

All interested parties are invited to be present or to be represented at the above time and place. They will be given an opportunity to express their views of the subject.

Oral statements will be heard, but for accuracy of record all important facts and arguments should be submitted in writing in quadruplicate, as the records of the hearing will be forwarded for consideration by the War Department. Written statements may be handed to Mr. D. Weinert, Colonel, Corps of Engineers, at the hearing or mailed to him before hand at Federal Bldg., Milwaukee, Wis.

Junior Farm Bureau Leaders Hear Speaker

Miss Marjorie Palmer Gives
Illustrated Talk at E. Jordan

An illustrated explanation of Junior Farm Bureau activities in Michigan was presented by a group of Charlevoix county leaders at the E. Jordan High school last week Wednesday by Miss Marjorie Palmer, field worker on the Junior Farm Bureau program. Of immediate interest to the county leaders was explanation of the Junior Farm Bureau camp program for the summer.

Miss A. Harvey, district representative of Michigan State Farm Bureau, directed the discussion and assisted the county leaders in formulating their part in the state program.

In a junior-senior camp committee for the coming year will be appointed at the June 26 meeting of the directors of the Charlevoix County Farm Bureau. Camp sponsors, scholarships and emulators for the camp also will receive consideration by the board.

The purpose of the Junior Farm Bureau state camp is to train rural young people for leadership. The young people selected to attend the one week camp will participate in a program of officers training, group discussions on personal initiative and responsibilities along with sports and other suitable camp activities. The camp is under the direction of Kenneth E. Hennrich, who is assisted by a staff of capable instructors and counselors. Selection of the young people to attend the camp is the basis of interest in the promotion of rural life and the training of leadership.

Those who attended the camp last year were Wilma Krulik, son of E. J. Jordan, and Nancy Black, of Charlevoix, and Merna Nicheizer of East Jordan.

ENTERTAIN MEMBERS OF YOUNG PEOPLE'S CLASS

Mr. Leo Berg and Mrs. Clifford Strothers entertained the members of the Young People's Class at a new-stand party at the Bayco town hall on Friday evening.

Newspapers, designed at hand-drawn, and various other items furnished the entertainment with prizes going to Miss Alice Lyndquist, Mrs. Elsie Melin and Chas. Vandemark.

At the close of the Young People's class were served by the hostesses.

HERE'S YOUR INFANTRY

"Here's Your Infantry" will be presented at the Thrifty Field, Traverse City, at 8 P. M. Thursday evening, June 26.

"Here's Your Infantry," the Army Ground Forces presentation of the story of the Infantry with its message of "Boy Scouts" packs, a dramatic appeal that is startling because of its simplicity.

Sgt. David Matthei, son of Mr. and Mrs. Frank Matthei, is a member of the "Here's Your Infantry" team. The men will arrive in Traverse City about noon on June 25. Admission to the show is free.

FARM TOPICS

By B. C. Melencamp
Agricultural Agent for
Charlevoix County

Mrs. Lulu Clark, East Jordan. New Home Economics County Chairman. It has been some time since the Home Economics Extension Project for this past winter was concluded. The results of the election for county officers has been delayed so that more groups could send in their returns. The officers for the new year are now announced as follows:

Chairman, Mrs. Lulu Clark, East Jordan; Secretary, Mrs. Elsie Samuels, East Jordan; Recreational Leader, Mrs. Alice Richardson, Charlevoix. These officers will assume responsibility for the 1945-1946 program which will start late this summer.

The projects to be studied by the extension women of Charlevoix county have been announced as follows:

1. Making motions count in order to do the day's work in less time.
2. Preparing time-saving meals.
3. Mending cotton clothing.
4. Making paper or fabric lamp shades.

It is expected that over two hundred women will participate in the new project from some fifteen different communities.

Better Take Care of That Garden

Recent developments definitely show the importance and necessity of having the best garden ever, if you want an adequate supply of vegetables. Latest information shows that the civilian population in 1945 will have 25-40 percent less peas, corn, beans and tomatoes than in 1944. Whereas, vegetable consumption amounted to 38

pounds per capita in 1943. This year it will shrink to 28 pounds.

In view of the meat scarcity it certainly will be to your advantage to plant more soy beans, lima beans, snap beans and even navy beans if space permits. Furthermore, the supply of canned goods on the grocer's shelf is at a very low point. Early reports from various sections show that the sales of vegetable seeds for victory gardens is from 15 to 30 percent lower than last year. Nothing more needs to be said but just remember you have still time to sow those seeds in your victory garden. Raise all you can and can all you can!

HEART ATTACK FATAL

Mrs. Betty Olney, 31, widow of the late Charles E. Olney and former Charlevoix resident, died at her home in Grand Rapids on Thursday following a heart attack. Funeral services were held at the Runstrom Funeral Home at 2 o'clock, Tuesday afternoon. Interment was at the Greenwood cemetery, Grand Rapids.

The family made their home in Charlevoix for many years before going to Grand Rapids about 20 years ago to live. Mr. Olney, who was a piano tuner by trade, preceded her in death in 1941.

Surviving are one son, Harlan Hunter Olney, of Boston, Mass., and one niece, Mrs. Catherine Oakley, of Caro.

STANDING STILL IS TOUGH GOING FOR THAT CAR OF YOURS!

SOUNDS FUNNY -- BUT IT'S TRUE! Cars that do a lot of "making time" in garages actually need more care than cars that are used constantly. That's not just our idea. It's a scientific fact! When a car stands idle, water condenses in the crankcase -- greases tend to dry and harden -- there's a better chance for corrosion -- to mention just a few of the evils that arise. So don't let the mileage fool you. In wartime, your car needs regular attention no matter how much or how little you drive it. And that goes double in warm weather!

WARM WEATHER'S NO TIME TO RATION CAR CARE! Heat has always been tough on cars. This year, it's more than ever important to guard against it. Don't put it off. Have your car thoroughly conditioned for warm-weather driving today. With our fine products -- our tools and experience, we can not only help give your car more miles, more years in this emergency, we may even be able to save you up to one gallon of gas out of every ten you buy! And that's not idle talk! Here's our routine:

Klooster Gets Silver Star

AWARD GIVEN FOR GALLANTRY IN ACTION

With the 36th "Texas" Division of the 7th Army in Germany: For gallantry in action on March 22, 1945, in Germany. Men were assigned the mission of blowing enemy pillboxes in the Siegfried Line so that the infantry troops could penetrate the strongly fortified defenses. Although the area was subjected to harassing artillery and mortar fire, they started out during daylight hours to accomplish their hazardous assignment. Advancing in the face of heavy small arms fire from the pillboxes they would place their beehive charges, blow open the fortification and assault the dozed

enemy soldiers inside. By a series of gallant and courageous actions, performed in the face of great danger, they demolished four pillboxes and captured approximately 40 prisoners.
Pvt. 1st Jacob Klooster, son of Mrs. Mary Klooster, Route 1, Charlevoix, for the above gallantry, received the Silver Star.

Cpl. Gatloff Back From Battlefront

St. James Soldier Served In China-India-Burma

Miami Beach, Fla., June 4--T-5 Joseph C. Gatloff, 26, son of Mr. and Mrs. Tom Gatloff, St. James, has returned from service outside the continental United States and is now being processed through the Army Ground and Service Forces Redistribution Station in Miami Beach, where his next assignment will be determined.

Cpl. Gatloff served 31 months as a truck driver in the China-Burma-India theater of operations. While there he was awarded the Asiatic-Pacific campaign ribbon with two battle stars.

Before entering the service Cpl. Gatloff was an employee of the Charlevoix County Highway Commission. He became a member of the Armed Forces on April 7, 1942.

"BEAVER DAMNS!"

The highlight of the week was the return to the Island of Bussy La Freniere after three years and five months under the guidance of his Uncle Samuel. (Tickety, tick, tick, tick--Walter Winchell speaking) FLASH! Bussy Lafraniere of Bonver Island after dodging bombs, planes, machine guns, mortars, booby traps, rockets, artillery fire, snipers, snails, and automobiles, fell so hard for Eleanor Harrington of Charlevoix, his chances of recovery are very slim.

Mr. and Mrs. W. E. Shuttler, him, not her, a Postal Inspector checked up on Postmaster Nackermin, and I'll be Gosh-durned if we weren't surprised to learn Nackermin is an honest man. He's such a noisy trouble-makin' cuss.

Lloyd McDonough spent the past week in Grand Rapids, on a buying spree as it were. He told ye reporter he bought about 250 thousand. "A lot of money to spend," sez I--Money, heck, "I meant jelly beans and salted peanuts," sez he.

The Polar Bear division of the nudist colony held its first annual dunking convention, Tuesday, June 12th. Parry Gatloff joined in the day before when he fell in. I joined it because wash basins are too darn small for any 200 lb. lug to take a bath, and Buddy McDonough, Bruce McDonough, and Donald Cole went in of their own accord. Who said duck-humps--Boon.

Next to Basil Switzerland, Mrs. Soudrauer declares Beaver Island is the next best place on earth to live. Neither place starts war, but she overlooks the fact that there is not sufficient wealth to make a war profitable, thus the love and harmony. Can you imagine speaking of the Irish in such a mellow tone?

Deceased Was Well-known Charlevoix County Resident

Jacob E. Chew, well known resident of Charlevoix County, and brother of M. K. Chew, passed away June 8 of the age of 81, after an extended illness. He had made his home with a daughter, Mrs. F. S. Bair of Peru, Wis. Deceased was born September 25, 1863, near Greenville, Ohio.

Mrs. Gallagher has to retire the obligation by supplying Mrs. Lafraniere with bread, rolls, and pastry at ceiling prices for a like amount.

I wish that when Mother Nature invented those nasty little nose-sneezes, she had changed the gears, and made them "no-feel-em." Way--nits, sneezes, sneezes, sneezes, and sneezes have my arms feeling like a washboard. All the barber shops in Michigan haven't as much itch as I have. No feelin'.

Gus Mielkie, the Lumber King, arises to say--"Between repairing the washboards on the roads, and making fishboxes, I am as busy as the bearded lady in the side-show troubled with fleas."

Yep--I was right for once. Summer is here. Checked the clothes-line last Monday, and believe it or not, there were Father Keenan's red woolies getting renovated prior to being placed in storage for the summer.

It's time for me to go to beddy. Besides I've writ too much already. I'll be seeing you.

SKEEL PROMOTED

Pacific Division, Air Transport Command--Gene Skeel of Charlevoix, has been promoted to Private First Class in the United States Army Air Forces according to an announcement from his commanding officer. He is the son of Mr. and Mrs. Herbert Skeel.

Pfc. Skeel entered the service in September 1942 and is now assigned to the Pacific Division of the Air Transport Command and stationed in the Hawaiian Islands.

At the age of seven he moved with his parents to Indiana where they lived for eight years, after which they came to Charlevoix County, settling between Charlevoix and Petoskey in June 1879.

On May 31, he was united in marriage to Lillian Runyan at the Methodist church, East Jordan. In 1941 they celebrated their golden wedding anniversary in the Methodist church there.

After living two years in Charlevoix they moved to East Jordan where Mr. Chew operated a feed and grist store and Mrs. Chew a restaurant on Bridge street.

In 1905 they moved to their farm north of East Jordan on the East Jordan-Advance road, where they lived until the fall of 1940 when due to ill health, they moved to town.

Mrs. Chew passed away in June, 1943, following a lingering illness. After her death, Mr. Chew left to make his home with a foster daughter, Mrs. Mary Bair and family in Pewaukee, Wis.

He took an active interest in civic and political affairs. He was School Director of Chubbuck District for 25 years; Supervisor of South Arm township for five years; was Charlevoix County State Representative for two terms, 1917-1921. He was Master of Peoria Grange for several years and a life member of East Jordan Lodge No. 379, F. & A. M.

He is survived by his wife, Mrs. W. G. Wheeler and Mrs. Roy VanSteenberg, Flint; Mrs. Robert Pinney, Mr. Morris, Mrs. Olive Webster, Charlevoix; Mrs. Ollie Lake, Lake Park; Mrs. Ollie Lake, Lake Park; Mrs. Ollie Lake, Lake Park; Mrs. Ollie Lake, Lake Park.

The remains were taken to East Jordan and funeral services were held from the Watson Funeral Home, conducted by Rev. C. W. Sidebottom. Burial services, under auspices of the Methodist Lodge, were held at Sunset Hill. Relatives and friends from out of town to attend the funeral were: Mr. and Mrs. M. K. Chew, and granddaughter, Donna Gene Simpson, Mr. and Mrs. John E. Boss, Mrs. Olive Webster, Mr. and Mrs. Henry Hain, Mr. and Mrs. Addison Chew and son, Elden, and Mrs. Albert Smith of Charlevoix; Archie B. Chew, Flint; Mrs. Bertha Chew, Petoskey, Gail C. Chew, Alma; Mr. and Mrs. Willard S. Chew, Kalamazoo; Mrs. H. S. Pinney, Flint; Mrs. F. G. Bair, Pewaukee, Wis.

Did you know this fact about "E" bonds?

You make money faster the longer you hold your "E"

War Bonds. If you study the redemption chart, printed on each bond, you will see that the last four years are the "harvest" years. Your bond increases in value during each of these years twice as fast as it did in any previous year.

Holding your "E" Bonds until they come due is just another way of putting extra dollars in your own pocket.

MINUTES OF ANNUAL MEETING CHARLEVOIX TOWNSHIP UNIT SCHOOL DISTRICT NO. 1 JUNE 11, 1945

The meeting was called to order at 8:15 p. m. in the High School Auditorium by President Harold Withers.

The Secretary read the results of the election held during the day for one trustee to serve for three years beginning July 1, 1945: 34 ballots cast, 34 votes for Harold Withers.

The minutes of the previous Annual Meeting, held July 10, 1944, were read. It was moved by Mr. Walker Miles, seconded by Mr. Howard E. Brumm, that these be approved as read. Motion carried.

The minutes of the Special Meeting held September 14, 1944, were read. It was moved by Mr. Clarence Meggison, seconded by Mr. Walker Miles, that these minutes be approved as read. Motion carried.

The minutes of the Special Election, October 3, 1944, were read. Mr. Fenton R. Bulow made a motion, and it was supported by Mr. Floyd A. Supp, that these minutes be accepted as read. Motion carried.

The Annual Report of the Secretary was read. It was moved by Mrs. Charles Bellinger, seconded by Mrs. C. F. Kohler, that this report be accepted as read. Motion carried.

The Annual Report of the Treasurer, as of June 9, 1945, was read. Mr. Miles moved, Mrs. Mary A. Cooper seconded, that this report be accepted as read. Motion carried.

The Annual Report of the Librarian, for the period June 1, 1944 to June 1, 1945, was read. It was moved by Mrs. Kohler, supported by Mr. Meggison, that this report be accepted as read. Motion carried.

A report of the Hot Lunch Program was read. It was moved by Mr. Brumm, seconded by Mr. Glenn Ingalls, that this report be accepted as read. Motion carried.

It was moved by Mr. Glenroy Ikens, supported by Mr. Ingalls, that the annual salary of each trustee on the Board of Education be \$150, effective July 1, 1945. Motion carried.

The Secretary presented a bid from Mr. R. J. Abfalter in the amount of \$100 for the purchase of the school property adjacent to his on Nettleton Street, the size of the lot being 42 feet on Nettleton Street and 32 feet on Burns Street. It was moved by Mr. Bellinger, seconded by Mr. Bulow, that this bid be accepted. Motion carried.

Mr. Supp presented a request of the local Leslie T. Shapton Post of the American Legion, as follows: The local post has received \$25 from the Shapton Estate for the securing of a permanent memorial to Leslie T. Shapton, and this group would like to buy for the amount of \$25 the school building and grounds now being leased from the school, for the purpose of designating such property as the Leslie T. Shapton Memorial for World War II Veterans. It was moved by Mr. Supp, supported by Mr. Miles, that the School District sell to the local post of the American Legion the described property and building for the sum of \$25, to be designated as the Leslie T. Shapton Memorial, and providing the above described property will not be fenced in. Motion carried.

There was a strong feeling in the part of some persons present that the school should give the property in question to be designated as the Shapton Memorial, in spite of the insistence of the Legion representatives that they wished to spend the \$25 for the purchase of the building and property. After discussion, it was moved by Mr. Supp, seconded by Mr. Meggison, that the Board of Education purchase the lease on said property from the local Legion post for the sum of \$25. (The lease includes a larger piece of ground than the Legion is buying.) Motion carried.

Mr. E. D. Wagner, Superintendent, spoke on the tuition and transportation charges to the outlying districts sending students to the Charlevoix Public Schools.

Mr. Wagner then explained the Rural Agricultural Act, which provides for the income of \$800 from the State to any school teaching two of the following courses—Home Economics, Manual Arts, Agriculture—the first year it is accepted under such act, and all three courses the following year. We are eligible for such approval as next year's curricula will include Home Economics and Manual Arts, and we may apply to the State Department with the petition of 50 to 100 voters. Mr. Brumm moved, Mr. Miles seconded, that the Board of Education proceed with efforts to become a Rural Ag School next year. Motion carried.

It was moved by Mr. Charles Hamlin, supported by Mr. Bulow, that the meeting be adjourned. Adjournment at 10:00 p. m.

- There is also due to the School District from the State Dept. a total of \$1471.49 for transportation for students living within the Charlevoix District No. 1. This is not shown on the transportation statement due to the fact that this amount is paid by the State along with the State Aid and will not be entered in our financial books as of June 30, 1945.
- It will be noted that the total cash disbursements for the year 1943-44 were \$57,732.32. This figure does not include outstanding accounts. The total disbursements for 1944-45 will be approximately \$63,457.77. This makes a total of \$5,725.45 more expended for this school year than for last year. This amount includes \$3,100 for two extra teachers over the previous year. The balance of this money was spent for equipment, books and supplies for the Elementary and High School grades.
- The District will not have to get an advance on their State Aid from the Dept. of Public Instruction as in previous years, as the balance will be enough to carry us through to the start of the next school year.

THE OLD JUDGE SAYS...

FRED: "Is it true, Judge, that a war can't be won without the use of war-alcohol... the kind the beverage distillers have been producing for the government for over two years?"

OLD JUDGE: "That's right, Fred. It is a basic ingredient in the smokeless powder used in virtually every firearm from a pistol to a 16-inch gun. And, in addition, it plays

a more human role. The medical supplies which our military doctors use to alleviate pain, combat infection, save lives are prepared with war-alcohol."

FRED: "No wonder, then, more and more people are recognizing the great contribution our beverage distillers have made to the winning of the war with their double-duty product."

Don't Worry About Us! We'll do it!"

THEY tell us that the fat salvage problem has got to be licked in the small cities, the towns and on the farms.

Our country has to have one hundred million more pounds of fat this year over last. And we're the people who must save it.

We've rolled up our sleeves! We'll save every drop and bit it is possible to scrape—and keep on doing it till the last Jap is licked.

HOW TO DO IT: Save all used fats in a tin can. Keep it handy to the stove. Scrape your broilers and roasting pans, skim soups and gravies, for every drop counts. Keep solid pieces of fat, such as meat trimmings and table scraps, in a bowl. Melt down when your oven's going, add the liquid fat to the salvage can. Take the can to your butcher as soon as it's full. He will give you four cents and two red points for every pound. Your County Agent or Home Demonstration Agent can give you full particulars.

100,000,000 More Pounds of Used Fats Are Needed This Year!

Approved by WFA and OPA. Paid for by Industry.

Cpl. Don Stevens. Well Decorated

Proves Skill Dodging Jap Artillery Fire

With the 3rd Division on Luzon, Cpl. Donald W. Stevens, a driver of an M-17 truck vehicle carrying a 105mm gun, with the 136th Infantry of the 33rd Division, recently demonstrated his presence of mind and driving skill by successfully running a gauntlet of Jap artillery fire in a canyon road in Northern Luzon. Through his competence in handling the vehicle, he dodged rounds which landed within a few yards of him and the explosions chased him up the road until he reached the protective mass of a hill.

By alternately increasing and decreasing his speed he brought both the gun and its crew to safety. The Jap weapon was silenced later. Cpl. Stevens had been moving his gun from a position from which it had just knocked out Jap artillery which had been concealed on a high hill, and was taking it to a firing point for another mission.

Stevens, who is the son of Mr. Charles H. Stevens, will soon be rounding out second year of overseas duty. He has seen service with the 33rd Division in the Central Pacific, New Guinea, Morotai Island in the Netherlands East Indies and on Luzon. He holds the Combat Infantry Badge, Good Conduct Medal, Asiatic-Pacific Ribbon, and the Philippine Liberation Ribbon with battle stars.

BOND DRIVE LAGGING

Greater Sales Needed To Meet County Quota

BOND CHAIRMAN ISSUES SPECIAL APPEAL TO MERCHANTS AND CITIZENS AS COUNTY DEADLINE DATE NEARS

The Mighty Seventh War Loan drive is lagging! Charlevoix schools long ago turned in its quota of E bonds. But what about other series bonds? We will AND must make and surpass our quota here in all series, outlying districts of the county report their quota unfilled. That quota, too, must be met!

With the European phase of the war over, people everywhere seem to put forth a happy undercurrent by their words and actions. But the war in the Pacific is NOT over. Victory is closer now than it was last December, but if history is to be read aright, the cost up to now—or soon—will be 300 million dollars—a grain of sand in the desert compared with the big price in terms of sweat, blood and tears. To those who have husbands, fathers, brothers, sons in there pitching, the stark terror of the postman's step, the clutch of fear in sudden awakenings, and tears of loneliness that cannot be stayed—all bring to us the realization that the war is NOT yet over. We must go all the way. Charlevoix has never failed! Let's not slip now.

Following is the box score to date for sales in Charlevoix county:

Charlevoix E Bonds	\$94,575
Other issues	74,000
Boyer City E Bonds	63,100
Other issues	24,000
East Jordan E Bonds	49,475
Other issues	25,500

The above shows Charlevoix City over the top on E Bonds, but lagging in other issues.

Boyer City E Bond sales aggregate \$63,100, leaving them short of their goal by \$8,000; on other issues they oversubscribed by \$9,000.

East Jordan sold \$49,475 in E Bonds, \$21,500 short of their quota; having sold a total of \$25,500.

No returns for St. James twp., Beaver Island were available at press time.

"Charlevoix County's quota must be met," said Ralph Price, county chairman, "and I am sure it will be met if each person does his share in this, the greatest of all bond drives to date."

OBSERVE SILVER WEDDING ANNIVERSARY

Mr. and Mrs. Henry W. Turner observed their silver wedding anniversary on Saturday, June 23. Mr. and Mrs. Turner were married in Detroit in 1920 and made their home there until coming to Charlevoix in October, 1944. Mrs. Turner is the former Margaret Patton. Mr. Turner was a wholesale coffee salesman for a Chicago firm until coming here.

They have one son, 14, Clifford Turner, who is stationed at Brooklyn, N. Y., with the Navy at the present time. His wife resides there with him.

Mr. and Mrs. Turner, or Harry and Peg as they are known to their friends, now own and operate Scotty's Bar.

Bruce Zeitler Takes Bride

Former Charlevoix High Graduates Wed June 16

Miss Norma J. Scollen, daughter of William J. Scollen, of Leominster, Mass., became the bride of Bruce Zeitler, son of Mr. and Mrs. John Zeitler, of Detroit, on June 16. The Rev. Paul B. McArdle performed the ceremony at St. Leo's church, Leominster.

The bride wore aqua with matching hat and carried a bouquet of white roses and carnations. Mrs. Herbert Deyo, sister of the bride of Athol, Mass., matron of honor, wore pink with matching hat and carried an old fashioned bouquet.

Mr. Deyo assisted the bridegroom as best man.

A reception was held at the home of the bride's father after the service. For traveling the bride wore a summer sheer outfit. Following a wedding trip the couple will reside at Quonset, R. I.

The bride is a graduate of Major Edwards high school and West Boylston, and has been employed at the Commonwealth Plastic company. The bridegroom, a graduate of the Charlevoix high school, has been in the navy since 1941 and is now stationed at Quonset, R. I.

New Pastor

REV. GAYLORD HOWELL

The Rev. Gaylord Howell, who was appointed pastor of the First Methodist church at a recent Michigan Conference in Grand Rapids, has arrived here, accompanied by Mrs. Howell, to assume his duties as pastor. He succeeds Rev. Leigh H. Hagle, who has gone to Buchanan.

Rev. Howell, a native of Terre Haute, Ind., joined the Northwest Indiana Methodist Conference on June 8 and at that time received his Elders' Orders. He graduated from the Garrett Biblical Institute, Evanston, Ill., on June 11.

Rev. Howell, the son of Rev. and Mrs. Arthur Howell, of Newton, Ind., is one of a family of eight boys, four of whom are ministers. Three others are in the service and one, a high school senior is at home.

Rev. and Mrs. Howell are now at home at the Methodist manse at 106 State street.

COAL USERS REMINDED SUPPLY IS STILL SHORT

"Consumers of coal seem to be under the impression that, having signed a consumer declaration, they are assured of having fuel for next winter, but this is not entirely true," Charles Heise, member of the S.F.A.W. area advisory committee.

"Production is 21,000,000 tons short at present and it appears the situation is growing worse rather than better," he said.

"A retail coal merchant is obligated to furnish the kind and type of coal available," he said. "Consumers in this area generally prefer Pocahontas from district No. 7, which is moving into this market very slowly. High volatile coal from district No. 8, also restricted on an 80 per cent basis, is arriving more freely and should be mixed with Pocahontas to increase the available supply."

Franklin county coal from southern Illinois is available up to 100 per cent of consumer requirements. A person can receive 20 per cent of Franklin coal in addition to the 80 per cent allotment of districts Nos. 7 and 8 coal, Heise said.

Cpl. Livingston Visits Parents

Granted Discharge Under Point System

Cpl. Robert B. Livingston, was among the first veterans of the European Theatre to be granted return to the United States under the present War Department redeployment plan.

Cpl. Livingston has served overseas for 33 months. He participated in the North African, Sicily, French, Belgium and German campaigns. In addition he made amphibious landings in North Africa, Sicily and Normandy. He helped repel the Nazis Ardennes offensive, then swept across the Roer and Rhine Rivers fighting and pursuing the Germans until their armies were totally destroyed. His tour of overseas duty came to an end in Czechoslovakia where he had been a member of the division that had fired the first and last shots of the European War. "The Fighting First."

Cpl. Livingston has been awarded the following decorations: Purple Heart, N. African, Tunisia, Sicily, Normandy, N. France, and Germany campaign stars.

Cpl. Livingston was granted a discharge from the army under the point system at Fort Sheridan, Ill., on June 23. He had a total of 108 points. He arrived Monday to make an indefinite stay with his parents, Mr. and Mrs. A. L. Livingston.

TWO MORE VETERANS BECOME NEW MEMBERS

At the Thursday, June 14, meeting of the Veterans of Foreign Wars, two more veterans of World War II, Sgt. M. Franklin Olmstead and Cpl. Lyle Ross, became members.

Further arrangements were made for the Feather Party to be held on June 22. Proceeds will be used to purchase colors for the VFW.

At the first meeting of the newly organized VFW Auxiliary two new members were taken into the rapidly growing organization. After the meeting refreshments were served by the ladies to both the VFW and the Auxiliary. A large birthday cake for members with birthdays in June was served.

The next meeting will be at the 100F hall on June 28.

'Lady Louena' As Magician

"Lady Louena", billed as "one of the world's few women escape artists", will be one of the performers here Friday, July 6, in the magic show which will be held at the High School Gymnasium under the auspices of the Etha Nager Circle of the Methodist Church.

In private life, "Lady Louena" is Mrs. Theodore T. Glass, whose husband is the magician of Friday's show. According to reports, she is fastened up in a way that makes her to all appearances helpless in some of the acts, and makes a most mystifying escape.

Hotels Announce Opening

Belvedere Hotel will officially open for the 1945 season on Saturday, June 30th, under the management of Miss Rae Ann Gravuer, who plans to leave the hotel business at the termination of this season. Miss Gravuer has appointed Clinton J. Traver as assistant manager.

The hotel is exceptionally heavily booked for the entire summer, and present prospects indicate that this will be the best season in the history of Belvedere.

Numerous improvements have been made throughout the hotel, including the entire west wing of the building having been completely redecorated. Several pieces of new equipment have been added to the kitchen, among which is a huge oil burning bake oven.

A new feature in the Cocktail Lounge is the addition of sliding doors separating the Lounge from the main part of the Casino. Howard S. Riehl, of Washington, D. C., and Miami Beach, Florida, will be wine steward.

The staff includes Mrs. John Durkin, housekeeper; Jesse T. Downs, chief steward; Mrs. Lillian Lipford, head waitress; Mrs. Queenie Wood, secretary; Mrs. Dorlas Van Bussum, chief auditor; W. H. Cox and Mrs. L. C. Harger, day clerks; W. J. Hodges, night auditor; L. C. Harger, engineer, and Bonz Lettwich, superintendent of service.

T. P. (Pross) Wright, popular tennis professional, who was recently discharged from the U. S. Army, will return after an absence of three years. Miss Marjorie Wood will be in charge of the bathing beach.

Candlelight buffet suppers will be a weekly feature every Sunday evening, and buffet luncheons will be served at the bathing beach each Wednesday noon. Many interesting events are listed on the social calendar for the summer.

Numerous improvements have been made throughout the Belvedere Club grounds, including the building of a private road running from the corner of Belvedere and Perry Avenues in back of the Casino to the bathing beach.

All available cottages have been rented, and practically every home on the Resort will be occupied this summer.

The Beach Hotel, under the guidance of W. E. "Bill" Flynn will open June 30. This is Mr. Flynn's sixth year as manager.

On his staff for the 1945 season, Manager Flynn has H. E. Lovely as chief steward who has been at the Beach six years; Mrs. Margaret Hammond Driggs, mistress; Mrs. H. E. Lovely, housekeeper; Charles Evans, as chief engineer.

"Our kitchens have been completely modernized," said Mr. Flynn, "and we expect to have the best season this year of our during my management. Our only hope is to be able to get enough food for our clientele."

In the Cocktail lounge, Harry Palmer will preside with music by Noble Perkins and his Brown Bombers. In the upper dining room, Harry Blies and his orchestra ensemble will furnish dinner music.

Miss Alice C. Keith, of the Chicago Club, has been manager of that organization for eight years. Thursday, June 28, is set as their opening.

Hallett Hotel opens tomorrow, Thursday, June 28. Completely refurbished and with new decorations throughout, it presents a honey appearance for the vacationers. Mr. and Mrs. Irving Hallett, owners, are formerly of the Hallett Inn. Mrs. Hallett is a former teacher here and a graduate of Charlevoix high school. For the

"BEAVER DAMNS"

By
"Steve" Stephenson

The greatest news scoop since the Chicago fire, and the day the hogs ate up my sister, broke forth the past week, on no less a place than the Isle of Erin—known by the common folk as Beaver Island. The greatest real estate deal was wound into a ball of twine, and completed in less time than it takes an Islander to make a promise to go to work. We escape asthma and hay fever, but are allergic to work. The Northwest corner of State and Madison street in the metropolitan area was leased to a newcomer, Joe Hanley. The 100% location, overlooking the lake and directly in front of the ships where the Queen Mary Margaret docks daily is to be converted to a food emporium. Two doors to the South is located the "Wiggly" building, while to the North that other building is the main attraction, the Post Office.

Mr. Hanley announced to the Comrade of Industry that though his plans are somewhat of a military secret, he plans to dish out food for the fittest. Hamburgers, and ham and eggs are to be a part of his daily menu, that is, after the slant-eyed Japs have eaten their last ration of rice, and ration points are something to be used to paper the woodshed.

Prominent Man Comments

Little James Gallagher, village souse, when asked for a statement, said—"I am more than pleased to hear that a place will be opened where young folks may meet, chin, neck, and chat, and indulge in pop, sandwiches, and Yiddish ice cream—ice cream 'Cohens'."

In keeping with the Erinites custom, the new business will carry the name of "The Shillalah". Ah—last, but not least, two more innovations will be introduced, and listed amongst the village assets. A modernistic Chic Sales,

and n drinking fountain. A boom town, you promotin' realtors—a boom town. The fountain from which one may partake in rust their plumbing will be known as the "Blarney". What a combination, The Shantrock, The Shillalah, and the Blarney. The latter might have more S-A if dubbed the King Strang Fountain of Youth, but the Hotel has that one copyrighted. A place to eat, drink and read magazines is something to brag about, to be sure, to be sure.

Casual comments and criticisms were solicited, and someone sure doled it. Cast your peepers on the following from a reader.

Dear Dann Beaver:

I need help and badly. You told me the other day (or did you) that figures don't lie even on the Beavers. That set me thinking (an admittedly bad practice) and here is what came out.

During the past year more or less, the population of the "Beavers" was increased by eight (whites only), and while this was going on there was a loss of two. Eight births, two death, net gain six even.

So I thought that was pretty good considering the times and it seemed to me everything was going along so so.

I was just thinking of taking another rest when along came one of those resorters with pencil and paper. You know Steve—one of those guys wrapped up in statistics. He said here is proof of a definite trend; figures in my record show that during only a short time (or less) 34 persons entered and became citizens of the Beavers under the laws of immigration. Foreigners absolutely. Everyone.

I told him it wasn't so, but there they were listed name and age. That just about floored me, but he did not stop there. He said "How many births and deaths?" And I gave it to him just as I figured above and he started with his pencil again and in a minute he said, "Here is your trend. The popula-

DEEDS OF VALOR by SENICH

tion of the Beavers increased from immigration of foreigners 566-6666666666% as fast as by excess of births over deaths.

Steve—please tell me it ain't so.

Anxious Islander.

Well, the author of the article at least flattered me when calling me a statistician. When but a kid in knee breeches I grabbed a rabbit by the ears, and shook it severely and asked it what two times six amounted to. No answer prompted more punishment and more questions. In disgust I turned to my Mother and asked her how she figured that rabbits were the greatest multipliers on earth.

Enter Keennn says that he no longer hopes to build a church, but to the contrary, a Cathedral. A Cathedral says the Reverend is a place which is built over a period of Centuries, not years, and if it takes two years to construct a cow shed, it will in all likelihood find Tony Wojan's new son, laying the corner stone of the new church.

Mrs. Gat Cole, Queen of No-mad has returned to the Island for the summer. Pleasant personality, smiles, and pep mark her arrival, and she isn't so young after all as she is one of the few who remember when the Democrats first took over.

Gene Alleman, and a covey of newshawks paid the Island a visit the past week, chaperoned by Capt. Charles Allers of the State Conservation ship, Patrol No. 1, Turner Boyle, the three score and

ten kid, with a warm heart and snow capped dome commented that the newspaper men were all crazy, and that birds of a feather, flocked together. Since Alleman and ye-scribe scribbled for the same sheet at one time, I snapped back in a furious flame of ira "Yes, a few years in the newspaper business will drive anyone nutty, and that we may flock together with birds of our kind, we chose to roost on Beaver Island." That was kindo' nasty, wasn't it, when one loves the place like I do?

Guy Gordon, light keeper of Lansing Shoals Lighthouse, has been sentenced to three weeks in bed. "In need of a rest", says the Pill Dispenser. Come now—let's say a prayer, write a note or make a call. A friend in need is friend with speed.

Mr. and Mrs. Homer Meyerdon journeyed to Charlevoix to meet Mrs. Jessie Meyerdon, and returned to the Island for a friendly visit and family brawl. The Senior Mrs. Meyerdon returned to Sturgeon Bay Tuesday of this week. Sp's the son-in-law—"Oh, for a Mother-in-law with a wooden leg so that I may lock it in a closet

when stepping out".

Mel and Frank Bigowen Gallagher are strutting around like a pair of pouter pigeons since reading the article in the Courier about their nephew "Chick" Gallagher.

Well they might for any chap who has taken part in 35 air raids over Germany, and received so many decorations for action and bravery, is due and should receive all praise and consideration not from the Gallaghers alone, but from all.

The Gallaghers have leased Hog, Garden, High, the Fox Islands, and Mackinac Island for a family reunion in July. The reunion will be divided into three meetings in order that all may attend.

The doors swung in, and the doors swung out. They came from Charlevoix, and then got out.

Who?

Joseph Lloyd Milton McDonough, etc., etc., and Donald Gat Cole smoked out a mess of fox the past week, and turned in three fox pelts to Conservation officer, Karl Kuebler to receive the bounty of \$15.00. A tidy sum for two brusel sprouts.

This column has been criticized for failing to mention those who journey to the Mainland, but being a foreigner, I know not who travels to the foreign land for pleasure, pain, or patronage. Help—Help—Help.

Mrs. Sondendregger, with aid of step ladder, rises to say that she will cut the throat of the editor of this column should he inject ven-

on into her veins by publicity, in this column. Far be it from me to pull such a fox-paw. She did vote for red, white and blue points, while she should have filled out blanks for additional ration points to keep body and soul intact. Potato peeling soup, the strings from beans, the warts from pickles, and the nips from turnips are getting her down. Mrs. Sondendregger has also denied the report that she is giving a dinner party for the McCanns.

Bookings for cabin, and hotel accommodations for the summer are hitting a new high. Those wishing to eat, drink, and pick berries had better step on the gas, if they choose to be taken care of. (A lot o' free advertising—eh?)

Maj. Giles McCann, former instructor in the Roosevelt School in St. James, and his mother, Mrs. Anna McCann returned to the Is-

land to visit the Gallaghers Incorporated. They stop n' et in the home of Mr. and Mrs. James G. St. APO—Main Stem.

If you have a wife, and don't wish to worry her. Buy her a subscription to the Courier.

Two bucks, and name, will do the trick. A darn good bargain for any "Mick".

I'll be seeing you, Steve.

P. S. Mrs. Gus Mielke, and Mrs. Pichner came in on the Mary Margaret a moment ago. Hoorny—I knowed 'em both.

This newspaper will answer any question relating to veterans if a letter is directed to "Veteranews" in care of Charlevoix Courier.

FOSTER BOAT COMPANY EXPANDS INDUSTRY

Branch of Local Concern Locates In Petoskey

Petoskey City and civic officials joined with officers of the Foster Boat Company in groundbreaking ceremonies for a new plant to house the Canvas Division of that company, recently.

The building, to be block constructed in an "L" shape, will be built on the corner of Charlevoix Ave. and Greenwood Ave., with 200 feet of the building facing the trunk line and 100 feet on Greenwood. It will contain 12,000 square feet and is expected to be completed this summer. Upward to one hundred workers will be employed.

In the picture at right, Harry Foster, president of the Foster Boat Co., is seen breaking ground, Ross Bliss, superintendent of the Canvas Division plant, is second from left; Ted Foster, company attorney, is shown third from left.

The picture above reading from the left: Evan P. Price, secretary of the Petoskey Chamber; Ted Foster, Glen C. Townsend, councilman; Charles Bailey, councilman; Mr. Martz, Mayor Perry, Earnest Priebe, councilman; Mr. Scoggin, Mr. Bliss, Harry Foster, Percy H. Read, Louis W. Fochtman, and H. C. Spittler, vice-president of the Chamber.

The Industrial committee of the Chamber of Commerce, headed by Mr. Martz, includes Ralph Feather, V. W. Packard, Mr. Fochtman, Mr. Read and Mayor Perry.

Charles Cellner Arrives Home for Indefinite Stay

Charles Cellner, veteran of more than 50 months army service, has been discharged from the service under the point system and has arrived here from Fort Sheridan, Ill., for an indefinite stay with his parents, Mr. and Mrs. August Cellner.

Mr. Cellner, who was a sergeant at the time of his discharge, entered the service in April, 1941, and after a short training at Fort Eustice, Va., was sent overseas the same year. He was stationed at Hawaii with an anti-aircraft outfit at the time of the Pearl Harbor attack and came through that without a scratch. In August, 1944, his unit was transferred to Guam. He returned from there to the States in March, 1944, and spent a furlough with his parents for the first time in almost three years. Along with the Good Conduct medal, ex-Sgt. Cellner has the American Defense ribbon, the Asiatic Pacific ribbon with combat stars and the Pre-Pearl Harbor ribbon.

Softball Revived As Locals Enter Team

Harvey Hamilton Is Pilot Manager of Local Squad

Softball is back in Charlevoix again! After an absence of three years, Charlevoix again has a softball team under the auspices of the Curtis Market. Harvey Hamilton is the manager. A softball league has been started with headquarters in Petoskey, where four of the teams have their home. The league is comprised of ten teams: Boyne City Eagles, Boyne City Spots, Grange Resort, Harbor Springs, Cross Village, Oden, Charlevoix, McCabe's Hardware, Home Dairy, and Petoskey Teds. While no league standings are available at this time, a complete list will be published when available. The league is mid-way through the first division, with the second division starting July 26. The winners of each division will stage a playoff for the championship, with the champs playing an All-Star team composed of the best players of all other teams.

A non-league game was played on the south side Athletic field Sunday, June 24, with the Boyne City Eagles. Charlevoix took the top end of an 11 to 10 game, clinching it in the last of the seventh inning. Charlevoix led 6 to 0 until the last of the fourth, when the Eagles started a rally which netted them 6 runs before it was stopped. The Curtis boys again stepped into a short lead in the fifth when they scored three runs. In their end of the seventh inning, the Eagles stepped into another rally and put themselves in the

Mr. and Mrs. Alvin John are the parents of twin daughters, Mary Louise and Christine Mae, born at home on Thursday, June 7.

MRS. THOMAS R. MORRISON

Mrs. Thomas R. Morrison died May 31 at St. Joseph's Hospital, Ann Arbor, after a long illness. She was a summer resident for about nine years, while her husband was captain of Logan Thompson's yacht "Sylvia". She is survived by her husband, Captain Thomas R. Morrison of the merchant marine and two daughters, Patty and Barbara, both in the WAVES. Burial was in Ann Arbor.

lead by a single run. With two men on and nobody out in the last of the seventh, Martin was forced at third and it began to look as though the Eagles were going to protect their meager lead. Then a single into left field by Olach scored two runs for Charlevoix, putting the game away.

Both pitchers had excellent support all the way, with their teammates committing only four errors. Dunnett, of Boyne City, yielded 14 hits, while Whitley gave up 17 for Charlevoix.

Monday night the boys went to Petoskey for a league game with

the McCabe Hardware team. While the Petoskey men took the long end of the score, the local boys played an excellent ball game. Petoskey started a rally in the second inning which made it look as if Charlevoix were going to be badly beaten, scoring five runs. In the fifth-inning Charlevoix began to hit Wagar and garnered four runs before being stopped. However, McCabe's held the edge in batting power, and won 9 to 7. One of the best plays made this year was made by Bob Carey, Market third baseman, when he speared one-handed a line drive

between third and shortstop. This saved Charlevoix several runs, since the bases were loaded and the hit looked like an easy double. Friday night the boys again go to Petoskey for a league game. At the present time, a game is scheduled with the Boyne City Spots for Sunday, July 1. The schedule of league games has not been announced.

GOOD RURAL LINE NEIGHBORS KEEP CALLS SHORT

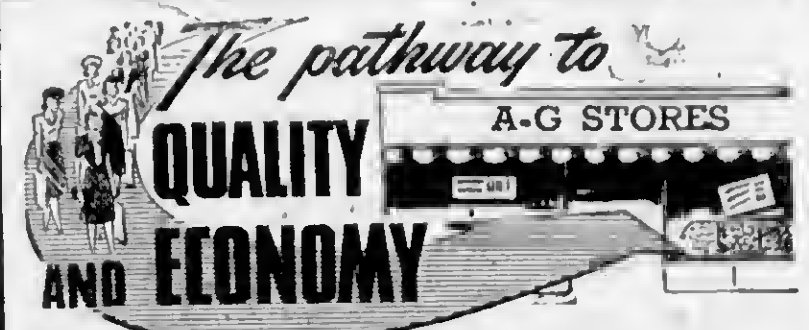

BEFORE the war, Michigan Bell was making real progress in reducing the number of telephones per rural line. But because there are so many more rural folks with telephones today, and because war has prevented expansion of the system, most lines are serving more families.

Even so, if everyone will "share the line" with typical American friendliness and consideration, you and all your telephone neighbors will enjoy better service. These three simple rules will go a long way in the right direction:

- 1 Please keep all calls short.
- 2 Please do not listen in or interrupt when the line is in use.
- 3 Please be sure to hang up your receiver. One receiver off the hook can tie up a whole line.

News Bits Gathered in the Lighter Vein
By THE EDITOR

Karl Erber, genial civicist and manager of the Northern Auto Co., is perhaps the most optimistic businessman in Charlevoix. Several weeks ago he placed an order and had "Cy" Powers paint a beautiful sign above the large garage window reading—"Lincoln FORD Mercury".

A medical paper advances the theory that man is slightly taller in the morning than he is at night. We haven't checked on this yet but we have noticed the tendency to become "short" towards the end of the week.

In the boat rental business, John and Sonja Nordrum have been partners for the past three years. We predict a great future for the youngsters.

Carm Rose, popular warbler of the Saturday Nighters, who also is known as Naval Inspector at

the Foster Bust Co., reminds us that while the United Nations representatives at the San Francisco conference were planning PEACE, every nation represented carried an emblem on their respective flags of a destructive bird or animal. Food for thought, Mr. Rose, and we might suggest that they accept as the emblem on a United Nations flag (when and if they accept one) the DOVE OF PEACE.

A worker in one of our boat plants says that "This life is beginning to tell on me. Every day I look more like my identification photo."

Frank Pop, Jr. Visits Father

Gets Discharge From Army Under Point System

Frank Pop Jr., veteran of 37½ months overseas duty as a member of the 126th Infantry battalion of the 32nd Division, arrived Thursday from Fort Sheridan, Ill., to make an indefinite stay with his father, Frank Pop Sr., and his sister, Mrs. Eugene Gibelyou, after receiving a discharge under the point system. A staff sergeant at the time of his release, he had a total of 110 points.

Frank entered the service in April, 1941, and a year later left for overseas duty after receiving training at Camp Livingston, La., and Fort Devens, Mass. He was a Red Arrow, to go to the Southwest member of the first division, the Pacific and was stationed in Australia.

The following September the 126th began their New Guinea campaign. During the battle of Buna, Frank was seriously wounded in action and was taken to Australia to recuperate. He returned to his outfit in time to participate in the Sadoir and Aitape campaigns and later in the action at Morotai. In November, 1944, when the 32nd went to Leyte in the Philippines, Frank's company was there. On November 20, he was serving on Luzon when he returned to this country last month. Frank has the Good Conduct medal, the Purple Heart medal, the Presidential Unit Citation, the American Defense ribbon, the Asiatic-Pacific ribbon with four combat stars and the Philippine ribbon with one battle star.

Cpl. McDagin's Death Confirmed By Army

Killed while Attacking
Enemy Single-Handedly

Corporal Herbert G. McDagin, 23, of the 11th Airborne Division serving in the Philippines, was killed in action on December 22, 1944. It has been learned here. News of his death, received in January by his family, was given this week by his brother, Dan McDagin, who has returned here from Muskegon.

A letter from his commanding officer revealed the details of the action in which Cpl. McDagin, who was serving with a Parachute Field Artillery Battalion, lost his life. An extract from the report reads as follows:

"For gallantry in action on Leyte, Philippine Islands, on December 22, 1944. During an attack against the enemy, Cpl. McDagin, with utter disregard for his own safety, moved forward over fire-swept terrain to neutralize an enemy machine gun which was pinning down the remainder of his unit. By attacking the enemy single-handedly, this intrepid soldier drew fire on himself, which enabled his comrades to attack and

CPL. HERBERT McDAGIN

destroy the machine gun, routing the enemy from the area. In the performance of this heroic deed, Cpl. McDagin was killed. His cool, courage, intrepidity, and zealous devotion to duty set an inspiring example to his fellow soldiers and exemplify the highest traditions of the military forces of the United States."

Cpl. McDagin was born in Petoskey on November 22, 1922. He attended the Petoskey schools and later the Indian school at Flanagan, N. D. He entered the service in 1942 and had been overseas nine months.

Surviving are one brother, Don, and one sister, Virginia, who have made their home with their grandmother, Mrs. Sophie Case, of this city, since 1937. His parents, Mr. and Mrs. Edward McDagin, who had lived at Petoskey and Cross Village, preceded him in death.

Cpl. Don Solomon returned to Sheppard Field, Tex., on Monday after visiting his parents, Mr. and Mrs. C. A. Solomon.

Sgt. Maurice Dixon, who is stationed at the Soo with the Army, came Sunday to visit until Thursday with his wife and with his mother, Mrs. Mary Dixon.

Richard Edwards, ARM 3/c, of the Naval Air Force, arrived Thursday to visit his parents, Mr. and Mrs. Arthur Edwards. He is enroute from Jacksonville, Fla., to San Diego, Calif. He was accompanied by his wife who makes her home in Newaygo. They will leave on Saturday.

Maurice Foster, Sp (X), who is stationed at Detroit with the Navy, spent the week end with his parents, Mr. and Mrs. J. M. Foster.

Ted Jancha, Cox., who has been on a 20-day convalescent leave here, returned to Ashville, N. C., on Monday.

From Clair S. (Bud) Webster, QM 3/c, out in the Pacific with the Navy comes the following letter: "Today I received four copies of the best hometown paper in the world—The Charlevoix Courier. I hadn't received one since the middle of March so they were appreciated. It was nice to get some home front news."

I have a collection of picture postcardsmy folks have sent me over a period of a year or more. They do the hometown some real justice. I think by showing them to various persons, I have accounted for about 30 future summer visitors to Charlevoix! When an outsider says your hometown is 100% super then it must be. And I'm sure about 400 other fellows from Charlevoix feel the same way. And with the way things are going now, it shouldn't be too long 'till we can all get together back there.

In the meantime, an extra special thanks to the CSD for making it possible for us to get the Courier and to be able to keep up with things at home.

Lies the Might of America

CORN

When farmers were appealed to for greater efforts during the first year of World War II, Iowa produced the greatest tonnage of foods and feed in its history. Its hay, grain and forage in 1942 totaled 29,527,000 tons, 23 per cent above 1941. Led by the record yield of 61.5 bushels of corn per acre, its eight main grain crops totaled 20,627,000 tons, 21 per cent above the nearest high point up to then. Millions of dollars from War Bonds went into processing those crops for our fighting men. The crops and land of America represent but a fraction of the real wealth of this richest of lands backing up your War Bonds. U. S. Treasury Department

Mrs. Milton Richardson entertained a number of friends at her home Friday night, June 15, at a surprise birthday party in honor of Mrs. Stanley Lord. The evening was spent playing buncce with prizes going to Mrs. William Jolliffe and Mrs. R. E. Stafford. After which a co-operative lunch was served. The guest of honor received a lovely gift from her friends.

Mrs. Fred E. Cartier is visiting at the home of her son, Dr. W. Claire Cartier and family at Grand Rapids.

First Islander Is Released

Joseph Lafraniere, better known as "Bussy", arrived in St. James, June 14th. The first islander to receive release under the point system. Entering the Service January 15, 1942, he received his training in Camp Custer, Camp Wallace, and Camp Stewart, and further training in Southern England, after landing in Liverpool.

Sergeant Lafraniere served in Oran, Algiers, Cassarine Pass, the battle of Hill 609, the invasion in Italy, Salerno and Anzio.

Three of the highlights of his experiences, aside from the action were the prayer service held in Anzio, for the burial of the first

SGT. JOS. LAFRANIERE

member of his unit, who had met death by shrapnel. The meeting of Joe O'Donnell while on guard duty in Algiers, and the height at which he raised his hand when the commanding officer asked those with sufficient points to merit release from service.

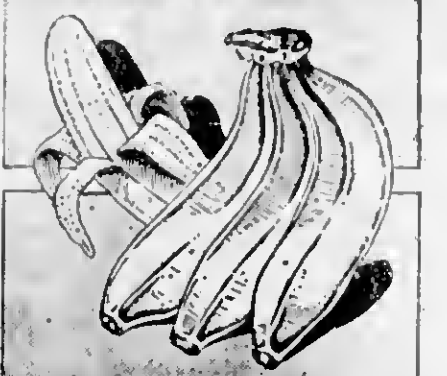

Entering the Service as a private in the artillery, "Bussy" was later transferred to the Infantry, and was acting as instructor in Naples, when he received shipping orders, and bore the rank of Sergeant. Arriving in New York, he was shipped to Fort Sheridan, Chicago, for discharge. A large gathering greeted him upon arrival on the Island, and all are awaiting the return of many more.

It is believed that Beaver Island has more men in military service than any community in the United States, with a like number of inhabitants, the Island having a population of 250 white persons and 125 Indians.

Mr. and Mrs. C. M. Jurgens left Monday to spend a week in Grand Rapids. They are spending the summer at their home on East Upright.

Mrs. Don Gardner and two children of Toledo, are visiting her brother-in-law and sister, Mr. and Mrs. James Marsh.

Aged-In Sealed-In Flavor

Nature puts a peel around a banana to keep flavor in it and everything harmful out. For the same reason, Altes is sealed, sealed in a primary protective coating, like the banana's peel, to keep the flavor in and the harmful out. The full, rich, sealed-in flavor of Altes is what makes it so different from other beers.

BOND DRIVE 'OVER THE TOP'

Writer Gives Interesting Data of Beautiful Beaver Island

BEAVER ISLAND — Islands have a way of doing things to people.

Take Beaver Island, for instance. Here lived James J. Strang, "King of the Mormons," with his five wives and many children. That was 90 to 100 years ago.

Nearby is High Island, former summer home of King Ben Purnell of the House of David. The colony is now deserted, even to its seven-sided dormitory with seven bed rooms.

George Stephenson, jovial, care-free ex-newspaperman from South Bend, expressed the lure of the islands in these words: "There's only one place in the world like Beaver Island. That's why I am here. And someday I hope to stay here year-round, winter and summer. I like it."

Stevie, as he is known, was on the main dock at St. James when we were old friends. Two decades ago we had worked a year on a South Bend daily newspaper, now extinct, at the same time when Charlie Butterworth, Hollywood film comic, was on the police beat. Ring Lardner of Niles had left the staff to win fame in Chicago.

A reunion on Beaver Island. Of all places in the world, why this one?

Hattess, his face tanned by the winds and sun, Stevie had been painting two fishing boats on the dock. An old Plymouth, sedan, badly worn with part of one rear window missing, provided transportation to his log cabin on Saulty Bay, down a few miles from St. James. There he lived with an elderly sister. From rental of fishing boats, he managed to get along.

He confessed: "You can live on five or six dollars a week food expense. There's no place to go on Beaver Island—no night clubs, no movie shows. You enjoy the finest air in the world, cleansed every minute of the day and night by Lake Michigan at every point of the compass. Sure, I'm nuts about this place. I haven't a care in the world."

We had left Charlevoix at 9:30 a. m. on the conservation department patrol No. 1, a 75-foot, diesel-powered craft, commanded by a grizzled man, "Cap" Charles J. Allers. The patrol boat was on a regularly-scheduled trip to inspect fish nets. Allers is a native of South Haven and Beaver Island, his father had been a "salt water man", owner and master of sailing schooners out of South Haven. In fact, one of the last sailing vessels operated on the Great Lakes was owned by "Cap's" father while the family resided at St. James, back in 1911.

Let's introduce you to his crew. Erwin Bely, assistant supervisor and first mate, doubled at the Shamrock Inn, the island's combination tavern and social center, as aide to the bartender-proprietor, Richard LaFramier. Dick, his son-in-law, doubles as justice of the peace. One of Dick's trunks, held at the tavern, exiled a lumber Indian to work 90 days in a lumber camp. Justice on Beaver Island is stern.

Then there is Richard "Dick" Lohr, story-telling conservation officer, who once served seven years on Isle Royal before the great forest fire. Emil Pischner, engineer-cook, is as handy in the kitchen as he is in the engine room. With no exceptions, Emil's whitefish dinner while we were en route to High Island was the finest we have ever consumed. That is a sincere compliment to Emil, and perhaps also, to the appetite-stimulating climate of the Beavers.

Beaver Islands, 32 miles from Charlevoix by a 10-mile-per-hour boat, are one of three archipelagoes at the northern rim of Lake Michigan. Just off the Lelanau peninsula are the North and South Manitowish islands. Next are the Foxes—North Fox and South Fox. At the northern end are the eight Beavers—including Beaver, Garden, High, Hog, Squaw, and Whiskey.

Secluded and off the beaten path, St. James, is an easy-going fishing village, the Michigan capital of a few years ago, oil lamps provided household illumination, and a board walk linked the white-paint-

ing eyes, pure-white hair, with an infectious smile and laugh. His voice is soft, colored by a slight Irish brogue.

"My father was Dan Boyel, and so was his father before him," said Dan, who is known to everyone as Turner. "My father had five brothers, all named Dan Boyel after their father. It's an Irish custom, you know."

"We Irish came to Beaver Island from Canada. A sea-faring people, we have always gone to the sea to fish or to sail. Sure, some of the Irish do farming, but not many of them. It's easier to make a living on boats than farming—one reason why you see so many deserted farms on Beaver Island."

St. James with its lazy atmosphere was so named by King Strang.

When John H. Forster, a federal surveyor, visited the Beavers in 1855—just 90 years ago—King Strang was at the height of his bizarre career. Along the picturesque harbor was a cluster of log buildings. A log tabernacle dominated the landscape.

Strang, lawyer-editor, visited the Mormon settlement at Nauvoo, Illinois, in 1844 and became a convert. When Joseph Smith, Moses of the Mormons, was killed by a mob at Carthage—a chapter of early American intolerance—Strang claimed the title as Smith's successor. The Mormon "college of twelve" elected Brigham Young, who then led the historic trek to Salt Lake City. Strang established a rival kingdom, first at Spring Prairie, Wisconsin, and later at St. James on Beaver Island.

His defiance of conventional morality led to his undoing and ultimately his death. The Irish on Mackinac Island and Pine River (Charlevoix) regarded him as an infidel and a pirate. Two jealous Mormon followers, some of whom were characterized by Surveyor Forster as the "lowest kind of white trash—ignorant, superstitious and licentious", were the assassins who waylaid King Strang and escaped on a U. S. mail boat to Mackinac Island.

Today, 32 miles off the prosperous Traverse City-Petoskey tourist route, Beaver Island is a haven of peace to its 250 white and 125 Indian inhabitants.

It offers some of the best fishing grounds on the Great Lakes. Its climate is perfect for hay-fever and asthma sufferers. Yet there are few resorts. Little effort has been made to preserve authentic Mormon buildings. But to the traveler, St. James will be remembered as a snug happy haven of the Irish—the Gallaghers, McCannus, Martins, Boyels and McDonoughs.

Fish is not rationed, and prices are soaring.

The Irish on Beaver Island, always inclined to gaiety, are happier than usual.

Maybe our one-time newspaper friend, George Stephenson, is right.

There is only one place like Beaver Island—at least in Michigan.

ALEXANDER DROSCZ
Alexander Droszcz, announcer, entertainer and newscaster, for 14 years with WJBK, recently purchased the Taylor Cabins on Bridge Street and with Mrs. Droszcz will make their home here. Many will remember Mr. Droszcz as announcer for a popular flour company in Detroit, for many years. His program was on the air from 11:15 to 11:30, mornings, each day.

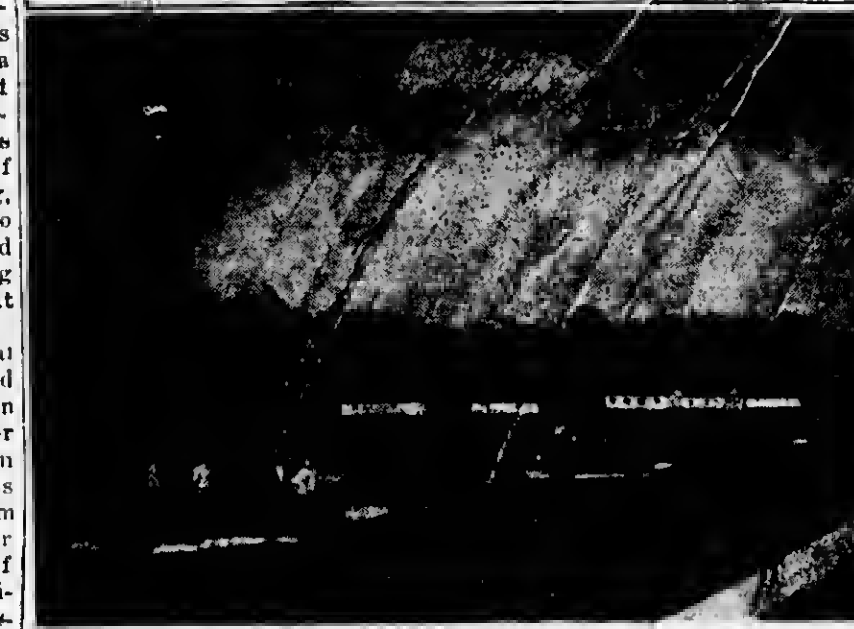

Mr. and Mrs. Droszcz have two daughters, Mrs. Adeline

Proud of Their Catch

Mr. and Mrs. Vaughan Orvis are pictured above with a fine display of whitefish caught by the couple on a recent afternoon in Lake Charlevoix, south of the Ferry at Ironton. This is the finest mess of whitefish taken from the lake by hook and line fishermen this season. The 18 fish averaged over three pounds each.

Local Banks Show Increase In Capital Stock

Statements Show Both Banks In Healthy Condition

Payment of 100% stock dividend gives the Charlevoix County State Bank capital of \$50,000.

In order to give its patrons better banking facilities the Charlevoix County State Bank has increased its capital to \$50,000. The increase has been made from the undivided profit account of the bank.

The larger capital gives the bank an opportunity to take care of an ever increasing amount of business from Charlevoix and the surrounding territory.

The June 30th statement of the bank published on page six of this paper shows a tremendous increase in loans, mortgages and deposits from the statement of one year ago. Loans and mortgages have increased \$195,976.98, and total resources have increased \$457,100.40. Total deposits have increased \$443,031.96. The Capital account shows an increase of \$14,370.88.

A dividend of 6% has been paid during the year and it is anticipated that this rate will be maintained on the increased capital.

The Charlevoix State Savings Bank in its statement of June 30, 1945 on page four, showing total assets of \$784,837.63 indicates a gain over one year ago of \$177,000.00 or a gain of 28%. Their capital account shows a gain of \$6000.00 over the previous year. Total Bond sales during the 7th war loan drive by the Charlevoix State Savings Bank as of June 30 were \$69,640.00.

Camp Charlevoix Opened June 30

Record Enrollment of Campers and Staff

Camp Charlevoix began its summer activities Saturday, June 30, with the largest enrollment of campers and the largest staff in its nineteen years of summer activity. Boys arrived from several states, including those as distant as New York, Florida, Louisiana, Tennessee and Missouri.

This summer's staff includes many interesting and competent counselors who will instruct the campers in a wide variety of skills and activities. Of particular interest to campers is a real woodsman called by his friends, "The Hermit". Howard Schwartz, will share his large knowledge of wood lore with the campers. He has lived in the woods for several years and is widely known as a proficient guide, trapper and woodsman.

In the eight-week period, campers will engage in activities such as horseback riding, canoeing, riflery, tennis, softball, swimming, handicraft, and many others. Expert instruction is available in each field. Directing the over-all program of activities is Fred Krueger, who returns to Camp Charlevoix for his third season as a member of the staff. The directors and owners of the camp are Mr. and Mrs. Lewis C. Reinman of Ann Arbor.

Charlevoix County Meets Quota In Mighty Last Minute Drive

Bond Drive Chairman Expresses Appreciation To Citizens And Merchants For Their Timely Cooperation

Ralph Price, county bond drive chairman, today, was highly pleased to report that the county had gone "over the top" in the Mighty Seventh War Loan drive. Robert Bridge, chairman of the finance division of the drive, was equally enthusiastic and both expressed appreciation for the fine cooperation from citizens, farmers and merchants in putting this drive over.

The final report of bonds sold, at press time, gave the following information:

Charlevoix	East Jordan	Bozette City
E Bonds \$112,725	E Bonds \$76,450	E Bonds \$69,600
Other issues 94,000	Other issues 43,000	Other issues 24,550
Over-all county quota for E bonds was \$208,000. The people of Charlevoix County purchased \$258,875.		

In other issues the county quota was set at \$140,000. The people purchased a total of \$161,500, thereby going over the top on both E bond sales and other issues.

The chairman in charge of the drive wish to thank all who participated in making this over-subscription possible. It again shows that Charlevoix County DOES cooperate and can be counted upon to do their share and MORE!

ORTHOPEDIC CLINIC HELD AT GAYLORD HIGHLY SUCCESSFUL

A total of 119 patients, according to Dr. A. F. Litzenger, Director of District Department of Health No. 3, were registered and examined during the one-day clinic recently held in the City of Gaylord.

This Orthopedic Clinic was made possible through the Northern Michigan Medical Sec. which secured the services of Dr. Carl Badgley of Ann Arbor and Dr. J. T. Jerome of Traverse City. Other professional medical men, including Dr. Carleton Dem, Director of the Michigan Crippled Children's Commission and Dr. Van Leuven, formerly of Petoskey, now Director of Vocational Rehabilitation, were also present.

No small amount of credit is due Dr. Litzenger, State and County nurses, local nurses and members of local health committees for the grand success of this important and timely aid to patients from the counties of Antrim, Charlevoix, Emmet, Otsego, Crawford, Cheboygan, Roscon, and Ogemaw.

Mellencamp Leaves County

B. C. "Bert" Mellencamp, county agent here for the past 21 years leaves July 15 for Mt. Pleasant, where he has accepted a position as county agent.

Mr. Mellencamp was affiliated with the co-op-tist association in Antrim county before coming to Charlevoix in 1924. Among the more important achievement projects he organized the first 4-H Dairy Club of Northern Michigan and carried on home economics projects continuously since 1925.

Probably his most important contribution to agriculture was the organization of the Jordan Valley Co-op Creamery Co., in 1931 and the Top O'Michigan Rural Electric Co. in 1937.

His many friends throughout the county will miss him. As a new acquaintance, we found him brilliant in all phases of agriculture and a tireless worker in civic projects as well. The Courier joins his many friends in wishing for him and his family the best of success in a new field of endeavor.

UNIFORM HOURS FOR SUMMER TRADE PREDICTED

Local merchants maintain a variation of hours for the several business places of the city. Many local residents have appealed for more uniform opening hours so that shopping could be done before their day's work begins.

A survey of all business concerns will be made by the publisher this week, and an announcement of opening and closing hours will be published next week.

It is hoped that more uniform opening hours can be established throughout the city, especially for the busy summer months.

KIWANIS NOTES

Members of the Kiwanis Club Monday evening, were guests of Dr. D. C. Nettleton for their regular business meeting. Pot luck was enjoyed by the members with coffee and donuts served by the host.

The paper storage problem was solved when Hon. Rollie L. Lewis again came to the front and donated the use of his building for that purpose. For the past several weeks no storage space was available.

"BEAVER DAMNS"

By
"Steve" Stephenson

With the new improvements under "weigh" on the corner of State and Madison, the employment situation is improving, and new avenues of income are made available. The Sand Bay project has introduced a new innovation in conjunction with the movie industry of Hollywood.

At the present time, the back-ers are looking for young lads with Indian ponies, to perfect their technique in horsemanship, and roping. With Buffalo Bill, and Tom Mix, out of the picture, and Ken Maynard, badly bent from a fall, Hollywood craves someone to replace the heroes of bygone "Westerns". Beaver Island is the natural training grounds, and after a complete course, and hours of practice, one should stand an excellent chance of being signed up on a lucrative basis.

The wild steers are plentiful, and found on all parts of the island, except in fenced pastures. Probably the largest herds are to be caught unaware, by the wiley cowboys, in Hotel yards, front lawns, cabin camps, and on either State or Madison streets.

Applicants may address this column in the Courier office. There being a priority on turpentine, kerosene has proven a goodly substitute during war times.

Mr. and Mrs. Arthur Miller, formerly of Ann Arbor, and now Islanders, arrived sometime ago. Few folks were aware of their presence, due to the fact that they are both so darn busy doing "sumpin'", they are seldom seen. Betcha don't know why they are so full of pep—I do, and it is . . . and they are not the only ones who hold before them the same hope and inspiration. With a son, such as they have, who is in the midst of the mess, after being wounded in action, the Millers are looking forward to his return to a happy peaceful life for years to come. Mothers cook goodies, knit, etc and Dads do building, grease the rifle, and oil the reel awaiting the day. Oh, what a day it will be and nowhere will the welcome be more genuine than on the Island.

If the Conservation Officer catches me with a deer out of season, he fines me plenty—I caught him with a deer, with a lot of Bucks—What to do?—What to do?

The New Deal has brought about a lot of changes, especially in the fields of agriculture. Dr. Gibbons, and Mrs. Henry Allen have written for information as to how to milk a cow, but until

same arrives, they have their own "Gibbons-Allen" methods.

The Doctor stands on one side of his home dairy, his eldest son stands on the opposite side, the cow is tied to a post, the bucket placed amidships. At the count of three, each dairyman grabs two handles, and the feat is accomplished in record time, while bossy looks around as much as to say "Who's idea is this?"

The Allen system is far more attractive, it takes one's mind to the dairy maids of Holland. With pretty apron, bonnet, and a small pail with handle. Mrs. Allen approaches the critter. With endearing names she inveigles Bossy to stand by, and await further orders. By a slight bend of body, from the hips up, she holds the pail in one hand, and milks with the other. This system is recommended to those who wish to protect themselves against such tragedies as being kicked into the next township, bucket, milk and all. Her Dairy advertises—"Try Allen's milk—it's fine as silk."

While travelling my way on the

main drag I overheard someone calling the group of men from the State Conservation Department a "Bunch of Stinkers". Having been friendly with the department for many years, and knowing C. A. Eagle, Supervisor of Field Administration in Dist. 5; Roy Heiser, on Building and Material, Howard Smith, Material Dept.; Mr. Clark and Spike Chbot, I resented the remark made by an insulting Islander. Drawing Mr. Eagle to one side, I explained what had happened and inquired as to what they had done to upset the natives. "Stinker" said he—"We were stinkers and feared we might remain in that state, but thanks to Loyola Mulloy, she doped it—washed our clothes, and saved the day after a vain hunt of most a week in search of a hundry."

I didn't know they departed, but I sure as heck discovered they had, for I saw them when they returned on the "rolly-pollie" Mary Margaret. Mrs. Grace Cole, Mrs. Jenny Pelletier, Mrs. Patrick Boner, and Dr. Palmer. Why don't they phone the cabin, and tell me of their plans? The Coast Guard wasn't hailed for help, so they must be on the Mainland somewhere.

Mr. and Mrs. Paul Hefflin have returned to their summer home for the season. With plans for an extensive building program under arm, Mr. Hefflin explained that his wife had taken an extensive extension course in paper hanging, plastering, plumbing, metalurgy, and the proper method of manipulating a tractor, and further; that he would probably be busy most of the summer, directing her work. Mrs. Hefflin holds her membership in Local 25 B.L.O.H.B. (Beaver Island Own Home Builders) and with Paul as Boss there will be no sit down strikes.

Earl Boyl, the real McCoy of Republicanism, either week ended or weakened in Charlevoix the past week. He went to sleep upon his arrival home, and hasn't been seen for nigh three days.

Two hundred pounds of meat arrived on the dock this week to

be divided amongst the population of 375 head, to cover a two weeks period. Not a bad allotment. I recommend less bull in Washington, and more in homes. Doctor Lawrence Mulloy craves meat for the "Micks"—lucky stiff, he can go fishing Friday and Sunday of each week when he does have forbidden fruit.

Father Keenan arises to say—"Just because we are going to build a Cathedral, over a period of a few centuries, that is no reason for electing another Leaning Tower of Pisa on the Town Hall". The contractors argue that it was built thusly so that in event a Nor'wester blew briskly, it would straighten up, rather than fall down as was the fate of the former chimney.

The Mayor of Nomad, and the First Lady, Mr. and Mrs. Hugh Ray, have returned for the summer, and both look pert, and in the pink. Mr. Rny, an annual visitor, comes for a rest, and while his nights and days compiling a book of rules governing sports. A snappy little job.

To write such hunk is such a sin, Methinks it's time to say—"Amen".
I'll be seeing you, Steve

STANDING STILL IS TOUGH GOING FOR THAT CAR OF YOURS!

SOUNDS FUNNY -- BUT IT'S TRUE! Cars that do a lot of "marking time" in garages actually need more care than cars that are used constantly. That's not just our idea. It's a scientific fact! When a car stands idle, water condenses in the crankcase -- greases tend to dry and harden -- there's a better chance for corrosion . . . to mention just a few of the evils that arise. So don't let the mifeage fool you. In Wartime, your car needs regular attention no matter how much or how little you drive it. And that goes double in warm weather!

WARM WEATHER'S NO TIME TO RATION CAR CARE! Heat has always been tough on cars. This year, it's more than ever important to guard against it. Don't put it off. Have your car thoroughly conditioned for warm-weather driving today. With our fine products -- our tools and experience, we can not only help give your car more miles, more years in this emergency, we may even be able to save you up to one gallon of gas out of every ten you buy! Maggots Causing Considerable Damage

This past week there has been many inquiries from farmers about some pest that is eating the beans, potatoes and corn. Many have reported that they have only half a stand of beans and can't find the reason why. The trouble is due to the bean maggot which attacks the plant before it has a chance to appear above the ground or it has strength enough to reach the surface but then dies back.

Reports from Presque Isle and Emmet Counties indicates that maggots are causing damage to potatoes. In some cases considerable acreage has been lost.

The maggot passes the winter in the maggot stage on the roots of clovers and in fresh manure. They may be found in clover roots at the time when beans are planted and when beans are put on recently plowed infested clover sod the maggots simply move over from the dying clover roots to the fresh sprouting corn and bean plants. Maggots thrive in comparatively moist late seasons such as we have experienced this spring. Nothing in a practical way can be done to prevent this damage as it is usually done before the plant reaches the surface and spray material does not get to it. However, in a garden one can use one ounce of corrosive sublimate in eight gallons of water and pour this solution along the row on the soil. If you re-plant, be sure to plant the seeds shallow so it will come above the ground in as short a time as possible.

100 Mexicans to be Housed at Fair Grounds

Last Thursday at a meeting in the East Jordan Canning Company Office it was pretty definitely decided to set up a camp at the East Jordan Fair Grounds to house one hundred Mexicans recruited from Mexico. Representatives from the office of Labor, Washington, D. C. and Michigan State College were present to outline the requirements. Also, representatives of processing companies in this area participated in the discussion.

Under this arrangement the War Food Administration in co-operation with the extension service will furnish the supervision, food and general conduct of the camp. Farmers who have already contracted a certain number of Mexicans will with the assistance of the processing plants furnish the transportation to and from the camp.

Certain improvements will have to be made at the fair grounds to properly accommodate this group. The day before we made a trip to Saginaw to meet with the Michigan Field Crops, Incorporated to discuss the requirement and distribution of Mexican help. Already there are approximately sixty three hundred Texan Mexicans and three thousand National at work in the sugar beet fields. They will be moved to Northern Michigan during August and September to help harvest the seasonal crops in this section. With this group of migratory workers and the help of Victory Farm Volunteers, we feel that adequate plans have been

Turkey Specialist Visits Turkey Farms:

Last week, Friday, O. E. Shear, Poultry specialist, Michigan State College, in company with your county agent visited some nine turkey growers. We found the turkey business on a sound basis and with but few exceptions very little low percent of mortality. Some time ago we estimated there would be fifty thousand turkeys raised in the county. Now, we feel there will be close to sixty thousand produced for market this fall. Specialist Shear believe that Charlevoix county now has the most turkeys of any county in the State of Michigan. With this price situation as it is this means that the turkey business will bring in something like \$400,000.00 to some 40 farmers. This is such a new development that very few of us can appreciate its value in the agricultural program.

CAMP CHARLEVOIX

NEWS OF ACTIVITIES

Camp Charlevoix welcomed one-hundred-and-four boys to a summer of fun and learning Saturday, June 30. Already there, and prepared to give them expert instruction in a wide variety of skills and activities was a staff of twenty-nine plus several persons to provide necessary services for the campers.

The staff includes many interesting persons from all sections of the United States. From the Badlands of South Dakota came Byron Brindfield to teach campers to ride horses and rope calves on the real cowboys do it out west. From the Michigan woods came "The Hermit", Edward Schwartz, to instruct campers in the arts of camping in the wilds, tracking and trapping, wild animals, blazing trails, and many other phases of camping—skills which he learned by actually living in the woods for several years. He is widely known as a competent trapper, camper and guide. From other sections of the country have come competent instructors in all athletics, handicraft, sailing, canoeing, ceramics, riflery, and many other skills and activities.

The campers are from Florida to New York, from Louisiana to

Wisconsin. They arrived by bus, train, car, and even by airplane. Saturday night they were entertained by the traditional pillow-fights, the contestants fighting while sitting astride waxed poles. Chapel and vesper services were held Sunday in the Lodge around the fireplace. Later services will be conducted in the boys' own chapel in the woods.

The head staff of the camp is composed of veteran campers. Jack "Mickey" Maguire, who returns for his third season and who will direct the athletic program and be head of the seniors; Jim Smith, returning for his second season, who heads the Intermediate section; and "Chris" Christopher, the oldest of the staff, who returns for his fourth season of camping and who heads the Junior section; Fred Kreuger, director of activities, serving in this capacity for the second time; and Mr. and Mrs. Lewis C. Reinmann, directors and owners of the camp. Dr. Kenneth Campbell of the University of Michigan hospital staff and Mrs. Mildred Vandenberg are in charge of the health needs of the camp.

Monday was a busy day for the campers—they met those who instructed in the various skills and activities, and were told what to look forward to in those fields. Then they chose their activities for the first week, no easy matter, with such interesting activities to choose from as horseback riding, riflery, canoeing, handicraft, ceramics, tennis, sailing, dramatics, and many others.

The Green and Grey Leagues took shape Monday night and promise good competition in softball, basketball and volleyball. The names of captains of the Green and Grey teams will be announced later. The Fourth of July will be the occasion for a track meet between the Green and Grey teams.

Death Claims Pioneer Resident

Mrs. Ida Burns Dead As Result of Stroke

Mrs. Ida Burns, 78, pioneer resident and wife of George Burns, died at the Charlevoix Hospital early Friday morning following a short illness. She had suffered a stroke on June 18 and had been a patient at the hospital for a week. Ida Whitmoyer was born in Iowa on February 14, 1867, and came to Charlevoix, then known as Pine River, aboard a sailing vessel with her parents at the age of seven. The family settled on a homestead near Bear Lake north of Charlevoix and were one of the first white families to live in the forests of northern Michigan. She attended the Charlevoix schools and was among the first graduates of the high school.

On January 1, 1887, she married George Burns and they lived in Charlevoix until 1906 when they moved to their present home on Oyster Bay in Hayes township. She was a member of the Methodist church and had been active in church circles. She had served on the school board of the Hopland school and as a leader in the extension department of Michigan State College was well known throughout the county. She was also a member of the W.C.T.U.

Surviving besides her husband are one daughter, Mrs. Gail Jones, of Detroit; four sons, George Jr., of Grand Junction, Robert, of John, a Detroit; and Leonard, of Hemlock; fourteen grandchildren including Mrs. Frank Behan, of Petoskey, who had always lived with her grandparents; one great-grandchild; a sister, Mrs. Frank Merrill, of Sacramento, Calif.; and one brother, C. B. Whitmoyer, of Chico, Calif. Two children, Sylvia and Marguerite, died in infancy. Funeral services were held at the Sec Funeral Home at 2 o'clock Monday afternoon with the Rev. Gaylord Howell officiating. Interment was at the Brookside cemetery.

In Church Ceremony

Miss Evelyn J. Shapton, daughter of Mr. and Mrs. Louis J. Shapton of Detroit and Charlevoix, was united in marriage to T-Sgt. Harold D. Schrouder, son of Mr. and Mrs. R. D. Schrouder of Birehwood, Sunday afternoon at three o'clock at the Grace Episcopal church in Traverse City, by the Rev. Louis P. Basso. Twin bouquets of peonies, carnations and gladioli decorated each side of the altar for the double ring ceremony.

The bride wore a white tailored sharkskin dress with black accessories and a corsage of white gladioli.

Matron of honor, Mrs. William Bogart, of Charlevoix, sister of the bride, chose a powder blue corsage with white necessities. Her corsage was coral and white gladioli. Miss Emmy Lou Howell, bridesmaid, wore a dress of gold silk jersey with white necessities and a corsage of ink and white baby mums.

Mrs. Schrouder, mother of the groom, was attired in a gold ermine gown, and Mrs. Shapton, mother of the bride wore a gown of blue and coral.

The groom was attended by Dr. James Vanderlinn of Muskegon, his cousin. Ushers were Capt. Richard Routsong and Lt. Earl Garland of Traverse City.

A reception was held at the home of the groom's parents at Birehwood for the immediate family and friends.

The couple left for a short honeymoon into northern Michigan

F. P. Geiken Rites Tuesday

Was Prominent In Business, Social Circles

Funeral services for Franklin P. Geiken, 77 years old, retired business man and prominent in Masonic circles here, were held Tuesday at 2 p. m. at the Sec Funeral Parlor, under Knight Templar auspices with Rev. E. P. Linnell of Petoskey First Presbyterian church conducting the service and burial in Brookside at Charlevoix.

Mr. Geiken died unexpectedly Saturday at his home on Howard street, as the result of a heart attack. The body was removed to Charlevoix immediately.

Born in St. Joseph, Berrien county, Sept. 24, 1877, Mr. Geiken came to Charlevoix where he lived until 1903 when he and his father-in-law, the late Charles L.

leave Friday night for Scott Field, Ill., to resume his instructor's training course and Mrs. Schrouder will remain in Traverse City for the present.

Four grandparents of the couple attended the wedding. Mrs. Laura Brunette and Mrs. Mable Noy of Traverse City, William Shapton and Mrs. Elizabeth Heattie of Charlevoix.

Out of town guests included Mr. and Mrs. Louis Shapton and daughter, Sally of Detroit, Mr. and Mrs. A. E. Upton of Muskegon and Dr. and Mrs. James Vanderlinn of Muskegon.

Besides the widow whose maiden name was Gladys Moody, and to whom Mr. Geiken was married in Charlevoix Oct. 27, 1902, he is survived by a sister, Carrie of Charlevoix; and two brothers, Cornelius of Marquette and Harold of Dayton, Ohio.

A nephew, William E. Moody, now with the Amerienn forces in Germany was raised by Mr. and Mrs. Geiken.

Makes Tax Payment

A check for \$1,794,853 was turned over this week by the Michigan Bell Telephone Company to Louis M. Nims, state commissioner of revenue, as its semiannual property tax payment, earmarked by the Constitution for the Primary School Fund.

The company's state tax this year, amounting to \$3,589,705, is the highest state tax ever paid by any company into the Primary School Fund.

Michigan Bell's total tax bill for 1944 was about \$15,900,000, an increase of about \$1,500,000 over 1943 taxes. Operating taxes amounted to \$14.05 per average telephone in service, or 2 1/2 cents for every dollar of operating revenue.

FOOD TALKS

By Emma J. Fore War Food Asst.

The question that is asked me a dozen times daily is "How can we feed hired help and company without sugar?" A good hostess feels that she must have a dessert or some type of sweetness in every dinner.

Have you tried the sugarless recipes I gave you awhile back? If so, here are a couple more suggestions. The first is a basic quick coffee cake which is pleasantly sweet and tenderly moist—is very good topped with seasonal fruits.

1 1/2 cups sifted enriched flour
2 t. baking powder
1/2 t. salt
1 egg
1 cup corn syrup or honey
1/2 cup milk

3 T. melted shortening
Sift together flour, baking powder and salt. Beat egg, add syrup, milk and shortening. Blend thoroughly, add to flour mixture, stirring until flour is moistened. Pour batter over fruit topping in greased 8" pan. Bake in moderately hot oven (400° F.) 25 minutes.

To make the fruit topping for this coffee cake, put 2 T. melted margarine or butter in bottom of 8" cake pan. Pour 1/4 cup syrup and 1/4 cup sugar evenly over melted margarine or butter. Arrange fresh fruits in attractive fashion on sugar mixture.

Another tasty sweet using no sugar at all is this Butterscotch cookie. Miss Helen Larson from Boyne City sent me the recipe. Helen, they are very good. I think chopped prunes, raisins or some fruit would help keep them moist.

Butterscotch Cookies
1 pkg. butterscotch pudding
1 cup quick cooking oatmeal
1 cup flour
1/2 t. salt
1/2 t. soda
1/2 t. cream of tartar
1 egg
1/2 cup melted shortening.

Combine ingredients, form into a roll and chill in refrigerator. Slice and bake at 350°.

We have all kinds of office sup-

plies. Write for our new catalog. The W.C.T.U. will have their annual picnic in the city park, July 13th, at 1 o'clock. All members are asked to come and bring their own table service, sandwiches, and a dish to pass. In case of rain meet at the Congregational Church.

The following people have arrived to spend the summer months at Mrs. McCarthy's apartments at 703 Bridge: Mr. and Mrs. Ervin Wolfe of Saginaw and family for the month of July only, Mr. and Mrs. L. Wolfe and family also of Saginaw for July, Miss Wolfe of Rochester, N. Y. and Mr. and Mrs. George Smith of Chicago for the summer.

Mr. and Mrs. Raymond Fisher and family of East Jordan, were visitors at the Dan McAllister home Friday.

FOOD TALKS

By Emma J. Fore War Food Asst.

The question that is asked me a dozen times daily is "How can we feed hired help and company without sugar?" A good hostess feels that she must have a dessert or some type of sweetness in every dinner.

Have you tried the sugarless recipes I gave you awhile back? If so, here are a couple more suggestions. The first is a basic quick coffee cake which is pleasantly sweet and tenderly moist—is very good topped with seasonal fruits.

1 1/2 cups sifted enriched flour
2 t. baking powder
1/2 t. salt
1 egg
1 cup corn syrup or honey
1/2 cup milk

3 T. melted shortening
Sift together flour, baking powder and salt. Beat egg, add syrup, milk and shortening. Blend thoroughly, add to flour mixture, stirring until flour is moistened. Pour batter over fruit topping in greased 8" pan. Bake in moderately hot oven (400° F.) 25 minutes.

To make the fruit topping for this coffee cake, put 2 T. melted margarine or butter in bottom of 8" cake pan. Pour 1/4 cup syrup and 1/4 cup sugar evenly over melted margarine or butter. Arrange fresh fruits in attractive fashion on sugar mixture.

Another tasty sweet using no sugar at all is this Butterscotch cookie. Miss Helen Larson from Boyne City sent me the recipe. Helen, they are very good. I think chopped prunes, raisins or some fruit would help keep them moist.

Butterscotch Cookies
1 pkg. butterscotch pudding
1 cup quick cooking oatmeal
1 cup flour
1/2 t. salt
1/2 t. soda
1/2 t. cream of tartar
1 egg
1/2 cup melted shortening.

Combine ingredients, form into a roll and chill in refrigerator. Slice and bake at 350°.

We have all kinds of office sup-

plies. Write for our new catalog. The W.C.T.U. will have their annual picnic in the city park, July 13th, at 1 o'clock. All members are asked to come and bring their own table service, sandwiches, and a dish to pass. In case of rain meet at the Congregational Church.

The Farmer's Union will hold its monthly meeting at the Barnard Grando Hall, Thursday evening, July 5th.

The Pilgrim Circle of the Congregational Church will hold its next meeting July 11th with Mrs. A. J. Hamilton at 303 Clinton St.

A. L. Fitch and family of the State Capitol are visiting old friends here this week. Being an ardent fisherman, A. L. couldn't resist the opportunity of dropping a line in Lake Charlevoix. Yes, he got 'em. Two of the nicer steelheads, weighed 3 1/2 and 5 pounds. The Fitches are at their cottage on Michigan Ave.

Mrs. Mary Wright is spending three weeks with relatives in East Jordan.

Mrs. Bud Gebeau arrived Tuesday from Lansing to spend the remainder of the week with her parents, Mr. and Mrs. Walter Taylor and her parents-in-law, Mr. and Mrs. Harry Gebeau.

Mr. and Mrs. Edmund Bogart arrived Sunday from Flint to spend a week with relatives here. While in Charlevoix they will be the guests of their son-in-law and daughter, Mr. and Mrs. Richard Farmer. Mr. Farmer, who is employed in Wayne, is spending the week with his wife and family.

Mr. and Mrs. Henry Bogart and Mrs. Grace Wightman, of Flint, are spending a week at their cottage at Eastport. While there they will also visit relatives in Charlevoix.

Lieut. Clark Awarded Medal

Bronze Star and Citation Given for Heroic Deeds

First Lieutenant Gilson E. Clarke, of the 335 Infantry of the 85th Infantry Division, has been awarded the bronze star medal. The citation reads in part:

"For heroic service in connection with military operations against the enemy in Germany on April 6, 1945. When a number of men in his company had been wounded by heavy enemy artillery and small arms fire during an advance, 1st Lt. Clarke, with complete disregard for his own welfare, moved the casualties to a place of safety, administered medical aid and supervised their evacuation. The courageous, unselfish action, loyalty and commendable conduct displayed by 1st Lt. Clarke served as an inspiration to the men of his unit and are in accordance with the finest traditions of the military service of the United States."

First Lt. Clarke, son of Mr. and Mrs. H. G. Clarke, and brother of Mrs. Walter Bergeson of this city, enlisted in the army in February, 1942, and received basic training at Camp Robinson, Ark. He attended Officers Candidate School at Fort Benning, Ga., and was commissioned a second lieutenant in November, 1942. He was then stationed at Camp Howze, Tex., as an instructor of Infantry weapon use specializing in the mortar. In the summer of 1943, he received his first assignment. While there he was assigned to the 84th or Rail Splitter's Division. In the summer of 1944 the division was in Louisiana on maneuvers before going overseas in September.

The 84th Division, under the command of Major General A. R. Bolling, was with the First and Ninth armies during the last campaigns of the European war.

Wasegeshik Arrives Home

Pfc. Archie Will Spend 60 Days Here

Private first class Archie Wasegeshik, 24, a German prisoner of war since the Ardennes battle in December, was liberated by the Americans on April 24 and after recuperating from the rigors of prison life has been returned to this country. He arrived last week from Fort Sheridan, Ill., to spend 60 days with his grandparents, Mr. and Mrs. Peter John, before reporting at Miami Beach, Fla.

Pfc. Wasegeshik was serving with the 106th Infantry division when he was captured by the Ger-

mans on December 6, only a few miles from the Siegfried Line. One of 60 men in a box car, he spent Christmas Day enroute to a prison camp in central Germany. Enroute to the camp, Stieg IV B, he had the terrifying experience of being bombed by British planes.

He was only at IV B a short time when he was included in a group of healthy prisoners who were taken to Halle to work in the rail yards. Here he worked repairing railroads for about 10 cents a day. In telling of the experience he remembered the German government still owed him a month's wages, but he has no desire to return to Germany to collect. Their diet was the usual prison fare, ersatz coffee, ersatz bread, thin soup and on this Pfc. Wasegeshik went from his normal 158 pounds down to 98. He has since regained the weight he lost.

While at Halle, the Americans were housed in an old barn that had been converted into a barracks. The Americans lived on the second floor while the lower floor was occupied by French workmen who had been there so long they were left to themselves most of the time by the German guards. This was a God-send to the Americans for the Frenchmen, who were allowed to go about the town and would trade things, particularly articles which came in Red Cross boxes, for food for the Americans. They also depended on the French for news of the outside world for they had a radio receiving set.

While there, Pfc. Wasegeshik says he had a total of two cold showers. He swears that the lice acquired there were large enough to saddle.

At the time they were taken prisoner, most of the men felt it would be a year before they would be liberated. About the middle of April when the Americans and Frenchmen were ordered to leave Halle under guard and were told they were going five kilometers. That distance was multiplied many times before they reached their destination near Wurzen and joined thousands of other prisoners and slave laborers. Enroute there a German sergeant, who had shown them some kindnesses told the Americans of President Roosevelt's death a few days before. The men, thinking it was another attempt to break their morale, didn't believe him and were surprised to find, after their liberation, that he was telling the truth.

On April 24, after men from camps for many miles around were assembled, a truce was declared and the Americans and prisoners and slave laborers from every country in Europe were formally turned over to the 69th Division. They could hardly believe their good luck. As Archie says: "When you think you're never going to see home again it's pretty hard to realize you're free again. It's wonderful tho'."

After they were given food, new clothing and medical care by the Americans, they were flown out of Germany to Lellavre, Fr., from where they sailed for home. Enroute their plane stopped at Buchenwalde in Thuringia province and the men were shown one of the worse Nazi concentration camps.

During his imprisonment, Pfc. Wasegeshik said he was beaten three times, once when he was caught sneaking back to the barracks after an "unauthorized" trip into Halle and twice for disregarding the orders of the guards.

Pfc. Wasegeshik, who has been in the service since May, 1942, is a veteran of the Marshall Island campaign. He had returned from duty in the Pacific in August and went to the European theatre in October, 1944.

CAPTAIN BARCLAY in his walking dress from an old print published in 1813 (see story above)

Jeepers... what a man!

NOW MEET a man who could walk at the rate of 135 miles a day... Captain Robert Barclay of Ury, England. In 1808 he bet he could walk one mile every hour for 1,000 consecutive hours. The amazing thing is he did it! Imagine... one mile during each hour, day and night, for 41 days and 16 hours.

But Captain Barclay's feet hurt, and plenty... Now that cars are wearing out at an alarming rate, many ex-motorists are unhappy about their feet, too.

Every mile you drive speeds the day when your own car will wear out and quit... UNLESS it gets the professional care that can check needless wear.

New ODT Order Changes Local Train Schedule

Pullman Service Will Be Discontinued To Northern Pointa July 14

According to a telegram received by S. E. Coleman, director of the Board of Commerce, change in train schedule to Charlevoix will officially begin July 16.

Beginning on that date, pullman service between Charlevoix and Chicago will be discontinued. The train for Grand Rapids will leave here at 8:52 a. m., Central Time and will arrive in Grand Rapids at 3:35 p. m. CT. The train from Grand Rapids will arrive in Chicago at 8:45 p. m.

At 8:15 a. m. the train leaves Chicago going north and will arrive in Charlevoix at 7:55 p. m. This service is daily except Sunday. A parlor car will be attached to this train but as this is daytime service no sleeping accommodations will be available.

This schedule takes place of the present one with the train leaving here in the afternoon. That schedule will be discontinued July 14.

Former Merchant Dies Saturday As Result of Stroke

Henry B. Jacobs Was Resident Here For Past 51 Years

Henry B. Jacobs, 74, retired businessman, died at his home on Bridge street late Saturday evening after an illness of eight years. He had suffered a stroke earlier in the week.

Mr. Jacobs was born at Webberville on March 9, 1871. On May 28, 1891, he married Susie Duran and they made their home at Grayling for a short time before coming to Charlevoix 51 years ago. Mrs. Jacobs died November, 1916.

After coming here Mr. Jacobs was employed at the L. S. See Grocery store for 18 years and when the business was sold to Charles Danto, he remained for two years more before establishing his own business which he operated for 21 years. His health forced his retirement in 1937.

On Sept. 2, 1917, he married Mrs. Margaret Lamphear, who died in January, 1934. He was a member of the Methodist church and had been affiliated with the IOOF and the Knight of Pythias lodges.

Surviving are his wife, the former Florence Stout, whom he married in September, 1934; two sons, Kenneth, of Washington, D. C., and Harold, of Flint; one daughter, Mrs. Glenn Ellis, of Petoskey; one grand-daughter, and one brother, W. D. Jacobs, of Pontiac.

Palbearers were Eurl Johnson, Walter Taylor, Maurice Ackert, Harley Ochs, Karl Kohler and Ralph Washburn.

Funeral services were held at the See Funeral Home at two o'clock Tuesday afternoon with the Rev. Gaylord Howell officiating. Interment was at the Brookside cemetery.

Postmaster Foster Issues New Schedule

Postmaster J. M. Foster, this morning issued a new schedule of mail delivery which becomes necessary because of the change in train schedule.

Closing time for the mail in the morning will be 8 o'clock; in the evening will be 6:45 p. m.

Rural carriers will leave the office at 9:30 a. m. (½ hour later than the present leaving time.) City delivery for South Hill, Antrim and Masons Sts., and for the Belvedere resort, will commence at 8:30 a. m. Delivery on Park Avenue and Clinton Sts. and on the North side will begin at 1:30 p. m.

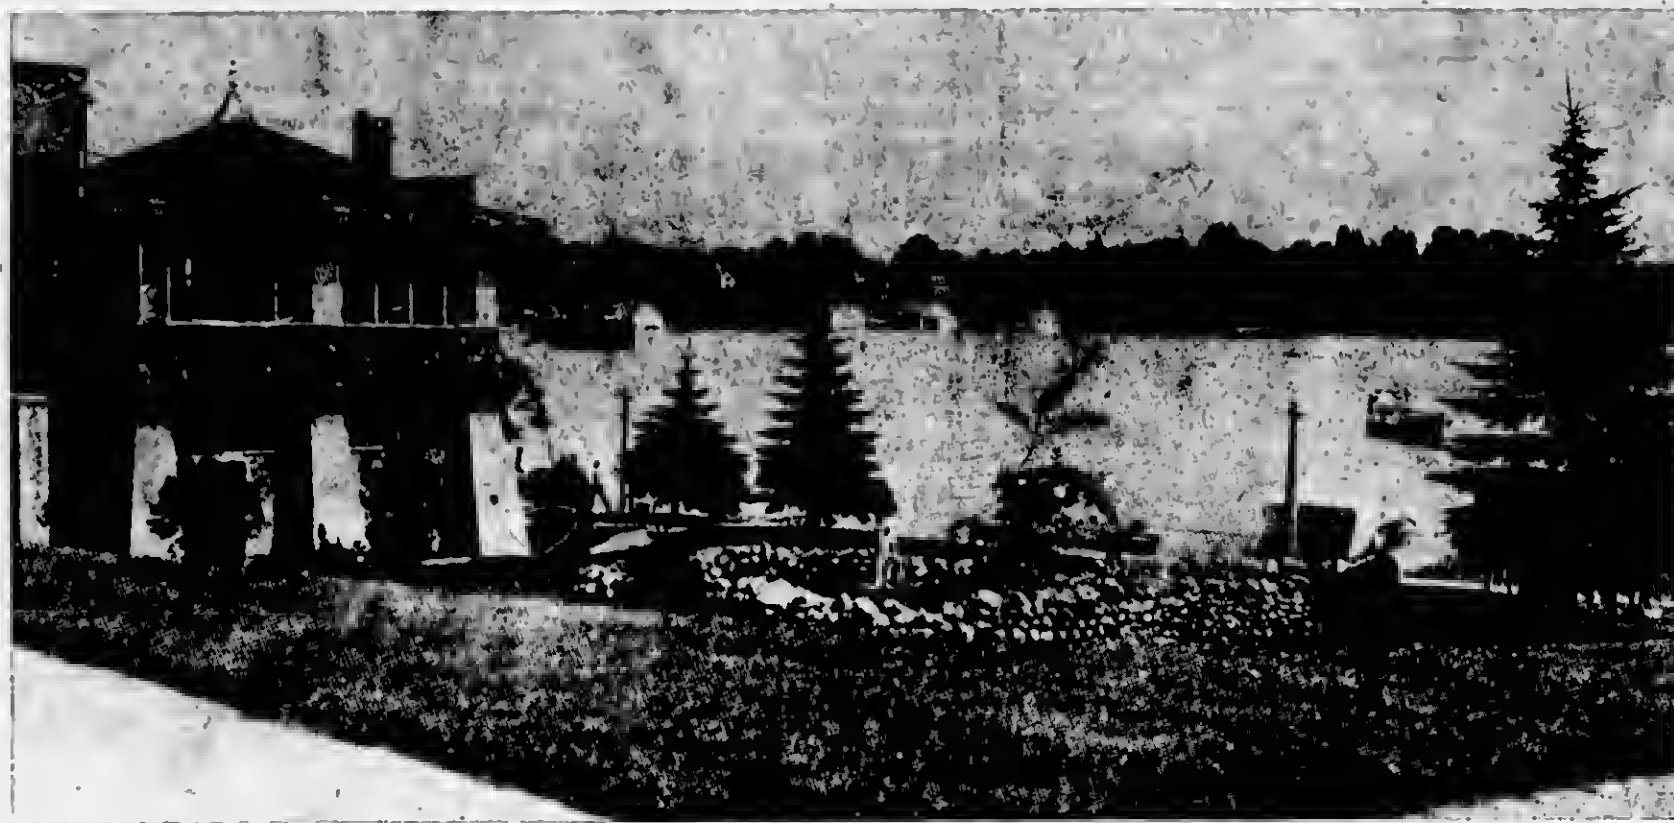

Inasmuch as there will be only a morning mail to deliver there will be only one delivery in the Business district which will be at 10:00 a. m.

AUTO LICENSE PLATES GO ON SALE MONDAY

License plates for the last half of 1945 go on sale Monday, July 16, according to Fenton R. Bulow, manager of the secretary of State's office here.

"It is necessary," said Mr. Bulow, "to bring in your present plate in order to get the new one." Incidentally, he reminds us to be sure to bring our title to the automobile, which is also an important item.

CHARLEVOIX - - - A VERITABLE PARADISE

Left, immediately above, is the office of the Charlevoix Board of Commerce, where thousands of visitors inquire about food, lodgings, help of all descriptions and general questions pertaining to our summer playground and vacationland. Director S. E. Coleman and stenographer, Miss Marilyn Withers, are undoubtedly the busiest people in the city all during the vacation season.

Above can be seen a partial view of our city park bordering beautiful Round Lake. On the opposite side, boat houses dot the shore line and many of our summer residents as well as local citizens enjoy yachting, sailboating or a fast ride in their launch, as summer and the resort season come to Charlevoix.

Treasure Chest Club Organized

Mrs. O. W. Johnson of Chicago Club in Charge

Mrs. O. W. Johnson, who recently organized the junior library club, has created much interest among the junior members here.

The National Treasure Chest campaign was organized by the book committee of the Women's council for post-war Europe, Inc., and is located at 366 Madison Ave., New York, N. Y.

"The purpose of this organization," stated Mrs. Johnson, "is to help educate and rehabilitate the youngsters of war torn Europe and the world, through picture books and other material sent them." Beautiful chests are made by the young people of this and other communities, under supervision, and sent to the less fortunate. Mrs. E. B. Bowman, children's librarian here, is helping in this worthy cause.

Those enrolled here are: Carol Cross, Joanne Pischner, Barbara Scherf, Stevie Kaplan, Ruth Kaplan, Jean Cochran, Alice Keep, Peachy Fredman, Patsy Hamilton, Jack Erber, George Haggard, Anne Lagerman, Marilyn Bulow, Lorna Lewis.

The chests now being used were donated by Mrs. Robert E. Ross. Contributions of money and illustrated books have been received from: Mrs. E. S. Talbot, Mrs. Solomon Smith, Mrs. Albert Keith, Mrs. Fred Scott, Mrs. McVase, Mrs. Mike Homlin and the Polly-Kay Shoppe.

Other contributions are welcomed and will be gratefully received by Mrs. Johnson or Mrs. Bowman at the library.

RECEIVES LETTER FROM RELATIVES

Mrs. Trina Nelson received an air mail letter from relatives in Bergen, Norway, on Tuesday, the first letter directly from her family since the Germans occupied the country early in the war. The letter, written May 8 by a cousin, brought family news and told of life under the Nazis. It stated that although the Germans tried every means, they were unable to break the spirit of the Norwegians and in spite of the fact that at times their fare was meager and things looked black for them they are now hopeful of the future and happy about the peace.

Many parts of Bergen were destroyed by Allied bombs but their homes were spared.

On June 21, Mrs. Nelson had received a cablegram sent June 18 telling of the death of an aged aunt with whom Mrs. Nelson had made her home after the death of her own mother. She had also lived with the aunt when in Norway in 1931.

GETS COMMENDATION

Lieut. Milford A. Saunders of Pittsburgh, has received a commendation from Admiral Stark for his performance of duty as an armed guard officer aboard ship when it was attacked by enemy aircraft off the coast of France last June.

Lieut. Saunders spent his boyhood days in this locality and has many friends here. He is the brother of Mark and Oakley Saunders of Ironton.

FARM UNION DIRECTORS MEET

The Michigan State Farmers Union held a director's meeting at the Dilworth Hotel at Boyne City, Saturday, July 7.

At this session, plans were laid for a step-up in the Farmer's Union Co-operative movement in Michigan, especially in the fluid and evaporated milk sections.

An invitation was extended to the Mich. State organization by the Charlevoix County unit, to hold its annual convention in the city of Charlevoix this fall. This invitation was accepted, pending an analysis of the Federal War time regulations on conventions.

Attending officers and directors were: State Pres., S. P. Martin, Stanton; Sec., David Lupt, Shelbyville; Searl Barnett, Branch; Louis Neymeyer, Maine; Frank Garner, Blanchard; Ray Stewart, Grand; Charles Lelst, Boyne City.

Publicity Group Visits Charlevoix

Albert Erlhart, State advertising director for west Michigan and the upper peninsula together with Ed. Director, west Michigan publicity director, of Grand Rapids; Robert Brooks, photographer of Gmlyng; Mr. and Mrs. Charles Marantette of Grand Rapids, Associated Press representatives, were guests of the Charlevoix Board of Commerce and Don Clothier this week.

The party is making a tour of Beaver and High Islands also. Color pictures and publicity of West Michigan, will be contained in a book soon to be published by the state publicity director.

Through the efforts of the group, Charlevoix will be well represented to the tourist trade.

Training Class Date Changed

Nurse's Aide Schedule Will Begin Sept. 1

Red Cross nurse's aide training classes, originally scheduled for this summer, will not now be started until September 1, announces Mrs. E. J. Edwards, chairman of the training program.

At a committee meeting held last week in the city hall club room, Mrs. Uno Suomela, of this city, and Mrs. James J. Reis of Cincinnati, Ohio, summer residents, told of their interest in their work and some of their experiences during training and while working in large hospitals. Both gave considerable time to Charlevoix hospital.

In spite of general relief over the end-of fighting in Europe, only this one phase of the war has ended and there is still much work to be done both on the fighting fronts and at home. New problems are arising which indicate the next six months may be the hardest yet in supplying nursing care needed by civilians. For some time last winter, Charlevoix hospital was operated with only three trained nurses—one to each eight-hour shift—and if this situation exists next winter, the need for more trained aides is urgent.

Charlevoix women who are interested in taking the course this fall are asked to register before next Monday, July 16, with Mrs. D. C. Nettleton, phone 149, Mrs. Albert Cook, phone 516, or Mrs. R. L. Lewis, phone 203.

Applicants past 50 years of age will be considered if they are physically fit, Mrs. Edwards stated. At least ten students will be needed for the class.

Minnie Cooper Dies Suddenly

Minnie Verno Cooper, passed away at her home in Eveline Township, Saturday, June 23, after an illness of two weeks.

Minnie V. Kowalske was born February 10, 1871 in South Arm Township; she attended Rock Elm School and Charlevoix High School.

On February 14, 1894, she was united in marriage to John A. Cooper of Charlevoix, who preceded her in death, August 15, 1934.

Her entire life was spent in Charlevoix County.

She is survived by a daughter, Kathryn Walker, East Jordan, R. I.; two sons, Walter L. and Charles Y., of Flint. Three brothers, Edward Kowalske, East Jordan; Adolph Rogers City; Fred, Melbourne, Florida. Two sisters, Grace Bartlett, East Jordan and Addie Richardson, California; also eight grandchildren.

Due to injuries received when a child which left her crippled, Mrs. Cooper was unable to take a busy part in activities outside her home, but her home was a haven for many children and she a mother to the motherless.

Services were conducted at the Watson Funeral Home, Monday afternoon, June 25, by Rev. Howard Moore, bearers were Walter and Charles Cooper, twin sons; Will Walker, son-in-law; Lyle Walker, grandson. Burial was in Lakeside cemetery.

Those from away to attend the funeral were Mr. and Mrs. Walter Cooper and family, Mr. and Mrs. Charles Cooper and family, Flint; Lyle Walker, Berkley, Mich.; Mr. and Mrs. Adolph Kowalske, Rogers City; Mr. and Mrs. John McIntosh, Ontonagon.

ATTEND MEETING AT PETOSKEY

Representatives of the Charlevoix Hospital will go to Petoskey on Thursday, July 12, to attend a special meeting of hospital leaders and trustees from communities throughout northern Michigan.

The meeting is being arranged by the Northern Michigan Hospital Council, with Michigan Hospital Service, Michigan's Blue Cross organization, as host. Chief speaker for the mid-day dinner session will be Everett W. Jones, of Chicago, vice-president of the Modern Hospital Magazine. Mr. Jones will discuss "Public and Personnel Relations in Hospitals." Included in the party from the Charlevoix Hospital will be Dr. F. F. McMullen and Mrs. Jean M. Spence, R. N.

A representative group of Boyne City citizens met today at The Dilworth Hotel with an Army officer to discuss plans for an impressive outdoor show which the Army will bring there on Wednesday evening, July 18, at 7 P. M. sharp.

The officer, representing Major General David McCoach, Jr., Commanding General of the Sixth Service Command, Army Service Forces, was Capt. Martin Guon, who came to Boyne City from service command headquarters at Chicago for the meeting.

The Army show will visit ten cities in northern Michigan, Captain Guon said, to salute the people of this region for their part in the war effort. Salute to Victory is the theme of the show, which will stress the increasing needs of the Pacific war and the part which the people of Michigan must play.

The show, as Captain Guon notified it to a group of civic, industrial and labor representatives today, will include an Army band, entertainers, a demonstration of judo and "dirty fighting" technique, a show by the Army War Dogs from Fort Custer, Michigan, and a demonstration by the Chemical Warfare Service. Several veterans who were fighting on Okinawa, were flown back to talk to the people of this country on the Pacific war, will be with the unit, he said.

Mayor Gilbert Lindsay was chosen by the group meeting today as general chairman of the program.

The Committee selected to arrange details for the Army Salute to Victory show included: L. Houck, C. I. Iman, J. Towns and F. Brown, representing the Local Union; B. Richardson, V.F.W.; B. Camburn, American Legion; J. Kujawski, Industry; D. Sheetz, Rotary; S. Arhuckle, Servicemen's Club.

FORMER WASP OFFICER BACK IN CHARLEVOIX

Miss Lucille Quamby, who for several years managed the "Town Club" Play School for children, is back in town.

Last year Miss Quamby did not open the school here. She was stationed at Avenger Field, Sweetwater, Texas, as an officer in the training program of the Women's Army Service Pilots, known as the Wasps.

The Wasps were disbanded last year, and Miss Quamby returned to her former position as Health Instructor at Denby High School in Detroit.

"Charlevoix is my summer home though and I'm always glad to be back and eager to start 'my gang' again," says Miss Quamby. She is staying at Wits End cottage.

RALLY SUNDAY

A District Youth-Fellowship Rally of the Church of God, will be held Sunday, July 15. Rev. Thomas Sexton of Detroit will be the guest speaker. A basket dinner will be held at the Community Ground and also afternoon services. The evening service will begin at 7:30 instead of 8:00.

News Of Our Servicemen

Pfc. Alexander McSauby, serving in Europe with an ordinance company, sent the following letters about his travels to his father, Dnn McSauby, recently:

"I guess I can tell you where I've been since I left the States. We had some excitement with subs on our way from the U. S. to England. I have been in Cardiff, Stafford, Preston and Colchester, Essex, and to London several times. I was stationed at those places before I came to France. I saw plenty of robot bombs there.

"In France I was first on the beach of Normandy and a number of other places such as Cherbourg, Caren Tnu, St. Marie, Egelse. This town you might have seen for there were quite a few pictures of it in Life magazine. Had a swell time there. I've been in a lot of other towns, too many to mention.

"I'm now in Landsbury, Germany. I was in Munich yesterday, and saw many interesting places such as Hitler's Beer Hall, etc. And speaking of beer, some German beer is pretty good, the rest only fair.

"I had a nice trip by plane from Cambari, France to Landsburg. There sure are some beautiful lakes, forests and snow capped mountains."

Pfc. Melvin Niswander Jr. arrived last Wednesday to spend a 32 day furlough with his parents, Mr. and Mrs. Melvin Niswander. Sr. Pfc. Niswander, a member of the 97th Division which has been overseas for the past five months, has been returned to this country for furlough and further training before going to the Pacific war zone. He will report at Camp Grant, Ill., when he reports for duty.

Capt. Leslie Shapton, of the Army Transport Command, stationed at Fairfield, Calif., arrived Sunday to spend a furlough with his parents, Mr. and Mrs. Earl Shapton.

Cpl. Drew Young arrived on Thursday from New York to spend a furlough with his parents, Mr. and Mrs. Earl A. Young.

Don Boss, St-6, who is stationed at the Naval Air Base, Grosse Ile, spent the week end with his parents, Mr. and Mrs. John Boss.

Sgt. M. Franklin Olmstead, who returned recently from overseas duty, and has been spending a furlough with his mother, Mrs. Frances Olmstead, left Thursday to spend a few days in Lansing before reporting at Fort Sheridan, Ill. He was accompanied by his wife, who makes her home in Lansing and who has been here with him.

John Bissell has been promoted to boatswain's mate, second class, from coxswain at the Naval Air Station, Ottumwa, Iowa, it has been announced by his commanding officer, Capt. K. B. Salisbury, USNR. Mr. Bissell is the son of Mr. and Mrs. Joseph Bissell, of this city.

Lt. Milford A. Saunders, USNR, of Pittsburgh, Pa., has received a commendation from Admiral Stark for his performance of duty as an Armed Guard officer aboard a merchant ship when attacked by enemy aircraft off the coast of France in June, 1944.

Lt. Saunders was born and raised near Ironton. He attended the Charlevoix schools and for several years has made his home in Pittsburgh. He is the brother of Mark and Oakley Saunders, of Ironton.

Pfc. H. Lloyd Cummings, who returned from five months overseas duty with the 97th Division, arrived Thursday from Detroit to spend ten days. He was accompanied by Mrs. Cummings who will visit her mother, Mrs. John Martin, while here. Pfc. Cummings spent some time with his parents, Mr. and Mrs. Glenn Cummings, before coming north.

HOSPITAL NOTES

Bruce Newman was admitted on June 26 for a minor operation. On Wednesday Kenneth and Calvin Burns, sons of Mrs. Hans Burns, were admitted for minor operations.

Arthur Ayling, son of Mr. and Mrs. Herman Ayling, of Flint, was admitted last Wednesday for medical treatment.

Larry Boyer, son of Mr. and Mrs. Gordon Boyer, of East Jordan, was admitted on Friday for treatment of injuries received when struck by a farm implement.

Mrs. Gordon Harrison of Central Lake and Shirley Sauri were admitted on Thursday for surgical treatment.

William Moyer, grandson of Howard Gornell, was admitted on Friday for a minor operation.

James Haggard, son of Mr. and Mrs. George Haggard, was admitted on Monday for a minor operation.

FISHING GOOD!

Louis Rosen, Sr., head of the St. Louis Brokerage firm which bears his name, and Max Levinson, representative of Colonial Mills, of St. Louis and party, reported fine bass fishing in Charlevoix Lake last week. The party displayed several fine catches. This week, however, with the change in weather, "fish are on vacation," states Mr. Rosen. Incidentally, Mr. Rosen has been a summer visitor here for the past 15 years.

ROCK ELM MRS. A. LAWTON

Recent rains have helped the oats to grow a little taller. The Portes and Pensen cherry orchard received the spray last week to protect what few cherries there are against the fly that causes the cherry magot.

Bean beetles are doing considerable damage to the bean crop and there is no remedy for that. Oat bugs are also beginning to make their appearance which calls for more spraying.

Mrs. Julia Gunther and daughter, Elaine, Mr. and Mrs. Elmer Pool Jr., and little son, Nickie, Mr. and Mrs. Jack Hall and Elmer Jensen, all of East Jordan west side, were Sunday guests of Mr. and Mrs. Lawrence Jensen.

Mrs. Gunther made a brief call on Mrs. Lawton and son, Jesse, while in the neighborhood Sunday afternoon.

Dairy Production Payments for the months of April, May and June will be paid during the month of July.

Payment rates through March 1946 have been announced as follows:

Butterfat: 17 cents per pound in April 1945; 10 cents in May and June; 13 cents in July, August and September; 17 cents in October and on through March 1946.

Milk: 60 cents per cwt. in April 1945; 25 cents in May and June; 45 cents in July, August and September; 60 cents in October and on through March 1946.

On an annual basis the new payment rates will be about the same level as last year, but some months will be slightly higher, others lower.

The primary objectives of the revised schedule is to encourage more production and delivery of milk for butter making and still to continue increases in milk production the last half of the year to more fully utilize labor supplies and processing facilities.

Behind Your Bonds Lies the Might of America

RAILS AND RODS

Very early in the steel industry in this country, mills arose at Joliet, Ill., which produced rods, rails and wire, important to the agricultural West. There items could be efficiently made there because of the city's proximity to soft coal fields. While the great plants near Chicago have since overshadowed the Joliet industry, this steel center stands high as an asset in the might of America, insuring full payment of all War Bonds.

The B-I Summer Breeze is on in full force. Each day the S. S. Mary Margaret, and McPhillips amphibian unload a cargo of humanity with a proportionate share of both wet and dry merchandise. The Island's self-appointed OPA director, with offices in the Wigwag Building on Main St., issued the following statement: "Relief is in sight for the Islanders. One ox tail, a package of cigarettes, and a pint of beer shall be the quota for the month of December. Tourists are jubilant over the good news". (Unquote).

Some snappy catches are being made in Lake Genesareth. I will however, wager that more fish have been caught from five p. m. to 9:00 p. m. than shall be caught during the entire daytime angling schedule.

I'm tired, and going to beddy-bye.
I'll be seeing you,
Steve.

Bay Shore Youth Gets Commendation

Pfc. Thurlow McClelland
Saves Lives of Comrades

Pfc. Thurlow L. McClelland of the 322nd Infantry is the proud possessor of a personal commendation for devotion to duty in action, signed by Maj. Gen. Paul J. Mueller, commanding the 81st or Wildcat Division. Pfc. McClelland's parents, Mr. and Mrs. Levi McClelland, who reside near Bay Shore, received the letter from their son recently.

According to the letter, Pfc. McClelland, distinguished himself and undoubtedly saved the lives of many comrades on September 26, 1944, in combat on Angaur Island of the Palau group in the western Carolines.

Maj. Gen. Mueller acknowledges that Pfc. McClelland's exploits at Angaur were brought to his attention and cites the service:

"While seizing an enemy held hill, the platoon in which you were a rifleman found the momentum of its attack lost because of the enemy's fire and the difficulties of the terrain. It became necessary to maneuver the platoon to another position more favorable for continuation of the attack. To cover this movement you voluntarily took up a position from which you delivered covering fire at the enemy. By so doing, you aided materially, the successful completion of the movement.

"It is with pleasure that I commend you for this courageous performance of duty which was in the service and reflects great credit best traditions of the military

on you, your unit and the Wildcat Division."

Pfc. McClelland, who has returned to his unit after recovering from wounds received in the Palau campaign, entered the service in June, 1942, and has been overseas since June, 1944.

S/Sgt. Leith Kerr on Last Mission

Pays Supreme Sacrifice
In Final Mission

Reported missing on April 27, 1944, while on a mission over Nancy, France, Staff Sergeant Leith S. Kerr, now is believed to have been killed on that date the war department has notified his father, Alex S. Kerr.

The last letter received from S. Sgt. Kerr was written on April 25 and stated that he had one more mission to make and would be coming home soon.

Leith Sterling Kerr was born near Barnard on July 28, 1922. He attended the Barnard school and the Charlevoix high school for three years before enlisting in the Army Air Corps in November, 1942.

He was a ball turret gunner on a Flying Fortress and received training at Sheppard Field, Tex., Lowry Field, Denver, Colo., Las Vegas, Nev., Salt Lake City, Utah, Blith, Calif., Dyersburg, Tenn., and Grand Island, Neb., before going overseas in September, 1943. He was stationed in England with the Eighth Bombardment Squadron.

S-Sgt. Kerr was wounded three different times on missions. He is known to have completed missions over Germany, France, in the Balkans, Italy and North Africa.

His father received the Air Medal and a Purple Heart medal from England and last Spring was presented with the Air Medal with two Oak Leaf Clusters and a second Purple Heart medal at a ceremony at Selfridge Field.

Surviving besides his father are six brothers, two of whom are in the service, Lynn, ARM 1-c, with the Atlantic Fleet, Pfc. Forrest with the army in Germany, Keith of Flint, Alton, of Detroit, Crayton and Allen, of Charlevoix. His mother preceded him in death on January 4, 1933.

FARM TOPICS

By B. C. Mellencamp
Agricultural Agent for
Charlevoix County

Preliminary Census Data Announced for Charlevoix County Farms:

The number of farms in the County of Charlevoix, State of Michigan, as shown by the preliminary count of returns of the 1945 Census of Agriculture was 1,001, as compared with 1,124 in 1940, and 1,342 in 1935. This was announced today by Fred E. Curroll, supervisor for the 1945 farm census in the Second Michigan Census District with headquarters at Traverse City, Michigan.

The total land in farms in Charlevoix County, according to the preliminary 1945 census count, was 132,871 acres, as compared with 119,387 acres in 1940, and 128,033 acres in 1935. Average size of farms shown in the preliminary 1945 census count for Charlevoix County was 133 acres, as compared with 106 acres in 1940, and 95 acres in 1935.

In announcing the 1945 census totals of arms and land in farms in Charlevoix County, Supervisor Curroll pointed out that the figures are preliminary and subject to correction. Final tabulations of Charlevoix County farm census returns will be made by the Bureau of the Census and announced from Washington when completed, Mr. Curroll said.

T-SGT. CROUTERFIELD
IN 15th U. S. ARMY

With the Fifteenth United States Army in Germany—The post V-E day disclosure of much of the war's secret material has revealed to men of the 39th Medical Battalion the fact that they were earmarked as the first victims in a Nazi prisoner-of-war revolt which fortunately never materialized.

The 39th, which long since came to the Continent and was awarded the Germany campaign battle star for its work in the drive to crush the Wehrmacht, at the time, December of 1944, was stationed in England. The unit was living in the Wiltshire Regiment Barracks, near the town of Devizes, 500 yards from one of the large camps for German prisoners.

Only a few days before Christmas the revolt was bared, when,

two Nazis who had escaped the POW enclosure returned voluntarily. Startled investigators quizzed the pair unrelentingly, and finally learned that it had not been an escape, but a reconnaissance mission.

The prisoners, planning a mass "break" on Christmas Eve, had sent the two "escapees" out to study the area; from the two-man reconnaissance team had come a recommendation that the 39th

Battalion's barracks, in which there was a generous supply of weapons and ammunition, be stormed and overpowered in the initial phase of the attack.

A plot discovered is a plot nipped-in the bud, however, and the men of the 39th spent Christmas Eve quietly in their barracks—far from home, yes, but definitely not in the hands of a Nazi mob.

T-Sgt. Howard L. Crouterfield, R. R. 3, is a member of the unit.

COLLATERAL

from the
borrower's viewpoint

When you "put up collateral" for a bank loan, you usually pledge the cash surrender value of life insurance or the market value of securities, as a guarantee that your loan will be paid.

Here are some of the advantages of this type of loan. It is easy to obtain; you get the most favorable possible rate, and loan repayment terms can be arranged on a more flexible basis.

NEWS OF ACTIVITIES

Campers Have Busy Week

Last week was one filled with varied activities, for campers at Camp Charlevoix. Campers made their choices of activities Monday, and Tuesday morning the newly formed Green and Grey Leagues began their competition with hall games. Captains of the teams in the Leagues are: for the Junior Green team, David Dingman; Junior Grey team, Dick McConnell; Intermediate Green team, Richard Fitzgerald; Intermediate Grey team, Joel Walker; Senior Green team, Bob Miller; Senior Grey team, Dick Means.

Wednesday was a very full day for campers. Afternoon activities were suspended and in their place a track meet was held between the Green and Grey Leagues. Events of the meet were Baseball Throw, Basketball Throw, Standing Broad Jump, Running Broad Jump, High Jump, Dashes and Relays. Winners in each of these events in the Senior, Intermediate and Junior divisions respectively were: Bill Slater, Richard Fitzgerald, Bob Brubaker; Dick Taylor, Tim Wolfe, Bob Brubaker; Bill Grant, tie between Walter Moleski and Gordon Maitland, Craig Warfield; Earl Graham, Joe Hahn, Bob Brubaker, Larry Walker, Dick Glowacki, tie between David Dingman and Dick McConnell; Larry Walker, Buddy Skinner, Jerry Crone; Earl Graham, Jim Smalley, and Bob Brubaker.

In the Senior section of the track meet the Green team won, as they did also in the Junior Section. The Grey team won in the Intermediate section. The Green team won the track meet, 5 points to 2 points.

In celebration of the Fourth,

Campers had a "cook-out" on the camp grounds, feasting on picnic fare which included barbecue sandwiches and watermelon. The preparations for the picnic were made by the camp's business manager, H. B. Stephenson.

Later in the evening campers attended the first Council Ring ceremony of the season, which was for the purpose of initiating new campers and counselors. By the light of a campfire, campers saw Chief Reimann in buckskin clothes and feather headdress, sitting on his Thunderbird throne. Bob Seitz, instructor in canoeing, did an Indian war-dance. Counselors, wearing blankets, told what tests must be met in each field if new campers are to be admitted to membership in the tribe of Camp Charlevoix.

Counselors entertained campers Saturday night with a show that included a barber-shop quartet, a beauty contest and burlesque show in which men were dressed as women, and musical numbers.

Chapel services Sunday morning were held on the porch of the Lodge. Boys participating in the service, which was conducted by Grant Dunlap, were: Jim Smalley, Gordon Maitland, Frank Black, Frank Moore, Fred Brace and Dick Means.

A baseball game between the campers and the counselors on Sunday afternoon resulted in a victory for the counselors, 16 to 6. The game served as practice for the camper's team, which will play a team composed of high school boys from Charlevoix on Tuesday night, July 10. Those who will play on the team for Camp Charlevoix are: Larry Walker, Joe McDonald, Bob Miller, Nelson Blanchard, Tom Calantowicz, Bob Brown, Bob Slater, Bud Roberts,

"WE'LL BE DOING A LOT MORE OF THIS AFTER THE WAR"

THERE has been some rural telephone construction during these war years, but nothing compared to what we had hoped for.

Long before the war, Michigan Bell began an extensive program of rural service expansion and improvement. Then, in 1940, we adopted a rural construction plan recommended by the Michigan Rural Communications Committee, a group of agricultural leaders. It included a liberal free line-construction allowance, and small monthly payments where construction costs were necessary.

Under the rural construction program, there was a sizable increase in the number of rural telephones.

Then came war, and telephone factories went to work for the armed forces. Nearly all new wire, cable,

instruments and other equipment "have gone to war."

After final Victory, Michigan Bell expects to launch a 5-year-\$120,000,000 program of expansion and improvement, a goodly portion of which will be used to resume our rural work.

Today, 2 of every 3 of our rural telephones are dial operated. We intend to increase that number. Telephone service will be made available to more rural subscribers through the use of important new devices and methods. We want to reduce the number of families per rural line. We are studying special features to make telephone service more valuable.

Thus Michigan Bell will proceed with its plan to furnish the best possible service to the largest possible number of people at the lowest possible cost.

Supt. Accepts Appointment

E. D. Wagner Teaching Course at U. of M.

We have been informed that Mr. E. D. Wagner, local School Superintendent, has accepted a position at the University of Michigan for the eight-week summer session as an assistant instructor in the School of Education. Mr. Wagner is teaching a course in State and National Trends in Education.

The organization of the Men's Education Club has been completed and the following officers have been elected: President, E. D. Wagner, Supt. of Schools of Charlevoix; vice-president, Harry Frieda, Director of Physical Education, Lakeview High School, Chicago; secretary, L. P. Cushman, Superintendent of Schools, Vicksburg; treasurer, E. E. McBride, Principal of Junior High School, Euclid, Ohio; chairman of the Executive Committee, Eugene W. Larson, teacher of mechanical drafting, Ann Arbor High School. The next meeting of the club will be held Wednesday in the Michigan Union. Prof. Harry C. Carver of the mathematics department, who has recently returned from Europe will discuss some of his experiences and observations. The Education Club is open to all men in the summer session.

Receives Garment Made In Charlevoix

"Although the label said 'Made at Charlevoix, Michigan,' I still couldn't believe my eyes," wrote Pfc. Elmer Gibson to his parents, Mr. and Mrs. William Gibson, recently when he told of being issued a sweater by the Red Cross while at a rest area near Bagio, the summer capital of the Philippines.

Pfc. Gibson's outfit, the 33rd Division, had seen a lot of action on Luzon and were sent to the mountains for a rest. Since the climate there is so much cooler than near the plains on the coast, the men were given sweaters by the Red Cross, those sweaters that mothers and wives and friends at home make in their spare time. Not until he had checked with several of his friends who also had sweaters made here, did he believe his luck.

"It was just like a package from home, and believe me, I'll wear it wherever I go, no matter how hot it is," he added. Pfc. Gibson has been in the service since December, 1942, and overseas since June, 1943. He has seen action in New Guinea, the Netherlands, East Indies, Morotai and the Philippines.

ELECT OFFICERS

At a regular meeting of the American Legion Post 226, held Tuesday evening at the hotel, the following officers were elected for the ensuing year: Fenton R. Bulow, Commander; Kenneth B. Forbes, Sr. Vice Commander; Vern Jones, Jr., Vice Commander; Charles Hamlin, Adjutant; Bert Taylor, Finance Officer; Jay Oliver, Historian; S. B. Carey, Chaplain; Harrison Trimble, Sgt.-at-Arms. The executive committee elected consisted of: Floyd Supp, Clarence Messigson, Bert Taylor, Fenton Bulow and Charles Hamlin.

Breakwater Hearing Held Here Tuesday

Col. E. M. Weinert and staff of Greenbay, Wis., held a hearing Tuesday in the city hall to discuss the matter of a breakwater for Charlevoix harbor.

Represented at the meeting besides Mayor Bridge and city officials, were executives of Foster Boat company; Clark Coal company and the Michigan Tanning & Extinct company of Boyne City.

A report of the proceedings was forwarded to the Rivers and Harbors committee in Washington tomorrow, and findings of that committee will be published in a later issue of the Courier.

T-B Specialist With Dept. Health

Miss Morsetta Horn, Registered Nurse of Lansing, Michigan, has accepted a position with District Department of Health No. 3.

Miss Horn has specialized in tuberculosis work and comes to this unit highly recommended. The counties of Antrim, Charlevoix, Emmet and Otsego is the territory in which she plans to give aid in Home Care, Case Finding, and Rehabilitation.

LEGION AUXILIARY MET MONDAY NIGHT

The American Legion Auxiliary met at the home of Mrs. Harry Walstad on Monday evening. Two new members, Mrs. Bessie Nowakowski and Mrs. Albin Bennett, were accepted into the organization. Mrs. Charles Henika, of Petoskey, district president, was present, and gave a brief address. After the business session the eleven members present enjoyed a Dutch treat lunch.

The next meeting will be a pot-luck supper at the Legion Hall on August 20. At 2:30 p. m. Sunday, July 22, an American Legion and Auxiliary district meeting will be held at the Legion Hall at Charlevoix.

Turkeys Need Proper Range

Feeders and Waterers Are Important, Too

Proper range management is important in maintaining the health of the turkey flock, the experts tell us, and we find many flocks in and about Charlevoix are doing nicely with them.

Whether the range is expected to provide an ample supply of green feed, at least one acre should be allowed for every 200 turkeys. Feeders, waterers, and perches should be moved often enough to prevent too close cropping of the forage and to keep the soil from becoming saturated with droppings. Moving should be done systematically. Begin at one corner of the range and move across one side and back on the other. When the entire range has been covered, start at the beginning and repeat the job. Feeders and waterers should be moved forward a few feet each day, and perches often enough to keep them conveniently near.

Service Contest Winners Announced

Jack Rehyfus and Edward Gillespie were winners of first and second prizes respectively at the St. Mary's Recreation Center. A new contest will begin tonight at the St. Mary's Benefit party, which is held each Wednesday, above Kroger's store.

"The Wednesday night parties are given to help maintain the Center during the school year and also helps the boys and girls in service," according to Ralph Hamilton, chairman of the center. "The boys and girls in service still need our support," Mr. Hamilton said.

ANNUAL PICNIC

The members of the W.C.T.U. held their annual picnic at the Congregational church on Friday. A co-operative dinner was served at 1 o'clock and was followed by a business meeting at which the president, Mrs. Guy Smith, presided.

The Rev. Ansley B. Claypoole spoke and outlined the W.C.T.U. as it is in the encyclopedia. Mrs. Ernest Peaslee lead the devotions.

Noted Lecturer At Presbyterian Church

Mrs. Maie C. Perley In Dramatic Presentation

Mrs. Maie Clements Perley, noted lecturer, comes to Charlevoix under auspices of the Charles Dickens Club and will give a dramatic presentation of "Behold the Jew", at the Presbyterian church here, Friday, July 27 at 8 o'clock p. m.

"The lecture will benefit the Charlevoix hospital fund," said Mrs. J. K. Reed, president of the club. "Tickets will be on sale at Central Drug store and Meyer Levinson's or may be obtained from any member of the Charles Dickens Club."

"Mrs. Perley is a lecturer and author of great renown," said Mrs. Reed. "and a large turnout is expected."

Mrs. Florence Stelter will accompany Mrs. Perley as organist in her dramatic presentation of the poem "Behold the Jew."

At present Mrs. Perley's husband, Capt. Perley, is a chaplain with U. S. forces in the Pacific. Dr. F. F. McMillan, chief of Staff of the Charlevoix hospital, will welcome the speaker.

A box to receive extra contributions will be placed at the entrance to the church for those desiring to further contribute to this worthy cause.

Mrs. Christine White Expires Monday

Lived In Eveline Twp. Since Marriage In 1916

Mrs. Christine E. White, 56, wife of Fred White, Eveline Twp. farmer, died at the Northern Michigan Sanatorium, Gaylord, early Monday morning. She had been ill for two years and had been hospitalized at various times during that period.

Gets Citation

PFC. ANDREW JOHNSON

Private first class Andrew C. Johnson, 24, has been awarded the Bronze Star medal for heroic achievement in connection with military operations against the enemy on April 14 while serving with the infantry in Germany. The citation reads in part:

"While serving as a wireman for the forward observer of a mortar platoon, Pfc. Johnson, with complete disregard for his personal safety, laid wire for a sound power telephone along a trail on which other members of his platoon were pinned down by enemy artillery. Although subjected to continuous enemy observation and fire, Pfc. Johnson maintained his communication line, enabling forward observers to direct effective mortar fire upon enemy positions. Throughout the action, Pfc. Johnson displayed the superior qualities of courage and devotion to duty in keeping with the highest traditions of the armed forces of the United States."

Pfc. Johnson, who celebrated his 24th birthday anniversary on Sunday, July 7, is the son of Mrs. John Wells, of this city. He entered the service on October 10, 1942. He trained at Fort Riley, Kans., and Camp Shelby, Miss., before going overseas in October, 1944.

He is a member of the 69th Division which celebrated its 2nd anniversary on May 15 and at that time were complimented for their fine work in their recent European campaigns.

Chester Fiedler Gets Degree

Bachelor of Theology Awarded Student

Chester Paul Fiedler, son of C. J. Fiedler, was graduated from Olivet Nazarene College, Kankakee, Ill., with the degree of Bachelor of Theology. It was announced today.

During the time at Olivet he was active in student affairs and participated in Christian Service Band, Honor Society, Platonian Philosophical Society, and Michigan Club. He majored in Theology.

Word was received this morning of the death in Lansing of Dr. R. W. Morse, father of Mrs. Robert Bridge. Dr. Morse had been in failing health for some months and was 80 years of age. He had been a frequent visitor here for many years.

Mayor and Mrs. Bridge left immediately for Lansing.

S.P.E.B.S.Q.S.A. Met Here Friday Eve

Local Chapter No. 19, S.P.E.B.S.Q.S.A. met Friday evening in the game room of Dr. D. C. Nettleton, 103 Clinton street, with 20 singers from Traverse City and Boyne City as guests.

Much of the evening was devoted to planning the third Labor Day week-end party of the society.

Commitments have been received from many of the leading quartets which have received awards both in state and national competition, and the result of their efforts assures Charlevoix one of the largest delegations ever to meet here.

The parade of quartets will appear before the public Saturday evening, September 1, at the high school gymnasium.

Other activities during the three-day session are to be announced later.

Baby Drowns In Round Lake

Charlevoix's first drowning fatality in almost two years occurred Friday morning when Ronald Walker, 18 months old son of Mrs. Clara Walker, fell in Round Lake while playing near the water, on the north shore, near his home.

A search was started when he was reported missing, and his body was recovered a few hours after the tragedy. Resuscitation efforts by Coast Guardsmen failed to revive the youngster.

Surviving besides his mother are two brothers, Duane and Clayton, and his grandmother, Mrs. Theresa Walker.

Funeral services were held at the See Funeral Home at 2:30 Sunday afternoon with the Rev. Caylord Howell officiating. Interment was at the Greensky Hill Indian cemetery.

Resigns

The resignation of H. A. Trompou, science and mathematics instructor at the Charlevoix high school, has been accepted by the board of education. A successor has not yet been appointed.

With a late and wet spring there is no need to ask a farmer what time he gets up to go to work. He wakes up surrounded by a pleasant surprise.

A pleasant visitor to this department was C. E. Hollingsworth, who attended school here 50 years ago. Mr. Hollingsworth occupies "Blue Bell" cottage at the Belvedere. Remembers when it was first known as Kalamazoo Club, later, Charlevoix Summer Home Ass'n.

Edwina Babst Dies Suddenly

Deceased Was Prominent Summer Visitor Here

Edwina Uhl Babst, wife of Earl D. Babst, chairman of the American Sugar Refining Co., of New York City, died last week, following an emergency operation in the Little Traverse Hospital at Petoskey.

Mrs. Babst came from a long line of colonial ancestors dating on her mother's side to 1635 at Salem, Mass., and on her father's side to the early Palatinate colonists in Dutchess County, New York. Mrs. Babst was born in Grand Rapids, Mich., 66 years ago, the daughter of Hon. and Mrs. Edwin P. Uhl. Her father was prominent in the second Cleveland administration, as Assistant Secretary of State and as Ambassador to Germany. Her mother was one of the founders and first president of the National Association of Music Clubs.

Mrs. Babst was presented at court in Germany at the time of its great brilliance and achieved marked distinction as an amateur concert pianist after extensive study in Europe. Mr. and Mrs. Babst long have maintained a summer cottage here at the Chicago Club, her attendance dating to its foundation in 1881.

She is survived by her husband and two daughters, Mrs. George Holcombe Parsons, of Devon, Pa., and Mrs. George Payne Bent II, of Greenwich, Conn., and three grandchildren.

GERALD CHAMBERS IS DISCHARGED

Gerald Chambers was given a medical discharge from the service on June 29, at Seattle, Wash., after a year's service with the Navy.

Jason entered the service in June, 1944, after graduating from the Charlevoix high school. He received boot training at the U. S. N.T.C., Great Lakes, Ill., and was stationed at San Bruno, Cal., a short time before going to the Marianas last fall, where he served with a supply outfit.

In March he was returned to Hawaii and a few weeks later to Seattle, Wash., where he received his discharge.

He arrived last Wednesday to make an indefinite stay with his brother-in-law and sister, Mr. and Mrs. Emerald LaBlance.

10 Miles of Illegal Nets Are Held Here

Undersized Nets Were Seized With ½ Ton Fish

Illegal fishing nets, worth \$3,000, recently seized in Green Bay waters, will not be offered for sale the state conservation department said Friday.

The department revealed that Leonard R. Shapiro, Milwaukee, had offered to purchase the nets for shipments to Palestine where he planned to sell them to fishermen using the Mediterranean and Red seas. Shapiro was informed, the department said, that the webbing of the nets would be destroyed and that the leads and corks would be sold at public auction.

The 10 miles of undersized nets, containing a half ton of fish, were seized by the conservation department on June 28 in Michigan waters in Green Bay and now are held at Charlevoix pending final disposition of the case.

News Of Our Servicemen

Sgt. William Lapham, son of Mrs. Clara Cotton, May St., who has been overseas with the army since September, has sent home many interesting souvenirs which

are now on display at the Emery Store on Bridge St.

The collection includes a Nazi flag and armband, eight daggers and one sword. The sword has a lion's head engraved on the hilt of ebony entwined with silver and eyes of red jewels. One dagger is engraved on the blade with "Meine Ehre Heisst Irene".

Sgt. Lapham is now in the mountains of Austria and is having a wonderful time and enjoying trout fishing.

He has been in the army 2½ years. A brother, Chief Harry H. Lapham, has been in the navy for three years and is now in the So. Pacific.

They were accompanied by Sgt. Weststaff's sister, Mrs. J. Hunt, who has joined her husband Jerry Hunt, S-1-c, at Pensacola, Fla., for 10 weeks.

John Bissell BM2-c, and Mrs. Bissell arrived Monday from Ottumwa, Iowa, to visit their parents, Mr. and Mrs. Joseph Bissell and Mr. and Mrs. George LaBlance Sr., until Saturday. Mr. Bissell will return to Iowa and Mrs. Bissell will go to Kalamazoo for an indefinite stay.

Cmdr. Edward K. Shanahan arrived Monday from the west coast to spend a week with his wife and two sons.

Lt. (jg) Fred Hardy and Robert Kelley, CMO, who are sta-

tioned at Sturgeon Bay, Wis., with the Coast Guard, visited Mrs. Hardy and family and Mrs. Kelley from Tuesday until Thursday of last week. They made the trip in Lt. Hardy's plane, a Piper Cub, which he purchased recently.

Pfe. James Foster arrived Saturday from Brooklyn, N. Y., to spend a short furlough with his parents, Mr. and Mrs. H. G. Foster.

S-Sgt. Elmer Poole, who has been stationed in southern Italy with the 16th Air Force, arrived last week to spend a 30 day furlough with his wife and son at East Jordan and with his parents, Mr. and Mrs. Elmer Poole Sr., before reporting at Santa Ana, Cal., for re-assignment. Sgt. Poole, who was a waist gunner on a B-17, has the Air Medal with two Oak Leaf clusters for 25 missions completed. He has been overseas since October, 1944.

T-Sgt. Lyle V. Miles arrived last Tuesday evening to spend a 30-day furlough with his parents, Mr. and Mrs. C. V. Miles. T. Sgt. Miles, who was with a Signal Service battalion, has completed 18 months overseas duty in England, France and Germany.

Harold Holm, S-1-c, who has been on duty with the Navy in the Pacific aboard an LST, is spending a 36 day leave with his mother, Mrs. Walter Moore. Seaman Holm has taken part in the invasions of Hollandia, the Admiralty Islands, the Philippines and Iwo Jima.

Clarence McCalmon, who has

completed two years service, has been given an honorable discharge from the Navy and has arrived from Norfolk, Va., to visit his parents, Mr. and Mrs. Walter Smith. Mr. McCalmon, who was a water tender, second class, at the time of his discharge, was stationed at Norfolk, Va., Washington, D. C., and Oakland, Calif., while in the service. He expects to leave Aug. 1 to make his home at Oakland.

Howard H. Pales, AOM 2-c, arrived last Tuesday from Norfolk, Va., to spend a leave with his par-

ents, Mr. and Mrs. Herschel H. Pales. Mr. Pales, a gunner of the Naval Air Force, has completed 66 missions. He was stationed in England and took part in the invasion of Normandy last year. He will report at the Naval Air Station, Norfolk, Va., when he completes his leave.

Don Boss, S-1-c, returned to the Naval Air Station at Grosse Ile, on Sunday evening after spending the week end with his parents, Mr. and Mrs. John Boss Sr.

Sgt. Leo Fairbanks, who has

been overseas since January with a field artillery battalion, arrived Saturday to spend a 30-day furlough with his wife and child and with his mother, Mrs. Agnes Fairbanks. He will report at Camp Grant, Ill., for re-assignment.

READ THE COURIER CLASSIFIEDS FOR BARGAINS!

STANDING STILL IS TOUGH GOING FOR THAT CAR OF YOURS!

SOUNDS FUNNY -- BUT IT'S TRUE! Cars that do a lot of "marking time" in garages actually need more care than cars that are used constantly. That's not just our idea. It's a scientific fact! When a car stands idle, water condenses in the crankcase -- greases tend to dry and harden -- there's a better chance for corrosion . . . to mention just a few of the evils that arise. So don't let the mileage fool you. In Wintime, your car needs regular attention no matter how much or how little you drive it. And that goes double in warm weather!

WARM WEATHER'S NO TIME TO RATION CAR CARE! Heat has always been tough on cars. This year, it's more than ever important to guard against it. Don't put it off. Have your car thoroughly conditioned for warm-weather driving today. With our fine products -- our tools and experience, we can not only help give your car more miles, more years in this emergency, we may even be able to save you up to one gallon of gas out of every ten you buy! And that's not idle talk! Here's our routine:

ENGINE . . . Drain out worn lubricants -- replace with clean Summer Mobiloil.

GEARS . . . Check differential and transmission. Replace lubricants if necessary with the right grades of Summer Mobiloil Gear Oil.

CHASSIS . . . Thoroughly Mobillubricate your car -- eliminate squeaks and rattles.

RADIATOR . . . Clean out your cooling system with Mobil Radiator Flush -- condition it against rust and scale with Mobil Hydrotone.

IGNITION . . . Check your battery, spark plugs. Clean or replace if necessary.

TIRES . . . Give them a thorough inspection for cuts and bruises. See that they are properly inflated for Victory driving.

WHEATON CORNERS WILL H. SUPERNAW Reporter

Was glad to see John Merriam's name listed in with the new subscribers to this paper. John is an old resident of Wheaton Corners. In 1897 I was living in Norwood, it was in July, Ben Pearl came in to the store, and said, "let's take the team and hay wagon and go out to the farm and help John with his haying." So our wives fixed up something for a potluck dinner and up we went, it was on this same farm. John was certainly glad to see us. He had a hired man, Mort Smith. When we came in with the first load of hay, Ben said, "let's send Mort to Charlevoix after a keg of beer." We all thought it was a fine idea, so Mort hitched one of the horses to the buggy and off he went. The women folk wanted to know where he was going, John told them after mowing repairs. When he got back we took the keg in the grainery and John went in after a milk pail, told his wife that the heifer had freshened and he had to milk her. They had dinner about ready when we all came in with the pail of beer with plenty of nice, white foam on it. His wife said, "what are you bringing that in here for, it's no good to use now?" Ben said "that's just the way I like it, nice and fresh." By the time we got it served everybody like it, and did we make hay that afternoon, and what a good time everybody had. John came to Norwood from Chicago with the Fergusons in 1884.

Everybody is busy haying and cultivating corn these days. Charles Wells and Medrick Waffle drilled in a field of buckwheat on the Supernaw farm last

week. Two men and two tractors can certainly get over a lot of ground.

Ed and Bobby Jones were helping Mr. Dice with his haying Saturday.

Mr. and Mrs. Dice went to Charlevoix Saturday evening shopping.

Dr. Jack Supernaw and his wife and two lady friends called at the Turkey Ranch Friday.

There has been a lot of people calling to see the turkeys and they all say that we have a very nice flock.

Frank Carmon went to Charlevoix Saturday, came home about 11 o'clock and went back early Sunday morning. It always takes Frank two or three days to do his shopping, although he doesn't seem to bring back much in sight.

AAA NEWS

Walter H. Henley, Chairman
Charlevoix County AAA
Committee

During the last two weeks the AAA county committee has unloaded one car of bulk and three ears of sacked fertilizer for the farmers of Charlevoix county. This is the first car of bulk fertilizer to be shipped into the county and according to the mutterings of the county committee, it will be the last. However, there will be more sacked fertilizer later in the season. If you have not received any AAA fertilizer for the 1945 program, be sure and place your order now.

The Federal Crop Insurance Corporation is again going to offer wheat insurance on the 1946 crop. Wheat growers will be called on some time during August and given the opportunity of signing for insurance.

Applications for Dairy Production payments have swamped our office and some of you may not receive your check for a few days. Checks are being mailed out as rapidly as possible. About six hundred applications have been received since July 1st.

Dairy Production payments for the next period, July, August and September will be made during October and November. We are planning on paying all applications through the mail to avoid so much confusion in attempting to make payments in the office. More details later.

MAD MARRIAGE MIXUPS

When the divorce moon comes over the mountain, a touch of madness drives husbands to keep skunks, steal their wives' false teeth and contribute other oddities to a long list of marital mix-ups throughout the country. You may read about them in The American Weekly with this Sunday's issue of The Detroit Sunday Times.

**Our Country Needs Still More
Used Fats...And We're the Folks
to Save them!**

IN between the good news about the war these days, careful readers of the paper will see grave words about a serious national shortage that has a direct bearing on military and civilian production schedules.

Our domestic supplies of fats and oils will be approximately one and one-half billion pounds less than last year. Yet thousands of tons of fats are still needed to help make countless essentials for the battle- and home-fronts.

While country people have been doing an even better job of saving fats than the city folks, we must remember that, because of the meat situation, we are in a better position to save. That's why we can't afford to miss a trick.

So, let's save not only the big amounts from frying and roasting, but also meat trimmings, plate scraps, and scrapings. Melt them down once a week and add the liquid fat to the salvage can. Skim soups and gravies. Scrape every pan. Every drop is important.

When your salvage can is full, take it to your butcher, and get 2 red points and up to 4¢ for each pound. If you have any difficulty, call your County Agent or Home Demonstration Agent.

100,000,000 More Pounds of Used Fats Are Needed This Year!

Approved by WFA and OPA. Paid for by Industry.

CAMP CHARLEVOIX

NEWS OF ACTIVITIES

Last week, campers at Camp Charlevoix elected cabin representatives to the Campers' Council. Those chosen to represent the campers were: Bob Brubaker, Stanley Moeski, David Dingman, Jim Logie, B. G. Rich, Ed Smalley, Charles Tippy, David Noy, John Quackenbush, Dick Glowacki, Don Becker, John Bull, Bud Roberts, Nelson Blanchard and Virgil Fairbanks. The council exists to give voice to the campers' opinions.

On Thursday the varsity softball team went to Charlevoix to play a team composed of boys from Charlevoix. The starting lineup for the camp was: Pitcher, L. Walker; catcher, J. McDonald; first base, T. Miller; second base, N. Blanchard; third base, R. Brown; left field, P. Steading; center field, B. Slater; right field, B. House; short stop, Galanowicz; roving short stop, J. Manning. The town team won by a score of 14 to 6, but the competition furnished by the camp team was very good.

Catholic campers were taken to church services in Charlevoix Sunday morning in Navy boats built by Foster Boat Company, Charlevoix. Protestant campers will go to church services in Charlevoix by boat on August 5. At camp chapel service was conducted by Herbert Brubaker. Those who participated in the service were: Virgil Fairbanks, Sam Horste, Bob Slater, Emerson Dentel and Tom Matter assisted.

For the Junior vesper service, David Dingman read the lesson from the scriptures. Senior vespers consisted of a panel discussion of the question, "Should the United States have peacetime military conscription?" Those taking part in the panel discussion were: Bob Slater, Bill Grant, Ralph Glowacki, Ted Miller, Harvey Fischer, Bob House, Dick Means, Jim Ilgenfritz, Dick Glowacki, Frank Black, Virgil Fairbanks and Hoyt Spicer. Chairmen for the panel were Bill Slater and Virgil Fairbanks.

Green and Grey teams competed in a Scavenger Hunt on Saturday afternoon that resulted in a great deal of fun for all. The Green teams won by a score of 7 to 2. The scores to date for the Green and Grey teams are 19 and 12 respectively.

Campers witnessed a softball game between the Old Counselors and the New Counselors on Sunday afternoon that was a real

contest. The New Counselors won the game by a score of 12 to 7. Campers will themselves play a softball game this afternoon (Monday) with a team from Charlevoix. The game will be held on the camp diamond.

The beginning of the third week of the camp season finds many boys practicing hard at their various activities so as to qualify for the varsity teams, which will play teams from other camps in the near future. On Saturday, varsity teams from Camp Algonquin will come to Camp Charlevoix to compete in softball, tennis, riflery and swimming.

Also being anticipated eagerly by campers is the annual Rodeo, which will be held this year on August 19. Events of the rodeo will include trick riding, steer riding, bulldogging, roping and jumping. The camp closes August 24.

A real treat is in store for the first twenty-seven boys who were enrolled for the 1945 camp season: on July 30 they are to be taken on a trip to Mackinaw Island, for which all of their expenses will be paid by the camp.

Fishing trips by campers and counselors have been well rewarded this summer; one fishing trip made recently resulted in a catch of over eighty fish. Campers were served a fine fish dinner as a result.

A number of parents visited their boys in camp last week. They were Dr. and Mrs. J. L. Glees, Dr. and Mrs. L. O. Grant, Dr. and Mrs. J. W. Logie, Dr. S. L. Moleski and his mother, Mr. and Mrs. H. P. Spicer and Mr. and Mrs. L. P. Woods.

Several cabin-groups went on over-night trips last week. Cabin 17 went on a horseback riding trip to Mt. McSaubia; the campers who made the trip were Virgil Fairbanks, Bill Grant, Sam Horste, Dick Means, Bob Miller, Bob Slater, Bud Roberts, and Larry Walker. Four other cabin-groups went to Hermit's Cove to learn campcraft and woodlore from Howard Schartzler. Those who made trips to Hermit's Cove were: Cabin 4, composed of Richard Greene, Jim Logie, John Logie, Jimmy McEachern, Laurence Seoville, and Craig Warfield; Cabin 7, composed of Pat Donovan, Joe Hahn, Peter Kussurelis, Henry Brigham, B. G. Rich, Marvin Snyder, and John Williamson; Cabin 9, composed of David Bethell, Frank Black, Harvey Fischer, Gordon Maitland, Ted Miller, Hoyt Spicer, and Charles Tippy; and Cabin 14, composed of Dan Bellinger, Bob Brown, John Bull, Barry Ewbank, Don Glees, John Glees, and Wilbur Ilgenfritz.

Note to Parents: Please do not send spending-money to campers; rather, send it to the camp office, where it will be kept for the campers.

Ah, me, how the City of St. James is booming. The general average in building permits is .001 per cent greater than that of 1937, while production has been 10 per cent below par since the Fourth of July. If stocks don't discontinue laying eggs, wakes being held, and holidays celebrated, guess they hain't gonna be no production.

The She-lay-lay is the only new enterprise functioning, but the matter of a public drinking fountain, and Comfort station will probably receive attention during the fall session of Congress. King Strang Spalding in an effort to offer something new to the public attempted to introduce hot sulphur baths for the customers.

Volunteer workers spent considerable time in revamping the plumbing system in the hotel, in search of hot water. So delighted were they with their success, the whole shebang got hooked up, and it was hot water, hot water, everywhere, and not a drop to drink. The grass and flowers wilted from the hot liquid, guests singed their tongues, and a hot time was had by all.

The alert King phoned Chicago for a barrel of sulphur, and upon arrival, the water will be "sulphurated" for the stinkers, and cool water for those wishing a drink.

Ed Dreier, Grand Rapids, Mich., the man behind the throne who publishes these beautiful books distributed each year by the west Michigan, and Upper Peninsula Resort Organizations; Albert Erhart, Grand Rapids, the bozo who the Stevens Agency of Grand Rapids, the outdoor hound who looks after the State publicity, and Robert Brooks, Grayling, expert photographer, lit on the island, looked and left. Swell pictures they took, too. Young Patsy and Mary Early, and Mrs. Meverson with a bouquet of wild flowers, accompanied by her lovely family and pooch, offered a nice beach scene, in color.

A swell bunch of fellows who work long hours to build up the resort business of the state, which is second to only the automotive business in volume. Not bad.

The following was found in the pocket of none other than the Waterfront Commissioner, Turner Boyle, who is contributing his services free of charge, in order that a bigger, and better, beach may be reached without climbing over shipwrecks, and saw mills.

The Hon. Judge Boyle, from Chicago is painting the little dwelling located directly back of his cabin. The clever gent is using phosphorous in the paint, sez he—
"Why take chances, it can be located in an instant, on the darkest of nights."

Skipper Dominick Gallagher was seen drinking milk chocolates in the She-lay-lay, using water for a chaser. A new drink for salty sailors.

Promising Patsy Donnie promised 27 people to do 28 jobs the past week, and how he smiled as he rode along on the hay rake for No. 29. Musingly, sez he—"Can't I fool 'em, Big Boy?"

Mrs. Suzanne Palmer, wife of Dr. Palmer, cleaned house this week. That's nothin' you should see Earl Boyle clean house in the Shamrock, at the hour of twelve, midnight. After learning of the death of one of King Ben's gal friends, while stationed on High Island, yars ago, jes cause her et a poison mushroom. Dr. Palmer is cultivating the fungus in his front yard, and hopes to go in cahoots with Glenn See of Charlevoix. The firm slogan shall be—"Let us handle you from beginning to end." Glenn is a Northern planter.

The reader who sent in the following doesn't know his sorghum. Apparently he expects too much of a coal car. Never saw a coal car yet with an engine—so what? To je Editor:

The other day I heard a good one on je old Salt and Capt. Wm. Kruwell, who je all know, at the old lighthouse, which the old timers call Beaver Head Light. Mine you me, he took care of the Queen of Nomad (Mrs. Julia Coles) Car since last fall after Kenneth Forbes got through driving and working for Mrs. Cole of Nomad Land and there the old lady of Henry Ford's stood. There the two old Indies look at each other till old Lady Cole said to Lizzy, "Never mind, old girl, I see it to put you on your feet agin."

She got Donald Cat Cole or Walter Burke, and they came to the rescue of old Henry's V-8-37, to rattle old Lady Cole down to her Lodge or to the big City of St. James, till old Henry's Lizzy wore her old shoes down so, when you started her up at Nomad's Land she would keep on going. Where she would stop nobody knows, as the old saying goes with Major Bowes.

This Spring, when the boys opened up the old Homestead, the Beaver Head Light, the old Skip taught the old girl of old Henry's needed a new pair of new shoes. As they're not rationed, he got new ones, put 'em on the old girl's feet, which we all know its quite a job and when the new ones put on that hurts the old Lizzy as they are quite in a tight fitt that some times takes a Truck or Tractor to break them in and that was the trouble with Mrs. Cole's Car Henry V-8 37.

Je old Skip and his partners, Bert McDonough and Homer Meverson, who gave the Skipper a hand to break them shoes in by towing it behind the Chrysler, but one of the old girl's shoes got so hot we had to give her a little rest for her to cool off, till Bert and Skipper got her to her old Home Nomad. Along comes some Vice knacker, seen the car there and hears about it and snys to some one, what does old Skipper know about putting new shoes on the old Lady of Henry's V-8 1937, as he don't put shoes on his own car? Who ever you may be had you known what you was talking about for the old Skipper don't has to put shoes on his old GIRL the only trouble with her is she gets dry, and when she gets dry she starts skidding, nothing will stop her till she gets an injection with Oil-Whiskey-Beer or what have you, as his Hydraulic Breaks. Believe you me, I thank you.

Can you imagine throwing a Dutch party right under the eyes of the Irish Islanders? That's news. Only the throwing of an island dinner in the basement of the Presbyterian church could tie it. A Dutch Treat dinner was staged in the Blue Room of the Hotel King Strang. Since each

guest paid her own tariff, cards were played, and a drawing took place to determine who was the hostess.

The honored guests were Mrs. R. Palmer, Mrs. Henry Allen, Mrs. Gerald Gibbons, Mrs. Chas. Gibbons, and Mrs. "She-lay-lay" Hanley. Mother nature in charge of table decorations, done noble.

This column wears no man's collar, and does not offer bribes for news, but it is no disgrace to run when you are scared. As a peace offering, I am therefore christening (Don't get excited, its not a baby) yes, christening a snappy little boat to be called the S. S. Sonnendregger. Mrs. Sonnendregger will dunk the bow of the skiff in a bottle of 7% Beaver Island Champagne. Mr. Paul Hefflin suggests that the contents of the bottle be removed, and use just the bottle for the christening. Mrs. Hefflin will offer the musical number "A little bit of heaven fell from out the sky one day, and nestled in Lake Michigan, in a spot not far away!"

Mrs. Certrude Lighthouse Meverson announces a heavy migration of black flies, heading South for the summer. That her claim may be substantiated, they are spending their rest periods on the premises of the Sand Bay project.

Miss Cricket-britches Sally Cull is in Chicago visiting her "Anty". Miss Kay McDonough has returned to St. James after dining in the Hotel Vesty, on Sand Bay, B.I.

Recently Ye Scribe solicited criticism, suggestions, and subscriptions to the Courier. A marvelous return flooded the Sand Bay sub-station. An analysis of the first 100 letters read as follows: Two subscriptions, one suggestion (That the column be discontinued), and 97 criticisms. My girl friend snys I am "Too Tamm Saurkestic", but she knows better than that.

That this column may keep abreast of the times, and use the New Deal abbreviation method, it will publish from time to time, the meaning of such abbreviations. To date—"B.I."—stands for Beaver Island, the place where the Sons of Rest were first organized. "S.B." is not what you think it is—it means Sand Bay, B.V.D. Day—the day the weather is hot enough to go swimming. I'll be seeing you, Steve.

ATTEND LAST RITES

OF F. P. GEIKEN

The funeral services for Franklin P. Geiken, 68, prominent Pellston and Petoskey resident, which were held at the Sea Funeral Home last Tuesday afternoon, were attended by an unusually large number of Masons and others from this section. The Rev. E. P. Aged-In

Sealed-In

Flavor

Nature's own around in 1900. Aged-In Flavor is the only thing harmful to health.

In the time of the American Revolution, instead of the ordinary open vat, the beer was brewed in airtight, sealed kegs. Like the apple, it kept its flavor and ripened to the full perfection of its exclusive Aged-In Sealed-In Flavor. No other beer can offer you so much.

Couple Wed With

Double Ring Ceremony

Miss Mary Ellen Wright, daughter of Mr. and Mrs. Frank Wright, of East Jordan, became the bride of Charles Vandecar, grandson of Mr. and Mrs. William Duba, of Charlevoix, at a ceremony performed at 8:30 Wednesday evening, July 4. The Rev. W. D. Wood read the double ring service in the study of the Church of God. Miss Winifred Wellman of Charlevoix, and the Rev. Nathan G. Hargaret, of Petoskey, were their only attendants.

The bride chose a brown ensemble with yellow accents for her wedding. Miss Wellman wore a green dress with black accessories.

The couple will make their home at the Van Allsburg farm north of Charlevoix.

Pfc. Gerald Nanegoa

Member "Cyclone" Division

With the Sixth Army on Luzon, Pfc. Gerald J. Nanegoa, son of Mrs. John Seetin, of this city, is a member of a platoon from the 113th Engineer Combat Battalion, Engineer unit of the 38th "Cyclone" Division, which was highly commended by the commander of the Infantry battalion to which Pfc. Nanegoa's platoon was attached.

The platoon was cited "for their untiring efforts" in the Zambales Mountains west of Clark Field, on Luzon. Continuing, the commendation reads, "The excellent work of this platoon made possible the continuous supplying of forward elements and aided materially in the success of the mission."

Pfc. Nanegoa also took part in the fierce battle for Zig-Zag Pass in Batuan, which led to the clearing of Batuan of the enemy.

Inducted into the Armed Forces at Detroit, in July, 1942, he received basic training at Camp Roberts, Calif., joined the 38th "Cyclone" Division at Camp Carabelle, Fla., and received his final training at Camp Livingston, La., before leaving for Hawaii on December 31, 1943. Pfc. Nanegoa also saw service in New Guinea, Leyte and is at present on Luzon. Pfc. Nanegoa was a student at Milan High School, Milan, Michigan, prior to his induction.

Behind Your Bonds

Lies the Might of America

MEAT

The huge plants in Chicago's "Packing Town" every day pour dollars into the national treasury to back your War Bonds. John B. Sherman opened the first centralized stockyards, Bull's Head yards, in 1848. In 1865 he organized the Union Stockyard and Transit Company. The growth of this business developed rapidly with the development of refrigerator cars and improved organization of the big packing firms. The city's chief industry in the value of its products, it processes annually 12 million animals valued at \$250,000,000.

Robert Pearl Writes Letter from Hospital Bed

Robert N. Pearl, Y 1-c, wrote the following letter to the editor of the Courier while a patient at the Naval Hospital at Mare Island, Calif., recently:

"While one spends much leisure time in a hospital, with no worries or responsibilities, one from Charlevoix thinks deeply of home and friends.

"Truthfully, at no other time in this age of modern warfare, when the dogs of war are loose, have I had such a desire to return to Charlevoix and take up where home life ceased to exist—the pursuit of happiness.

"As I day-dream of life in northern Michigan, it becomes more than a mere locale, it is also an attitude of mind, a deep spiritual inspiration, also an unprecedented opportunity.

"As I describe our fair city, it brings on a longing to return immediately. Perhaps the opportunity which presents itself in any dreams, at this time when V-E day is over, and V-J day draws near, with vast numbers of service personnel again taking up civilian life and pursuits, nothing matters but to praise our city and long to fulfill that desire to be there among old friends.

"No spot on the globe is so advantageously and beneficently endowed; mountains, sand dunes, lakes, enticing island, bathed in summer sunshine and winter snows—with those Indian summers.

"Romance born of Indian legend and mission lore lovers to entrance, like do the wild life and birds and Charlevoix can stay the feet of the traveler and the thoughtful.

"It is not to be wondered at that with this setting and climate, our city gives promise of inaugurating in the present world, a cultured influence, comparable to the golden age of California. May not then Charlevoix become a 'Golden Age of Michigan'?"

"We must realize that only through consistent cooperation and effort can this come about.

"As Emerson said, 'Beauty will NOT come at the call of a legislature. It will come as always, unannounced and springing up between the feet of brave and earnest men.'

"The Charlevoix Board of Commerce has forwarded a quantity of literature and it has been a pleasure to tell other patients and doctors, pretty nurses and lucky civilians about our city."

Author - Lecturer At Church Friday

Maie Clements Perley, author and lecturer, will give a dramatic presentation of "Behold the Jew," at 8 P.M. Friday, July 27th, in the Congregational Church, instead of Presbyterian Church, as announced last week.

Miss Ada Jackson, the author, of this moving work is a distinguished English poet who has won acclaim both in England and America. In 1943 she was awarded the coveted Greenwood Prize, which is comparable to the Pulitzer prize, for the outstanding poem of that year, "Behold the Jew," was broadcast over the N. B. C. network early in the year and is published by McMillan.

Mrs. Florine Stetter, local organist and former Director of Music at Oberlin College, Ohio, will accompany Mrs. Perley during the inspiring dramatization.

All proceeds are to go to the Charlevoix Hospital Fund.

Battle Scarred Veteran Returns

Frank Gengle Discharged But Brothers 'Carry On'

Frank Gengle, a veteran of the battles for Aachen and the Hurtgen Forest, has been given a medical discharge from the army and has arrived from the Percy Jones Hospital, Battle Creek, to make an indefinite stay with his parents, Mr. and Mrs. Frank Gengle. Frank, who entered the service in 1942, went overseas in September, 1944, and was assigned to an Infantry division of the First Army. He was wounded in action in November and after being treated at hospitals in Belgium, France and England before being returned to this country in March of this year.

Frank feels that, even though he is out of the service, that the other members of his family in the service will carry on for him. There's Bill, radioman third class, who has been in the service since April, 1943, and after spending 11 months in Europe where he took part in the Normandy invasion, is now on duty in the Pacific with the Navy. There's Pfc. Edward, who entered the service in March, 1943, and who is now in Germany with the army. And then there are two half brothers, Pfc. Steve Sarina, of the Marines, a veteran of Guadalcanal, who is now stationed at Mare Island, Calif., after recuperating from a severe attack of malaria for which he was hospitalized for many months and Thomas Sarina, seaman, second class, who entered the service in January, 1945, and is now on duty aboard ship in the Pacific.

A sister, Mary Gengle, is a cadet nurse at the Mercy Central School of Nursing, St. Mary's Hospital, Grand Rapids. In March, 1946, she will be assigned to a military hospital somewhere in this country. Another brother, Tony, is at home where he helps his father on the farm.

"No spot on the globe is so advantageously and beneficently endowed; mountains, sand dunes, lakes, enticing island, bathed in summer sunshine and winter snows—with those Indian summers.

"Romance born of Indian legend and mission lore lovers to entrance, like do the wild life and birds and Charlevoix can stay the feet of the traveler and the thoughtful.

Maie Clements Perley, author and lecturer, will give a dramatic presentation of "Behold the Jew," at 8 P.M. Friday, July 27th, in the Congregational Church, instead of Presbyterian Church, as announced last week.

Miss Ada Jackson, the author, of this moving work is a distinguished English poet who has won acclaim both in England and America. In 1943 she was awarded the coveted Greenwood Prize, which is comparable to the Pulitzer prize, for the outstanding poem of that year, "Behold the Jew," was broadcast over the N. B. C. network early in the year and is published by McMillan.

Mrs. Florine Stetter, local organist and former Director of Music at Oberlin College, Ohio, will accompany Mrs. Perley during the inspiring dramatization.

All proceeds are to go to the Charlevoix Hospital Fund.

Some folks are never satisfied. Give them something for nothing and right away they kick about the quality.

Gosh, the food problem is getting so bad that we have been seriously thinking of taking a course in hypnosis. We could hypnotize the wife into thinking she's a canary and then feed her on bird seed.

We hear a lot about progress these days but tax collecting has, no doubt, made the greatest strides. They used to be collected once a year, now they're collected every day.

Saw a picture of the new styles in bathing suits for this season. Yep, there definitely is a shortage of certain materials.

Happiness is a state of mind your own business.

Dr. Nettleton, our neighborhood dentist passed another milestone last Friday, July 20. Evidently his strength hasn't been depleted with age -- he pulls 'em just as easy as he did at 21?

In Johannesburg, South Africa, an old lady, sitting opposite a gum-chewing United States soldier in a suburban train, smiled amiably. Finally leaned forward and said apologetically: "It's very kind of you to talk to me, sir, but I'm stone deaf."

Unimportant perhaps, but so was Casey Jones' engine until it left the tracks--there are thirty-five million laws in the world and no improvements on the Ten Commandments.

A glance at the financial condition of most nations of today, and we are inclined to think the old idea that the world is flat has some merit.

"Frozen" In Midsummer

Because we have exceeded our quota during the past several weeks, our newspaper stockpile has dwindled to zero. And because of this condition, and the still critical shortage of newsprint, we are forced to "freeze" our list as is, effective August 1, until further notice. As our new shipment will arrive on August 1 for the next quarter, we urge anyone desiring to subscribe to the Courier, to do so before that date.

Ceiling Prices on Surplus Shotguns

100,000 New and Used Guns Ready For Market

Retail ceiling prices have been established by OPA for approximately 100,000 new and used shotguns declared surplus by the Ordnance Department of the Army Service Forces. These shotguns were originally purchased for state and national guard units when they were called into service early in the war and the temporary weapons have been since replaced by standard military rifles. Ceiling prices of \$10.50 for single-barrel and \$26 for double-barrel weapons have been established on new shotguns not labeled with the manufacturer's name or trade mark. New shotguns with brand names will have a ceiling price the same as manufacturers' current list price. Ceiling prices on used shotguns will be 75 per cent of the new ceiling price.

James Annis Gets Medical Discharge

Saw Plenty of Action In 30 Months' Service

James Annis, until recently a carpenter's mate, second class, in the USNR, has been given a medical discharge from the service and has arrived from Oakland, Calif., to make an indefinite stay with his grandmother, Mrs. Josephine Krulik.

Jim enlisted in the navy in February, 1943, and after boot training at the USNTPC, Great Lakes, Ill., received further training at San Diego, Monterey and other west coast bases before going overseas in September, 1943. Overseas, he saw action at Guadalcanal and took part in the follow up on the invasions of the Treasury and Admiralty Islands and New Georgia. Their work overseas was mainly construction work aboard ship, on the beaches and inland if they were needed.

In May, 1945, he was returned to the Naval Hospital at Oakland, Calif., for treatment and on July 3 received his discharge at Oakland.

Since coming home he has met Harold Holm, S-1c, one of his best friends before entering the service, who followed him around the Pacific. Although the boys were many times a few miles apart they never saw each other. Now they are comparing notes on action out there and making up for lost time. Jim would like to take this opportunity to thank all his friends back here, including the CSO and the Courier for their many kindnesses to him while in the service.

Golfer Makes 'Hole In One'

Robert "Bob" McCall Achieved Feat Sunday

Golfer Robert "Bob" McCall, last Sunday, realized his greatest ambition—"a hole in one". The feat was achieved on No. 3 green of the Charlevoix Municipal Golf Club last Sunday afternoon. His was the first such shot made there in nearly 20 years.

In company with Frank Poole, Glenroy Ikens and Charles Carey (who will verify the authenticity of the feat), who made up the foursome, McCall teed off with a No. 5 iron, which brought him five feet.

The golfer has been instructing at the Hawthorne Valley Country Club, Detroit, and last year was a member of the winning team that captured the Industrial League championship there.

JAMES GILBERT POWERS WEDS CALIFORNIA GIRL

Mr. and Mrs. Clarence R. Childs of West Los Angeles, Calif., announce the marriage of their daughter, Muriel Clyde, to James Gilbert Powers, aviation machinist mate, second class, U. S. Navy, son of Mr. and Mrs. Harry Powers, of this city. The double ring service was read at a chapel in Long Beach, Calif., on Sunday, July 15.

The couple, who will make their home at Long Beach, Calif., plan a trip to Michigan in the near future.

The bridegroom is a veteran of 24 months overseas duty aboard an aircraft carrier in the Pacific.

Heart Attack Fatal To Island Resorter

Alvin G. Herber of Grand Rapids Found Dead Sunday

Alvin G. Herber, of Grand Rapids, died as the result of a heart attack Sunday, at his cottage located at the south end of Lake Ganerata, Beaver Island.

Apparently in good health Saturday, the deceased was found dead in his cottage early Sunday by friends.

Because of the low ceiling for flying, the body was brought by Coast Guard cutter to the See Funeral Home here.

Mr. Herber was probably the Island's best known resorter. His death occurred five days after his 57th birthday.

Missionaries Speak at Festival Today

Rev. Koeppe Also At Barnard Church July 29

Rev. Edwin W. Koeppe, for 20 years a missionary in China, was the speaker at "Children's Hour" of the annual Co-Op Mission Fest of the Ellsworth and Atwood Christian Reformed churches, held at Eastport today.

REV. EDWIN W. KOEPP

In this morning's program of the Mission Fest, Rev. Arnold Brink, pastor of Bethany Reformed Church, of Muskegon, led hymn singing and requests of favorite hymns for the men in service. He was also a speaker on the afternoon program today.

Rev. Koeppe will speak at the evening services to be held at the Barnard Reformed Church, Sunday evening, July 29, at 8 o'clock.

Tonsilectomy Is Dangerous

Polio Season Dangerous Time For Children

Do not have your children's tonsils and adenoids removed until the polio season is over, is the advice given by Dr. William DeKleine, state commissioner of health.

"Careful study has shown that such operations, when done during an epidemic, tend to increase the danger of contracting infantile paralysis in its most serious form," the commissioner said.

Doctor DeKleine says this advice is based on statements issued by the American Medical Association and the National Foundation for Infantile Paralysis, and by leading laryngologists (throat specialists).

Through July 13 this year there were only 15 cases of polio reported in Michigan, exactly the same number that occurred for that period last year. The upswing in cases usually begins around the middle of July in Michigan, Doctor DeKleine said, and the polio season ends in late September or early October.

Do not assume that a stomach upset with vomiting, constipation, diarrhea, severe headache or signs of a cold and fever are of no importance. These may be among the first symptoms of infantile paralysis. All persons sick with unexplained fever should be put to bed and isolated. Call a physician promptly. Proper care from the onset of the disease may mean the difference between crippling and good recovery.

Other simple precautions for the polio season include:

Avoid overtiring and extreme fatigue from strenuous exercise. Avoid sudden chilling such as would come from a plunge into extremely cold water on a very hot day.

Pay careful attention to personal cleanliness, such as thorough hand washing before eating.

Do not swim in polluted water. Maintain community sanitation at a high level at all times.

Avoid all unnecessary contact with persons with any illness suspicious of infantile paralysis.

Leroy Plum Aboard The San Francisco

Helped Blast the Japs In 14 Major Battles

Aboard the USS San Francisco in the Western Pacific—Leroy Plum, 25, boatswain's mate, first class, USNR, helped blast the Japs into submission at Okinawa to climax 15 major operations in three years of Pacific fighting.

The San Francisco has taken part in attacks on 28 separate enemy-held islands and possessions and her crewmen have won 14 battle stars for their participation, in nearly every daring move the Navy has made in Pacific waters.

She took part in two surface engagements against a heavier opponent during the battle for Guadalcanal, between August 7, 1942, when first landings were staged by Marines, and November 15, when a third sea battle ended. She fought in the battle of Cape Esperance on the night of Oct. 11-12, when the Japs suffered defeat trying to knock out Henderson Field on Guadalcanal.

The San Francisco fought in the three day and night battle of Savo Island, where, despite heavy damage and a great loss of life, she kept firing to silence and disable an enemy battleship, sink a destroyer and damage two other ships.

Then came the Gilberts and Marshalls. After the Marshalls the San Francisco took part in raids on Truk, Yap, Satawan and Woleai in the Carolines, the Hollandia landings and the triple smash in the Marianas, where the Fleet engaged the Japs in furious air battles.

She also supported landings on Mindoro and Luzon and participated in raids in the China Sea against Formosa, Hong Kong, Canton, Amoy, Camranh Bay and Saigon. The San Francisco fought with the task force that raided Tokyo for three days in February and took part in the invasion of Iwo Jima.

Boatswain's mate Plum is the son of Mrs. Helen Plum, of this city.

News Of Our Servicemen

From Barney Chambers, AOM 1-c, comes the following letter: I have been going to write for some time and thank you for sending the paper. It makes a fellow feel a little better after he gets through reading his home town paper. Most of us don't know half the people at home anymore since we have been gone so long but we still enjoy the paper.

Would you please send the paper to my new address at Astoria, Ore. I am going to be here about eight weeks.

This part of the country is really nice, and it is very pretty here. The only thing is that I find it hard to get used to going to bed when it is still light. The sun does not set until 10:30 or 11 and it rises between 3:30 and 4 a. m. If a person wasn't up all night once in a while, he'd swear that it never gets dark.

My new address is B. L. Chambers AOM 1-c, PBM Class 9-45-1 Tongue Point, Astoria, Ore.

Livingston Back Fighting the Japs

Has Short Rest Period at "Recreation Islands"

Aboard an Aircraft Carrier in the Pacific—Archie L. Livingston, Seaman, first class, is back at the business of fighting Japs after a recent three-hour rest period on one of the Navy's "recreation islands" in this war zone.

The "recreation islands" have been set up on tiny atolls to give Navy men a few hours to relax between battles.

The crewmen of this carrier visited the island in small parties, and had a chance to put their feet on solid ground for a few hours. They were taken on a tour of abandoned, thatched native huts, where a small tribe of islanders made their homes before the war. Seaman Livingston is the son of Mr. and Mrs. A. L. Livingston.

Pfc. and Mrs. Martin Elzinga have purchased the house at 308 West Huribut Ave., and have moved to their new home. Mrs. Bertha Biglow was the former owner.

"BEAVER DAMNS"

By
"Steve" Stephenson

It is an ill wind which blows no noses. I nearly up 'n' left the Island this week, not that it would make any difference to anyone other than myself, however, something of interest to me, and apparently to others came, to the surface.

A good old booster for B-I, hailing from Charlevoix met me on the street. After explaining that the Island had nothing to offer Mr. John Q. Public, her almost doctored it. My other shirt was all wrapped up in a Charlevoix Courier, and Mr. McPhillips was just

as well as on his way, BUT Ah—Sez I, "Mudam, what does Beaver Island lack insofar as being an ideal place?"

"First of all they have no public comfort station or drinking fountain," she remarked. That was a real blow—and the pitiful part is—while "Manjuana" (pronounced man-yannah) means tomorrow to the Southerner or Mexican, on B-I it means eventually. Two points for the lady of treason.

Further the appleknocker claimed we have no barber, no bank, no newspaper, no fun, no golf course, no fishing, no nothing. Thanks to my great strength, being able to lift a schooner over the bar—for a sip of the 7% started things perkling.

With ruffled hair, eyes spittin'

fire I took 'er on. Listen to me, Lady Charlevoix. King Ben lived on High Island with his harem and he had whippers as long as a baboon's tail. My Grandpappy had his throat cut in a barber shop, and died—Why in heck should anyone gripe about the lack of a barber shop. I'd rather be a King Ben than a King Tut. A Republican has a lot of close shaves on the Island, barber shop or no. Insofar as a bank is concerned, I lost the last money I had when the banks closed, and so Uncle Sam is using my surplus to help win the war—Gee, think how happy G. I. Joe will be when he receives that pair of socks purchased by my Victory bonds.

Since golf is the game which prolongs the life of some of our most useless citizens, we will skip that. We read the Courier, so why worry about a newspaper, and as to fishin'—my fine feathered chickadee—Ye columnist will challenge any man in Charlevoix to a fishing boat. I will fish with one who accepts the challenge, one day on the Island, and one day in Charlevoix, and he who loses will stand the expenses of the entire works.

Tony Wojan pulled a fast one. In the throes of King Alcohol in Cross Village, he was Shanghai'd on a ship headed for the Island. Upon arrival, he shook his feathers, looked around, saw two local boys, and said, "What are you guys doing over here in Cross Village?"

George Portt hunted deer, He didn't get a shot. Now he's back upon the Island, And a dear named Ann, he's got

Mrs. Selma Atkinson, and Friend Husband, and Mrs. Judge "J.P." Parker were cutting capers in the Shamrock recently. They told me the story about the traveling man who was caught out in the country, and had no place to spend the night, and so he went over to a farm house where the father and daughter lived alone—Well sir, they had the whole place in an uproar. You know the story, so we won't go into that (Just one

of the 2000 which have that same "cume-on". They hail from Pontiac, and are six cylinder jobs.

Vernon La Franiere, erstwhile Judge, jury and Court Supreme missed the boat, the plane, crash boat, and left his water-wings at home, thus he was detained in Charlevoix AWOL. He hasn't been out of the dog house long enough for us to find out the Truth, the whole Truth, and nothing but the Truth, so help me God.

Lieut. (j.g.) Adelbert Belfy of the U. S. Merchant Marine, is enjoying a lengthy furlough with his folks on the Island. Did I say "With the family?" I mean what spare moment he has to spare after visiting a darn nice girl friend who name is that printed on the bow of the ship which makes a daily trip to Erin.

Cricket Britches Cull is visiting in Chicago, while Dr. and Mrs. E. A. Kamm are awaiting her return in hopes of regaining their championship in playing mear, which was taken from them by none other than Cricket Britches in the flesh.

Father Keenan has returned after making retreat in Angola, Ind. He assured me upon arrival that it was bad enough to be an Irishman without being a Hoosier. I'm a dumb Hoosier, but I know some Irishmen, one in particular, who earned the title of "Two Way Corrigan".

Gary McDonough celebrated his fourth birthday, Thursday, July 19th. A lovely party was held in the home of Mr. and Mrs. Lawrence McDonough. Twenty-six youngsters, and 13 oldsters attended. Refreshments were most elaborate, and full stomachs prevented some of the contestants from taking part in the games which followed. Gary received many gifts, one a hammer with which to erect a new bridge across Crooked Creek, but the payoff was a cow and calf, the gift of the Grandparents, Mr. and Mrs. Vesty McDonough, Republican, the political Case in Peasine Township; a crisp \$1.00 added to the treasures, same to be used to buy calf meal, alfalfa, and other ho-

vine necessities. How does ice cream, cake, lemonade, as only a Beaver can make, sound to you, my dear sir. The name "McDonough," means in English, "Good food, good times, and more of it".

King Strang Spalding kicked in another idea for the benefit of his customers. Friday evening last, he prevailed upon Pat Fritz Kreisler Borer to bring fiddle, and wife to the hostelry. With Agnes O'Donnell at the piano, and Pat on the fiddle, things were about to happen, when a shortage of a "Callie" held up the parade. An S-O-S was radioed to the Shamrock, and elbenterelekshua came Bert McDonough, who was vacationing in St. James, hailing from Nomad, and Karl Kuebler. In jig time, circle two-steps, square dances, and Chi Kelsey, who dances on one foot, that being his wife's left pedestal, were in full swing. Lt. Dulin, and his wife played and sang Irish love songs with all gear thrown in, not married long enough to forget the better half, when out for one of THOSE evenings.

Corporal Bob Gatliff is home on a furlough after serving in France and Germany. He was in that department where they throw the big ones, which break up into little ones without aid of the stone pile. Field Artillery was his assignment, and thanks be, he came back to the Island looking "Tops". His father, Tom Gatliff, threatened to take him on for a bout, but methinks he had better get some broad gold stripes on his sleeve before he enters the ring with Gatliff Jr. Thus dressed, he will not have to fight.

The announcement of the engagement of George M. Stephenson and Mrs. Cora E. Portt, was announced recently, but due to objections of Mrs. Portt's son, and daughter, the jig is up, yes, even the grandchild came in for her two-bits worth. Hain't the world of matrimony full of 'complecshions'?

Port Master Lawrence Malloy has changed from Illegit Scamp to Union Workman. A man who chews is a man what does, claims the lively meat dispenser.

Mrs. Sonnendregger is so chipper over the food situation, she had the intestinal fortitude to step in the She-lay-lay and order eggs, "Sunny-side up".

A fisherman went in the bar. A lady friend was not afar. They pitched some woo, Mixed with a grin. And ordered up another gin. Who it was I'll never say. For fear there would be elltopay.

The bee is such a busy soul, It has no time for birth control. That's why it is, in times like these We have so many sons of bees. I'll be seeing you, Steve.

STANDING STILL IS TOUGH GOING FOR THAT CAR OF YOURS!

SOUNDS FUNNY — BUT IT'S TRUE! Cars that do a lot of "marking time" in garages actually need more care than cars that are used constantly. That's not just our idea. It's a scientific fact! When a car stands idle, water condenses in the crankcase — greases tend to dry and harden — there's a better chance for corrosion... to mention just a few of the evils that arise. So don't let the mileage fool you. In wartime, your car needs regular attention no matter how much or how little you drive it. And that goes double in warm weather!

WARM WEATHER'S NO TIME TO RATION CAR CARE! Heat has always been tough on cars. This year, it's more than ever important to guard against it. Don't put it off. Have your car thoroughly conditioned for warm-weather driving today. With our fine products — our tools and experience, we can not only help give your car more miles, more years in this emergency, we may even be able to save you up to an gallon of gas out of every ten you buy! And that's not idle talk! Here's our routine:

ENGINE... Drain out worn lubricants — replace with clean Summer Mobiloil.

GEARS... Check differential and transmission. Replace lubricants if necessary with the right grades of Summer Mobiloil Gear Oil.

CHASSIS... Thoroughly Mobilubricate your car — eliminate squeaks and rattles.

RADIATOR... Clean out your cooling system with Mobil Radiator Flush — condition it against rust and scale with Mobil Hydratane.

IGNITION... Check your battery, spark plugs. Clean or replace if necessary.

TIRES... Give them a thorough inspection for cuts and bruises. See that they are properly inflated for Victory driving.

BE ON THE SAFE SIDE — CHECK WITH US EVERY 30 DAYS

AGED-IN SEALED-IN FLAVOR

Nature puts a skin around a potato to keep flavor in... air and everything harmful out.

For the same reason Altes uses closed, instead of the ordinary open vat. Under this protective seal Altes Lager, like the potato, ages in flavor and ripens to the full perfection of its exclusive Aged-in Sealed-in Flavor. No other beer can offer you so much.

Cool Canning With Your Electric Roaster

How To Use Your Electric Roaster As A Boiling Water Bath

More than 1,700,000 electric roasters are in use throughout the country and can be used this year to help us do our bit for the war effort!

Cool Canning:

Because of the insulation in electric roasters, canning is not the chore it usually is; in fact, you will be amazed at how cool your kitchen stays when you use your electric roaster as a boiling water bath method of processing. It is amazingly efficient, and since it can be elbow-high, the work of loading and unloading is greatly simplified.

According to Ann Sutter, Director, Home Service Department, Duquesne Light Co., Pittsburgh, Penn., who has had much experience working with electric roasters, the following instructions will produce splendid results:

"Remove the rack that has handles on it if you are using quart jars and place the shelf rack in the bottom of the inset pan. I recommend doing this because the shelf rack has very shallow feet and consequently you obtain more room than when the other rack is used. If pint jars are being processed, the rack with handles may be used.

"Close the steam vents in the lid;

If there is no closing device, either plug the vents or cover them with small pieces of adhesive tape.

"Half-fill the inset pan of the roaster with hot water; set regulator at 450 degrees. As each jar is filled and its lid attached, according to instructions given by jar manufacturer, place it in the roaster. Leave at least a one-half inch space between the jars. When the jars are placed in the roaster, add sufficient boiling water to fill the well to within 2 inches of the top. Quart jars will be submerged in the water just a little better than half, but the steam that arises from the surface of the water to the roaster lid will maintain a boiling temperature. This is accomplished because of the insulated walls of the roaster. When the water in the inset pan is actively boiling, begin counting the processing time and reset the regulator to 325 degrees; process according to time tables for the Boiling Water Bath."

Of course, as all informed canners know, the boiling water bath is used only to process acid fruits and vegetables. All non-acid vegetables should be canned in a pressure cooker to avoid deadly botulism poisoning.

CAMP CHARLEVOIX

NEWS OF ACTIVITIES

The third week of Camp Charlevoix season got under way with a softball game between campers and town-boys on Monday afternoon. The campers' team won by a score of 12 to 5.

Overnight camping trips were taken by several cabin groups this week. Cabin 10, composed of Frederic Brace, Dick Grant, Jay Herbert, Walter Molecki, Franklin Moore, David Noe and Jim Smalley, went on a horseback riding trip. A sailing trip was taken by Cabin 13, composed of Don Becker, Frank Jackson, Douglas Long, Aaron Paxson, John Bushnell, Bill Slater and Phil Woods. Those campers who went to Hermit's Cove to learn campcraft were: Mike Boswell, John Paulus, Bob Brubaker, Rodney Chapman, Dick McConnell, Eugene Nelson and Billy White, of cabin 1; David Dingman, Jerry Grone, Dick Lambrecht, Bill Miller, David Stapla-

ton and Bob Tlatge, of cabin 3; Gordon Black, John Bonbright, Charles Brigham, Tim Roberts, Ed Smalley, Douglas Treadgold and Peter Kussurelis, of cabin 8; David Ball, Dick Glowacki, Ralph Glowacki, Jim Ilgenfritz, Donald Sherman, Dick Shewell and Buddy Skinner, of cabin 12; Virgil Fairbanks, Bill Grant, Sam Horst, Dick Means, Bob Miller, Bob Slater and Larry Walker, of cabin 17. A special trip to Mackinaw Island will be given on July 30 to the first twenty-nine boys that were enrolled for the 1945 camping season. Lewis C. Reimann, director-owner of the camp, and three head-counselors, Jim Smith, Chris Christopher and Jack McGuire, will accompany the campers on the trip. Those boys who will make the trip are: Don Gless, John Gless, Don Becker, Emerson Dentel, John Quackenbush, Bill Miller, Jim Hammer, Hoyt Spicer, Peter Kussurelis, Paul Smith, Frank Smith, Stanley Molecki, Walter Molecki, Barry Ewbank, Harvey Fischer, Marvin Snyder, John Williamson, Billy White, Julian Abell, Charles Tippy, John Bonbright, Dick Donovan, Pat Donovan, David Stapleton, Bud Roberts, Tim Roberts, Dan Bellinger, Dick Lambrecht and Bill Hall.

Camp Charlevoix was host to varsity riflery, tennis and softball teams from Camp Al-Gon-Quain on Saturday afternoon. Camp Charlevoix' teams were victors in both Junior and Senior softball games, by scores of 16 to 5 and 8 to 0. In riflery, also, the Charlevoix team was victorious, by a margin of 13 points. Tommy Tomlinson was high-point man on the team, with a score of 93 of a possible 100. Other members of the rifle team were: Michael Foster, Virgil Fairbanks and Dan Bellinger. In the tennis matches, Bob Slater won his match. Others who played on the varsity tennis team were: Bob Brubaker, John Williamson, Charles Tippy, Hoyt Spicer, Nelson Blanchard, Rowland Burnston and Bob House.

Chapel service on Sunday morning was conducted in the camp's outdoor chapel. Those who participated in the service were: Bob Brubaker, Burnie Burnston, Tom Matter, Charles Tippy and Hoyt Spicer. The Junior choir sang for the evening vesper service, and readers for the service were Dan Shoemaker and Lynn Klien.

Bob Seitz, instructor in canoeing and fishing, took a number of boys on fishing trips during the week. The trips were rewarded with a number of good catches.

Campers' parents who visited Camp Charlevoix last week were: Mr. and Mrs. Donald Brown of Ann Arbor, Mr. and Mrs. Frank Donovan of Muskegon, Mrs. Paul Ew-

HIGH ISLAND, Lake Michigan—An abandoned deserted village, complete to a church, school, saw mill, barns and numerous cabins, silently greets the traveler today as he visits High Island in Lake Michigan, the one-time colony and hide-out for King Ben Purnell and his House of David of Benton Harbor.

Like its nearby island neighbor, Beaver Island, where the Mormons once practiced polygamy under purported divine sanction, High Island was the offshoot of a strange religious sect featured by King Ben and his harem of young pretty girls.

The two islands, off the beaten path of modern tourists, have much in common as to their past history.

Today, the Irish Catholic fish-

bank and daughter Jane of Albion, Mr. and Mrs. C. J. Glowacki of Toledo, Mr. H. F. Glowacki of Detroit, Dr. and Mrs. Gordon Maitland of Grosse Pointe, Mr. and Mrs. B. G. Rich of Grosse Pointe, Mrs. R. J. Schuler and daughter of Grosse Pointe Farms, Mr. and Mrs. George Smalley of Ann Arbor, Mrs. C. R. Smith and son "Duffer" of Albion, Mr. and Mrs. Lem P. Woods of Tampa, Mrs. Kenneth Campbell of Ann Arbor and Mrs. Herbert Brubaker of Bliss field.

Being looked forward to by campers this week is a second inter-camp competition between varsity teams of Camp Charlevoix and Camp Al-Gon-Quain, which will be held Saturday at Camp Al-Gon-Quain.

er-folk dominate St. James, the former Mormon colony. And today the House of David settlement on High Island is slowly decaying into the sandy soil, its wooden buildings standing gaunt like silent sentinels to remind the visitor of the bustling activity 25 to 35 years ago.

From the captain's cabin of the conservation patrol boat No. 1, we had our first view of the small island, about two miles wide and four miles in length, as we rounded the northern coast of Beaver Island on an elliptical route back to Charlevoix.

Erwin Belfy, first mate, was at the wheel.

"About the turn of the century High Island was the home of Ottawa and Chippewa Indians," he related. "They lived in log cabins along the small bay at the northern end. The harbor is not a good one, but it does offer shelter under favorable winds. I recall the time when the Indians traveled by water in sailing boats, known as Mackinacs. That was about 1906, as I recall it."

From a marine map, Belfy piloted the 75-foot marine-powered boat toward the harbor. We tied up to a floating dock, used to load timber, and after lunch of delicious white-fish, prepared by Emil Pischner, the engineer-chef, Captain Charles J. Allers rowed the party ashore.

Along the semi-circle of the bay was the deserted settlement, about 20 buildings in all. Other than the gulls in the sky, the scene was void of life. The quietude amid the buildings had a haunting fascination. We felt like explorers who had suddenly discovered a forgotten city—the first persons to walk upon the scene.

The air was laden with sweet perfume. Lilacs were just in bloom. Outside of a large barn stood an ancient hand-hewn farm wagon. Inside was an ice cutter for two persons. Nearby were two sleds for hauling timber.

One of the most unique buildings in the settlement was a seven-sided log stockade, round in appearance, with a narrow entrance leading to an inner room. Leading out from the inner room seven bedrooms, all identical in dimensions. A brick chimney was suspended from the roof by iron supports.

ports, indicating that dwellers of the seven rooms had depended upon the central heating plant for warmth on winter nights.

Not all of the buildings on High Island were constructed by King Ben's followers. A half century ago the Indians resided there, and the Roman Catholic church maintained a mission and a school, probably an offshoot of the old mission at Cross Village, north of Petoskey, known to the French as L'arbre Croche, the oldest settlement of continuous occupancy in the state of Michigan.

After the Indians moved to St. James, attracted by steady wages of the fishermen and availability of liquor, King Ben and his bearded tribe moved to the seclusion of High Island, first to exploit the remaining good timber there and then to enjoy the perfect safety of the island as a hide-away from snooping police officers.

Beet by repeated charges of immorality, King Ben finally disappeared early in 1923, and the Berrien county sheriff twice raided the House of David colony in Benton Harbor in search of the vanished leader. We recalled, too, how a detachment of state police in 1926, four years after King Ben's disappearance, broke down the doors of the Diamond House at Benton Harbor and captured the missing king, garbed only in a nightcap and underwear, along with three women who were clad only in nightgowns.

The authenticity of these historic details is vouched for by the eminent Detroit historian, Dr. Milo M. Quaife.

Captain Allers, who was a young man on Beaver Island when King Ben frequently visited High Island, told us how one pretty wife protested against the king's rule that a bride must wait seven years to reside with her husband. She finally fled from High Island.

"The men at the settlement were suspicious of visitors," Captain Allers added. "They would not let us get out of their sight."

Today, High Island is a deserted bit of land at the northern rim of Lake Michigan. The wood buildings are slowly decaying. Like King Ben, who died in 1927, High Island has had its day of glory.

STRANGE ANGLES ON THE DOPE PROBLEM

Panicky drug addicts, confronted by a shortage of opium and other narcotics finding their way into this country, are employing desperate means to obtain the stuff. They are holding up doctors and resorting to other extremes to get dope. You may read about it in The American Weekly with this Sunday's issue of the Detroit Sunday Times.

Fish Chief Says Stream Stocking Is Unnecessary

Some Species Are Harmful to Streams, Says F. A. Westernman

Men who are responsible for the maintenance of good fishing in Michigan water now believe that transfer to lakes and streams of hatchery-reared fish can be a mistake.

Planting of alien species in lakes and streams can spoil fishing, also.

"Stocking is unnecessary, uneconomical, or even harmful if the species suited to the environment are already present," declares F. A. Westernman, chief of the conservation department's fish division.

"In the last decade the findings of the fisheries biologists, who have been given increasing support in their work in Michigan, have caused us to question the value of much of our past program," Westernman declares.

"Not that the money and energy spent by conscientious fish culturists and conservation officers have been wasted. Fish culture has made real and lasting contributions to fishing in many places by introducing and establishing desirable game species.

"According to the early settlers and explorers, brook trout were not found in many lower peninsula streams; they did not appear there until after they were planted. The rainbow trout and the brown trout were fortunate introductions also in most of the waters where they were stocked.

"The widespread planting of bluegills, bass, perch, and pike-perch (walleyes) has also resulted in establishing these species in many lakes to which they were not originally native.

"But the job of introducing suitable species has now been largely done."

Westernman adds that some plantings have also done harm to fishing. "The undesirable carp was distributed over the state for several years before it was realized that this Asiatic minnow was a menace to many game-fish," he points out. "The addition of new species in order to 'add variety' to the fishing is believed to have upset the natural balance in many waters resulting in generally poor fishing for both the native and the introduced forms."

Changes in fish management practices will be increasingly apparent in Michigan according to Westernman.

TOWN AND FARM WOMEN BEATING CITY FOLKS AT FAT SAVING

Our government knows that city women have done an outstanding job saving used fats—but now that you town and farm women have rolled up your sleeves, you are providing more used fats per kitchen than any other group in the U. S. Keep it up! 100,000,000 more pounds of used fats are needed this year to help make vital war supplies. Without your record savings, we'll never make that quota. Save every drop! Remember, it's the small amounts that fill the salvage can faster. Drippings, skimmings, scrapings, and fat scraps melted down. Your butter will give you 3 red points and up to 4¢ a pound. Hand-Hewn Wagon on Deserted Island

—Photo by Russell Martin, State Conservation Dept.

Primitive in its hand-made design is this two-wheel farm wagon, among the decaying remains of a deserted village on High Island, west of Beaver Island, in Lake Michigan off the Charlevoix-Petoskey coast. The settlement was first used by Chippewa Indians, and about 25 to 35 years ago by the "King" Ben Purcell's House of David at Benton Harbor as a summer colony.

Funeral services for Mrs. Laura Donaldson, former resident, who died in Detroit on Monday following a week's illness, will be held at the See Funeral Home at 2 o'clock Thursday afternoon. The Rev. G. R. Parker, of Northport, will conduct the services. Interment will be at the Brookside cemetery.

Surviving are two sisters, Mrs. Lelia Olmstead, of Detroit, and Mrs. Martha Eggleston, of Milwaukee, Wis., and one brother, Allen Campbell, of this city.

This ad appeared in a health magazine: "Here's a good exercise for your mid-section muscles. Clasp hands over head, place feet together on floor, bend to the right at the waist as you sit down to the left, and sit on the floor to the right of your feet. Stick to it and let us know the results." A week later the magazine received a one-word answer, "Hernia."

CHARLEVOIX WELCOMES VACATIONERS

BOND DRIVE LAGGING

Greater Sales Needed To Meet County Quota

BOND CHAIRMAN ISSUES SPECIAL APPEAL TO MERCHANTS AND CITIZENS AS COUNTY DEADLINE DATE NEARS

The Mighty Seventh War Loan drive is lagging! Charlevoix schools long ago turned in its quota of E bonds. But what about other series bonds? We will AND must make and surpass our quota here in all series, outlying districts of the county report their quota unfilled. That quota, too, must be met!

With the European phase of the war over, people everywhere seem to put forth a happy undercurrent by their words and actions. But the war in the Pacific is NOT over. Victory is closer now than it was last December, but if history is to be read aright, the cost up to now—or soon—will be 300 million dollars—a grain of sand in the desert compared with the big price in terms of sweat, blood and tears. To those who have husbands, fathers, brothers, sons in there pitching, the stark terror of the postman's step, the clutch of fear in sudden awakenings, and tears of loneliness that cannot be stayed—all bring to us the realization that the war is NOT yet over. We must go all the way, Charlevoix has never failed! Let's not slip now.

Following is the box score to date for sales in Charlevoix county:

Charlevoix E Bonds	\$94,575
Other issues	74,000
Boyne City E Bonds	63,100
Other issues	24,000
East Jordan E Bonds	49,475
Other issues	25,500

The above shows Charlevoix City over the top on E Bonds, but lagging in other issues.

Boyne City E Bond sales aggregate \$63,100, leaving them short of their goal by \$8,000; on other issues they oversubscribed by \$9,000.

East Jordan sold \$49,475 in E Bonds, \$21,500 short of their quota; having sold a total of \$25,500.

No returns for St. James twp., Beaver Island were available at press time.

"Charlevoix County's quota must be met," said Ralph Price, county chairman, "and I am sure it will be met if each person does his share in this, the greatest of all bond drives to date."

Bruce Zeitler Takes Bride

Former Charlevoix High Graduates Wed June 16

Miss Norma J. Scollen, daughter of William J. Scollen, of Leominster, Mass., became the bride of Bruce Zeitler, son of Mr. and Mrs. John Zeitler, of Detroit, on June 16. The Rev. Paul B. McArdle performed the ceremony at St. Leo's church, Leominster.

The bride wore aqua with matching hat and carried a bouquet of white roses and carnations. Mrs. Herbert Deyo, sister of the bride of Athol, Mass., matron of honor, wore pink with matching hat and carried an old fashioned bouquet.

Mr. Deyo assisted the bridegroom as best man.

A reception was held at the home of the bride's father after the service. For traveling the bride wore a summer sheer outfit. Following a wedding trip the couple will reside at Quonset, R. I.

The bride is a graduate of Major Edwards high school and West Boylston, and has been employed at the Commonwealth Plastic company. The bridegroom, a graduate of the Charlevoix high school, has been in the navy since 1941 and is now stationed at Quonset, R. I.

New Pastor

REV. GAYLORD HOWELL

The Rev. Gaylord Howell, who was appointed pastor of the First Methodist church at a recent Michigan Conference in Grand Rapids, has arrived here, accompanied by Mrs. Howell, to assume his duties as pastor. He succeeds Rev. Leigh H. Hagle, who has gone to Buchanan.

Rev. Howell, a native of Terre Haute, Ind., joined the Northwest Indiana Methodist Conference on June 8 and at that time received his Elders' Orders. He graduated from the Garrett Biblical Institute, Evanston, Ill., on June 11.

Rev. Howell, the son of Rev. and Mrs. Arthur Howell, of Newton, Ind., is one of a family of eight boys, four of whom are ministers. Three others are in the service and one, a high school senior is at home.

Rev. and Mrs. Howell are now at home at the Methodist house at 106 State street.

COAL USERS REMINDED SUPPLY IS STILL SHORT

"Consumers of coal seem to be under the impression that, having signed a consumer declaration, they are assured of having fuel for next winter, but this is not entirely true," Charles Heise, member of the S.E.A.W. area advisory committee, said.

"Production is 21,000,000 tons short at present and it appears he situation is growing worse rather than better," he said. "A retail coal merchant is obligated to furnish the kind and type of coal available," he said. "Consumers in this area generally prefer Pocahontas from district No. 7, which is moving into this market very slowly. High volatile bituminous coal No. 8, also restricted on an 80 per cent basis, is arriving more freely and should be mixed with Pocahontas to increase the available supply."

Franklin county coal from southern Illinois is available up to 100 per cent of consumer requirements. A person can receive 20 per cent of Franklin coal in addition to the 80 per cent allotment of districts Nos. 7 and 8 coal, Heise said.

Cpl. Livingston Visits Parents

Granted Discharge Under Point System

Cpl. Robert B. Livingston, was among the first veterans of the European Theatre to be granted return to the United States under the present War Department redeployment plan.

Cpl. Livingston has served overseas for 33 months. He participated in the North African, Sicily, French, Belgium and German campaigns. In addition he made amphibious landings in North Africa, Sicily and Normandy. He helped repel the Nazis Ardennes offensive, then swept across the Roer and Rhine Rivers fighting and pursuing the Germans until their armies were totally destroyed. His tour of overseas duty came to an end in Czechoslovakia where he had been a member of the division that had fired the first and last shots of the European War. "The Fighting First".

Cpl. Livingston has been awarded the following decorations: Purple Heart, N. African, Tunisia, Sicily, Normandy, N. France, and German campaign stars.

Cpl. Livingston was granted a discharge from the army under the point system at Fort Sheridan, Ill., on June 23. He had a total of 103 points. He arrived Monday to make an indefinite stay with his parents, Mr. and Mrs. A. L. Livingston.

TWO MORE VETERANS BECOME NEW MEMBERS

At the Thursday, June 14, meeting of the Veterans of Foreign Wars, two more veterans of World War II, Sgt. M. Franklin Olmstead and Cpl. Lyle Ross, became members.

Further arrangements were made for the Feather Party to be held on June 22. Proceeds will be used to purchase colors for the VFW.

At the first meeting of the newly organized VFW Auxiliary two new members were taken into the rapidly growing organization. After the meeting refreshments were served by the ladies to both the VFW and the Auxiliary. A large birthday cake for members with birthdays in June was served.

The next meeting will be at the IOOF hall on June 28.

'Lady Louena' As Magician

"Lady Louena", billed as "one of the world's few women escape artists", will be one of the performers here Friday, July 6, in the magic show which will be held at the High School Gymnasium under the auspices of the Ethnographer Circle of the Methodist Church.

In private life, "Lady Louena" is Mrs. Theodore T. Ghass, whose husband, is the magician of Friday's show. According to reports, she is fastened up in a way that makes her to all appearances helpless in some of the acts, and makes a most mystifying escape.

Hotels Announce Opening

Belvedere Hotel will officially open for the 1945 season on Saturday, June 30th, under the management of Miss Rae Ann Gravuer, who plans to leave the hotel business at the termination of this season. Miss Gravuer has appointed Clinton J. Traver as assistant manager.

The hotel is exceptionally heavily booked for the entire summer, and present prospects indicate that this will be the best season in the history of Belvedere.

Numerous improvements have been made throughout the hotel, including the entire west wing of the building having been completely redecorated. Several pieces of new equipment have been added to the kitchen, among which is a huge oil burning bake oven.

A new feature in the Cocktail Lounge is the addition of sliding doors separating the Lounge from the main part of the Casino. Howard S. Riehl, of Washington, D. C., and Miami Beach, Florida, will be wine steward.

The staff includes Mrs. John Durgin, housekeeper; Jesse T. Downs, chief steward; Mrs. Lillian Lipford, head waitress; Mrs. Queenie Wood, secretary; Mrs. Darlas Van Bussan, chief auditor; W. H. Cox and Mrs. L. C. Harger, day clerks; W. J. Hodges, night auditor; L. C. Harger, engineer, and Boaz Lettwich, superintendent of service.

T. P. (Proc) Wright, popular tennis professional, who was recently discharged from the U. S. Army, will return after an absence of three years. Miss Marjorie Wood will be in charge of the bathing beach.

Candlelight buffet suppers will be a weekly feature every Sunday evening, and buffet luncheons will be served at the bathing beach each Wednesday noon. Many interesting events are listed on the social calendar for the summer.

Numerous improvements have been made throughout the Belvedere Club grounds, including the building of a private road running from the corner of Belvedere and Ferry Avenues in back of the Casino to the bathing beach.

All available cottages have been rented, and practically every home on the Resort will be occupied this summer.

The Beach Hotel, under the guidance of W. E. "Bill" Flynn will open June 30. This is Mr. Flynn's sixth year as manager.

On his staff for the 1945 season, Manager Flynn has H. E. Lovely as chief steward who has been at the Beach six years; Mrs. Margaret Hammond Drigget, hostess; Mrs. H. E. Lovely, housekeeper; Charles Evans, as chief engineer.

"Our kitchens have been completely modernized," said Mr. Flynn, "and we expect to have the best season this year of any during my management. Our only hope is to be able to get enough food for our clientele."

In the Cocktail lounge, Harry Palmer will preside with music by Noble Perkins and his Brown Bombers. In the upper dining room, Harry Bliss and his orchestra ensemble will furnish dinner music.

Miss Alice C. Keith, of the Chicago Club, has been manager of that organization for eight years. Thursday, June 28, is set for his opening.

Hallett Hotel opens tomorrow, Thursday, June 28. Completely furnished and with new decorations throughout, it presents a honey appearance for the vacationers. Mr. and Mrs. Irving Hallett, owners, are formerly of the Hallett Inn. Mrs. Hallett is a former teacher here and a graduate of Charlevoix high school. For the

CENSOR HOLDS UP LETTER!

Riley Writes Of Action Aboard Ship

"Tip" Riley, S-I-c, in a letter received recently by Mrs. Riley, told of the action off Okinawa aboard his ship. The letter, written April 4, could not be mailed because of censorship until late in May. It reads in part:

"You will no doubt be surprised to hear that I have been in on the big show at Okinawa and it was some affair, believe me. We left our port on April 25 and started on our journey. We were called upon to tow one of our sub chasers escorted that had broken down so subsequently we didn't get 'get here' until noon of Sunday (April 1) when the invasion took place.

"We didn't go in to unload un-

til noon of the second day and we had a very quiet afternoon. It took us over six hours to unload and during that time we never fired a shot. There is an beach all here, it is all coral reefs, so we had to wait until low tide so we could unload.

"There is a sea wall all along the coast here and it was thought to be one of our biggest obstacles but the assault troops made short work of it. The first waves went in with no opposition at all to speak of. Throughout the first two days not one single enemy plane did I see although we did have two air raid alarms in that time. Our aircraft have the air all to themselves and our warships are unopposed in their shelling of the shore. They are dropping their

shells over the ridge, which is about four miles inland, so you can see it is pretty easy so far. It may get worse but I have my doubts about it.

"The island is a very pretty place with broad rolling farm land all along the shore. You can see the farms laid out and the green grass and trees are nice to look at. At the spot we beached we could see the ancient burial mounds of the civilians on the hillsides. They look like the Indian burial mounds you see around home.

"The weather here is about the same as it is at home. The days are warm and sunny but it gets pretty chilly at night.

"I can't tell you how many ships took part, how many troops we

put ashore or anything like that but I can tell you it was the biggest invasion ever to take place in the Pacific area. I've heard one army officer say that if this same force had been at Guadalcanal, that battle would have been an easy one. The Japs admit if they lose the war for them and you can bet that's a fact, too.

"You probably wonder why we are allowed to tell about this. As long as we are here we can tell about it, but when we leave we can no longer mention it. We still have a big job to do, keeping the forces supplied so before this is all over I imagine I will have seen plenty of the enemy, but so far they've been hard to see and even harder to catch up with."

FOSTER BOAT COMPANY EXPANDS INDUSTRY

Branch of Local Concern Locates In Petoskey

Petoskey City and civic officials joined with officers of the Foster Boat Company in groundbreaking ceremonies for a new plant to house the Canvas Division of that company, recently.

The building, to be block constructed in an "L" shape, will be built on the corner of Charlevoix Ave. and Greenwood Ave., with 200 feet of the building facing the trunk line and 100 feet on Greenwood. It will contain 12,000 square feet and is expected to be completed this summer. Upward to one hundred workers will be employed.

In the picture at right, Harry Foster, president of the Foster Boat Co., is seen breaking ground, Ross Bliss, superintendent of the Canvas Division plant, is second from left; Ted Foster, company attorney, is shown third from left.

The picture above reading from the left: Evan P. Price, secretary of the Petoskey Chamber; Ted Foster, Glen C. Townsend, councilman; Charles Bailey, councilman; Mr. Martz, Mayor Perry, Earnest Priebe, councilman; Mr. Scoggin, Mr. Bliss, Harry Foster, Percy H. Read, Louis W. Fochtman, and H. C. Spitzer, vice-president of the Chamber.

The Industrial committee of the Chamber of Commerce, headed by Mr. Martz, includes Ralph Feather, V. W. Packard, Mr. Fochtman, Mr. Read and Mayor Perry.

Veteran Returns After 50 Months

Charles Cellner Arrives Home for Indefinite Stay

Charles Cellner, veteran of more than 50 months army service, has been discharged from the service under the point system and has arrived here from Fort Sheridan, Ill., for an indefinite stay with his parents, Mr. and Mrs. August Cellner.

Mr. Cellner, who was a sergeant at the time of his discharge, entered the service in April, 1941, and after a short training at Fort Eustice, Va., was sent overseas the same year. He was stationed at Hawaii with an anti-aircraft outfit at the time of the Pearl Harbor attack and came through that without a scratch. In August, 1944, his unit was transferred to Guam. He returned from there to the States in March, 1944, and spent a furlough with his parents for the first time in almost three years.

Along with the Good Conduct medal, ex-Sgt. Cellner has the American Defense ribbon, the Asiatic Pacific ribbon with combat stars and the Pre-Pearl Harbor ribbon.

Softball Revived As Locals Enter Team

Harvey Hamilton Is Pilot Manager of Local Squad

Softball is back in Charlevoix again! After an absence of three years, Charlevoix again has a softball team under the auspices of the Curtis Market. Harvey Hamilton is the manager. A softball league has been started with headquarters in Petoskey, where four of the teams have their home. The league is comprised of ten teams: Boyne City Eagles, Boyne City Spots, Grange Resort, Harbor Springs, Cross Village, Oden, Charlevoix, McCabe's Hardware, Home Dairy, and Petoskey Tool and Die. While no league standings are available at this time, a complete list will be published when available. The league is mid-way through the first division, with the second division starting July 26. The winners of each division will stage a playoff for the championship, with the champs playing an All-Star team composed of the best players of all other teams.

A non-league game was played on the south side Athletic field Sunday, June 24, with the Boyne City Eagles, Charlevoix took the top end of an 11 to 10 game, clinching it in the last of the seventh inning. Charlevoix led 6 to 0 until the last of the fourth, when the Eagles started a rally which netted them 6 runs before it was stopped. The Curtis boys again stepped into a short lead in the fifth when they scored three runs. In their end of the seventh inning, the Eagles stepped into another rally and put themselves in the

Mr. and Mrs. Alvin John are the parents of twin daughters, Mary Louise and Christine Mae, born at home on Thursday, June 7.

MRS. THOMAS R. MORRISON

Mrs. Thomas R. Morrison died May 31 at St. Joseph's Hospital, Ann Arbor, after a long illness. She was a summer resident for about nine years, while her husband was captain of Logan Thompson's yacht "Sylvia". She is survived by her husband, Captain Thomas R. Morrison of the merchant marine and two daughters, Patty and Barbara, both in the WAVES. Burial was in Ann Arbor.

lead by a single run. With two men on and nobody out in the last of the seventh, Martin was forced at third and it began to look as though the Eagles were going to protect their meager lead. Then a single into left field by Olach scored two runs for Charlevoix, putting the game away.

Both pitchers had excellent support all the way, with their teammates committing only four errors. Dunnett, of Boyne City, yielded 14 hits, while Whitley gave up 17 for Charlevoix.

Monday night the boys went to Petoskey for a league game with

the McCabe Hardware team. While the Petoskey men took the long end of the score, the local boys played an excellent ball game. Petoskey started a rally in the second inning which made it look as if Charlevoix were going to be badly beaten, scoring five runs. In the fifth inning Charlevoix began to hit Wagar and garnered four runs before being stopped. However, McCabe held the edge in batting power, and won 9 to 7. One of the best plays made this year was made by Boh Carey, Market third baseman, when he speared one-handed a line drive

between third and shortstop. This saved Charlevoix several runs, since the bases were loaded and the hit looked like an easy double. Friday night the boys again go to Petoskey for a league game. At the present time, a game is scheduled with the Boyne City Spots for Sunday, July 1. The schedule of league games has not been announced.

Come to the Legion Hall, Tuesday, July 3, at 8:45. Play Keno all evening for \$1 and win a spring chicken!

GOOD RURAL LINE NEIGHBORS
KEEP CALLS SHORT

BEFORE the war, Michigan Bell was making real progress in reducing the number of telephones per rural line. But because there are so many more rural folks with telephones today, and because war has prevented expansion of the system, most lines are serving more families.

Even so, if everyone will "share the line" with typical American friendliness and consideration, you and all your telephone neighbors will enjoy better service. These three simple rules will go a long way in the right direction:

- 1 Please keep all calls short.
- 2 Please do not listen in or interrupt when the line is in use.
- 3 Please be sure to hang up your receiver. One receiver off the hook can tie up a whole line.

Cpl. McDagin's Death Confirmed By Army

Killed while Attacking Enemy Single-Handedly

Corporal Herbert G. McDagin, 23, of the 11th Airborne Division serving in the Philippines, was killed in action on December 22, 1944, it has been learned here. News of his death, received in January by his family, was given this week by his brother, Dan McDagin, who has returned here from Muskegon.

A letter from his commanding officer revealed the details of the action in which Cpl. McDagin, who was serving with a Parachute Field Artillery Battalion, lost his life. An extract from the report reads as follows:

"For gallantry in action on Leyte, Philippine Islands, on December 22, 1944. During an attack against the enemy, Cpl. McDagin, with utter disregard for his own safety, moved forward over fire-swept terrain to neutralize an enemy machine gun which was pinning down the remainder of his unit. By attacking the enemy single-handedly, this intrepid soldier drew fire on himself, which enabled his comrades to attack and

CPL. HERBERT McDAGIN

destroy the machine gun, routing the enemy from the area. In the performance of this heroic deed, Cpl. McDagin was killed. His cool, courage, intrepidity, and zealous devotion to duty set an inspiring example to his fellow soldiers and exemplify the highest traditions of the military forces of the United States."

Cpl. McDagin was born in Potoskey on November 22, 1922. He attended the Potoskey schools and later the Indian school at Flandreau, N. D. He entered the service in 1942 and had been overseas nine months.

Surviving are one brother, Don, and one sister, Virginia, who have made their home with their grandmother, Mrs. Sophie Case, of this city, since 1937. His parents, Mr. and Mrs. Edward McDagin, who had lived at Potoskey and Cross Village, preceded him in death.

News Of Our Servicemen

S/Sgt. Stanley Evers returned to Scott Field, Ill., on Friday after spending two weeks with his parents, Mr. and Mrs. Amandus Evers.

Cpl. Don Solomon returned to Sheppard Field, Tex., on Monday after visiting his parents, Mr. and Mrs. C. A. Solomon.

Sgt. Maurice Dixon, who is stationed at the Soo with the Army, came Sunday to visit until Thursday with his wife and with his mother, Mrs. Mary Dixon.

Richard Edwards, ARM 3/c, of the Naval Air Force, arrived Thursday to visit his parents, Mr. and Mrs. Arthur Edwards. He is enroute from Jacksonville, Fla., to San Diego, Calif. He was accompanied by his wife who makes her home in Newaygo. They will leave on Saturday.

Maurice Foster, Sp (X), who is stationed at Detroit with the Navy, spent the week end with his parents, Mr. and Mrs. J. M. Foster.

Ted Jancha, Cox., who has been on a 20-day convalescent leave here, returned to Ashville, N. C., on Monday.

From Clair S. (Bud) Webster, QM 3/c, out in the Pacific with the Navy comes the following letter: Today I received four copies of the best hometown paper in the world—The Charlevoix Courier. I hadn't received one since the middle of March so they were appreciated. It was nice to get some home front news.

Have been out here quite some time and can't say the climate or anything else is agreeable. I see "Tip" Riley about every ten days or so. We can't get together, but via semaphore or blinker, we have occasionally battled the breeze. It's better than nothing.

I saw Archie Lafraniere from Beaver Island about a month ago. Haven't seen him since though. I understand Joe Bellinger is out this way somewhere and hope to

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritic or neuritic pain, try this simple, inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a 2-ounce supply today. Mix it with a quart of water, add the juice of 4 lemons. It's easy, pleasant and no trouble at all. You need only 3 tablespoonfuls two times a day. Often within 48 hours — sometimes overnight — splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by CENTRAL DRUG STORE

see him one of these days. (Bud means Don Bellinger who is out there with the Navy).

I have a collection of picture postcards my folks have sent me over a period of a year or more. They do the hometown some real justice. I think by showing them to various persons, I have accounted for about 30 future summer visitors to Charlevoix! When an outsider says your hometown is 100% super then it must be. And I'm sure about 400 other fellows from Charlevoix feel the same way. And with the way things are going now, it shouldn't be too long 'till we can all get together back there.

In the meantime, an extra special thanks to the CSO for making it possible for us to get the Courier and to be able to keep up with things at home.

Behind Your Bonds Lies the Might of America

CORN

When farmers were appealed to for greater efforts during the first year of World War II, Iowa produced the greatest tonnage of foods and feed in its history. Its hay, grain and forage in 1942 totaled 29,527,000 tons, 23 per cent above 1941. Led by the record yield of 61.5 bushels of corn per acre, its eight main grain crops totaled 29,627,000 tons, 21 per cent above the nearest high point up to then. Millions of dollars from War Bonds went into processing those crops for our fighting men. The crops and land of America represent but a fraction of the real wealth of this richest of lands backing up your War Bonds. U. S. Treasury Department

First Islander

Is Released

Joseph Lafraniere, better

known as "Bussy", arrived in St.
James, June 14th. The first Is-

lander to receive release under
the point system. Entering the
Service January 15, 1942, he re-

ceived his training in Camp Cus-

ter, Camp Wallace, and Camp
Stewart, and further training in
Southern England, after landing
in Liverpool.

Sergeant Lafraniere served in
Oran, Algiers, Cassarine Pass, the
battle of Hill 609, the invasion in
Italy, Salerno and Anzio.

Three of the highlights of his
experiences, aside from the action
were the prayer service held in
Anzio, for the burial of the first

member of his unit, who had met
death by shrapnel. The meeting of
Joe O'Donnell while on guard duty
in Algiers, and the height at which
he raised his hand when the com-

manding officer asked those with
sufficient points to merit release
from service.

Entering the Service as a pri-

vate in the artillery, "Bussy" was
later transferred to the Infantry,
and was acting as instructor in
Naples, when he received shipping
orders; and bore the rank of Ser-

geant. Arriving in New York, he
was shipped to Fort Sheridan,
Chicago, for discharge. A large
gathering greeted him upon arriv-

al on the island, and all are await-

ing the return of many more.

Miss June Kibbe Becomes Bride of Clarence Heise

Miss June Ernestine Kibbe, daughter of Mr. and Mrs. Ernest Kibbe, became the bride of Clarence P. Heise, boatswain's mate, first class, U.S.N., son of Paul Heise of this city, at a ceremony solemnized at 9:30 Friday evening at the First Baptist church. The Rev. Ansley B. Claypoole read the service in the presence of their immediate families and friends.

Mr. and Mrs. Robert C. Heise of Detroit, brother and sister-in-law of the bridegroom, were their attendants.

The bride chose an afternoon gown of pink net with pink and navy accessories for her wedding. Her corsage was of white rosebuds. Mrs. Heise wore a dress of grey and white print silk with accessories of white and a corsage of red roses.

The couple left for a short wedding trip after the ceremony.

The bride is a graduate of the Charlevoix high school.

The bridegroom returned recently from 21 months overseas duty with the Navy in England and Germany. He will report at Detroit for re-assignment.

Pfc. Willard Nanegos A Bemedaled Hero

Sent to Percy Jones Hospital After Receiving Second Wound

A true native of Michigan—Pfc. Willard Nanegos of this city, an Ottawa Indian—has a war record equalled by few infantrymen. A former member of the famed 3rd Infantry Division, he has seen action in all but one of the major campaigns in the European theater in which his division participated.

As a result he wears the European Theater ribbon with seven bronze combat stars, the Bronze Star with an oak leaf cluster and the Purple Heart with a cluster.

"It seems as if I was killed a thousand times," he said. "I've been in that many tight places and thought I'd never live through them."

At the time he was inducted into the army, he was employed on construction work on the Grand

PFC. WILLARD NANEGOS

A TRUE Michigan brave is Pfc. Willard Nanegos of this city. He not only is a member of the Ottawa Indian tribe, but he is also a bemedaled hero of the present war. A veteran of the famous 3rd Infantry Division, Private Nanegos now is a patient at Percy Jones Convalescent hospital at Fort Custer.

Coulee dam in Washington, but he was born in Petoskey and his mother, Mrs. Jane Seeten, now resides here.

The stalwart 25-year-old Indian entered the army in December, 1941, and on Oct. 23, 1942 sailed overseas to participate in the invasion of North Africa.

His first citation came when he maintained a communications line during the breakout to Highway 6 near Valmontone; second citation for the Bronze Star was received when he disregarded his own safety to drive military vehicles out of a burning forest.

Hospital Board Met Wednesday

Report Shows Increase in Patients Treated

The annual meeting of the Charlevoix Hospital Association was held last week, Wednesday evening, in the club room of the City Hall.

Various reports were given concerning the business conducted by the hospital during the past year. It was revealed that more patients were treated during the past year than in any other previous year. While it is impossible to operate the hospital on a paying basis, yet with the generous support of our summer visitors, the financial condition as reported by the Treasurer was good. The cost per day of operation increased about 20% over last year due to increased compensation to nurses and other employees.

Board members, E. J. Edwards, J. M. Foster and W. H. Wallace were re-elected for another term of three years.

The hospital is operating under the able supervision of Mrs. Spence.

Telephone Traffic Increased Here

36 1/2% Increase in Long Distance Calls This Year

A record influx of resorters to this area has increased telephone traffic to an all-time high level at the Charlevoix exchange, C. L. Johnson, manager for the Michigan Bell Telephone Company, reported today.

Because of the situation, Johnson appealed for public restraint in the use of the telephone. He urged users to make only the most necessary local and long distance calls and to keep all calls as brief as possible. Pointing out that low night rates go into effect at 6 P. M., Johnson also suggested that the general public refrain from using long distance from 7 to 10 P. M. when servicemen are "on the line."

Johnson said that long distance traffic at the Charlevoix office in early summer was 36 1/2 per cent above the same time last year and that the number of local calls was about 10 per cent over the same period in 1944. Higher increases are expected during August, he said, unless individual use of the service is curtailed.

"Michigan Bell has been unable to expand its facilities because telephone manufacturing output has been going to the battle front where it belongs," Johnson pointed out. "If the public will cooperate to curtail its use of our facilities, everyone will get better service."

FIRE ALARM INTERRUPTS BRIDGE GAME BRIEFLY

An otherwise pleasant evening of bridge was interrupted briefly at 10:30 P. M. Monday, when the fire department was called to 405 Michigan Avenue to extinguish a blaze on the roof of the structure.

Occupied by the J. E. Simons, the building was undamaged, and only slight loss resulted when Mr. Simons, who first noticed the flames shooting from blankets on the rear of the roof, extinguished them with several pails of water, drawn from the upper room faucets. Sparks from the chimney caused the blaze, it was determined.

Mr. Simons praised the fire department for bringing the fire fighting equipment to the scene in record time.

Printer's "Devil" Takes To Camp

"Nick" Hamilton, in charge of mailing, and all-around handyman at the Courier composing room, this week took off for Camp Grelliek, near Traverse City, where he will enjoy a three-week outing at the Scenic Trails Council, Boy Scout camp. "Nick" was accompanied by brother, Sam, and Warren Shadko.

Among activities scheduled, in which the boys will take part, are overnight canoe trips, water carnival and the usual fascinating campfire program stories by "Pop" Tennant, camp chef.

Its Doors Again Swing Open to Public

Completely rebuilt and modernized under war-time restrictions, the 500-seat New Palace Theatre, pictured above, will be opened to the public at a matinee performance beginning at 2 o'clock today. Bette Davis is featured in the outstanding screen production, "The Corn Is Green".

Harbormaster Welcomes Cruiser Valerie V

Valerie V, 98 foot cruiser, owned by D. A. Bennett, of Chicago, docked in Charlevoix Harbor, Monday, Capt. Fluhr, in charge of the cruiser, said "Charlevoix has the best and most beautiful harbor we have seen in two weeks of sailing." The captain and guests were officially welcomed by Harbormaster Joseph Howard.

Capt. Fluhr and four guests, who left Chicago on a fishing trip, originally planned for Georgian Bay and Canadian waters, also made a trip down Lake Charlevoix in quest of the famous Lake trout and steelheads. They left port Tuesday.

GRUBAUGH & SON PURCHASE CABIN SITE

Donald Grubaugh and son of Lansing have just purchased the cabin site, formerly owned by Allen Pees, located six miles north of Charlevoix, on U.S.-31. Mr. Grubaugh has added a group of fine saddle horses and maintains a beautiful bridge path where the public may rent horses by the hour or day.

URGENT INTERESTED AIDES TO ENROLL AT ONCE

Women who are interested in the Red Cross Nurses' Aide Training class are urged by Mrs. E. J. Edwards to enroll at once.

Interested ladies may enroll by contacting Mrs. R. L. Lewis, Mrs. D. C. Nettleton or Mrs. Albert Cook.

Classes will begin early in September and enrollees should apply at once.

ATTEND CONFERENCE

The sixteenth annual University of Michigan summer conference for school administrators, superintendents and teachers of southern Michigan was held in Ann Arbor on July 23-28.

E. D. Wagner, superintendent of the Charlevoix schools, who is teaching at the University this summer and Miss Frances Milner, principal of the elementary school, attended the conference.

Courier Is Widely Read, Says Lieut. Homer D. Jones

In a letter received this week from Lt. Homer D. Jones, Jr., he relates:

"Before I receive orders as did Edward K. Shanahan (who will now command his own ship), you should know how widely the Courier is read. During the past year, when I was in the Pacific for the past 21 months. Until enlisting in the Navy in November, 1942, he had spent many summers here.

His parents, Mr. and Mrs. Homer D. Jones, of Oak Park, Ill., have been coming to Charlevoix for the past 23 years and Mr. Jones' parents, Mr. and Mrs. Stephen B. Jones were summer residents since 1907.

Lt. Jones' wife and 20-month-old son are spending the summer with his parents.

W. H. "Bill" WALLACE

W. H. "Bill" Wallace, under whose supervision the beautiful New Palace Theatre was completed today, is shown above with his dog "Pal," constant companion to the "Boss" during working hours or relaxation. The structure was completed in the record time of 90 days after a fire on March 5, had completely destroyed the building, leaving only the walls.

Post-Season Cruise To Mackinac Island

Moonlight Cruise on Lake Michigan Also Planned

A post-season cruise by the Steamer City of Grand Rapids is scheduled from the Charlevoix municipal dock between Sept. 5-10.

A four-hour moonlight cruise on Lake Michigan and a cruise to Mackinac Island and return will be available if enough passengers will signify their intentions by calling 105.

The Steamer is equipped to carry 1,500 passengers, and every modern convenience is provided. Early reservations are desirable.

Along the Avenue

By The Editor

Seems like only last week that a fellow predicted this would be a cool summer.

The fellow who brings home the bacon these days is not only a good provider... he's a magician. How about it, Mr. Prevost.

On our way from the hospital the other morning we attempted to correct a youngster who was pulling a cat by the head. "I'm not pulling," he answered, "He is."

It takes a good hot spell to remind us that ice isn't always what it's cracked up to be.

By action of the 1945 legislature, commercial fishing is prohibited in Little Traverse Bay and west arms of Grand Traverse Bay.

"Shorty" Sternberg drove over to Ironton with a party of local anglers, last Thursday P. M., landed his limit in smallmouth bass, which weighed from 2 1/2 to 3 pounds each, and returned without any close shaves.

Never have we heard such a similarity of Grand Opera as put forth by "Polly" the parrot on exhibition daily at L. W. Oldham's gas dispensary.

Charlevoix—Final survey started for five miles of concrete pavement on US 131 between Boyne Falls and Walloon Lake to replace present gravel.

AFTER THE WAR—

"Would you please help a man whose wife is out of work?"

A gent on the street the other day told us he thought the pay-as-you-go income tax plan is fine, but he'd like to know where we're going.

Go easy with those old tires these warm days. When you die, you're dead a long time.

"Please be advised," says C. L. Austin, who has recently moved to Leaning, Mich., "that I do not care to be burdened by your paper each week." He continues, "I am sure there would be little interest in it for me." The publisher now has one new subscription (Continued on Page 4)

Open Doors For 2 o'Clock Matinee with 'Corn Is Green'

500-Seat Showhouse Also Equipped With Latest Sound Equipment, New and Larger Screen

The New Palace Theatre which opens its door to the public at 2 o'clock this afternoon will offer patrons of Charlevoix and vicinity a modern up-to-date show place. Mrs. Elizabeth Moon, owner of the New Palace, promises the latest in entertainment for theatre-goers.

With improvements in the sound equipment and a new and larger screen, together with modern improvements throughout, this new theatre brings to Charlevoix the last word in sound movie entertainment. The structure, 45x100 feet, has a seating capacity of 500.

Working under handicap of material and labor shortages, William H. Wallace, construction superintendent, completed the building in record time—a total of 90 days.

On the program for matinee and evening shows is the outstanding screen production "The Corn Is Green," starring Bette Davis, and Nigel Bruce.

In accordance with its accepted policy of the past, the management will book only the most modern films available for its tourist patrons as well as local citizens. A schedule of pictures for the week will be found elsewhere in this issue.

Recital Given At Palmer Home

Rose Mary Nackerman, Bernadette Malloy, Grace Gatliff and Ellen Nackerman, presented a piano recital at the home of Dr. and Mrs. Russell Palmer last Thursday evening. Four Amphibian Planes Visit Charlevoix Airport

A group of four planes, under command of C. A. P. pilot, Lt. Allen, arrived at the Charlevoix Municipal airport late Thursday.

Leaving Austin Lake airport, near Kalamazoo, Thursday afternoon, eight planes began the flight here, but a low ceiling at Cadillac grounded half the group. The other four planes, with 12 passengers aboard, continued the trip, which was planned as an "inspection tour" of our airport.

Ralph Burns, a native of Charlevoix, was among the group and first to arrive at the airport. Lt. Allen, Stewart Irvine and Lee Geverich, piloted the planes.

Wedding Bells will soon be ringing in this community.

Sunday callers at the Wm. Jolliffe home were Mr. and Mrs. Eugene Best of Ellsworth, Mr. and Mrs. Alan Bolhuis, Mr. and Mrs. Emerald Bolhuis and children of Barnard, and Mrs. Raymond Starford and daughter, Imogene of Norwood.

Pvt. and Mrs. A. Cronin, of East Jordan, and Mrs. Gale Brintnall were supper guests of Mr. and Mrs. Wm. Parsons Tuesday evening.

Lt. Gale E. Brintnall, who has been stationed at Carlisle, New Mexico, with the Army Air Force, arrived Saturday evening to spend a 15-day leave with his wife.

Pfc. Isiah Brown arrived home from the European theatre to spend a 30-day leave with his parents, Mr. and Mrs. Frank Brown.

Mrs. Wm. Jolliffe and Mrs. Irving Lord accompanied Mrs. Gerald Doremy to Rogers City where she visited her husband whose boat was docked there for a few hours for loading.

Miss Helen May Brown returned to her job in Detroit after visiting at the home of her parents, Mr. and Mrs. Frank Brown for several months. She was accompanied by her grandmother, Mrs. Chlon Garwood, who returned to

rence Malloy Jr. Who are we to criticize anyone on the island for using axel grease in the place of lard when cooking? Pig squeals are bringing 50c per, two-hits for a hen's cackle, and should a priority be plastered on drinking water, it is only a matter of time when the natives of the Beavers will be known as the lost Nation.

Lord Privy Seal and wife, Bridget McKelvey, and Michael and Mavourran O'Dolan, Tevered a bit and then took forth in a canoe, heading South on the Big Lake. The party was swamped, and an SOS brought aid from the S-B Project, and party and canoe were returned to the port of departure.

Dr. Pat Kamm: "Don't these Irishmen worry about this, that or the other thing?" Pat Smith: "They worry about nothing." (PERIOD).

Earl Boyle had a darling lamb, On Charlevoix Bay. Along came Carol Webster, And stole the lamb away.

Carol took the lamb to drink, Which was against the rule. While Earl sez that any guy Who goes fer girls, a fool.

James Urquhart, of Saginaw, Mich., took over the activities of the Sand Bay Project, the past week. His father, mother, and grandmother were immediately given positions as cleaner-uppers, and a decided improvement has been noted. Mr. Urquhart replaced Mr. Stephenson who has gone to St. James for a rest.

Major John Gates McCann has been spending a few days with the folks to home. The Major has been supervising flexible gunnery with the 4th Army. Uncle Sam knows his onions when it comes to locating good shots, and good sailors. Fino chap, and the Island's best wishes go with him to where ere he is assigned.

This man Dr. Gibbons is a two-fisted farmer, and on foolin'. His two-man milking method has gone over with a bang. By milking their one cow at the same time, that is, father and son, it cuts down production cost, thus more time is available for Victory gardening. The unit has already received their efficiency flag from the government, for being able to locate the garden beneath the blanket of weeds. The planter of said garden, the Hon. Johnny Whiskers, Agricultural expert, after making a survey, suggested that the garden be cultivated.

Dr. Gibbons, a learned man, a student of Ancient history, and an authority on the activities of the pre-historic man, agreed that lettuce leaves should not be spaced closer than six inches apart. The Hon. Johnny had just the proper equipment to do the work, while Dr. Gibbons had the

power to start, and the power to stop. A little one ton cultivator, wagon tongue, and oil was hauled to the garden site. Father at the helm, and four boys with ropes attached dug good healthy drainage ditches between the rows, and left a fringe of weeds to shade the vegetables during the heat of the day.

Many of the contestants in the Chicago-Mackinac yacht race, parked in St. James Harbor for several days. Swell boats, and swell folks. Come early, and often, but if you don't want to be shot for a monkey, do like the rest of us do—wear a shamrock.

Mr. George Wellington Wright was seen riding his bicycle up and down the main drag. These old timers sure go places and do things these days. He has no trouble avoiding automobiles, but complains that cattle do annoy him to some extent. Let's hope that while cattle are allowed to

room at random, there is a low against taking your girl friends riding on the handlebars of a bicycle. Embarrassing it would be for Deputy Sheriff James Gallagher to be compelled to make such an arrest.

Two-tooth McGinnis slipped on a remark lost week, and knocked the other tooth which lies due East of the other bicuspid, loose on its foundation. It was soon repaired by the able hands of Wilford O'Brien, the welder of pipe wrenches.

Watch next weeks column for some real scandal. A fellow whose wife has been away, was seen sitting in a dark pick-up truck with one of my greatest critics. It was daylight, and on the Main stem, but as Lawrence put it—"Hettie Green made her fortune by tending to her own business".

Vesty and Mary McDonough week ended in their country home.

C. P. (Bud) Heise, BM 1c, arrived last Tuesday from the east coast to spend a 30 day leave with his father, Paul Heise, and other relatives. Mr. Heise has been overseas for 21 months. He served on an LST between England and France during the invasion of Normandy and more recently has served in Germany with the Navy. He will report at Detroit for reassignment.

Ensign (T) Archie Swartout, who is stationed on a Great Lakes freighter, visited his brother-in-law and sister, Mr. and Mrs. H. Walstad, and other relatives on Thursday and Friday.

Don Boss, S1-c arrived Friday evening from Gross Ile to spend the week end with his parents, Mr. and Mrs. John Boss.

Pvt. Carl Schaitz arrived Saturday from Las Vegas, Nev., to spend a 10 day furlough with his mother, Mrs. Thomas Sarna, and other relatives.

Pfc. Frederick W. VanWierien, of the Marine Corps, son of Mr. and Mrs. Martin Van Wierien, former residents now living at Holland, spent Saturday with friends here. Pfc. Van Wierien, is a patient at the Naval Hospital, U.S. N.T.C., Great Lakes, Ill., while recuperating from wounds in the invasion of Iwo Jima last February.

Robert Bolhuis, 33, a veteran of 56 months with Army Air Forces, has been discharged from the army with a total of 137 points and arrived Thursday from Fort Sheridan, Ill., to make an indefinite stay with his parents, Mr. and Mrs. A. J. Bolhuis, RR1.

A corporal at the time of his discharge, Bob was a mechanic in the ground crew of the air forces. He enlisted in November, 1940, and two weeks later was sent to an army air base in Hawaii. He was stationed there at the time of Jap attack on the island. He took part in the battle of Midway, was stationed in the Solomon Islands for 10 months. He also participated in the battle for the Marshalls and the Gilbert Islands and before coming home was stationed on Saipan and Guam in the Marianas.

Bob wears five combat stars on his Asiatic-Pacific campaign ribbon, the Presidential Unit Citation, the Pre-Pearl Harbor ribbon, and six gold bars denoting 36 months overseas duty.

Now that he is home again he plans to continue in his occupation as mechanic.

Henry C. Austin and Charles Austin have been discharged from the army after serving in the European theatre and have returned to Petoskey to make their home. They are former Charlevoix residents. In a recent communication they wrote: please discontinue the paper as we have both been discharged. We want to thank you very much for sending us the paper while we were overseas. It was wonderful and we do appreciate it.

Pfc. Louis G. McSawby writes from somewhere in Germany: Just a few lines to let you know that I am very much alive and hope that the good old home town is likewise.

A word about entertainment: as far as stage shows are concerned Kraut music does not appeal to me at all. Give me that good old American Boogie anytime.

T-Sgt. Clarence M. Smith writes from Enid, Okla.: I will be stationed at the Enid Army Air Field for some time and I would appreciate being back on your mailing list. I have missed the hometown newspaper very much in moving around these last few months so it will really look good again. Thank you very much for the past copies.

Cpl. Ezra N. Thomson, who is stationed in Europe with a field artillery battalion sends a V-mail with a change of address and the following message: Will fill this little space by thanking you for the paper for all these months. It sure was a pleasure having it sent to me and I want you to know that I thank you for doing so. Am feeling fine and hope this finds everyone at home in the same way. Hope to be seeing you before too long and thanks again.

Please change my address to U. S.N.A.D. Earle, N. J. Co. 63 so I can get OUR paper again. I have been receiving it for a long time and miss it now. Many thanks to all who make it possible for us to get it. Howard Kane S.M. 1-c.

Cpl. Charles Wabamink, a member of the ground crew of the Eighth Air Force in England and France, has arrived from overseas to spend a 30 day furlough with relatives in Charlevoix. He has been overseas for two and a half years.

PFC John Soule of St. Albans, Vt., will tell you to buy all the War Bonds possible if only to repair physical damage of war. He's been through tough days as a result of a strafing by a Nazi plane in Europe.

War Bonds do great things for our fighters. They furnished this apparatus for Army fighter in Italy to support his head until his neck was strengthened. He shows he's pleased. Name of the hero lad was missing from photo.

Dean Blatchley, 28, Lebanon, Ore., dropped safely behind enemy lines in Europe but an "88" bowled him over. He came back to tell Americans everywhere to buy War Bonds to rebuild shattered bodies of the lads still fighting Japan.

Pvt. Patrick A. O'Connor, Cleveland, O., recovering in Hawaiian hospital from wounds suffered in action with 11th Airborne Division, says dig deep for War Bonds because the men over there will need the best care doctors can give to the fighters who are being struck by Nip ammunition every day. More money is needed for the ships and supplies to support the millions who will be blasting at Japan for months. O'Connor will tell you how tough it is.

Nor the riches that heap in your coffers each day;
But the good you accomplish for the fellow that's down
That makes you a man among men.

'Tis not the love you gain as you go,
Nor the smiles that greet you from high and low;
But the love and good cheer that you spread all around
That makes you a man among men.

A MAN AMONG MEN
There was a man
And all his life
He worked in a shipyard
And he had a baby
And it was going to be christened
And for a week
He couldn't sleep nights
Because he was worried
For fear the minister
Would hurt the baby
When he hit it with the bottle.
—C. B. S.

This is a government by the people, and the people are to blame if they are misrepresented.—Theodore Roosevelt.

A youngster may be a pain in the neck when he is around, but he's a pain in the heart when he's not.
And here's another one of those auction hill classics—this one sent to by a reader:

In a town in southern Michigan, a newspaper office received an order for some sale bills on June 29, and the work was promised for June 30th. June 29th being the last day before the prolonged drought the printer decided he would lift a few in honor of the occasion. One glass brought company and the spirits flowed freely. Suddenly the printer thought of the sale bills. Hurrying back to the office, he set type with both hands, printed the bills and wrapped them up. When the farmer started putting them up, this is what he read:

41 head of cultivators; 10 head-of-shoveling bears with scoops by side; 3 piano mares; 120 rods canvas belting; 1 De-Laval cow with ice cream attachment; 1 McCormick binder in foal; 1 Poland-China hobbled due to farrow in April; 14 head of chickens with grass seeding attachment in good working order; 2 J. I. Case riding heifers; 1 spraying outfit, can be ridden by children; 15 billy goats, 10 bu. capacity with spraying nozzle; and other articles too numerous to mention.

A North Dakota farmer recently sold a cow that topped the scales at 1,805 pounds. What a lot of hamburgers!

Everybody is offering advice and attempting to find jobs for returning servicemen! How about asking the veteran what he'd like to do?

We asked a soldier, who just returned from England, how the weather was over there. He said it was so foggy all the time he couldn't tell.

What this war doesn't cause. Recently a private stationed in the Pacific sent his mother a batch of cookies. He's an army cook and baker.

NEAT TRICK—
After the accident, the doctor didn't put any stitches in, I just pulled myself together.

If you think the 1945 summer is cool, remember 1944 which was the eighth warmest year recorded in Michigan for 81 years. The most snow, 11.6 foot unmelted, fell at Ironwood. The greatest snowfall in lower peninsula was 87.7 inches at Bloomingdale, Van Buren county. Michigan's weather is reported by 145 observers from all counties in the state.

Pour some cold water on your wrists. It's great if the heat bothers you.

For a continuous supply of fish

worms, the state conservation department recommends the following: Fill an iron container with 50 per cent rich earth and 50 per cent dried coffee grounds. Add one pound of vegetable shortening and one pound for corn meal monthly for each 5,000 worms.

War Ration Book Five, "smaller than a dollar bill" and containing just half as many stamps as the last book issued, will be distributed through the public schools in December. At the same time, the new "A" Gasoline Ration Book will be issued.

Distribution will take place at school houses or other public buildings throughout the nation from December 3 through December 15. OPA district offices will fix the exact time for each local area. The new "A" Gasoline Books will go into use December 22, and War Ration Book Five will be used soon after the first of the year for food rationing and for rationing shoes.

In Appreciation

It is with regret that we, the agricultural committee of the Charlevoix County Board of Supervisors, have accepted the resignation of Mr. B. C. Mellenkamp as agricultural agent of this County.

During his twenty-one years of service we have seen the Agricultural Extension program grow in many ways. At first his efforts were directed towards advising farmers in the more efficient and economical production of agricultural products. Later with the organization of eighteen Home Economic Groups and the participation of about four hundred and fifty young people in the various 4-H Club Activities his contributions served each member of the family.

Mr. Mellenkamp has been very helpful in the organization and successful operation of the various co-operative organizations in the County. The Jordan Valley C-Operative Creamery now has over fourteen hundred members and the Top O'Michigan Rural Electric Company owes most of the farms of the County.

Several years ago the lands of

the County were classified as to type, and later maps were made showing their adaptability for farms, recreational and forest purposes. This information has been of considerable value to prospective purchasers.

During the War much of his time has been taken up as a member or advisor of the various Governmental Agencies in the County.

Many a farm is more productive, many a farmstead more beautiful, many farm homes more livable and many farm families more prosperous because of these years of service.

We wish to take this means of expressing our appreciation to Mr. Mellenkamp for a "Job Well Done."

GOLD, SILVER, COPPER
Billions of dollars' worth of gold, silver and copper have come from the mountains of Montana since John White in July, 1862, made the first "pay" discovery of ore on Grasshopper Creek, and Bannock Camp arose. Richer ground was located at Alder Creek the next year, then Virginia City took the laurels and after that Helena, the camp that became the capital city. Such resources are only a small part of the vast resources backing up your War Bonds.

STANDARD OIL DEALERS' BETTER CAR CARE

He punished himself for fun!

CHARLES F. LUMMIS was a hard man, and the harder the going, the better he liked it. On September 12, 1884, he set out from Cincinnati on a roundabout walk that ended February 1, 1885, in Los Angeles. 3507 miles in 143 days! On his best day he covered 79 miles. He cured blisters by walking on them. He broke his arm, set it himself, then walked 30 consecutive hours through the snow-bound Rocky Mountains.

Mr. Lummis enjoyed walking great distances. Most people don't. Yet tens of thousands are walking whether they like it or not... motorists whose cars have worn out.

How about your car... is it getting the special professional attention that can check wear? Don't take chances... use your Standard Oil Dealer's Better Car Care Service now.

CAMP CHARLEVOIX

NEWS OF ACTIVITIES

On Monday of Camp Charlevoix' fourth week of this season Cabin 9, composed of David Bethell, Frank Black, Harvey Fischer, Gordon Maitland, Ted Miller, Hoyt Spicer and Charles Tippy, went on an overnight canoeing trip down Lake Charlevoix to the former site of Camp Kalfree. The weather was fine for camping and the boys had a very good time.

Green and Grey league games on Tuesday morning were between teams of the same league, to determine the standing of each team. In the intermediate section, Jim Smalley's baseball team defeated Jim Hammer's team by a score of 11 to 8. Both teams are members of the Green league. In the Grey league, Tim Wolfe's team defeated Buddy Skinner's team at basketball, by a score of 9 to 7. Senior Green teams played baseball; Mike Foster's team defeated Buddy Roberts' team 18 to 11. Senior Grey teams played volleyball; Tommy Tomlinson's team was victorious over Nelson Blanchard's team 2 of 3 games.

On Tuesday afternoon Junior cabins 2 and 4, composed of Emerson Dentel, Joel Grossman, Bill Hall, Lynn Klein, Stanley Molecki, Toddy Woods, Richard Haan, Richard Greene, Jim Logie, John Logie, Jimmy McEachera, Laurence Scoville and Craig Wardfield, went on an overnight hayride to Mt. McSaubu. Cabin 16 also journeyed to Mt. McSaubu for an overnight trip Tuesday, going on horseback. Those in cabin 16 who made the trip were Nelson Blanchard, Ronald Brown, Dick Donovan, Mike Foster, David Schuler, Lincoln Scott and Tommy Tomlinson.

Tuesday was a popular day for trips; in addition to the trips to McSaubu, Cabin 11, composed of Julian Abell, Dick Fitzgerald, Jim Hammer, Karl Ludvigsen, John Quackenbush, Joel Walker and Tim Wolfe, made a canoe trip

down the east side of Lake Charlevoix about eight miles, to a camping site opposite Whiting State Park. Cabins 12, 15 and 17 hiked into town, where they swam in Lake Michigan and visited ice cream parlors. Those who went on the hike into town were David Ball, Dick Glowacki, Ralph Glowacki, Jim Ilgenfritz, Donald Sherman, Dick Shewell and Buddy Skinner, of Cabin 12. Tom Galantowicz, Pat Pfarrer, Bud Roberts, Frank Smith, Paul Smith, Dick Taylor and Gray Tutthill, of Cabin 15; and Virgil Fairbanks, Bill Grant, Sam Horste, Dick Means, Bob Miller, Bob Slater and Larry Walker, of Cabin 17.

All Camp Night on Wednesday night had many of the features of a picnic; the bill of fare included hotdogs, and campers played various games after dinner.

Fly! Charlevoix to Beaver Island.

Three cabins went to Susan Lake Thursday afternoon on overnight hikes; Junior cabins 1 and 3 went on a haywagon, and cabin 8 went by horseback. The Juniors learned a good deal of campcraft and had a special nature-hike, those who were along on the trip were Mike Boswell, John Paulus, Bob Brubaker, Rodney Chapman, Dick McConnell, Eugene Nelson and Billy White, of cabin 1; David Dingman, Jerry Grone, Dick Lambrecht, Bill Miller, David Stapleton and Bob Tatge, of Cabin 3. Cabin 8 is composed of Gordon Black, John Bonbright, Chas. Brigham, Tim Roberts, Ed Smalley, Douglas Treadgold and Peter Kussurich.

Still another cabin went on an overnight trip during the fourth week; cabin 12, composed of David Ball, Dick Glowacki, Ralph Glowacki, Jim Ilgenfritz, Donald Sherman, Dick Shewell and Buddy Skinner, went on an overnight sailing trip Friday night, to a spot about six miles down Lake Charlevoix. The weather was par-

ticularly good for sailing and the group has a lot of fun cooking in the woods.

League competition on Saturday afternoon consisted of basketball freethrows. The Junior Green team made 11 points to the Grey team's 8 points; the Intermediate Grey team edged out the Green team, 27 to 26; and the Senior Grey team made 20 points to the Green team's 19 points. The total scores differed by only one point—the Green team won the afternoon's contest by a score of 56 to the Grey's 55. In the season's league competition, the Green team is leading by 10 points.

Saturday night—Dramatic Night in camp; last week's program included skits by three cabin groups, cabins 10, 12 and 16, and a comedy, "Two True", presented by Virgil Fairbanks, David Ball, Dick Glowacki, Dick Means, Jim Smalley and Dick Shewell.

Chapel services on Sunday morning were held in the camp's outdoor chapel. The music included numbers by the Junior choir, and those who helped in the services were Ted Miller, Nelson Blanchard, Frank Moore, Fred Brae, Frank Black, Harvey Fischer, David Noe, Tommy Tomlinson and Ronnie Brown. Junior vespers on Sunday evening were conducted in the outdoor chapel, also. Larry Scoville, Lynn Klein, Eugene Nelson, Bob Brubaker, Emerson Dentel, Dave Dingman and Dick Greene participated in the service. The Evening Hour for Intermediates and Seniors included group singing of Negro spirituals, numbers by the camp quartet, piano selections by Mrs. Reimana, and talks by Jim Ilgenfritz, Virgil Fairbanks, Jack Maguire and Chris Christopher, on the "Marks of a Christian Personality."

A rather large number of campers' parents visited camp last week. Of particular interest to the staff was a visit by Dr. Reed O. Dingman and Mrs. Dingman, who visited their son, David—David is the first son of a former counselor to be a camper. Other visitors were Dr. and Mrs. F. L. Bull, Dr. and Mrs. John L. Glees, Mr. and Mrs. J. A. Herbert, Mrs. Margaret M. Ilgenfritz, Mr. and Mrs. L. E. Ludvigsen, Mrs. Janet McEachern, Dr. S. L. Molecki, Mr. and Mrs. Walter I. Nelson, Mr. and Mrs. John J. Paulus, Mr. and Mrs. Charles P. Pfarrer, Mr. and Mrs. Howard M. Quackenbush, Mr. and Mrs. B. G. Rich, Mr. and Mrs. R. J. Schuler, Mr. L. M. Scoville, Mr. and Mrs. B. C. Taylor, and Mr. and Mrs. J. E. Wolfe.

Fly! Charlevoix to Beaver Island.

On Monday the first 29 boys who were enrolled for the 1945 season were taken on a trip (with all expenses paid) to Mackinac Island by "Chief" Reimann and the head counselors of the three sections, Wilbur Christopher, Jim Smith and Jack Maguire. The trip next year will be given to those boys who are enrolled first for the 1946 camping season; several boys are already enrolled for 1946.

The annual Rodeo is being held August 19; many of the campers are practicing hard to prepare for the rodeo contests.

Note to Parents: While the camp has the best supply of food in many years, parents and guests cannot be accommodated for meals this season.

You Can Help Make Telephone Service Better

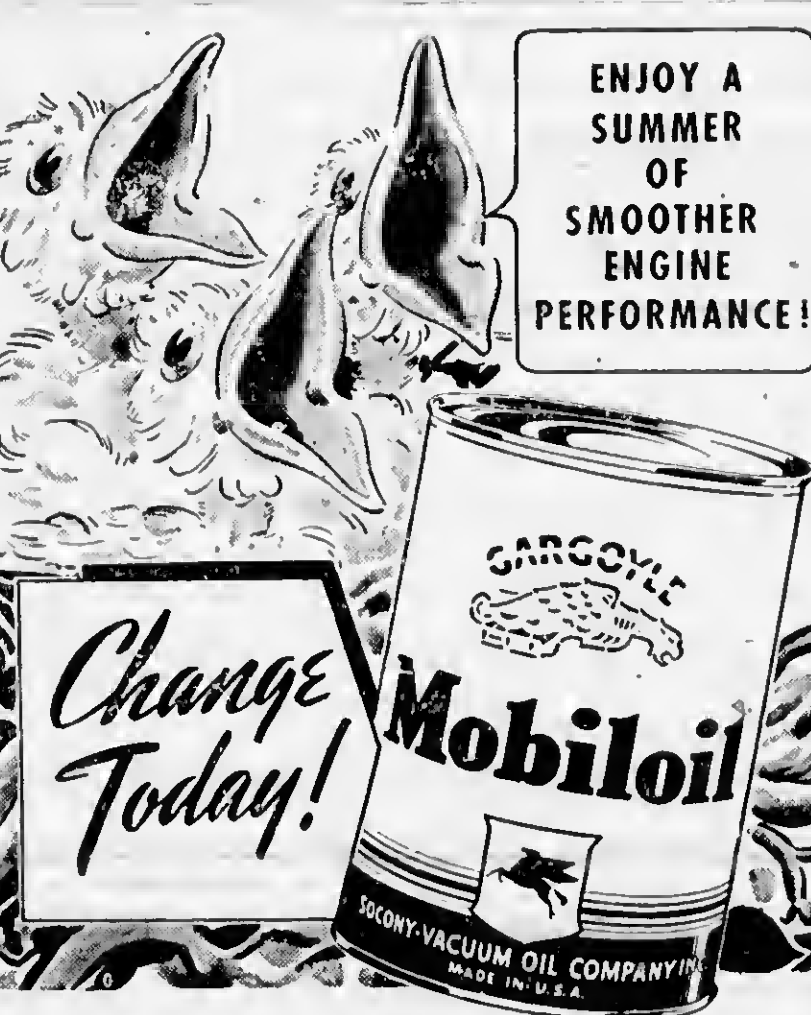

Lengthy telephone conversations make it tough for the other fellow these days, because this summer the local telephone system is handling the greatest volume of calls in its history.

It will help everybody get better service if each one will please . . .

1. Make only necessary calls, both local and long distance.
2. Keep all calls as brief as possible.

And did you know that the low night rates for long distance calls now go into effect at 6 p.m., Central War Time? Save 7 to 10 for servicemen.

"Happy Days Are Here Again!"

Tourists Enjoy Hospitality of Northern Vacationland

"Happy days are here again" is the resurrected theme song for Charlevoix and the north country. Happy for the vacationer and summer resident—but a real chore for hotel and restaurant managers upon whose shoulders

fell the job of securing enough food to keep them happy.

In spite of meat and food shortages, local purveyors handled an extremely large Fourth of July trade. For the most part, vacationers to this city fared better than in most northern Michigan areas.

In some Northern resort areas, hotel dining rooms will be closed by August 1, as a result of food shortages.

According to statistics on vacation travel, pre-Fourth north-bound motor traffic was heaviest in several seasons.

Mrs. Richard McCann and son, Dickie, and a friend spent Monday evening in Charlevoix enroute to Beaver Island.

Among those from out of town who attended the funeral services for Mrs. Laura Donaldson on Thursday were Mrs. Miles Olmstead and daughter, Miss Marjorie Nordrum, Miss Annett Nordrum and Mr. and Mrs. Nay Smith, all of Detroit.

Mr. and Mrs. Clare Usher and daughter, Sally, of Grand Rapids, arrived Thursday to visit their parents, Mr. and Mrs. A. J. Usher and Mr. and Mrs. Ras Hendrickson. Mr. Usher joined a party of friends aboard the cruiser, Alaise, on Monday for a trip to Beaver Island. Mrs. Usher and daughter will remain here.

Miss Mary Jean Whitney, of Wyandotte, is spending two weeks with her uncle and aunt, Mr. and Mrs. Plenny Gennett.

HOSPITAL NOTES

Elmer Lyon was admitted last Monday for surgical treatment. Mrs. Ava Bears, of Ellsworth, was admitted on Tuesday for medical treatment.

John Lucio was admitted on Wednesday for medical treatment.

Louis Scher, son of Mr. and Mrs. William Scher, of Toledo, was admitted on Friday for medical treatment.

Patients admitted on Saturday were Robert and Fay Padgett, of Clarion, and Mrs. Lloyd Barnett for minor operations.

Jacqueline Dunn, of Chicago, was admitted on Sunday for medical treatment.

Miss Martha Dvoracek was admitted on Monday for surgical treatment.

Calendar of Events

The Pilgrim Circle of the Congregational Church will meet on Thursday, August 9, with Mrs. J. H. Beecher, 110 W. Huribut.

Compressed Coffee
Freshly roasted and ground coffee is compressed at a temperature of 45 degrees below zero Fahrenheit, and in an atmosphere of carbon dioxide to prevent oxidation. The moisture-proof cellophane wrapper helps hold in the flavor. Tests indicate that compression does not cause the coffee grains to cake.

Mrs. James Payne arrived Sunday from Detroit to visit her parents, Mr. and Mrs. William Woods.

Evelyn Ager Wed In Church Ceremony

The Immanuel Lutheran church of Crystal Lake, Ill., was the setting of a beautiful wedding on Saturday, July 7, at 7 P. M. when Miss Evelyn Ager, daughter of Mr. and Mrs. William Ager of this city, became the bride of Howard F. Burman, son of Mr. and Mrs. Fred Burman of Crystal Lake. The impressive double ring service was read by the Rev. G. A. Gehrs in the presence of the immediate families and close friends.

To the strains of the wedding march from "Lohengrin", played by Teacher C. Gehrs, who also accompanied the soloist, the bride was given in marriage by a close friend of the family, Albert Faucher Jr., of Crystal Lake. She wore a beautiful gown fashioned of white sheer marquisette with long pointed sleeves, a high neckline, and modern long train. Her veil (which was "something borrowed") was of fingertip length and cascaded from a crown of tiny seed pearls. For "something blue" she had a lovely silk handkerchief given to her by her mother. Her stroud of pearls with matching two-strand bracelet and earrings were gifts from the groom. The bridal bouquet was of white roses.

Mrs. John Fratrik of Charlevoix, Mich., the bride's sister, Mildred, was matron of honor and wore pink chiffon and taffeta with a matching blusher veil. She carried a colonial bouquet of mixed flowers.

Mrs. Evelyn Burman and Miss Julie Krehak of Crystal Lake, formerly of Charlevoix, were bridesmaids, the former in yellow chiffon, and the latter in aqua chiffon both wearing matching bridesmaid hats and carrying colonial bouquets of mixed flowers. Each wore a pair of pearl earrings given to them by the bride.

The best man was the groom's brother, Myron Burman, while ushers were Leo Buhrmann, the groom's cousin, and Eric Utech. The bride's three-year-old nephew,

Ronald Fratrik, was ring bearer, dressed in a white suit, while Betty Hubbard and Carol Buhrmann were flower girls, looking sweet in pink and yellow dresses. Each carrying a miniature basket filled with rose petals, they preceded the bride down the aisle.

As the bride and groom knelt at the altar, Miss Joyce Liddle, a friend of the bride, sang "The Lord's Prayer" by Malotte, and during the ceremony she sang the hymn "O Perfect Love".

Following the service a reception and dance was held at the Crystal Lake Recreation hall, the music being presented by a six-piece orchestra from Woodstock. A buffet supper was served to 200 guests, the table centered by a 3-tier wedding cake upon which stood a miniature bride and groom. Out-of-town guests included the bride's mother, Mrs. William Ager, Mrs. John Fratrik and son Ronald from Charlevoix, also relatives and friends from Forest Park, Woodstock, Elgin, McHenry, and Dundee.

The bride is a graduate of Charlevoix high school and is now employed at the Oak Mfg. Co. of Crystal Lake.

VICTORY PICNIC AT WHITING PARK

A STATEMENT

An extremely regrettable incident, unparalleled in the history of Charlevoix, occurred here last Thursday. It is highly important that we as citizens take every step possible to correct the erroneous reputation that our City has received from the acts of a small number of irresponsible young men and boys.

We sincerely hope that no further acts of this nature will occur, and the city administration is taking all necessary steps to apprehend and punish the offenders, and to prevent future disturbances. For the balance of the present vacation season our police force has been materially increased for the purpose of curbing any lawlessness.

Several meetings have been held between the city officials and representative summer visitors, and a Citizens' Committee has been appointed by the Mayor to plan a program for better understanding between Charlevoix's permanent residents and our summer guests. This Committee will also hear complaints or reports of incidents of behavior unbecoming ladies and gentlemen, either on the part of Charlevoix residents or of summer guests, regardless of race or creed. It will be the duty of this Committee to correct and straighten out any such occurrences.

This Committee consists of Arthur Bergeon, Angus L. Fochtman, S. E. Coleman, Rabbi Harry Kaplan, Mrs. Isaac Gilbert and Isaac Franck. This Committee will serve during the balance of 1945 and through the season of 1946. The Mayor is a member of the Committee ex-officio.

ROBERT BRIDGE, Mayor

Diving Champ Visitor Here

Ralph "Mike" Ware Charlevoix Booster

Ralph "Mike" Ware, son of Mr. and Mrs. Robert Ware, of 212 Belvedere Ave., arrived last week to spend the balance of the summer here.

"Mike" is now the 3-meter diveboard champion of 1945 of Central Ass'n. of AAU, which was held at Blue Island, Ill., Sunday, Aug. 19.

Beginning his diving career at the age of 16, "Mike" has a fine record at the age of 20.

He is a student at Cornell University, where is a second term sophomore.

"There is no place like Charlevoix," said "Mike." "My parents have been coming here since 1883."

Readjustment of Veteran to Civilian Life

Gilbert M. Lindsay Give Detailed Report

The Readjustment of the Veteran to civilian life can be made easier by providing the information necessary to combat possible misunderstanding between Veterans and Civilians. Now that the war is over and our men will be coming back in greater number day by day I think it timely and appropriate to bring this information to the attention of both the civilians and veterans.

The Readjustment of the Veteran to Civilian life is actually in three parts.

Part one pertaining to benefits that he is entitled to as a Veteran, such as Readjustment Allowance, Employment, Education, Vocational Training, Insurance, Loans for homes, farms and business, Legal protection and many others, which have been explained at separation centers, thru magazines and local newspapers.

Part two of the program is to procure wide publicity on what the Veteran is entitled to and how he goes about getting it. If both the Veteran and Civilian are thoroughly aware of the opportunities and protection provided the veteran, there will be a minimum of concern on either side. If the civilian realizes his proper attitude toward, and treatment of, the veteran who is disabled, neurotic, or simply a human being who must readjust himself to a peacetime environment, other difficulties may be avoided. Further, if the civilian and employer recognize the need for community and other cooperative effort in behalf of the veteran as guided to a limited extent by the Federal Government, the task of readjustment will be much easier for all.

Farm Youth Go To Camp

Training Sponsored By County Businessmen

Charlevoix County is to be well represented at Northwestern Michigan's Junior Farm Bureau training encampment, which will be held at Camp Greilick, near Traverse City, September 2nd to 6th, inclusive.

Nine young farm boys of Charlevoix County will attend the very helpful and inspirational meeting. It will be spent in training classes, community demonstration work and recreation, the idea being to help young farm folk to take part in careers of participation and leadership in rural communities.

The week's activities are to be conducted under the auspices of the Michigan State Farm Bureau. Ben Hennick and Wesley Hinley, outstanding leaders in the Farm Bureau movement, will have charge of the camp and its excellent activities.

The nine young Charlevoix County people who will attend the encampment are: Cleo Loomis, Mae Moore, Jeanne Russell, Duane Thomson, Wava Thomson, Thelma Saunders, Wayne Saunders, Verna Leu, and James Hamlin. These fortunate young people found it possible to attend the encampment because nine business concerns of Charlevoix County are providing the finances to cover the greater part of the cost of the camp. These sponsors are: Jordan Valley Co-operative Creamery Co., East Jordan Co-operative Co., State Bank of East Jordan, The Temple Theater, East Jordan, East Jordan Canning Company, Charlevoix Co-operative Co., H. J. Heinz Co., of Charlevoix, Charlevoix County State Bank and Charlevoix County Farm Bureau.

ENROLL NOW IN NURSE'S AIDE CLASS

The Red Cross Nurse's Aide class is being held up because we are still short of our minimum number of students.

This is a fine opportunity for valuable training and a chance to render much needed help at our local hospital where there is a critical shortage of nurses and aides.

Senior High School girls are asked to consider taking the course. Please call Mrs. R. L. Lewis, phone 203, or Mrs. E. J. Edwards, phone 218.

Local Handicap Tournament at Charlevoix Course

A handicap golf tourney is being planned at the local golf club. Participants in the handicap must have at least two nine-hole cards submitted to secretary at the club before entering.

Tentative date for the tourney is set at September 9. More particulars will appear in next week's Courier.

The Gardenaires

Present Michigan Champions

Local Chapter No. 19, SPEBSQSA, reports that the Gardenaires, Garden City, Michigan, will appear on their program at the Charlevoix high school gymnasium next Sunday evening. This quartet won its laurels from stiff competition in Flint last spring. (Left to right) George Danic, tenor; Earl Rubert, lead; Charles Miller, baritone; Howard Tubbs, bass.

The Gardenaires are appearing in Charlevoix for the first time although Mr. Tubbs has attended previous Jamborees here. It will be remembered that he sang solo numbers on last year's program, with the chorus accompanying, which was one of the highlights of the evening's entertainment. A similar act will be repeated on Saturday night's program.

Some of the out-of-town SPEBSQSA members expected are: Carroll P. Adams, Executive National Secretary, Detroit; W. Carleton Scott, National Master of Ceremonies, Birmingham; E. V. "Cy" Perkins, National Board of Directors member, Chicago; and G. Marvin Brower, President Grand Rapids Chapter.

Supt. Issues School Calendar

Adopt Resolution on Age of Kindergarteners

The following school calendar has been approved by the Charlevoix Board of Education for the school year of 1945-46.

September 10—Pre-school teacher's conference.

September 11—School opens, 9 A. M.

October 4-5—District M.E.A. at Traverse City.

October 8—School convenes.

November 22 and 23—Thanksgiving vacation.

November 26—School convenes.

December 21—Christmas vacation begins 4:00 P. M.

January 2—School convenes.

January 18—End of first semester.

January 21—Second semester starts.

April 19-20-21-22—Easter vacation.

April 23—School convenes.

May 19—Baccalaureate.

May 23—Graduation.

Due to a large enrollment, the Board of Education has passed a resolution stating that, any child entering the Kindergarten must have attained the age of five years by November 1, 1945. The cooperation of the parents is asked for this resolution. For further information concerning this resolution, parents are asked to see Mr. Wagner, Supt. of Schools at his office in the elementary building.

Further information concerning the opening of the school, bus routes and courses offered in the school will be published in the Charlevoix Courier next week.

Benefit 'Show' Gets Results

Group Raises \$75 For Hospital, USO Benefits

With Johnnie Loeb as announcer, Robert Johnson, as Master of ceremonies and Cynthia Miller and Julie Freiberg, as entertainers, a group of Michigan Avenue youths held a benefit party at the J. Jefferson Miller home here last week that netted them \$75.00.

The proceeds were divided for two funds. The hospital fund receiving \$50.00 and USO fund, \$25.00.

The funds were raised for a most worthy cause.

NO BAND CONCERT

Due to the fact that Mr. Gray is leaving town, there will be no band concert, Wednesday, August 29.

'Red' McCann Home To Stay

Spent 18 Months Aboard the Hornet

Daniel (Red) McCann came home from the Pacific recently after more than 18 months duty aboard the aircraft carrier, Hornet. With him he brought a log of the ship's action since she was commissioned in the fall of 1943 until a typhoon, and now the Japs, put her out of the fight in July of this year.

"Red" joined the ship's crew as a gun captain on a 40 mm anti-aircraft gun crew. The ship left the States in February, 1943, and after a short stop-over at Pearl Harbor, joined the now-famous Task Force 58, which it was revealed recently, was also Task Force 38.

From then on the ship never touched a civilized port until she returned this year. The log of the ship reads like a tour of the Pacific combat zone with action from the Palau Island to attacks on Tokyo as early as February of this year. At one time the force was only 42 miles from the enemy capital.

Then there were attacks on Salog, French Indo-China, and on Hongkong. Strikes against the island which we've heard so much about since April 1, 1944, Okinawa, as early as October, 1944.

Enroute to Luzon late in December the ship was caught in the typhoon which cost our navy three destroyers in the course of a few minutes but the Hornet weathered it and went on to add more attacks to the list.

There were many strikes on Formosa but the one 'Red' says he will always remember was last October when seven Jap 'Betty's' with torpedoes came at them. It was then the crew thought the number of their ship was up but they came through that, too.

According to the log, the Hornet "investigated the center of a typhoon" on June 5 and what it did to the flight deck has been seen in newspaper pictures. At one time the wind velocity over the flight deck was 120 knots (138 miles to you landlubbers) an hour. Even after that the ship stayed in action.

But on June 15, "Happy Day" we got the word "The only entry in the log and on June 19 the band played "California, Here We Come." And when the ship landed at Hunter's Point for repairs, Red left the crew. He is now making an indefinite stay with his mother, Mrs. James McCann. Along with the many memories of his three years with the Navy, "Red" has the Asiatic-Pacific campaign ribbon with eight combat stars, the Philippine Liberation ribbon with two stars, the American Defense ribbon and Good Conduct medal.

Another Star On Bergmann Service Flag

Mr. and Mrs. Fred Bergmann added another star to their already well-filled service flag on Monday when their son, Alfred E. Bergmann left for Detroit to be inducted into the armed services. They have five sons already in the services and a daughter-in-law who has served with the WAACS.

Sgt. Richard (Big), who has been in the army since January, 1942, and who served 29 months in India; is now stationed at Miami, Fla. His wife, the former Lucina Richardson, who was in the WAACS from the time the service started until October, 1943, is in Florida with him.

Robert O. (Bud), fire controlman, third class, a veteran of action in the Pacific aboard the battleship, Pennsylvania, is now at San Diego, Calif., where he has been attending school. He has been in the navy since July, 1942.

Cpl. Eugene (Sheen) is now in Berlin with the Quartermaster Truck company, better known as the Red Bull Express which carried much needed supplies of every description to our men in their recent drive into Germany. He has been in the army since June, 1943, and overseas since April, 1944.

Charles (Shod), S1-c, is a member of the armed guard and had served in the Atlantic for many months before being sent to the west coast for re-assignment. He has been in since August, 1943.

William (Bill) S1-c, is stationed in the Caroline Islands with the Navy. He is a baker and turns out bread and other supplies by the ton. He has been in the service since the Spring of 1944.

Andre-Fowler Nuptials Held at Grand Rapids

Miss Lois Andre, daughter of Mr. and Mrs. William Andre, of Grand Rapids, became the bride of Second Lieutenant Forrest A. Fowler, son of Mr. and Mrs. Forrest Fowler, also of Grand Rapids, at a ceremony performed at the Kluge Memorial Chapel of the East Congregational church, in that city on Saturday. The Rev. Walter Quant, former pastor of the Charlevoix Methodist church, read the service.

Among those from Charlevoix who attended were Mr. and Mrs. H. R. Fowler and Mrs. Jane Durand, grandparents of the bridegroom. Mr. and Mrs. Nat Hurvey, Mrs. Oakley Hammond and Miss Helen Jean Hammond, Mrs. Durand stayed for a longer visit. The others returned home Monday.

MRS. ELLEN CLEARY

Mrs. Ellen Cleary, 87, of Detroit, died at the Charlevoix Hospital on Wednesday afternoon. She had arrived from Detroit two weeks ago to visit her granddaughter, Mrs. Emerald LaBlance and was admitted to the hospital on Friday for surgical treatment. Funeral services will be held at St. Mary's Church, Thursday at 9:00 o'clock. Burial will be at the Catholic cemetery.

Building Fund Established Here

The Board of Directors of the Charlevoix Hospital have established a Building Savings Fund in each of the two local banks. This fund has been established for the purpose of making a depository available to anyone wishing to contribute money toward the building of a new hospital which the Board hopes to accomplish for Charlevoix sometime in the not too far distant future.

The Courier is Charlevoix's only advertising medium.

GAMES, BAND CONCERT, BARBER SHOP QUARTETTES AND SPORTS CONTEST FEATURED

The 23rd Annual Charlevoix County Victory picnic will be held at Whiting Park, Labor Day, Monday, Sept. 3, with a full line of sports, games and contests on the program, and a basket picnic dinner at noon.

The opening event at 1:15 P. M., will be sports and contests for both young and old; at 2:15 P. M. Band Concert by Boyne City band followed by Barber Shop quartettes from Charlevoix and Boyne City; 3:15 P. M., softball games will be a feature between Charlevoix and East Jordan; winner of this game will play Boyne City.

A display of farm labor savers will also be shown on the grounds. The affair is sponsored by the County American Legion posts. Lunch and keno concessions will be operated on the grounds. All are invited to participate and celebrate the victory.

Pioneer Resident Is Dead at 80

Mrs. Charlotte Wakefield Ill for Several Months

Mrs. Charlotte Wakefield, 80, resident of this community for 52 years, died at her home early Friday morning after an illness of several months.

Charlotte Kay was born at Newmarket, Ont., Can., on December 25, 1864. On October 10, 1883, she married John Wakefield and they came to Charlevoix township to make their home. Mr. Wakefield, who was a farmer, preceded her in death on September 20, 1908. The family moved into Charlevoix 27 years ago.

She was a member of the Congregational church, the Rebekah lodge and the WCTU. Surviving are two children, Herbert and Mrs. Milo Kane, of this city; a brother, Herbert Kay, and a sister, Mrs. Alvore Taylor, of Ontario, Can., and six grandchildren.

Funeral services were held at the Sec. Funeral Home at 2 o'clock Monday afternoon with Rev. W. D. Wood officiating. Burial was at the Brookside cemetery.

COACH ANNOUNCES FOOTBALL PRACTICE

Mr. Kipke announces that football practice will start Wednesday, Sept. 5.

Veterans of last years football squad will report at the dressing room at 1:30 P. M. to draw their equipment on the above date. New boys will report at 2:30 to draw their equipment. Physical examination blanks and other information will be given out at that time.

Because of Labor Day falling on Monday, correspondents are reminded to have their copy in earlier than usual to insure publication.

Pfc. Bill Lusk Is Commended

Displays Outstanding Devotion to Duty

Private first class C. William Lusk, of the U. S. Marine Corps Reserve, has been commended by the Commander of the Seventh Fleet for service as at forth in the following citation:

"For distinguishing himself by excellent service on board the USS Louisville during operations against the enemy in the Luzon Island Campaign on January 6, 1945. When his ship was struck by an enemy suicide plane, Lusk displayed an outstanding devotion to duty, bravery and intelligence in the care and the evacuation of the wounded, and in the combating of fires on the Flag and Signal Bridge. For his conduct throughout he is commended and authorized to wear the Commendation Ribbon."

Pfc. Lusk, who served as an anti-aircraft gunner aboard the cruiser, is the son of Mrs. George Lusk, of this city. He has been in the service since June, 1943. He was wounded in the action for which he won the citation and after returning to duty was wounded the second time. He is now stationed at Norfolk, Va.

Girls' Group Raise Funds

\$45.31 Donated to the Local Red Cross Unit

A group of young girls of the Belvedere Club calling themselves the "Ignorant Nine" Club have raised a fund of \$45.31 for the Red Cross and have turned it over to the Charlevoix Chapter.

They also made hospital bedside bags. The Club includes Dawn Wood, Clover Broadhead, Anne Bovey, Mary Talbot Leland, Barbara Clark, Peggy Forker, Pauline Downs, Anne Sherer, Susan Moss and Anne Batterbury.

During the Annual Tennis Tournament the girls sold lemonade to help raise the money. A fine spirit was displayed in this endeavor.

Suggestion Worth \$1,250

Defense Corp. Pays For Surgical Foil Idea

When Kenneth Christensen, supervisor of the rolling department of the Tutnall Defense Corp., North Chicago, thought of an easier way to roll surgical foil recently, he didn't know it was a \$1,250 suggestion.

Christensen, son of Mr. and Mrs. Fred Christensen, of this city, and resident of Mundelein, Ill., has been with the corporation for three years. He was presented with a check for that amount of money by C. J. Sandel, superintendent of the corporation.

The foil, a silvery-gray in color, and about one fourth of one thousandths of an inch thick, is used by the army and navy medical corps to repair severed and paralyzed nerves.

He presented two suggestions to the company, one concerned the rolling, and the other, shearing. As both of them were accepted, the check was for the two ideas.

Mrs. E. Cetz of Chicago, Miss Heart and Mr. Wood from St. Louis were callers at Mr. and Mrs. J. Adams'.

Mr. and Mrs. Charles H. Hampton, former residents of Charlevoix, but recently of Westlake Rocky River, Cleveland, have returned to make their home here indefinitely. The Hamptons will reside at 201 Barnes Ave. Mr. Hampton is on leave from Sherwin-Williams Co., where he was in charge of aeronautical division. Charlevoix is the only city said Mr. Hampton and we are glad to be back.

Mrs. Lee Chapman and two children returned to Muskegon on Saturday after spending the summer months with her parents, Mr. and Mrs. Ras Hendrickson.

Mr. and Mrs. George Myers, of Grand Haven and Mr. and Mrs. Richard Vaupell, of Holland, were Saturday guests at the home of Capt. and Mrs. William Fisher.

Danford Callagher left Sunday for Chicago where he has accepted a position with a leather goods company.

Miss Harriet Ratz, Miss Elfrida Midas and Bernard Cay, of Flint, are spending several days at the Foster cabins. While here they also visited the former's grandmother, Mrs. M. B. Hooker.

Billy Fisher returned to his home in South Haven on Sunday after spending seven weeks with his grandparents, Mr. and Mrs. William Fisher.

George Richardson came Saturday from Detroit to spend a week at the home of Mr. and Mrs. John Cross.

State of Michigan
Order of the Conservation Commission—Deer—that part of Beaver Island lying within Township 39 north, Range 10 west, and counties south of a line from Muskegon to Saginaw Bay.

The Director of Conservation, having made a thorough investigation of conditions relative to deer in the areas named, recommends a closed season.

THEREFORE, the Conservation Commission, by authority of Act 230, P. A. 1925, hereby rescinds

the order now in force governing the taking of deer in Michigan (except Allegan County) and orders that for a period of two years from October 1, 1945, it shall be unlawful to hunt, pursue, or kill or attempt to hunt, pursue, or kill deer in that part of Beaver Island lying within Township 39 North, Range 10 West, and in the area south of a line described as follows, except with bow and arrow from October 1 to November 5, inclusive: Beginning at a point on the Wisconsin-Michigan boundary line directly west of the west end of State Highway M-46, thence east to M-46 and east along M-46 to its junction with State Highway M-37 west of Casnovia, thence east and south along M-37 to Kent City, thence east along Kent County Highway No. 539 to its junction with U. S. Highway 131 at Cedar Springs, thence north along U. S. 131 to its junction with M-46 north of Howard City, thence east along M-46 to its junction with M-47 west of Saginaw, thence northerly along M-47 to Saginaw Bay, thence North 60 degrees East to the international boundary with Canada.

Signed, sealed, and ordered published this eleventh day of June, 1945.

Lawn Mowers—
Prewar Versus Postwar

Will Curry isn't falling for those pictures of a postwar life of ease. He is sweating over his lawn mower the other day, when somebody shows him pictures of a mower that runs under its own power.

"Shucks," says Will, "I like a lawn mower that gives you some backtalk and exercise. It gets the old blood circulating and works up a wonderful thirst. Then," Will adds with a nod, "there's nothing in the whole world that tastes as good as a cheerful glass of beer!"

From where I sit, there's a lot of good sense in what Will says. A little honest effort never hurt anybody. And there should be more to our post-war plans than how to make life comfortable and easy.

Outdoor work—work you do with your hands and your back—ought to be part of everybody's post-war plans. And on a hot day, as Will says, there's always that sparkling glass of beer as a reward!

Ah me—Father Keenan, and Ye Scribe returned from the land which produces the world's outstanding dumb illosters. The Reverend having gone fishing, I now turn to my broken typewriter to again stick my proboscis into matters pertaining to the frugal Scotchmen, and flighty Irish. Upon scanning the notes on the cover of the fireproof matches, I find reminders of the following.

Friday evening, August 24, the building aft of the Wiggly Building, near the corner of State and Madison Street, burned to the sand. Unable to secure insurance, and too tired to tear it down, one, Richard LaFraniere by name, dunked the abode in petrol, and started the "holy-cost". The fire wagon which has never been on display except when Thomas Dewey went to the cleaners, was not hauled from its moorings, but Dick did sprinkle the metal building nearby with a De Vilbiss sprayer. The old game of burning buildings to collect the insurance is nothing new, but accumulating the entire population just about Tavern time, is novel to say the least.

Believe it or not—Commission-

ers Earl Boyl, and Malloy held a lengthy debate as to the proper road to take in order to reach Point Lake. Forty years on the Island, and 400 rods from their homes, it is hoped Big James Gallagher will loan them his bicycle in the near future that the debate may come to an early settlement.

"Two-Tooth" McGinnis has made application to the Shamrock Court to have his name changed to "Smooth-gum". The Elks having met the ceiling price asked for his two bi-cuspids, Mac is now living on "thoup", "thirp" and other "thoft" things.

She's just as sweet as sugar, She ruins a place of fame, She should, she's Sugar Kane.

S-1e Margaret Monroe, who has been stationed at Ottumwa, Iowa, visited Skipper Krewell and wife, the past week. Visiting the Skipper is not as "Krewell" as one might think.

On Sunday, September 2nd, Mary Margaret will leave B-I at 10:00 a. m. heading for Charlevoix. On September 30th, said skiff will bring 60 members of the A.A.A. to spend the day—a picnic as it were. Mary sure picks unusual times to make dates, most gals are more beautiful in the dark.

Many a veteran, coming home, looks forward to owning a little place of his own. He will want to know how to finance it in the most practical and economical manner. He will want to sit down and talk with someone who knows about such matters; to ask how much to invest in a home; how much ground he will need, and a score of similar questions.

To all returning veterans, we extend a cordial invitation to come in and discuss this and other money problems.

Captain in the Merchant Marine Service enjoyed a short furlough, and spent it with the storm and strife, on B-I. Wearing what he claimed to be the Congressional Medal of honor, when it accidentally fell to the floor of the Shamrock it turned out to be the badge of the Deputy Sheriff of Nomad. "Caps" little love mate attempted to keep him home for a longer visit, wired his commanding officer that he was ill. The Officer wired back—"Have your husband report immediately, he never got sick on our cooking."

I asked Officer Glen Rose if he liked to play draw poker in the morning, and he replied, "I don't care for cards but I have to play draw bridge every morning, with Mary Margaret". At that I thumbed my nose brisly as I took off for the S-B Project.

Paul Ellers, age eight, may not be old enough to secure a driver's license, but he sure as heck can drive Mary Margaret to the Island. Handy for the Skipper who uses Junior as co-helmsman while he fleeces the customers.

The B-I fisherman operating out of Charlevoix, claim more fish, and more money than that found about the Island. The firm of Gallagher, Gallagher, Gallagher and Gallagher Inc. deny the report, stating that the fish caught near the Island are longer between the eyes, than the Charlevoix trout are from snozzle to tail.

Bill Washagesic looks forward to the day when he shall net the fish as large as he says they are. At that, he handles a mean net for Mr. Trout.

Enos Washagesic is home on furlough, after making a marvelous record in the war. Two years of fighting, and no foolin', he is another lad of which the Island may be proud.

This, from one of my two readers: Steve, what makes you so witty? With verse, and prose, and other ditty. How you keep young Erin in a dither, I vow, you nearly make me wither. With laughter at your puns, Which are as good as She-lay-lay buns. Now if you will down McGinnis, His teeth I will pull in five minutes.

Annoyed no more you will be, As a friend of yours, To that we'll see We will also keep your lady friend (?) Off your track, until her sweet temper comes back.

Now my good B-I Phnd, The "Ed" should give you some reward, For new subscribers, here and there, Who read the Courier, everywhere.

Thanks, Mr. Anon, them is the only kind words I have heard since starting this column.

I wasn't here when the Japs turned in their chips, but it must have been sumpin'. A truck in front of the Shamrock, and another on the Dock, loaded with free refreshments is novel to say the least. I know how much they can hold when paying for the liquid, I wonder if Free Drinks would increase the capacity per capita to any great extent.

Steve Stephenson, desiring to leave footprints on the sands of time, or rather on the sidewalk of St. James, an accomplishment heretofore only accomplished by the bovines, dropped one large, and beautiful pan full of chocolate pudding in front of the She-lay-lay. A youngster standing by said, "Mr. Steve, why are you cleaning it up—the cows never do?"

Fly! Charlevoix to Beaver Island.

The sea gulls recently flew to mid-lake to greet Lefty Owen Tansey, wife and daughter, hailing from Toledo, Ohio. Last Fall, Father Keenan, and Tansey were the first Islanders to throw a perch dinner for the Gulls. Catching a large mess of perch, the angels tied their craft to the dock, and made way to a stove in a nearby building. The birds accepted their invitation to a free feed, and nary a fish did they leave. When Father dons his red shirt, and Tansey puts on his slouch hat, it will either call for an umbrella or a camouflage in dress, to keep

their bird friends from loitering about a bit.

I reminded the Sisters the other day, that it is none too early to shake the moth balls from Father Keenan's red wool "Undies", and give them an airing, as cold weather is just around the corner. Which reminds me, I'd better get out my Sears Roebuck, or Monkey Wards catalogues and order some brassieres for the ears.

I'll be seeing you, Steve.

City Fat Saving Record Falls Under Town and Farm Push

Ever since our government asked town and farm women to save used fats, the record previously set by city women has taken a beating. We must keep up the good work! This country is facing a shortage of 1 billion, 500 million pounds of fats in domestic supplies, alone. Tons of vital war and home-front supplies requiring fats are still needed. We in towns and rural districts are in a better position to save fats than most city folk, so the government is depending on us. Save every drop, every scrap. Melt down solid fats. There's never too little to save! Butchers will give you up to 4¢ and 2 red points a pound. If you have any difficulty, call your Home Demonstration or County Agent. Approved by WPA and OPA. Assignment: HOME

Ralph DeBuccie, veteran of 67 months army service with a total of 132 points, has been discharged at Fort Sheridan, Ill., and came Thursday from Detroit to visit his grandmother, Mrs. M. J. McCarthy. He plans to make his home in Detroit with his mother, Mrs. Allyn McLean, for the present.

Enlisting in the army at Buffalo, N. Y., on January 19, 1940, Ralph was sent to Schofield Barracks, Hawaii, the following month. He was stationed there at the time of the Jap attack on Pearl Harbor and came through the bombing unharmed. When the army moved into Guadalcanal, he accompanied them as the operator of a 37 mm Howitzer anti-tank gun in the 25th Division. The following August they went to the island of New Georgia and were there until going to a rest camp in New Zealand in November, 1943. In February, 1944, they went to New Caledonia and in January, 1945, the division took part in the initial landing on Luzon in the Philippines.

The division fought in the mountains on the northern section of the island and the only time Ralph got to Manila was when he embarked for home late in July. A private first class at the time of his discharge, he wears the Asiatic-Pacific campaign ribbon with four combat stars, the Philippine ribbon with 1 star and the American Defense ribbon with one star.

Harold I. Hamlin, veteran of two tours of overseas duty with the Navy Sea Bees, has been discharged from the Navy Construction battalion after 32 months service. Enlisting on December 14, 1943, Mr. Hamlin, until recently a machinist's mate, second class, went to the Aleutian Islands after a brief training at Norfolk, Va. After assisting in the construction of needed bases there, his unit returned to this country in July, 1944, for a leave and few months training. In December, 1943, they went to the Pacific. He was stationed in Hawaii for several months and after the Marianas were secured he went there with his unit, and was stationed there a year before returning home for a discharge.

He plans to make his home in Pontiac. Accompanied by Mrs. Hamlin, he visited relatives in the upper peninsula and Mr. and Mrs. John Stephens, and other friends in Charlevoix last week.

Mrs. Pearl Lachausse and daughter, Willa, arrived Sunday from Calveston, Texas, to visit the former's sister-in-law, Mrs. Earl E. Broussard.

Sgt. Jean C. Hampton, daughter of Mr. and Mrs. Charles H. Hampton, who is in the air force branch of the service, has been transferred from Calcutta, India to Chungking, China.

LOCALS

Mrs. Dan Peters and daughter, spent the weekend in Alden with friends and relatives.

Mrs. E. B. Ward and Misses Ella and Grace Meggison will return to their home in Jackson after visiting here for the summer months.

Order of the Conservation Commission—Migratory Game Birds.
The Director of Conservation, having made a thorough investigation in regard to migratory game birds, recommends certain regulations.

WHEREFORE, the Conservation Commission, by authority of Act 230, P. A. 1925, hereby orders that for a period of one year from September 15, 1945, it shall be unlawful to shoot waterfowl over baited areas; to use live duck or goose decoys in taking waterfowl; to leave decoys set out at night in public waters; to take waterfowl by means, aid, or use of cattle, horses, or mules; to take migratory game birds from or by aid of an automobile, airplane, sinkbox (battery), power boat, sail boat, any boat under sail, any floating craft or device of any kind towed by power boat or sail power; to

shoot waterfowl, coots, rails, gallinules, and woodcock prior to one-half hour before sunrise or after sunset, to use any firearm other than a shotgun, or to use a shotgun larger than 10 gauge, or an automatic or hand-operated repeating shotgun capable of holding more than three shells, the magazine of which has not been cut off or plugged with one-piece metal or wooden filler incapable of removal through the loading end.

Order for Publication—Sale or Mortgage of Real Estate.
State of Michigan, The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 14th day of August, A. D. 1945.

Present, Hon. Rollie L. Lewis, Judge of Probate.

In the Matter of the Estate of Henry Alexander Thompson, deceased.
Glenn See, Administrator of said estate, having filed in said Court his petition, praying for license to sell the interest of said estate in certain real estate therein described, at private sale; for the purpose of paying the debts, and expenses of administration of said estate.

It is Ordered, That the 4th day of September, A. D. 1945, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said Court, at said time and place, to show cause why a license to sell

the interest of said estate in said real estate should not be granted; It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Charlevoix Courier, a newspaper printed and circulated in said County.

Rollie L. Lewis,
Judge of Probate.

RADAR

Spotted Targets Through Darkness, Smoke or Fog

The Bell System
— the largest source of Radar
for our fighting forces

This is not surprising for Radar development and production stems from the same roots that produced and continue to nourish this country's telephone system.

Radar, the instrument which enabled our land, sea and air forces to spot enemy targets through darkness, smoke or fog, was one of the outstanding new fighting instruments of the war.

Two years before Pearl Harbor the Government asked Bell Telephone Laboratories to put its wide experience and knowledge of electronics to work to help perfect Radar as a military instrument.

From then on, the Laboratories cooperated closely in the Radar program with the National Defense Research Committee, with Army and Navy specialists, and with scientists of Great Britain.

The Western Electric Company, manufacturing branch of the Bell System, became the Nation's largest supplier of Radar systems. One type it made was universally used by B-29's in the Pacific for navigation, target location and high altitude bombing. Another played an important part in aiming the guns on our warships.

If you're waiting for a home telephone, it helps a little to know that Radar is one of the reasons. For years telephone manufacturing plants were devoted to war needs.

Soft, smooth, paper sheets and pillowcases for hospitals. These will take workers to produce.

Postwar Jobs—Wrapped Up in Paper!

WITH VICTORY, servicemen and war workers alike are going to need peacetime jobs. How many there will be, no one can say. But this much is known:

Business management has long since laid plans to meet as quickly as possible the demand for goods that has mounted during the war — and doing this will make jobs by the thousands.

Consider what will happen in the paper industry. Not only will paperboard, for packing and shipping innumerable products, be needed by the thousands of tons, but new uses for

paper—grown out of war discoveries—will even further increase that demand.

Imagine plasticized paper, for example, so tough that roofing tiles can be made of it. Imagine it so sturdy that it can be built into light-weight furniture. Imagine paper so soft, yet so resistant to tearing, that sheets and pillowcases for hospital use can be made of it.

These, and many other exciting new uses, will increase the demand for paper—and demand for goods makes jobs.

The paper industry is only one of many along the Chesapeake and Ohio,

the Nickel Plate, and the Pere Marquette, that have planned carefully for postwar employment.

And now that Victory has been won, these industries and others throughout the country will put into operation their plans for the jobs and opportunities all of us want.

JAPS QUIT

BULLETIN

Tuesday, 12:49 A. M. (CWT)
—A Radio Tokyo broadcast picked up in San Francisco by FCC stated that Japan had accepted the Potsdam ultimatum.

It was followed a few minutes later by the statement at a broadcast of great importance would be aired at 7am (CWT). It also ordered the Jap fleet to stand by for a special announcement at that time.

6:45 am—Swiss radio reports, picked up and re-broadcast by Reuters of London, stated that "Japan has accepted the Allied capitulation formula." Later broadcast from Bern, stated that the Japanese ambassador had asked for an audience with the Swiss foreign office through which the acceptance message would have to pass.

7:05—The important message, which had been promised by the Japanese radio, failed to materialize.

8:05—The formerly announced 8 o'clock message was not broadcast.

Allied forces in the Pacific continue to fight. Admiral Halsey's Third Fleet was still patrolling the waters off the coast of Japan. Russian armies were going strong and converging on the rail center of Harbin. Guam-based Superfortresses left with 5,000 pound demolition bombs for Japan. Number of B-29s and target not announced.

The announcement by Radio Tokyo at 12:49 am touched off celebrations over the world. Probably the largest was at Pearl Harbor where three years, eight months and one week ago, the Japs made their first attack. GIs on Pacific Island however, were a bit skeptical about the report and were going about their business of fighting a war. All are awaiting a Presidential announcement.

Today, August 14, is the fourth anniversary of the Atlantic Charter, signed aboard the USS Augusta, somewhere in the Atlantic by the late President F. D. Roosevelt and Prime Minister Churchill.

Emperor Hirohito finally Hirohito finally spoke up today. In a broadcast to his people he said early today he stated he "felt extreme concern for the people of Japan because of the calamity brought to them by the United States". Never before has the Emperor spoken to his people in this manner.

Because the Japanese people do not know of the events which have been taking place in the last four days, it is believed that the announcement that the people have been ordered to listen to at noon on Wednesday (Midnight Tuesday CWT) will bring them this information.

News Bits Gathered in the Lighter Vein
By THE EDITOR

Of primary importance now is the question: "how soon will our loved ones be home."

"Now that the war is over," said Mayor Bridge, "we can soon settle down to post-war work in earnest."

A gent in Racine, Wis., age 101, recently married a waitress, aged 62. Needless to say, they both waited long enough.

The old-fashioned girl who believes in safety first is the one who takes her cigarette out of her mouth before pulling her nightgown over her head.

The youth of Charlevoix have a champion in the person of Fr. Ulanowicz of St. Mary's Church. A benefit party sponsored by the church, and directed by Fr. Ulanowicz, deserves the wholehearted support of the entire community. Tickets are now being sold.

Several cases of Tortilosis (stiff necks to you) were reported this week as the result of a rumor last Saturday that a balloon was hovering over Lake Michigan. Stewart Coleman, first to report the white speck in the sky, still has faith in the power of suggestion. Eyes in all parts of the city were focused skyward when word spread of the strange object in the heavens. Opinions varied as to the distance and type. One person said definitely it was a "Jap balloon" over the Pacific, while another theorized that "it was a balloon, but only a few miles from Charlevoix." Actually, according to official information, it was the planet, Venus.

False Radio Report Sets Citizens Agog

With hope in their hearts, a large radio audience listened to the United Press bulletin flashed over the air Sunday evening telling the long awaited news: "President Truman has announced in Washington that the Japanese government has accepted our terms of surrender."

Two minutes later, at 9:36 P. M., the United Press ordered the flash held and at 9:40 the Washington Bureau of the UP advised listeners that the bulletin was not true and had not come through their wire.

At midnight, it was announced that the FBI and Federal Communications Commission were working together in an effort to ascertain the pranksters who through some unknown means, had gained access to the wire from Washington to New York and flashed the false report.

An overcast sky all day Sunday resulted from heavy rainfall during the previous night. Activity on the beach and in the waters were below normal in Charlevoix.

Policeman Glenn Rose is directing traffic along the avenue, after an arm injury confined him to the Charlevoix hospital recently.

It is rumored that the reason City Supt. Leitch directed his pilot to go above the clouds on his recent air trip, someone told him the clouds had a silver lining. (A. G. was born a Scotchman).

Even in these busy times there are some people whose only exercise comes from jumping at conclusions.

A woman's tears are still the most efficient water power in the world.

One party on the street today remarked that "it's all right with me if they keep Hirohito in Japan. Besides, who wants him?"

Gas rationing will cease two days after V-J day said a report yesterday. We hope so, but we can't take too much stock in rumors that are coming thick and fast since the war is over.

A. G. Lietch, city superintendent said of the war's end: "We have many projects planned just as soon as the materials are available. Now that hostilities have ceased, we hope to be able to get materials for sidewalk, utility and general street repairs that have long been a necessity here." Employment in Charlevoix will reach a new high, the city superintendent predicted.

Just about an hour ago, several persons down the street asked us if we were coming out with an extra when the war is over. Here it is, and we hope it's NEVER necessary again.

In New York tonight they have 14,000 policemen standing by waiting for official word that the war is ended. In Charlevoix, Chief Heise, Glenn Rose, Harold Bedford, Herb Wakefield and Charles Reinhardt are on the streets now and keeping the peace among 10,000 citizens and visitors. The police force here, Mr. LaGuardia, is second to none.

Some girls will scream murder at the sight of a mouse, but will climb in a car with a wolf.

Activities throughout the city have practically been abandoned and everyone is listening for the president's message officially telling of the war's end.

Peace at last will be restored to the world with defeat of Japan.

Stores Close; Citizens Celebrate Allied Victory

Merchants in this city will close their stores all day Thursday, but will remain open tomorrow (Wednesday) all day to accommodate housewives who wish to purchase necessities.

City and county offices were closed later and churches throughout the city arranged for a day of prayer in observance of the event.

Truman Calls Cabinet Session

President Truman early this afternoon called together his cabinet, and it is expected that the Japanese news offer was then discussed before officially declared to a waiting public.

Full peace terms were reported sent from neutral countries and hostilities were reported ceased.

How times change. Nowdays we speak of Traverse City as being only on an A stamp from Charlevoix.

Lay Down Arms In Unconditional Surrender Terms

War Hysteria Keeps Local Telephones Busy

Business and residential telephone service was taxed to capacity today as news of the termination of war with Japan reached this city.

Long distance calls to all points of the nation were in process throughout the day as visiting business executives and vacationers tried to contact their firms and residences in distant cities.

GIs Celebrate Victory In Paris

G.I. Joes in Paris have gone wild over the Japanese surrender news and are really "painting the town", according to a radio report from Paris.

A new song, "We're Going Home Now," is being sung by U. S. soldiers in France and England, as American soldiers are carried on the shoulders of Allied soldiers.

In London the entire city is celebrating with confetti streaming from high office buildings. Shooting of guns, ringing of the church bells and shrieking sirens added color to the victory celebration there.

Tojo Reveals Peace Attempt

Tojo, deposed war lord of Japan, revealed today through Domei news release that two months ago Emperor Hirohito had negotiated with Josef Stalin unsuccessfully for peace terms with the Allies.

General Douglas MacArthur Named Allied Supreme Commander

Amid shrieking sirens, tolling bells and loud sounding automobile horns, this community tonight, together with the rest of the nation, celebrate the PEACE.

President Truman at exactly 6 p. m. told the nation the momentous news that the Emperor of Japan had accepted in full the Potsdam surrender terms.

Branding as the main point of the surrender terms, President Truman said "the Emperor agrees to issue such orders as are necessary to carry out the terms of surrender."

President and Mrs. Truman made a personal appearance on the White House steps, and expressed regrets that the late President Franklin Delano Roosevelt was not present to see this day of all days.

"The last great enemy is defeated," said the President and promised that five and a half million men will return home within the year.

Celebrations throughout the United States and the world, except possibly Japan, were in evidence, even before the official word reached the nation.

Mr. Truman announced among other things, that the Federal employees would be granted a two-day holiday and that it would not be counted off their vacation time.

SPECIAL BULLETIN ISSUED THIS MORNING

9 am Washington: The Japanese reply is now known to be in the hands of the Swiss government and is expected here some time today.

9:38 A Donut Newsweek picked up by the FCC stated that "the Imperial decision had been granted and that weeping Japanese gathered before the Emperor's palace and howled their hands to the ground in shame that their efforts were not enough". The broadcast was cut off at the end of 130 words and it was not stated definitely what the "Imperial decision" was.

At 7 p. m. a report reaches this newspaper that crowds in New York and Detroit are "simply crazy with glee" and are celebrating victory in "good old-Yankee style."

Policemen all over the nation were called on duty as the nation prepared for one of the greatest celebrations of all time.

"Hirohito is still the idol of the Japanese nation, as he proclaims to his people that they must submit to the terms of the Allies."

Tears streamed down faces of his people as they bowed their heads in shame at not being able to do enough for the Emperor.

The last chapter is closed on a war that has taxed to the limit the resources of a wealthy nation, in these United States.

Cpl. Dean Rice
Sees Atrocities

Cpl. Dean Rice, a brother of Mrs. Taylor, former owner of Taylor's Cabins, in a letter to his wife, of Three Rivers Wis., gives a vivid and weird account of Nazi atrocities which he found in Germany. The letter follows:

"Dear June:

"I have a story to tell you in this letter that you may not be able to believe. I want you to read it to our folks and everybody in your family.

We have all heard of Nazi atrocities, but have more or less passed them off as just stories. Today I saw one of the most horrible examples of Nazi crimes that I ever hope to see again. In a town near here named Gardelegen, Germany, 1600 German, Russian, Polish, French and Dutch Political Prisoners and slave laborers were burned to death in a large brick barn. The Germans marched them out to this barn on the pretense of taking over the barracks for their own use that the prisoners had been living in. After they got them there they herded them into the barn, saturated the straw with gasoline and set fire to it. The prisoners, mostly men, managed to put the fire out so the Germans threw grenades and phosphorus shells into the barn to reignite the straw. Those who tried to escape were shot by machine gunners as they reached the doors. Out of 1600 men only 5 or 6 managed to escape. One did so by staying from Friday night till Sunday under a pile of burned bodies.

"After the fire was all burned out, the Germans came back in and asked if anyone needed medical attention. Those who answered they did were shot down where they were.

"The German civilians had tried to cover it up by burying the bodies in a large trench to force the Americans reached there, but were unable to. They are now being made to dig up the buried bodies, place them on the litters with their bare hands and place them in individual graves with crosses over each one.

"Words and pictures can't describe it as it really is. I can still smell the horrible odor of burned bodies. It's hard to imagine the state of the men's minds that could do such a thing. The screams of the dying would stop any decent human being but these Nazi. It seems that they will stop at nothing to erase any bit of opposition to their gangsterism.

"I was anxious to see this but wish now that I had not because the sight and memory of those people will never be forgotten. I couldn't forget it if I tried. It's too horrible to describe and too terrible to forget. It's things like that that make us more determined to finish the Nazis once and for all. As ever, Dean."

Who's News?

By Earle Ferris

You will soon be seeing Carol Bruce wherever you go, as well as the lovely singer, shown here, who co-stars with Curt Massey on "Sunday on the N-K Ranch," via the American chain, has a cargo ship, a park, a rose, a B-29, an amphibious tank, and a Liberator named after her.

In addition to super sleuthing as "Miss" Nick Carter—Master Detective, Lon Clark has composed three songs in collaboration with "Song" writer Lee Erwin, and expects one of them to be introduced soon by a popular radio band.

Phil Baker, shown here, thinks he is about due for some sort of degree. In interviewing more than 1,000 contestants to date on his "Take It Or Leave It" quiz Sundays over CBS, Baker has had to familiarize himself with the answers to nearly 10,000 widely assorted questions!

Jack Parker, recently returned war correspondent of the American network, has joined the staff of "Ted Malone Tells," heard weekdays over that chain. Parker will aid Malone in gathering material for his theme of re-discovering America. Just as countless GIs will do upon their return to the States.

Marilyn Day, singer on Dunninger's variety program over NBC Fridays, is delighting the eyes of the GIs overseas. Marilyn, shown here, has a prominent part in a film short in which she appears with Band-leader Johnny Long. The picture is now being shown at various battlefronts.

STANDING STILL
IS TOUGH GOING
FOR THAT CAR OF YOURS!

SOUNDS FUNNY -- BUT IT'S TRUE! Cars that do a lot of "marking time" in garages actually need more care than cars that are used constantly. That's not just our idea. It's a scientific fact! When a car stands idle, water condenses in the crankcase -- greases tend to dry and harden -- there's a better chance for corrosion . . . to mention just a few of the evils that arise. So don't let the mileage fool you. In Wartime, your car needs regular attention no matter how much or how little you drive it. And that goes double in warm weather!

WARM WEATHER'S NO TIME TO RATION CAR CARE! Heat has always been tough on cars. This year, it's more than ever important to guard against it. Don't put it off. Have your car thoroughly conditioned for warm-weather driving today. With our fine products -- our tools and experience, we can not only help give your car more miles, more years in this emergency, we may even be able to save you up to one gallon of gas out of every ten you buy! And that's not idle talk! Here's our routine:

ENGINE . . . Drain out worn lubricants -- replace with clean Summer Mobiloil.

GEARS . . . Check differential and transmission. Replace lubricants if necessary with the right grades of Summer Mobiloil Gear Oil.

CHASSIS . . . Thoroughly Mobilubricate your car -- eliminate squeaks and rattles.

RADIATOR . . . Clean out your cooling system with Mobil Radiator Flush -- condition it against rust and scale with Mobil Hydrotone.

IGNITION . . . Check your battery, spark plugs. Clean or replace if necessary.

TIRES . . . Give them a thorough inspection for cuts and bruises. See that they are properly inflated for Victory driving.

BE ON THE SAFE SIDE -- CHECK WITH US EVERY 30 DAYS

News Of Our Servicemen

Major Clair Bartholomew, who returned to this country recently aboard the Queen Mary after 17 months in the European theatre of operations, with a traffic transportation group, arrived Sunday from Detroit to spend a 30 day furlough with his parents, Mr. and Mrs. Floyd Bartholomew, and at his cottage near Horton Bay. He was accompanied by Mrs. Bartholomew and son, Richard, of Detroit. Two other sons, Ralph and Robert, have been spending the summer with their grandparents. Maj. Bartholomew will report at Camp McCoy, Wis., when he returns to duty.

Pfc. Dan Cencit arrived last Wednesday evening from New York City to spend a ten day furlough with his wife and daughter, Dee Ann, and with his mother, Mrs. Grace Cencit.

J. Gilbert Powers, AMM-2, and Mrs. Powers arrived Thursday from Long Beach, Calif., to spend a 30 day leave with his parents, Mr. and Mrs. Harry Powers. Mr. Powers, who has been serving aboard the aircraft carrier, Petrop Bay, in the Pacific, returned to this country recently. He will report at Detroit when he returns to duty.

Word has been received from Cpl. George Hignman that he is now at Chateau Thierry, France, with a casual company, and has received his first mail in five months. He reported there after more than three months duty in Germany.

T-5 Helen Novotny who is stationed at Camp Hood, Tex., with the WACS, arrived recently to spend a 11 day furlough with her parents, Mr. and Mrs. Frank Novotny Sr.

Don Boss, who is stationed at

the U.S.N.A.S., Crosse Ile, spent the weekend with his parents, Mr. and Mrs. John Boss Sr.

From S-Sgt. Carl C. Himebaugh in Germany comes the following: Several copies of the Courier reached me today. Thank you so much. They are always welcome.

Victory is ours here now so finish the Japs and then home. What a day that will be! Seems I've forgotten how Charlevoix looks! It's beautiful here but can't compare with home.

Lt. John Cruthers, in Germany with an engineers battalion writes: Sorry it's been so long since you last heard from me but you see it wasn't without reason. I picked up a bit more scrap iron than I could handle so they packed me away and tucked me into a nice little old white bed for quite a while. That was fun, but I didn't enjoy not being able to write and stuff, but more tragic yet, in the process of getting shifted around I lost my stuff including the addresses of a couple of guys, namely Doug Bird and Lewis Brown. Would certainly appreciate it if someone would send the addresses to me: 0-11326 Co. B 86th Engrs. APO 403, care of P. M. New York.

Due to the fact that my address has been and will continue to be changed often, please check me off the mailing list for now. When they get me where they want me (but not where I want to be) I'll send my new address. Thanks, Howard Kane SM1-c

Sgt. Leo Fairbanks, who has been spending a 30 day furlough with his wife and daughter and his mother, Mrs. Agnes Fairbanks, after returning from duty in Europe, left Tuesday to report at Fort Sheridan, Ill.

After a nine day leave with his parents, Mr. and Mrs. Charles Lamphear, former residents now living in Highland Park, John E. (Jack) Lamphear, Fireman, second class, has returned to the U.S.N.T.C., Great Lakes, Ill. From there he will be transferred to the Naval Training and District Center, Camp Elliott, Calif. In the

service since May 16, Mr. Lamphear recently completed boot training.

While at Great Lakes he won the Navy Merit badge of expert rifleman and received the best score as a marksman in his regiment.

The Rev. Clure W. Cleason, USNR, and Mrs. Cleason arrived from Chicago last Tuesday evening to visit the former's brother-in-law and sister, Mr. and Mrs. R. T. Davis.

AAA NEWS

Walter H. Henley, Chairman
Charlevoix County AAA
Committee

Wheat crop insurance contracts on the 1946 wheat crop are now being sold through the Charlevoix County AAA Committee and office. By obtaining Federal Crop Insurance, wheat growers can protect their 1946 crop against drought, floods, hail, frost, winterkill, wind, fire and all other natural hazards up to 50 to 75 percent of their average crop yield.

County premium rates have been established according to the county's past history of crop yields. They have been worked out to give the farmer the greatest possible protection with the least amount of cost.

A Triple-A representative will soon call on wheat growers to offer them their choice of two contracts. Both are for three years, covering the 1946-48 crops. The farmer will then be given full information on premium rates and benefits of the insurance program. A farmer may also call at the A. A. A. office and obtain his insurance contract in the same number.

Wheat growers who want to be sure this year will insure. No matter how far along a crop is, farming is still a gamble, and the best guarantee against loss of a crop is to protect your investment with crop insurance. Nobody knows what weather conditions may

bring to a wheat crop. That's why the Government is offering no-risk crop insurance to farmers. The expense of operating the non-profit Federal program is carried by the Government. So check with your AAA county committee or your AAA office and find out how crop insurance fits your farm. It's a good investment. Every winter wheat farmer should apply for this protection as soon as possible. Do it now.

Mrs. Mary Tynite left Saturday for Sturgeon Bay, Wis., where she will visit her daughter, Mrs. Chas. Asher, and her son, Marcus Roen, before returning to her home at Fort Myers, Fla.

Sister of Mrs. Dora Hamilton Married in Denver, Colo.

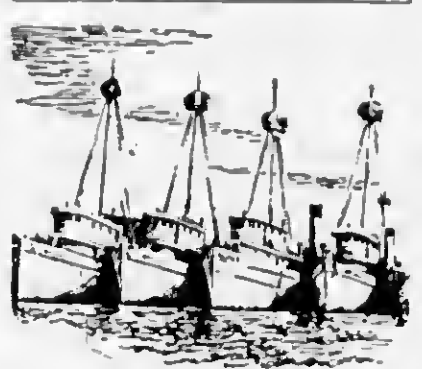

Word has been received here of the marriage of Mrs. Carrie Laycock, to Hezekiah Carpenter, at Denver, Colo., on Wednesday, August 1.

The bride is a former resident and is the sister of Mrs. Dora Hamilton.

The couple will make their home in Denver.

Behind Your Bonds
Lies the Might of America

FISH

More than 4 million dollars' worth of water products are taken yearly from inside and outside the barrier reef that extends the length of North Carolina, 3,000 square miles of fresh and salt water. Thousands of fishermen make a livelihood off the 25 kinds of food fish and 150 million pounds of menhaden yearly included in the catch. Menhaden is converted into fertilizer and oil. This industry—and hundreds more like it—represents the real resources of the nation backing up your War Bonds.

TURPENTINE SERVES

Turpentine, taken from Florida trees for decades, contributes to the war effort both as a necessary chemical and as an asset to insure payment of War Bonds. Still it is only one of Florida's varied products that feed and equip service men while adding to financial resources behind your bonds. China, glassware, insulation, cotton goods and vegetables, valued at over 300 million dollars annually are purchased by world markets. After the war the demands will increase.

Charlevoix County Club

Twenty outstanding club members of the county were privileged to attend a one-week session of the Gaylord 4-11 Club Camp which opened Monday, July 30th and closed Friday, August 3rd. Festivities at the camp commenced with supper on Monday night followed by an amateur fun program and movies by W. C. Kirk. Antrim County Agricultural Agent. Throughout the week classes were held in the variety of projects club members usually are enrolled in. Judging contests were in clothing, food preparation, canning, dairy, crops and garden.

Demonstration teams practiced throughout the week and members did their best when competing against one another on Thursday.

There were 438 members and approximately 20 leaders in attendance from 27 Northern Michigan counties. Delegates who attended from Charlevoix county are as follows: Nita J. Brumm, Belma Kane, Betty Erber, June Johncheck, Joan Mathers, Sara Ellen Coleman, Arvilla Howe, Dick Jolliffe, Ann Cill, Ann Davison, Carla Nowland, Leona Warner, Beverly Looze, Doris Howe, Billy Allison, Frances Leist, Arlene Stolt, Arnold Loper, Faith Freeman, Larry Finocut, and Oliver Johnson. District 4-11 Club Agent, Karl C. Festerling, was in attendance during the entire week.

Remember the old World War I song, "How you gonna keep 'em down on the farm after they've seen Parer?"

More quotations from the challenging study:

"In the years between the wars (World Wars I and II) no more than half of Michigan's farm youth were employed in agriculture. Hundreds, uncertain of their futures if they stayed on farms, sought the opportunities for education and employment offered by urban life."

"In spite of the many excellent programs now active in Michigan (4-H club work, high school vocational agricultural or vocational homemaking courses, etc.), the overall educational program is unevenly developed. It does not reach effectively the majority of rural youth."

"It is frequently stated that farmers give more attention to their livestock and crops than to their youth. What do you think?"

One of the cultural advantages of city life is ready access to books and magazines through public libraries.

Not so, however, with many people who live in the Michigan rural communities.

"Two-fifths (42 per cent) of the rural people of Michigan are without public libraries. Scarcity of libraries is partly associated with sparsity of population. South of the Muskegon-Bay City line 36 per cent of the rural people are without public libraries. North of this line the percentage is 57, while in the Lower Peninsula two-thirds (64 per cent) have no public libraries."

The State Board for Libraries recommends a local per capita tax of \$1 to \$2 to be supplemented by grants from the state.

Rural health in Michigan is not what it should be.

"Among rural youths' rejections (military service) for physical reasons were higher than among those residents in cities. Many of their defects were associated with faulty nutrition."

"Cities have had full-time health departments for many years, but only since the county health department law was passed in 1927 have Michigan's rural areas begun to enjoy the same advantages. With modern transportation, rural and urban health problems have come to be much the same."

The study points out that a county or district health department may be established by the local county board of supervisors.

Social insurance is provided for most urban residents, but not for the average farmer.

"Only a small proportion of Michigan farmers and rural people are included in the nation's social security program. Farmers, together with all other self-employed persons, are completely excluded from the social insurance."

"Social insurance is a sound business program the objective of which is to provide a safeguard

against economic hardships which are unpredictable in the case of a single individual but are predictable in the case of large groups."

"Many elderly farmers continue to operate farms because of inadequate provisions for current income, thus preventing younger men from obtaining a start in farming."

Recommendation: That social security benefits be extended to rural citizens.

All of this may be true, you add, but the fact still remains that the average person gets what he pays for. What is the answer to the above challenges—more taxes for farmers?

If we are to interpret rightly the rural study, the solution consists of two things. First, a better income for farmers. Messrs. Ruthven, Hannah and Elliott refer to the economic truth that rural residents have been the victims of national "shortchanging".

Second, better education in order to assure better farming.

To conclude with additional views as expressed in the Ruthven-Hannah-Elliott statement: "Michigan is an important agricultural state. Its agriculture is highly diversified. The growth of cities has not diminished this importance. . . . The well-being and security of all are possible only when a reasonable balance is maintained between farming and non-farming communities. This applies equally to incomes and to standards of living."

Rev. Clare Gleason Wed In Chicago

Miss Janet Eleanor Scorza, the daughter of Rev. and Mrs. Anton F. Scorza, of Chicago, became the bride of the Rev. Clare W. Gleason, Pharmacist's mate, third class, U.S.N.R., at a ceremony performed at the United Congregational church, Chicago, at 7 o'clock Saturday evening, August 4.

The Rev. Norman H. Vernon, pastor of the Epiphany Baptist church, Chicago, read the double ring service before an altar banked with baskets of white gladioli in the presence of three hundred guests. Mrs. William Meyer, pianist at the Epiphany Baptist church, played the traditional wedding marches and accompanied the soloist, Miss Marie Spinelli, who sang "I Love You Truly".

The bride, who was escorted to the altar by her father, wore a gown of white chiffon fashioned with a sweetheart neckline, long sleeves and a long full skirt. Her bridal veil fell from a tiara of orange blossoms. She carried a bouquet of white roses and sweetpeas centered with two orchids.

Miss Ruth Scorza, sister of the bride, as maid of honor, and the Misses Eleanor Spinelli, Renee Oberg and Helen Parras, as bridesmaids, wore identical gowns of white chiffon, of the same design as the bride's. The maid of honor carried a bouquet of pink carnations and the bridesmaids bouquets were of red carnations.

Stuart Lee DeWolf, Seaman, first class, USNR, assisted as best man and David Love, William Campbell, and Charles Jacobs, all Seamen, first class, USNR, seated the guests.

Miriam Scorza, niece of the bride, was flower girl. She was dressed in a white chiffon dress made like the bride's and work pin-carnations in her hair.

Ritchie Davis, of Charlevoix, nephew of the bridegroom, was ring-bearer. He wore a navy blue sailor suit and carried the rings on a heart-shaped pillow.

Immediately following the ceremony, a reception for the bridal

party and three hundred guests was held in the lower auditorium of the church. The refreshment table was decorated with white lighted tapers and white flowers. The large wedding cake was topped with a miniature bridal couple.

The Old Sunday School choir of Stations WAIT and WCFL, of which the bride is a member, entertained at the reception.

Following a wedding trip to northern Michigan, the couple will make their home at 835 North St. Louis Street, Chicago.

The bride is a graduate of the John Marshall high school.

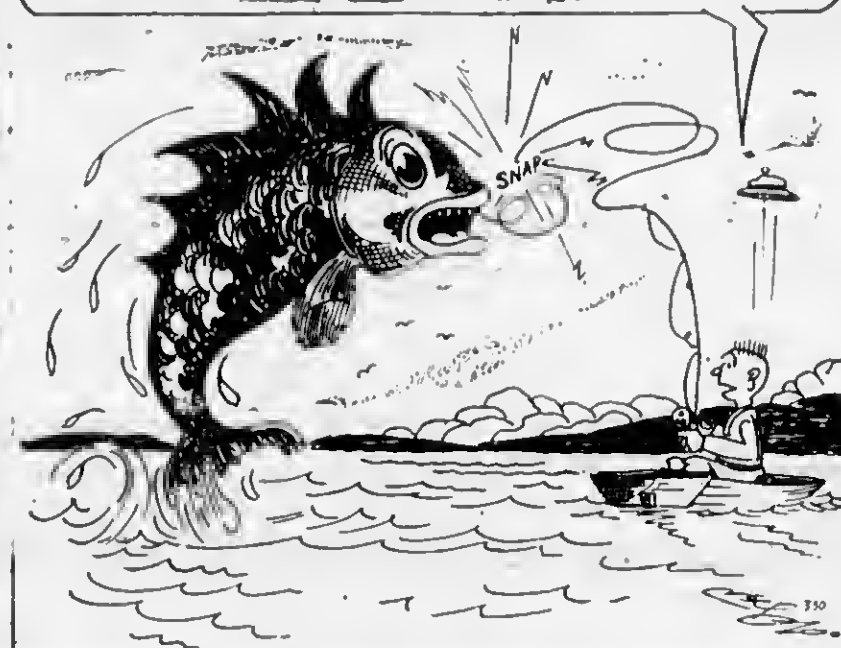

The bridegroom is a graduate of the Charlevoix high school and the Moody Bible Institute, Chicago. He was ordained in the ministry in September, 1942. He entered the service in November, 1942, and served eight months in the Panama Canal Zone after being stationed at various bases in this country. He is now stationed at the Naval pre-radio school at Wright Junior College, Chicago.

PICKLES

Industrially great as is Pittsburgh, it demands recognition, too, as the home of one of the nation's greatest food processors. Heinz pickles and other vegetable products in glass and metal containers are sold throughout the world. From a small brick building, this business has grown to require 28 major plants and 150 branches. The small sums housewives pay for its items everywhere contribute to national prosperity and help assure War Bond payments. U. S. Treasury Department

BIBLE QUESTIONS
ANSWERED BY THE
VOICE OF PROPHECY
INTERNATIONAL BIBLE BROADCAST

Question—What is a "creed"?
Answer—It is usually defined as
a formal statement of doctrine.

Q.—Can you tell us what the
"sign of Jonas" is as mentioned in
Luka 11:29-32?

A.—It was Christ's resurrection
from the dead, which had been sym-
bolized by Jonah's deliverance
from the belly of the great fish.
Matthew 12:40.

Q.—Isn't it clear that man has
evolved from lower animals?

A.—It is not clear. The "missing
link" is still missing. Why not take
God's Word at face value. "So God
created man in His own image, in
the image of God created He him;
male and female created He them."
Genesis 1:27.

Q.—Were Sodom and Gomorrah
destroyed by an ordinary volcanic
eruption?

A.—Not if we believe the Bible.
Their destruction had been foretold
and was known to be coming. The
words of the angels were: "For we
will destroy this place, because the
cry of them is waxen great before
the face of the Lord; and the Lord
bath sent us to destroy it. . . . And
the Lord rained upon Sodom and
upon Gomorrah brimstone and fire
from the Lord out of heaven."
Genesis 19:13-24.

Q.—Why was there no leaven or
yeast in the Passover bread eaten
when Israel left Egypt?

A.—Leaven was a symbol of cor-
ruption, and the children of Israel
bad to be clean before God. Paul
uses the same figure in 1 Corin-
thians 5:7,8: "Purge out therefore
the old leaven, that ye may be a
new lump, as ye are unleavened.
For even Christ our passover is
sacrificed for us: therefore let us
keep the feast, not with old leaven,
neither with the leaven of malice
and wickedness; but with the un-
leavened bread of sincerity and
truth."

Q.—Hasn't research proved the
origin of life to be contrary to the
Bible record?

A.—Prof. George Darwin, pres-
ident of the British Association and
son of the renowned Charles Dar-
win, said at a public meeting of the
Association on August 16, 1905,
"The mystery of life remains as
impenetrable as ever." As far as
science is concerned, this state-
ment still holds. The Bible tells us
that God created the living from
the non-living. Read all of the first
chapter of Genesis; also Psalm
36:3: "For with thee is the foun-
tain of life: in Thy light shall we
see light."

What is a
"Consumer"
loan?

Consumer loans have these
characteristics: They are

repayable in convenient installments, usually
monthly, which are fitted to the borrower's
earnings. They are made to individuals for
personal purposes such as paying up bills,
meeting emergencies and financing automa-
biles, radios, home repairs and modernization.
Bank consumer loans are economical in cost.

Foster Boat Directors Elect Officers Friday; Plan For Reconversion

Harry G. Foster Again Heads Concern Bearing His Name

Officers of the Foster Boat Company, elected at the annual meeting of the Board of Directors held Friday, are: President, H. G. Foster; Vice-Presidents, James E. Foster, Victor S. Mancey, Gordon E. Clement, John K. Reed and Glen E. Robinson; Secretary, Lt. Gar Wood Jr.; Treasurer, Charles A. Duerr.

Reconversion to peacetime production is being accomplished as fast as conditions permit. Orders for over 1200 boats have already been booked and manufacturing will be under way as soon as alterations to the Company's plants have been completed. Production of the new 26' Foster Cruiser will commence at Plant 1 upon completion of the 24' Plane Personnel Boat now being built for the U. S. Navy. Manufacture of boat oars has already been resumed, and a line of patented plywood paddles will soon be added. A variety of life jackets, ring buoys, tarpaulins and other marine canvas items will be in production shortly after November 1st, when the Company plans to occupy its new Canvas Division plant now under construction on Charlevoix Avenue, Petoskey. The Foster Boat Company intends to display all of its products at the major boat shows this winter.

Lt. Gar Wood, Jr., prominent in the boating field, will be active associated with the local concern, and will make his home in Charlevoix in the very near future.

Succeeds Carl Lindquist of Cadillac, Michigan

Sam E. Rogers of East Jordan, chairman of Charlevoix County Road Commission, was elected president of the Northern Michigan Road Commissioners' Association during the annual meeting at Traverse City. Mr. Rogers, vice-president last year, succeeds Carl A. Lindquist of Cadillac. F. E. Aemisseger of Alden, member of Antrim County Road Commission, was elected vice-president. Ben D. Jeffe of Lake City, Missaukee County, was re-elected secretary. N. E. Wicks of Iron Lake County was retained as treasurer.

Plum Gets Stars, Ribbons In Pacific

Aboard the USS San Francisco in the far Western Pacific, Leroy Plum, Boatwain's Mate First Class, USNR, who served aboard this famed heavy cruiser in all her actions from the Solomons in August, 1942, to Okinawa last July, collected a total of four service ribbons and 17 battle stars in three years of Pacific warfare.

He was awarded 15 bronze stars on the Asiatic-Pacific Campaign Bar, the Presidential Unit Citation with a blue star, one bronze star on the Philippine Liberation Ribbon, and the American War Effort Medal. The Presidential Unit Citation was presented to him and his gallant shipmates after the "San Francisco's" heroic action against heavy odds in the battle of Guadalcanal on the night of November 12-13, 1942.

County Treasurer Goes "On Air"

Lillis M. Flanders Program Interrogator

Lillis M. Flanders, Charlevoix County Treasurer, was the featured guest last Saturday at a 15-minute radio program over station WTOM, Traverse City. The program was one in a series on "Know Your County Government."

Questions were directed by Miss Flanders to Edward Wilson, Treasurer of Grand Traverse County, who gave his version in the several problems pertaining to the County Treasurer's office. The program is sponsored by the Michigan Institute of Local Government.

Among questions asked by Miss Flanders were:

Q. What are the duties of the County Treasurer?
A. The County Treasurer carries the greatest financial responsibility.
Q. What other than real estate taxes does he collect?
A. What funds does he receive from the State and allocate to the various local units of Government?
Q. Who is custodian of bank deposit boxes in case of death of joint or sole owners?
Q. How does he assist property owners in regaining property upon which taxes have become delinquent and upon which taxes have been sold?
Q. In what way does the County Treasurer's office protect the purchaser of real estate?
Q. What rights are guaranteed to Soldiers and Sailors under our law granting exemptions?
Miss Flanders has continually served Charlevoix County efficiently as Treasurer since 1933.

Mail Overseas Packages Early

The Christmas mail problem for soldiers will be complicated this year by the fact that thousands of overseas personnel will be moving from one organization, or even continent, to another under the re-employment procedure.

Important: So that your Xmas parcel will reach the soldier, be sure the address is overseas. Defer mailing if necessary until the new address is known. Remember, Christmas parcels will be accepted after October 15, up to and including December 10, 1945, upon presentation by the sender of a change of address notification. Do address the parcel accurately and completely to the latest address furnished by the addressee.

Choose wisely—Ascertain in advance through correspondence what items the addressee would like to have and limit your mailing to that. Don't send: Perishables, intoxicants or inflammable material.

Pack securely—Select a strong box and strong cord, also heavy paper for the wrapping. Pack contents tightly. Limit package to regulation weight (5 lbs.) and size (no longer than 15 inches; 36 inches in length and girth combined).

Address clearly and be sure your package carries the endorsement "Christmas Parcel".

Mail early and remember postage must be fully prepaid. The 30-day period does not apply to Christmas cards. These may be mailed at any time during or after the package mailing period, must be in sealed envelopes and prepaid at first-class rate.

1946 Design Just Off the Line

The new 1946 Pontiac has been revealed by H. J. Klinger, chief executive of Pontiac Motor Division. New design and reapplication have added to the Pontiac's long, road hugging appearance. Note the curving bumpers which extend to protect fender skirts and set off the car's overall sleekness. The Pontiac will be sold by Moore's Service, formerly Meyers Service, on Antrim street.

Kipke Has Several Lettermen in Lineup

The Charlevoix high school football team, coached by Ray Kipke, will open the 1945 season on Friday when they play Grayling at the South Side Athletic Field here. After three weeks of practice, Coach Kipke has rounded out what he hopes will be a successful team. Included in the 35 men reporting regularly for practice are several lettermen from last year's squad who will form the nucleus of the team and several men who played part time last year.

Coach Kipke has not chosen the regular line-up for Friday's game at this time but said the men would be chosen from the following candidates:

Center, Bob Crain, Jerry Yyma; Left guard, Irving Manville; Left tackle, Bernie Ward, Bob Morrow; Left end, Bob Carey, Vince Olach; Right guard, Bill Poole, Lyle King; Right tackle, Emerald Howe, Don Zeilner; Right end, Jack Mol, Don Vosborg; Left half-back, Frank Martin, Bill Carey; Right half-back, Dick Hardy; Full-back, Don Brown, Richard Joffe; Quarterback, Bernie Zeilner; Don Brown was named captain of the 1945 squad on Tuesday evening.

The 1945 schedule as announced by Coach Kipke will include six games, three of which will be played in Charlevoix. All games will be played at 4 o'clock each Friday afternoon during the season unless otherwise announced.

The complete schedule follows: September 28—Grayling—here; October 5—Mancelona—there; October 12—Bozette—here; October 19—East Jordan—here; October 26—Harbor Springs—there.

November 2—Pellston—there. At a recent meeting of the Northern Michigan Class C Conference, of which Charlevoix is a member, Pellston joined the group for the first time and two other schools who had left the conference for several years, Gaylord and Grayling, returned. The conference is now composed of eight schools and include Mancelona, Harbor Springs, East Jordan and Boyne City besides those already named.

FELLOWSHIP GROUP MEET AT CHURCH

The Women's Fellowship group of the Barnard Reformed Church met at the church last Wednesday for their regular meeting and annual election of officers. The meeting opened with devotionals led by Mrs. Lawrence E. Boas and a solo by Mrs. John L. Boas. Officers elected for the year are: president, Mrs. Elsworth Dykstra; vice president, Mrs. John L. Boas; secretary, Mrs. Lawrence E. Boas; treasurer, Mrs. Theodore Haines; flower committee, Mrs. John Boas Sr.

Bergeon Gets Promotion

In Army Since 1941; Overseas Duty Last Year

With the 5th Bombardment Wing, U.S.A.A.F. in Italy, Orville F. Bergeon, son of Mr. A. Bergeon, 206 Clinton St., has been promoted from the rank of corporal to that of sergeant, according to a recent announcement of the commanding officer of the 654th Air Engineering Squadron, 528th Air Service Group, stationed near Foggia, Italy.

Sgt. Bergeon entered the service in 1941 at Fort Custer, and was sent overseas in December, 1944, arriving at Bari. He was graduated from Charlevoix High School and later became associated with his father here.

At present Sgt. Bergeon is assigned to the armament department on the Amendola Airfield used by the 97th Bomb Group, the 2nd Bomb Group, and the Royal Air Force during their intensive raids on German occupied Europe during the war.

Prof. Perry Mason Appointed Dean

Was Graduated From Charlevoix H. S. in 1916

Professor Perry Mason, son of Mrs. Nettie V. Francis, has been appointed Acting Dean of the School of Business Administration of the University of California at Berkeley, California. He has recently returned to the University after spending three years with the Office of Price Administration in San Francisco where he was Regional Price Economist.

Professor Mason graduated from Charlevoix High School in 1916 and from the University of Michigan in 1921. He also received the degrees of Master of Arts and Doctor of Philosophy from the University.

He is a Certified Public Accountant in Michigan and California and has taught accounting at the University of Michigan, the University of Kansas, Adelphi College, and the University of California at Los Angeles, as well as at his present location.

Rebekahs Hold Annual Meet

Past Presidents Gather at Home of Mrs. Grace Genoit

The Past Presidents Club of the 18th district of the Association of Rebekahs held their annual meeting and luncheon at the home of Mrs. Grace Genoit on Wednesday. Representatives were present from Petoskey, Harbor Springs, Pellston, East Jordan, Boyne City and Charlevoix.

The devotions were led by Mrs. Maude Kichtinger, of Boyne City, and Mrs. Fay Cataline, also of Boyne City, presided at the business meeting.

The following officers were elected for the ensuing year: President, Mrs. Ora Hoover, of Harbor Springs; vice president, Mrs. Myrtle Mitchell, of Charlevoix; secretary-treasurer, Mrs. Florence Bartlett, of Pellston; Miss Fannie Kurtz, of Petoskey, was appointed to take charge of the program.

Fourteen members including the district officers were present. Mrs. P. R. Ross, of Charlevoix, is district treasurer.

The 1946 luncheon and meeting will be held at the home of Mrs. Bartlett at Pellston.

Farmers' Group Enjoy Dinner

Hear Union President On Legislative Matters

The Charlevoix County Farmers' Union served a chicken dinner Sunday, Sept. 23 to the members and friends. The attendance was far beyond expectations.

At 2:30 p. m. an address was given by Sam Martin, president of the Michigan Farmers Union, who spoke on the actions of the last session of the Michigan legislature.

Mr. Martin told of how enemies of the farmers, by legislative manipulation, took out of the hands of the people and the Governor, the authority of directing the duties of the Commissioner of Agriculture and placed it in the hands of five commissioners. This was the only Charlevoix youth to become a Japanese prisoner.

No details of his rescue have been disclosed.

Graduating from the Charlevoix high school in 1937, Ben left here in September, 1939, for Miami, Fla., where he worked for a year before enlisting in the Navy on September 30, 1940. After boot training at Norfolk, Va., he was transferred to San Pedro, Calif., where he was assigned to the aircraft carrier, Lexington, which was later lost in the Battle of the Coral Sea. In September, 1941, he was transferred to the Philippines where he was assigned to the submarine tender and early in November, of the same year he joined the crew of the Perch. It was always believed the submarine was at or near Manila when the Japs attacked that city on December 8, 1941.

Corp. Stephens Gets Citation

Cpl. G. Ralph Stephens, of the Sixth Marine Division, son of Mr. and Mrs. John Stephens, has received the following commendation from his commanding officer: "It gives me great pleasure to express to you the Commanding General's appreciation of the manner in which you performed your assigned duties in the operations on Okinawa Shima as a member of the Sixth Service Battalion. Cpl. Stephens, 21, enlisted in the U. S. Marine Corps Reserves in May, 1943, and after receiving training at San Diego, Calif., went overseas in September, 1943. He was stationed in the New Hebrides until going to Okinawa on April 8, 1944. He is now on Guam.

"I am in good health, will see you soon," were the words which brought a world of happiness to Mrs. Fred Gill. The message was contained in a telegram received Monday morning from her son believed to be dead.

Benjamin S. Gill, 28, fireman, second class, U. S. Navy, missing in action since early in 1942 when the submarine, Perch, was lost in the Southwest Pacific, has been found in a Jap prison camp and is enroute home. The news came Monday in two cablegrams from him to his mother, Mrs. Fred Gill. Sent from Manila on the first leg of his journey home, the first message stated: "Am in good health. Short stay in Manila. Hello all. Will see you soon," and was signed "Bennie Gill".

The second cable received less than an hour later read: "No answer to last cable. Hope nothing happened at home. Answer immediately. Recovered Personnel APO 501".

Late Monday afternoon, Mrs. Gill received a letter from him postmarked September 15 and evidently written soon after his release from the prison camp. It reads in part: "Everything is well with me and am in the best of health. . . . It has been a long time to be out of circulation. . . . I'm sorry I couldn't write home and let you know I was alive but I was only one of many. . . . More later but now I have to get some letters out for some of my friends who are still left in prison camp at Makassar (in the Celebes, Netherlands East Indies). Mora when I get to Manila. Your long lost son, Bennie."

The above are the first messages received directly from Ben Gill since his family received a letter in January, 1942, which had been written in Manila on November 20, 1941, at the time he had transferred to the submarine, Perch, from the submarine tender, Canopus, on which he had served since September, 1941.

On April, 16, 1942, his family were notified by the Navy department that the submarine, Perch, was "long overdue and must be presumed lost". A year later on April 19, 1943, a letter was read on a broadcast from Radio Tokyo presumably from Ben stating he was a prisoner of war and was well. He was never officially reported a war prisoner by the Japanese government. His family, however, never lost hope that he would eventually be found. He was the only Charlevoix youth to become a Japanese prisoner.

No details of his rescue have been disclosed.

Graduating from the Charlevoix high school in 1937, Ben left here in September, 1939, for Miami, Fla., where he worked for a year before enlisting in the Navy on September 30, 1940. It was always believed the submarine was at or near Manila when the Japs attacked that city on December 8, 1941.

His mother, Mrs. Gill resides at 307, Prospect st. His father died in January, 1945. A brother, Sgt. Robert Gill, returned in July from overseas where he served with the Seventh Army in France and Germany. Another brother, Sgt. Albert G. was discharged from the army in May after serving in France where he was wounded last November and now lives at Sheboygan, Wis. Other members of his family include three brothers, Bud, of Ironton, Glenn, of Sheboygan, Wis., and Don, at home and two sisters, Mrs. Robert Duff, of Elmira and Mrs. Vern Synder of Milwaukee, Wis.

Quick-Freeze Your Food at a Nominal Cost

A comparatively new \$100,000,000 industry which boasts it is saving a total of \$150,000 a day for 2,250,000 American families is one of the good things that the country got out of the late unlamented Depression. It is the cold-storage-locker system for preserving foods, an invention of a group of financially hardpressed but bravely imaginative farmers of the Pacific Northwest, who saw no reason why they should continue to sell their livestock and their crops at rock-bottom at slaughtering and harvest time, only to buy the same goods back as food at four or five times the price a few months later.

There were practically no locker plants in 1933, but there are more than 10,000 of them now. One hundred more are being built every month. They range in size from plants of 50 lockers, to plants of 2,000. Each locker holds about 200 pounds of food-stuffs. It is estimated that each locker saves its renter from \$30 to \$100 a year in food costs.

The locker plants are cold-storage plants in which food is first "quick-frozen" at ten or more degrees below zero F., and then stored at a steady temperature of from zero to 15 above zero until needed.

The quick-freezing process is the secret of the plants' success. Frost, which is a slow-frozen formation, destroys vegetables and fruits, making them watery and tasteless, and ruining their firmness of texture, while quick-freezing not only avoids injury to the food but in the case of peas and spinach actually improves their color and texture. The reason is that when freezing occurs slowly, ice crystals form inside the fruit or vegetables and continue to grow, sending out needlelike points, until the cell walls are pierced and the vital juices drain out. With "quick freezing" the sudden plunge to extreme cold causes only minute ice crystals to form and the cell walls remain intact.

A frozen food locker for Charlevoix will necessitate much planning, especially in the size of the plant, and the number of lockers needed to care for all who require them. One of the greatest advantages of the quick-freeze method of food preservation is the saving on vegetables and meats. Farmers can fill a locker at harvest or slaughtering time and have access to flavorful goodness of meats and vegetables the year around.

ORDER FOR APPEARANCE

State of Michigan, In the Circuit Court for the County of Charlevoix, in Chancery.

From where I sit... by Joe Marsh

Our town
has heroes, too

Over at Thistle Ridge they're always boasting about their local heroes—ancestors in the Revolutionary War, congressmen, and an artist with pictures in the Metropolitan Museum.

Well, we've got our local heroes, too.

There was old Doc Turner, who fought for years against the intolerance and bigotry that kept children from being vaccinated in our county.

And Deacon Follenberg, who fought for free pews in the churches; Jess Haeckney, who

campaigns for teaching honest history in schools; Wedd Towers, who fought the encroachment of Prohibition in our county and persuaded folks they wanted tolerance and moderation in place of a return to lawlessness.

You won't find monuments to these folks. But from where I sit, they're heroes in a cause that's pretty sacred in our town: the cause of freedom, tolerance, and human dignity.

AAA NEWS

Walter H. Henley, Chairman
Charlevoix County AAA
Committee

Dairy Production Payments will be made beginning October 1st, covering sales of butterfat and milk sold during the months of July, August and September. The new rates for this quarter are 13 cents per pound on butterfat and 45 cents per cwt. on milk.

Farmers selling sheep and lambs to slaughterers should present their evidence of sale to the AAA office now. Applications for payment will be prepared at this time. To date, our sight drafts for payment have not been received, however, it is expected that they will be mailed to us within the next week, and payments will then be made direct to farmers through this office.

Farmers should bear in mind the fact that the only means of obtaining the support price for late crop potatoes is to place them in storage under loan. We wish to remind you that if you plan to store your potatoes in a warehouse, they should be stored in a separate bin, and not mixed with the potatoes belonging to some other farmer. This is necessary for inspection purposes. Potatoes

are high on the list of plentiful foods and are expected to hold their level throughout the year. With the third largest potato crop on record to handle, the Department of Agriculture is buying potatoes in fourteen states in order to support the prices. One of the big problems is to get the intermediate crop of potatoes out of the way quickly, because they don't store well. That is why the Department of Agriculture is urging all farmers to put their late crop under Commodity Credit Loan. Then the intermediate crop can be consumed through normal channels. Farmers can get loans at 3% interest on their late potatoes through their county AAA offices. The program runs from September 15 to December 15 and guarantees the farmers at least ninety percent of parity.

News Of Our Servicemen

Creek, Sgt. Conita, accompanied by Mrs. Conita, spent his furlough with his parents, Mr. and Mrs. Frank Conita, before reporting for duty.

Cpl. John A. Racot, veteran of 35 months overseas duty in North Africa and Italy with a medical corps unit of the air force, arrived recently from Charleston, S. C., to spend a 30 day furlough with his parents, Mr. and Mrs. Ralph Racot. Cpl. Racot made the trip from Cansablan to Miami, Fla., by plane.

In the service since February, 1942, he has been overseas since November, 1942. He has a total of 82 points.

Pvt. Archie Wasagshik is now stationed at Camp Shanks, N. Y., and has the following address: ASN 36161029 Police and Prison Co., Camp Shanks, New York, N. Y. In a recent letter in which he asked for the Courier he stated: Guess what I'm doing? Guarding German prisoners of war. And I really enjoy that. (Note: Pvt. Wasagshik was held in a German prison camp for more than four months last winter).

I won't get out of this man's army until my service record is straightened out. There are 27 of us who are having trouble with records so I'm not alone. They are mostly Michigan boys.

PS—I'm not in prison so don't get the wrong impression from the new address.

DOCTOR RATIONING! DO YOU WANT IT IN AMERICA?

COMMUNISM, FASCISM, NAZISM are not mere matters of terms or definitions. They result from the establishment of centralized controls and the operation of mechanisms of administration. Unfortunately, in the development of these mechanisms the insidious step by step procedure may postpone recognition of their real significance.

We are a trusting people. In some respects we are gullible folk. It is essential in these times that we be ruthlessly realistic. There have been introduced in the United States Congress Amendments to the Social Security Act. They are known as the

Wagner-Murray-Dingell Bills. Most Americans favor the expressed objective of some of the proposals. However, almost hidden in the corollary verbiage of the Amendments is the 'cold steel' move to place in the hands of appointees of the Federal Government sole and exclusive responsibility for the distribution of health care for one hundred million people. This service would consist of general medical, special medical, general dental, special dental, laboratory care, hospitalization and home nursing service. In no country has machinery been established more sweeping in its provisions to serve the purpose of a Collectivist State.

A DRAIN ON PRODUCTION — FEWER JOBS FOR WORKERS

In the beginning the tax provisions would create a central fund of more than Eight Billion Dollars annually. It is not anticipated that this amount would even approximate the total cost. It is to be supplemented from "General Revenue." We have fought and won two wars. Now confronted with a national debt approximating Three Hundred Billion Dollars, there is grave doubt whether our economy could sustain this additional drain of from Ten to Fifteen Billion Dollars each year.

The key principle of our Freedom of Enterprise System is more jobs for more men at maximum wages to provide ever greater markets for the products of a constantly expanding industry. Yet, it should be emphasized, the Wagner-Murray-Dingell proposals are a direct tax on employment. There would be a minimum of

Eight Billion Dollars yearly less for consumers to spend for the potential output of our mines and factories and farms. This, of necessity, would create a downward spiral of production and fewer and fewer jobs for workers. These results, within limits, would be inevitable. They might be disastrous but they are not the really important consideration.

The unparalleled progress and incomparable achievements of the American people are the result of self-respect, individual initiative and self-reliance. When formalized Security is substituted for self-reliance we forfeit the essence of the factor that has been our strength. When the incentive for individual effort and thrift is removed progress, as we have known it, will be shifted into reverse.

BEWARE, — IF DOCTOR RATIONING FAILS

It may be possible that a truly wise and honest administration can reasonably ration the food supply of a nation. Save under truly totalitarian concept and control, is it within reason to expect the effective rationing of physician and hospital services for one hundred ten million people? A vital difference should be kept in mind. If the food rationing fails, it may mean only that there are no steaks or pork chops on dining room tables. If the doctor

rationing fails, men and women and children die. Human lives are the issue.

The Wagner-Murray-Dingell Health Services proposals should be recognized for what they are. They are in reality State Medicine. They are instrumentalities and mechanisms of the Collectivist State. If we are to preserve our Freedom of Enterprise System we dare not enact these proposals into law.

YEARS EXPERIENCE

Former Charlevoix Resident Married Tuesday At Petoskey

The St. Francis Xavier church Petoskey, was the scene of an attractive wedding at 8 o'clock Tuesday morning, September 18, when Sgt. Little Budek, daughter of Mr. and Mrs. John Budek, former Charlevoix residents, and Lieut. George Schmalzried, son of Mrs. Mamie E. Schmalzried, of Dormont, Pa., were married. The Rev. Fr. Hugolinus Klener officiated at the double ring ceremony. A special choir furnished the wedding music.

The bride, given in marriage by her father, wore a traditional white satin bridal gown and pearls, a gift of the bridegroom. Her full length veil was held in place by a crown with pearl clusters on either side. She carried a bouquet of sunburst roses.

Miss Peggy Kerwin, as maid of honor, wore a gown of Alice blue net over tulle and her shoulder length veil of blue fell from a crown of matching flowers. She carried pink talisman roses.

Mary Ann Budek, sister of bride, was flower girl. She wore a pale pink tulle gown with matching ribbons in her hair and carried a bouquet of pink and white carnations and delphinium.

Thomas Schmalzried, of Pittsburgh, Pa., brother of the bridegroom assisted as best man and Donald and Douglas Erfourth seated the guests.

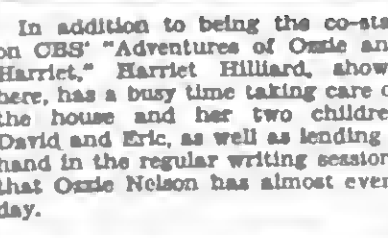

Mrs. Budek chose a gold dress with brown accessories and a corsage of gardenias for her daughter's wedding.

Mrs. Schmalzried wore a black suit dress studded with silver and black accessories. Her flowers were a corsage of gardenias.

A wedding breakfast for the bridal party and their families were served at the home of the bride's parents after the service. A reception for friends followed the breakfast.

Lt. and Mrs. Schmalzried left for a wedding trip in the east after which they will return to their stations at Alamogordo, New Mexico.

Mrs. Herbert Campbell and Dan McCann left Monday to visit their sisters, Mrs. Don Mabley and Mrs. Edward Bridge in Detroit. Mrs. Campbell will then go to New York City to spend two weeks with her brother-in-law and sister, Mr. and Mrs. Monroe Block. They expect to be gone a month.

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY

Question — Does Christ have power to forgive sins the same as God has?

Answer — "The Son of man hath power upon earth to forgive sins." Luke 5:24.

Q.—How can a person get faith?

A.—The source of faith is the Word of God. "So then faith cometh by hearing, and hearing by the Word of God." Romans 10:17.

Q.—Did people in Christ's time sing hymns?

A.—"And when they had sung an hymn, they went out into the mount of Olives." Matthew 26:30. See Ephesians 5:19 and Colossians 3:16.

Q.—What does the expression, "At that time shall Michael stand up" (Daniel 12:1) mean?

A.—The phrase "stand up" used in this way means to begin to reign. Look at Daniel 11:3: "There shall stand up yet three kings in Persia."

Q.—What does the Scripture say about Jesus between the ages of twelve years and the time He started to preach?

A.—The Bible says: "And He went down with them, and came to Nazareth, and was subject unto them: but His mother kept all these sayings in her heart." Luke 8:51.

Q.—Please give me all the texts where the word "immortal" is used in the Bible.

A.—There is just one—1 Timothy 1:17: "Now unto the King eternal, immortal, invisible, the only wise God, be honour and glory for ever and ever." "Immortality" is found five times—Romans 2:7; 1 Corinthians 15:53, 54; 1 Timothy 6:16; 1 Timothy 1:10.

Q.—Can you harmonize 1 Samuel 24:24 and 1 Chronicles 21:23?

A.—Two distinct transactions are pictured. For "the threshing floor and the oxen," David paid fifty shekels of silver (\$95.35). For "the axes" (the entire piece, or property), he paid six hundred shekels of gold (\$6535). As to the two names—Araunah and Ornan—they are merely two forms of the same name.

Q.—I understand that people were saved by keeping the law before Christ's time, and by faith since. Is this so?

A.—The only way men have ever been saved is by faith. In Hebrews 11:4 we are told that Abel had faith as he offered a lamb. Read the whole chapter to understand that all the Old Testament believers "obtained a good report through faith."

Veteranews

By
Gilbert M. Lindsay

Twelve Simple Principles of Thought and Action for the Veteran.

1. Don't expect home folks to be the same. On the basis of time alone, your family, friends, and others have changed too. So accept them as they are today and reestablish relationships on the basis of what you now have in common. You'll be happier if you do.

2. Don't be resentful of the easy way in which some people who stayed at home appear to have weathered the war. Everybody obeys the Government's orders during wartime, and in 99 percent of the cases, the man who was not in uniform either could not qualify physically or the Government thought him more valuable sticking to his job. So even though it has been easy for some, wipe resentment of that fact from your mind. You'll get back in the swing faster. You'll get ahead faster.

3. You're a success. You've been idolized by family, friends, the public, and especially children for what you've done and for what you've been through, so don't disappoint them. Your future will be much happier if you continue to show the traits which made you a success in the greatest fighting force in history.

4. Play your part in the community. You're young, eager, and thanks to your service training, better equipped than many to help solve the tough problems which face your town and country as a whole. So get back in the community life as fast as you can. Your help is wanted and needed.

5. Sell yourself. You have fought for and won freedom of opportunity. So make the most of it. You've got to compete with everyone else, just as you did before. But you're better equipped to win success than you were before.

6. Don't expect to find making a living easy. Your rights and benefits are designed to help give you a start, but real, long-term success depends on you alone.

7. Don't be disappointed if the people at home can't fully comprehend what it was like or what you've been through. The person who wasn't there can never understand, so don't expect him to. You've got to hear the whine of the shells, see the horror war creates and experience the discomfort and suffering yourself before you can understand.

8. Have faith in the future, and contribute toward making it a better one. You have fought for your right to control your country's future, so make the most of it.

9. Your service experiences qualifies you for leadership. And the future of the country is in the hands of your generation. So continue to educate yourself and shoulder your responsibilities, so that when the time comes, you will be equipped to put that leadership to work toward the betterment of the country's government, industry and other institutions.

10. In your civilian life, try to approach the heights of your war sacrifice. This may sound like preaching to a civilian, but you know what it means, and the spiritual satisfaction that goes with it.

11. Remember that the folks at home are with you, and will stay with you.

12. You have prior rights of many kinds and these rights will be respected, but remember that the home folks must make a living too. So strive to work for unity among all of us.

Cpl. Tony Faculak In Beautiful Bavaria

Cpl. Tony Faculak, who is now in Bavaria with an armored infantry battalion, writes the following letter to the folks back home:

"For some time I have intended writing and telling you just what I am doing here in Bavaria. My battalion is stationed in the southern Bavarian Alps, probably the most scenic part of Germany. I can look out of my bedroom window and see the snow-capped peaks rising high into the air, kissing the clouds that surround them. There isn't an awful lot to do here unless one is athletically inclined. The battalion has riding horses at Oberan, where the battalion headquarters are. Swimming pools are open for us at Garmish, the site of division headquarters. There is also a Red Cross club there where they serve coffee and doughnuts.

Garmish is a beautiful town. Full of hotels, it was a resort town before the war. In 1936 the Winter Olympics were held there. Old Hitler, if he is dead, must have turned over in his grave when he heard a big parade in the Ski Stadium he built. I have to laugh every time I think of it.

This part of Germany was hardly touched by the war. The only things they are in want of are the so-called luxuries of life, cigarettes, candy and chewing gum. The kids here call it "cow-gum-my". When you think of it chewing gum does make you look like a cow chewing on its cud. These people have little food. They stand outside the company mess-hall and beg for scraps from the mess kits. They stand in line like a crowd in front of the movie, kids and grown-ups alike. It's pitiful in a way, but if they were dumb enough to get involved in a war, they must pay the price. That's something they can't seem to understand. They plead innocence of what Hitler did. They don't seem to hate us but they don't hesitate to tell us they hate our fliers. They hate them for what they did to Munich and Nuremberg. Most civilian casualties were caused by air raids. When we mention London, Warsaw or Rotterdam, they say their fliers bombed only military targets. The people here are illogical.

I sure would like to get home soon but shouldn't leave these people alone and unguarded. You see, folks, when I can get home I want to settle down and live happily and peacefully. I don't want my kids and somebody else's youngsters fighting these people the way I had to. That's what I came over here for—so future generations wouldn't have to. That's why somebody better keep an eye on the Germans.

Health Committee Met Here Friday

Officers Elected at Annual Business Session

District Department of Health No. 3 held its Annual meeting of the Health Committee here on Friday afternoon of last week. Each of the four counties, Antrim, Charlevoix, Emmet and Otsego were represented by their board members, who elected officers to the Executive Committee for the coming year as follows: President, G. J. Russell, Emmet County; Vice-President, Bert DeYoung of Antrim County and Dr. A. F. Litzinger of Otsego County.

Other members of the Committee present were: Mrs. Agnes Lorch of Charlevoix County and Alfred Coon of Otsego County. Several visitors, including County School Commissioners and School Superintendents, interested in promotion of better health, were also present.

After discussion of 1944 annual report and other business matters, by full staff members, including Director, Clerk, Sanitarian and five County Registered nurses, this very successful meeting was brought to a close.

Robert Pearl Takes Bride

Couple Speak Vows In Church Ceremony

Miss Edith C. Goode, daughter of Mr. and Mrs. T. E. Goode, of Brooklyn, N. Y., became the bride of Chief Petty Officer Robert O. Pearl, U.S.N.R., son of Mr. and Mrs. Reuben J. Pearl, of this city, at a double ring ceremony performed at 5 o'clock Sunday evening, September 9, at the St. Alban's Episcopal church, Brooklyn, by the rector of the church.

The bride, given in marriage by her father, wore a wedding gown of white net and lace. Her veil was finger-tip length and she carried a Colonial bouquet of white roses.

Miss Bertha Lake, as maid of honor, wore a gown of light blue lace and net. Her flowers were also a Colonial bouquet.

Ensign Donald Taylor assisted as best man. Ushers were Navy friends of the bridegroom.

Mrs. Goode chose a navy suit with matching accessories and in courage of pink roses for her daughter's wedding.

Immediately following the ceremony a reception for 75 relatives and friends was held at the home of the bride's parents.

The couple arrived in Charlevoix last Wednesday to visit the bridegroom's parents for several days before going to the upper peninsula on a short wedding trip. Mrs. Pearl will return to Brooklyn when CPO Pearl reports at Detroit for re-assignment.

C.P.O. Pearl enlisted in the U. S. Naval Reserve on December 8, 1941, and reported for duty in January, 1942. He was stationed on the east coast before going overseas where he served in England and Germany for 22 months. He returned to this country on August 31, 1945.

Teachers' Club Enjoy Supper

The Teachers Club of the Charlevoix public schools, held a get-acquainted party at the Belvedere Club House on Thursday evening. A pot-luck supper was served at 6:30 with places laid for 35 members and their respective husbands and wives, and their guests, the members of the Board of Education and their wives.

Uno Suomela, president of the Teachers club, gave the address of welcome and introduced the new members. Harold Withers, president of the school board, spoke briefly to the group. A social hour and group singing followed the supper.

ALL-OUT DRIVE FOR NAVY ENLISTMENTS

An all-out drive for voluntary Navy enlistments among men 17 through 37 years of age, regardless of draft classification, was announced today by Lieutenant Commander Byron E. Flechtner, Officer in Charge of Navy Recruiting in Lower Michigan.

Complete information on peacetime Naval Service may be obtained at the Navy Recruiting Station, Third Floor, Federal Building, Detroit, or at the Navy Recruiting Stations located in Flint, Grand Rapids, Jackson, Kalamazoo, Lansing and Saginaw.

War Fund Committees Are Selected

Robert Bridge, Chairman; Ken Forbes, Publicity

War Fund committee members met at the Dilworth Hotel, Boyne City, Sept. 11, to set the budget for the fund and complete plans for the drive soon to be launched. Ralph Hamilton acted as chairman of the meeting.

A meeting for Tuesday, October 9, was planned at which time plans will be completed for an intensive campaign.

The following officers were chosen for the coming year:

County chairman, Robt. Bridge, Charlevoix; secretary-treasurer, Mrs. John Porter, East Jordan; publicity director, Kenneth Forbes, Charlevoix; rural area director, Ed Rehman, Boyne City; Charlevoix chairman, Robert Bridge, Charlevoix; East Jordan chairman, W. G. Boswell, East Jordan; Boyne City chairman, Rev. J. M. DeVinney, Boyne City.

Additional members: Ralph Hamilton, Charlevoix; Ole Heegerberg, East Jordan; Rev. Francis Kupinski, Boyne City; Gilbert Lindsay, Boyne City; Calvin Bennett, Board of Supervisors, East Jordan.

Legion Speeds Enrollment of World War Vets

National Commander Edward N. Scheiberling gives the order to the 88 departments of the American Legion comprised of 12,348 posts and 1,650,000 members to enroll the newly-eligible 12 million fighting men and women. He has set the week of September 16 to 22 for the launching of this greatest American Legion campaign.

Eligibility of members of the armed forces for immediate membership in the American Legion dates from the signing of the surrender terms by the Japanese government. All veterans now serving as well as veterans now holding honorable discharges are eligible to become members of any American Legion Post.

Parents of sons and daughters now serving in the military forces are keenly interested in veteran's organizations. Many may wish to send the son or daughter a 1946 paid up membership card. The Leslie T. Shapton Post No. 226 of the American Legion, Department of Michigan, offers a hearty welcome to the incoming veterans, and full participation in all of the rights and benefits of this great organization. Employers too, may wish to send paid up membership cards to valued employees who may soon return to civilian duties. To them we offer the same privilege.

The local Post is now making plans for re-modeling and improving the Legion Home on Garfield avenue. All members of the Post are urged to bring a World War II veteran to a meeting at the Legion Home, Tuesday evening September 26. After a short meeting of the Post, the balance of the evening will be devoted to entertainment. Our County Veterans' councilor will be present for information on veteran's affairs. Moving pictures and lunch will climax the evening. All service men and ex-servicemen are especially invited to attend, according to F. R. "Pete" Bulow, commander Leslie T. Shapton Post No. 226.

Bow and Arrow Hunting Opens Oct. 1

Entire State Will Be Open for Gunless Sport

Bow and arrow hunters can stalk deer anywhere in Michigan beginning October 1.

The conservation department says that deer can be found in every county of the state.

The 36-day season ends November 5. The legislature lengthened the season early this year from 14 days (November 1-14) set aside for the sport last year, first time the entire state had been opened to bow and arrow deer hunters.

The department sold 1,219 bow and arrow licenses last season; expects increased demand this month. Archery license application blanks can be secured from dealers in gun licenses and should be mailed with fees to the department's Lansing office. Licenses are issued also at the department's regional and district offices.

The special archery deer season in Allegan county opens October 1, ends November 30.

Ralph Ware Is Dead

Prominent Manufacturer Passed Away Sept. 15

Ralph Ware, 68, for the past 38 years secretary and treasurer of Ware Brothers, Chicago Roller Skate Co., passed away at his Ambassador West apartment, Saturday, September 16, 1945.

Mr. Ware was born in Chicago, July 3, 1877, the oldest son of Elisha Clark Ware. He graduated from Hyde Park High School in 1898 and in 1902 from Cornell University, Ithaca, New York, where in his senior year he was business-manager of the Cornell Daily Sun.

Upon receiving his B. A. degree, Mr. Ware became a junior partner of the Elisha C. Ware Real Estate Company with offices in the Hartford Building, Chicago. In 1907 he was made secretary and treasurer of Ware Brothers, Chicago Roller Skate Company, which position he held until his death.

Clubs and societies which Mr. Ware was a member included Alpha Delta Phi, Quill and Dagger, Bench and Board, Masonic Lodge Oak Park No. 540, Slalom Commandry No. 54, and Medinah Temple, Belvedere Club Oak Park Chapter No. 244, Charlevoix, Michigan; Chicago Mercedia Gun Club, Cornell University Club of Chicago.

Surviving are his widow, Mrs. Mary Louise H. Ware, daughter, Nancy de Garcia-Nora of Mexico and brothers, Walter and Robert R.

Funeral services were held at the Fourth Presbyterian Church, 126 E. Chestnut St., Chicago at 2 P. M., September 18, 1945. Interment at Oakwoods Cemetery.

W.C.T.U. Has Special Speaker for Occasion

The regular monthly meeting of the W.C.T.U. was held at the home of Mrs. John Nason, Antrim St. The president, Mrs. Guy Smith presided. Mrs. Ansley Claypoole lead the devotions.

The guest speaker, the Rev. Ellsworth C. Dykstra, spoke on the topic, "Sober men for a peaceful world," and stressed that only by getting back to God, the Bible and what it teaches, will we ever be able to have "Peace on earth and good will toward men."

At the business session the following officers were elected for the ensuing year: president, Mrs. Guy Smith; vice president, Mrs. Trina Nelson; corresponding secretary, Mrs. Floyd Bartholomew; recording secretary, Mrs. George McGinnis; treasurer, Mrs. David Blake.

The District meeting of the organization will be held at Boyne City on October 6.

BAPTISTS TO DEDICATE PARSONAGE

There is great rejoicing in the Baptist congregation over the fact that the Parsonage Debt has been fully paid. As part of this celebration, the mid-week meeting on Thursday night will be an open house event at the parsonage. The parsonage will be formally dedicated with an appropriate service. There will be music and other interesting numbers on the program. The evening will close with a survey of the parsonage and refreshments. All welcome.

Better Hearing For School Children Now

Dr. Litzinger Gives
Plan to Aid School
Child for Handicap

Dr. A. F. Litzinger, M. D., Director of local District Department of Health No. 3, has secured the services of the Michigan Hearing Conservation Dept., who will conduct hearing program throughout the District within the near future.

The doctor went on to say that Miss Annette M. Fox, R. N., of the Michigan Department of Health, is now in the district making arrangements with County School Commissioners and School Superintendents in order to conduct every school child of the fourth grade and up. The doctor estimates 5000 children will be served in this hearing program.

"Screening" on a group audiometer will be the first step to determine which children need to have accurate hearing tests made. After "Screening", perhaps at some later date, a State Consultant in hearing will give individual hearing tests on a clinical pure-tone audiometer to children who have been screened out in the preliminary test.

According to the doctor, 80 percent of the children with hearing losses can have their hearing improved by medical attention and that 60 percent of the children with hearing losses, can be restored to normal hearing.

Dedicate Church Building Sunday

Christian Science Society
Marks Progress at Services

The Christian Science Society building located at 205 Clinton street was dedicated Sunday, September 16, during the regular services. Dedication ceremonies were conducted and the history of the church was read amid a happy group of visitors as well as the local congregation.

Prior to the summer of 1906, there were no Christian Science services held publicly in Charlevoix, although at that time there were a few people who were interested, and some of the resort people. They met a few times at the cottage of one of the resorts, and made arrangements to hold services in what was known as the Bank Hall, where they were held for two summers.

The congregation increased and began to seek more agreeable quarters, and were able to secure the K. of P. hall, which at that time was a very pleasant room and in a desirable location. Services were held there two summers. In 1909 a large summer attendance was enjoyed, and the group was able to organize as a Christian Science Society, a branch of the Mother Church, The First Church of Christ Scientist, in Boston, Massachusetts.

It became increasingly evident that it was necessary to make another move, since the services were continuing through the winter, and the small hall was not sufficiently heated. So the Odd Fellows Hall was used for a short time. Then the use of the Van Pelt hall was acquired which met the needs perfectly and was occupied for 24 years. The church building, being dedicated today was purchased in September, 1934, and through the loving devotion of both the local people and the summer residents, the society is able this day to dedicate this church building.

Christian Science churches are dedicated, only when free from debt.

Mrs. Ethel Hamlin, daughter, Helen and son, Herbert, spent the weekend at Marquette with Mr. and Mrs. George Hamlin.

Mr. and Mrs. Harold Boss, of Atwood, visited Sunday with Mr. and Mrs. Edward Boss.

The Jewish Post of Indianapolis, Ind., The Jewish News of Detroit, Mich., and other Jewish newspapers, and periodicals have warned their readers of outbreaks in various sections of the nation, and urged their people to refrain from any un-American and inhuman practices, pointing out that the Jew is of the minority group and must "stand erect and be a living symbol of American ways and ideals."

The Jewish Post, in regard to the Charlevoix incident, comments:

"E. Irving Steinhurst, editor of the Charlevoix Courier, in an editorial this week, said that part of the responsibility for avoiding acts like those which brought about the outbreak, rests with the vacationers. He told The Jewish Post that Jewish vacationers may rest assured that no more untoward incidents will take place, pointing out that in any community there are a few youths who might break the law and that an entire community should not be held to blame for their acts."

The Jewish News said in regard to the findings of the court and comment by the Courier editor:

"E. I. Steinhurst, editor and publisher of the Charlevoix Courier, in a statement to The Jewish News, said that Judge Fowler, 'means business.' He added that the judge said he would not allow that sort of thing, 'meaning the near riot, and anyone coming before him would be dealt with according to the laws of the state and the Charlevoix municipality.'"

Expect Reciprocity
Mr. Steinhurst added: "We in Charlevoix want to do everything possible for our guests the vacationers, to make it a nice place to enjoy themselves. But we expect reciprocity from all visitors, no matter what their color, creed or race."

"In any event, you may be sure that the court intends to punish any and all offenders. You are safe in assuring your readers that Charlevoix will be a safe place to come to. Needless to say, a community should not be punished because of a few miscreants—and the guilty must suffer the consequences."

Latest of the more pleasant news is that coal has been removed from the "precious" list. With winter just around the corner, nothing could be blacker than an empty coal bin.

Besides being an expert beautician, Sarah Sternberg is a charming hostess. Together, with local friends, the Sternbergs entertained the P. H. Friedrichs of Elkton, Michigan, the past weekend. P. H. and family are old friends of yours truly as well as the Sternbergs, Withers, Haies'.

Strange as it may seem, Charlevoix doesn't need outside help to make great elvish progress. Unselfish public service will do the job.

From where I sit... by Joe Marsh

Andy Botkin has a hobby

Andy Botkin, tavern keeper at the Garden Cafe, has a hobby. It's writing to all the service men who used to make his place a sort of club.

And do they appreciate it! One of them sent him a German combat helmet; another, a Jap flag. He's got pictures and coins and souvenirs of all kinds on the wall—mementoes with "To Andy" written on them.

And he showed me the letters that he's got back... from homesick privates to reminiscent colonels. Letters about home and

Main Street and the Garden Cafe... from men who remember listening to football scores on Andy's radio, sharing a mild glass of beer with friends...

From where I sit, Andy's doing a one-man job of boosting morale. Andy's spotless tavern, with its decent, homelike surroundings, is doing a job on the home front, too... in promoting moderation and wholesome relaxation.

BIBLE QUESTIONS
ANSWERED BY THE
VOICE OF PROPHECY
INTERNATIONAL BIBLE BROADCASTERS

Question—What did Jesus mean by "the leaven of the Pharisees"?
Answer—It was their hypocrisy. "Beware ye of the leaven of the Pharisees, which is hypocrisy." Luke 12:1.

Q.—Was milk used for food in Bible times?

A.—It was. (See Genesis 18:8; Judges 5:25.) It was sometimes kept in bottles. (Judges 4:19.) It was made into butter (Proverbs 30:33) and cheese (Job 10:10).

Q.—How can an uneducated man judge the conflicting religious teachings he hears?

A.—He can apply the test of Isaiah 8:20: "To the law and to the testimony: If they speak not according to this word, it is because there is no light in them."

Q.—I maintain that Christ began His existence at Bethlehem.

A.—But He said, "Before Abraham was, I am" (John 8:58), and in John 17:5, "O Father, glorify Thou Me with Thine own self with the glory which I had with Thee before the world was."

Q.—Was Paul one of the twelve apostles?

A.—No. Yet, according to Romans 1:1, he was an apostle: "Paul, a servant of Jesus Christ, called to be an apostle, separated unto the gospel of God." "Apostle" means one sent. In Hebrews 3:1, Jesus is called an apostle.

Q.—The Bible says that we should make no images, yet God told Moses to make the gold angels on the ark. Was that right?

A.—Read the second commandment in Exodus 20:4-6. It is clear that this commandment is against the worshiping of idols and the making of images for that purpose. The cherubim on the ark were not idols and were not made to be worshiped.

Q.—According to John 13, did Christ really eat the Passover, or did He institute a new feast at that time?

A.—Both. Read Luke 22:14, 15. The account of the Passover, continues to verse 18. Then follows the institution of the Lord's supper. "And He took bread, and gave thanks, and brake it, and gave unto them, saying, This is My body which is given for you: this do in remembrance of Me. Likewise also the cup after supper, saying, This cup is the new testament in My blood, which is shed for you." Verses 19, 20.

Guard Against Roof Fires

NEARLY one third of the annual fire damage in the United States results from flames which consume farm property. This tremendous loss is due largely to the lack of adequate fire-fighting equipment to prevent the spread of flames from one building to another, and to the nearly universal use of inflammable construction on farms.

In most cases fires spread because flying brands from a burning building fell on roofs of other buildings. Farmers in increasing numbers are realizing the need for roof protection against fire and are using fireproof materials in re-roofing old buildings or in new construction.

One of the most widely used fireproof roofing materials today is asbestos cement shingles, which will not burn. Unless the existing roof is in very bad condition, asbestos shingles can be applied directly on top of it. In some cases, however, it is necessary to remove the old roofing before the asbestos shingles or any other type of roof covering are laid. In addition to protecting the building from roof fires, asbestos shingles will make a strong cover that will resist wind, rain and snow. They will not rot and will last the life of the building.

When the Ardennes break-through came in December, 1944, he was captured by the Germans and was in a prison camp in central Germany until liberated by the advancing Americans in April, 1945. While a prisoner of war, he celebrated his 40th birthday anniversary.

Returned to this country early in June, he spent a 60-day prisoner of war furlough with his daughters, Shirley, who resides here and Barbara, cadet nurse at the Mercy Central school of nursing, Grand Rapids, before reporting at Miami Beach, Fla., for re-assignment. He was a sergeant at the time of his discharge.

Solar homes—with windowed walls. More healthful, enjoyable, economical housing. And new jobs for glassworkers.

Fireproof glass draperies. Greater public safety—more jobs from glass.

Glass insulation—in home appliances—will mean jobs.

Making Postwar Jobs—Out of Glass!

HOW MANY postwar jobs will there be—for soldiers, sailors, war workers? No one can tell exactly. But this much we do know:

Business management, in scores of industries, has long since planned new products, new ventures, new services, that will make jobs by the thousands by creating new demands.

For example, the glass industry in producing for war has found amazing new uses for its product. Imagine glass through which nails can be driven, like wood. Glass that bends. Glass that

bounces. Glass that floats, like cork.

Soon, now, beautiful textiles will be made of glass—textiles that are fireproof and mothproof. There will be rotproof glass tarpaulins. Glass awnings. Glass windows that will not frost. Improved glassware for homes.

All these new uses will increase the demand for glass—and demand for goods makes jobs.

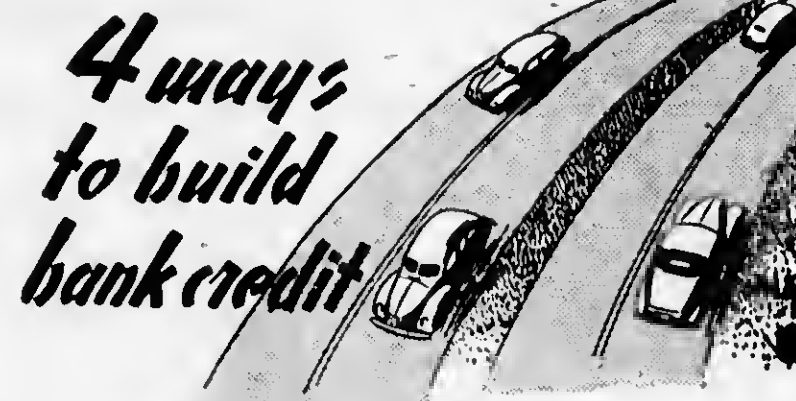

The glass industry is only one of many along the Chesapeake and Ohio, the Nickel Plate, and the Pere Marquette, that have planned very thor-

oughly for postwar employment.

And now that Victory has been won, these industries and others throughout the country will put into operation their plans for the jobs and opportunities all of us want.

Fisheries Fin - Clip 100,000 Lake Trout

Wisconsin and Michigan fishery workers are fin-clipping 100,000 lake trout fingerlings at the federal fish hatchery here to be planted in Wisconsin waters of Lake Michigan.

A like number was planted a year ago in Michigan waters near the Fox islands opposite Little Traverse bay.

Fisheries authorities of both states are to continue such plantings for six years in an effort to learn whether planting of hatchery-reared lake trout in Great Lakes waters helps commercial fishing. States bordering the Great Lakes are expected to pay rewards in coming years for the reporting of marked fish taken in nets.

Fisheries patrol boats owned by Wisconsin and Michigan conservation departments will be used in planting operations.

Order for Publication—Sale or Mortgage of Real Estate State of Michigan, The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix, in said County, on the 30th day of August, A. D. 1945.

Present, Hon. Rollie L. Lewis, Judge of Probate.

In the Matter of the Estate of Merritt B. Miller, deceased.

Teddy L. Miller, Administrator d.b.n. of said estate, having filed in said Court his petition, praying for license to sell at private sale the interest of said estate in certain real estate therein described, for the purpose of distribution;

It is Ordered, That the 24th day of September, A. D. 1945, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said Court, at said time and place, to show cause why a license to sell at private sale the interest of said estate in said real estate should not be granted;

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Charlevoix Courier, a newspaper printed and circulated in said County.

Rollie L. Lewis, Judge of Probate

LIVING MEMORIALS

Some 18,000 members of Michigan home economics clubs, located in practically all counties in the state, are being asked to plant at least one tree apiece during the next 11 months in honor of men in the armed services. This is part of a new project to beautify farm homesteads in Michigan, and is under the guidance of the MSC extension service.

Living and growing trees are most fitting memorials to our boys who gave their lives for their country, and especially those who came from the land.

Cooperation should and will be of the finest."

AAA NEWS

Walter H. Henley, Chairman
Charlevoix County AAA
Committee

Charlevoix County farmers this year may again receive a Commodity Credit Corporation loan on their late crop potatoes under the Government's 1945 price support program. Loans will be available beginning September 15 through December 15 and all papers must be completed by December 31. Applications will be received at the county AAA Office.

As in past years, the loan program will be the principal means of price support for late potatoes. Loans at 3% interest will be available on late potatoes that may be stored well.

Loans are payable on demand not later than next April. Beginning January 1, potatoes may be delivered in lieu of payment, in accordance with CCC's delivery schedule, the prescribed condition and manner, and if the appropriate grades of each lot are offered.

Charlevoix County support price

per hundred pounds for U. S. No. 1 grade potatoes, packed in new or thoroughly renovated sacks and loaded on board a through carrier in carlots at shipping point, are: \$2.05 for September; \$2.10 for October; \$2.20 for November; and \$2.30 for December. Differentials and other details concerning these prices may be obtained at the county AAA office.

Loan rates on late potatoes in Charlevoix county for U. S. No. 1 quality are \$1.39 per cwt. farm storage; \$1.49 per cwt. warehouse storage. For U. S. No. 1 size B and U. S. No. 2 the rates are 47 cents per cwt. in farm storage and 57 cents per cwt. in warehouse storage. These loan rates and support prices are the same throughout all counties in Michigan.

Growers, grower's associations, and dealers certified by the County AAA Committees as having agreed to pay the price support equivalent to growers, are eligible for loans.

Beefsteaks on the Move
Increased cattle marketings this fall plus reduced Government buying will put more beefsteaks on

the Nation's meat counters than in many months.

Beef cattle are on the move from the grasslands and feedlots. Market receipts have risen steadily after hitting July and August lows. While much of this faster movement is seasonal it is largely due to record numbers of cattle in the county.

Most of the beef will probably be of better-than-average quality for the season as a result of unusually good range conditions and a larger number of cattle on grain feed.

All Government set-aside of meat has been ended. This will divert more meat to the civilian table. There was more meat in retail stores during August than at any time since March. The supply in non-producing areas particularly has improved following the effects of Government distributing programs. In addition higher quotas for Class II slaughters should result in larger supplies in many localities.

Robert Fochtman, veteran of more than six years service with the Army Air Forces ground crew, has been discharged from the service, and accompanied by Mrs. Fochtman, arrived Tuesday from Blytheville, Ark., to make his home. He plans on entering business with his father, Angus Fochtman, in the Charlevoix Oil Co.

A Warrant Officer at the time of his discharge, Bob enlisted in

the army in 1939. He served 28 months in the South Pacific returning home in July, 1944. Since then he has been stationed at various air fields in the middle west.

Orin (Pete) Sutton, veteran of the 32nd Division who spent three years in the Southwest Pacific, has been discharged from the army under the point system and arrived recently to make an indefinite stay in Charlevoix. He was accompanied by his wife, the former Alberta Johnson.

Sheridan Root has been discharged from the Navy under the point system at the U.S.N.T.C. Great Lakes, Ill., and arrived Sunday to join Mrs. Root and their son at their farm home south of Charlevoix. A seaman, first class, at the time of his discharge, he enlisted in the Navy in 1942 and saw action in the Atlantic and the Mediterranean areas.

Among the Coast Guardsmen discharged last week under the Navy point system from the Coast Guard Separation Center No. 9, St. Louis, Mo., was Leo J. (Jack) Adams, Seaman, first class, (R), who has arrived in Charlevoix for an indefinite stay. Mr. Adams has served at lighthouses in Lake Michigan and at Beaver Island.

Rod and Gun Club Meet; Elect Officers

66 Members Pledge Support to Club's Activities and Plans

Bonnie Nickerson Elected President; Small and Large Bore Rifle Teams Organized

Planting of Trout in Monroe Creek on Club Program

Hgnio Nickerson, president; Kit Carson, vice-president; and Don Swinton, sec-treas., are the officers chosen to direct activities of the newly organized Charlevoix Rod and Gun Club.

At the regular meeting last Thursday evening, the club accepted use of a fish rearing pond, located at the head waters of Monroe Creek in Marion township. The pond was donated for club use by Irvin Bowen, owner of the property.

This natural rearing pond is fed by eight large springs, and therefore is not dependent on rain fall for its water supply. Through Mr. Nickerson and the Pere Marquette Railway Co. the club is able to obtain legal size trout to stock the pond which will naturally stock the entire stream; as the program grows, fish from this pond will be used to stock other streams.

Small Bore Rifle

Under the able management of Roy Melms, who is a member of National Rifle Association, they will have both an indoors and outdoor rifle range, with practice at least once a week for members; the match team will be formed in the near future.

Skeet and Trap

The Club has limited facilities for skeet and trap shooting, which are being enlarged at the present time. Shells and targets are furnished to members at cost.

Committee chairman appointed, include: Membership, Glenn Rose; Small Bore Rifle, Roy Melms; Skeet and Trap, Herb Wilson; Publicity, E. I. Strinburg; Large Bore Rifle, Kit Carson; Fish, S. E. Coleman; Commercial Fishing, Emerald LaBlanc.

Membership includes: H. C. Hecker, Gordon Clement, Kit Carson, Willis Cross, David Miller, Allen Campbell, Herbert Campbell, Glenn See, Sheby Goss, E. B. Bowman, M. L. Culver, Walter Moore, Claude Davey, Jerry Whitely, Jud Hardey, Frank Brown, Carl Towles, William Taylor, Gerald Goss, Conrad Sternberg, Harold Pearl, Newell Ballard, John Murray, Bernie Ward, Frank Curless, Elmer Barber, E. VFW and AUXILIARY TO MEET TOMORROW

The Veterans of Foreign Wars and Ladies Auxiliary will meet tomorrow evening, Sept. 13, at 8 o'clock in the IOOF hall.

Fall and winter activities will be discussed. All overseas veterans are urged to attend this meeting. There is no obligation.

The ladies eligible for auxiliary are urged to attend this meeting. Refreshments will be served.

RECRUITING STATION OPEN EVERY DAY

The Navy Recruiting Station, Naval Armory, East Grand Rapids, is open daily except Sunday to interview men interested, and to accept applications of those qualified.

Men 17 to 30 inclusive are eligible for enlistment. Those under 21 must bring their father, if living, otherwise mother. Birth certificate is necessary.

School Bells Beckon Pupils

Teachers and Students Ready for Fall Term

Kids romped off to school Tuesday as bells rang out the message that the summer vacation period had ended. Students in upper grades as well as teachers seemed eager and enthusiastic as another semester of studies and instruction began in earnest.

The opening day Tuesday saw enrollment of pupils and assignments to rooms and classes. All schedules were in order on Tuesday and only minor shifts and changes were made to begin another complete school program in studies as well as athletics.

New faces on the high and grade school staffs include:

Mrs. Ethel Courier, fifth and sixth grades; Mrs. Clare T. Dean, Latin and English; Fred R. Frank, band and music; Ray L. Kipke, coach and math; D. C. Maltby, commercial; Mrs. Dorothy E. Richards, junior high English and social science; Robert S. Richards, high school science; Miss Lennagene Rossman, first grade; and Miss Margaret Strehl, home economics.

Holiday Traffic Up 50 Per Cent

State Trunk Lines Loaded over-Labor Day

Michigan trunkline traffic for the Labor Day weekend this year was nearly 50 per cent greater than the traffic for the same period in 1944, Highway Commissioner Charles M. Ziegler reports. Reports from the State Highway Department's 20 automatic traffic counters in various parts of the state recording stations show that the increase amounted to 47.3 per cent. Traffic for this holiday period, however, was still 33.3 per cent less than that for the Labor Day weekend in 1941, the last pre-war year.

Charlevoix City and county noted an increase of travelers over the same period but the greatest increases were not so in the Upper Peninsula, where traffic expanded by 182.1 per cent over 1944. The lowest percentages of increase were in the southwestern and southeastern sections, where they were 33.1 per cent and 38.9 per cent respectively. The comparative lag in these sections is probably due to the fact that they were the centers of the greatest industrial activity during the war with the result that wartime traffic reduction was less there than in other parts of the state.

Holiday traffic in the central and northern part of the lower peninsula increased at a varying from 53.8 per cent in the Thumb to 63.9 per cent in the south central section.

Two facts point up the pattern of this holiday traffic movement from industrial centers to northern resort areas. Traffic volumes on Detroit streets during the weekend this year were actually 2.8 per cent less than a year ago. The increase on the north-south trunklines which always carry the bulk of recreational traffic was 52.4 per cent as against an increase of 39.1 per cent on the east-west highways.

Observations at 21 traffic check points through the state for the latter half of August indicate the general increase of speed throughout the state is only about three miles an hour. Speeds increase slightly above this amount in outstate areas where there are clear stretches of highway but in the areas where there is more congested traffic the speeds have increased very little above that during the time the 35-mile speed limit was in effect.

There have been few cases of excessive speed by drivers, it was pointed out. In general drivers are driving at safe and moderate speeds.

For four days starting last Friday and ending Monday night, the Highway Department ferries at the Straits carried 11,400 cars and 24,083 persons, compared to 3,627 cars and 9,921 passengers in 1944. During the same period in 1941, last pre-war year the ferries carried 17,135 cars and 36,360 passengers.

Sgt. Essenberg Lauded As Hero

Geta Bronze Star Medal For Performing Military Deeds

Sgt. John L. Essenberg has been awarded the Bronze Star Medal by Major General Fay Brink Prickett, Commanding General of the Tenth Armored Division, somewhere in Germany, it was announced today by the Division Public Relations Office. Sgt. Essenberg, Squad Leader of 80th Armored Medical Battalion, was cited as follows:

For heroic achievement in connection with military operations against an enemy of the United States at Craillsheim, Germany on 7-11 April, 1945. When further evacuation of casualties became impossible Sergeant Essenberg, (then Corporal, serving as a squad leader), organized a casualty collecting point under fire, providing medical attention, food and water for the wounded. His exemplary conduct reflects great credit upon himself and the military forces of the United States.

Sgt. Essenberg, husband of the former Edna G. Boss, entered military service from Ellsworth.

The Tenth Armored Tigers gained early fame as the first iron defenders of Bastogne, the stumbling block of the desperate German counter-offensive into the Ardennes. More first followed. The division was the first in the Third Army to invade Germany and the first to capture a major German city (Trier). They were the first on the Western Front to smash into the National Redoubt, Hitler's vaunted inner mountain fortress, and the first division in the Seventh Army to enter Austria. Operating under an identification blackout in four different Armies in four widely-separated sectors of the front, the Tenth Armored was called the "Ghost Division" by the bewildered German 82nd Corps.

Beaver Island Soldier Helps With Luxury Liner

GERMAN SHIP "EUROPA" WILL BE USED FOR U. S. SERVICE IN ATLANTIC CROSSING

330th Harbor Craft Company, Bremerhaven, Germany—Sgt. John E. Connaghan, of Beaver Island, a member of this company, is assisting in the harbor operations necessary to enable the former German luxury liner Europa make her initial trans-Atlantic crossing in the service of the United States.

As a first mate on a tug, Sgt. Connaghan is helping dredge a channel that will allow the 49,000-ton Europa, the third largest liner in the world, to float from her present berth in Bremerhaven into deep water. She is scheduled to sail for the United States very soon with thousands of troops to be demobilized.

In addition to his work in connection with the Europa, Sgt. Connaghan is engaged in bringing Liberty ships into the port of Bremerhaven and in preparing tugs that come from all over the European Theater of Operations for shipment to the United States.

The work that Sgt. Connaghan is doing is a project of Bremen Port Command, which is responsible for dock and harbor installations in the Bremen Enclave, and for the supply of American occupational troops in Germany.

"Ours is a unique Army outfit," said Sgt. Connaghan. "Sea-going soldiers are something of an oddity."

While towing part of a convoy across the English Channel, in August, 1944, the company was attacked by enemy warships. Several of the ships in the convoy were damaged. Three of the damaged vessels drifted into a minefield. Using four small tugs, crews of the 330th made their way into the minefield, beached

Attend Wedding In Washington

Faulkners Will Witness Rites of Son and Bride

Mr. and Mrs. Ray W. Faulkner left Friday for Washington, D. C., to attend the wedding of their son, Lieutenant Commander Ray N. Faulkner, USNR, and Miss Sarah Key, of New York, daughter of Mr. and Mrs. James Melville Key, of New York and Boston. Mrs. Faulkner's sister, Mrs. George Myler, joined them at Detroit to attend the wedding.

The marriage of Miss Key and Lt. Commander Faulkner took place at high noon, Wednesday, September 12, at the Lincoln Memorial Chapel of the New York Avenue Presbyterian church, in Washington, D. C. A breakfast and reception followed at the Kennedy-Warner Hotel.

Miss Key is a graduate of Columbia University and has been in the Navy Bureau of Personnel in Washington for three years.

Lt. Commander Faulkner is a graduate of the Charlevoix high school, the University of Michigan, Harvard University and received his Ph. D. degree from the University of Minnesota where he was head of the Art Education Department before he accepted the same position at Columbia University, New York, in 1938. He was granted a leave in 1942 to enter the navy, receiving a commission, with the U. S. Naval Reserve and has been Director of Tests and Research for Officers Training in the Navy Bureau of Personnel for three years.

After a short wedding trip the couple will reside at Arlington, Va.

RABBITS PLENTIFUL; PHEASANTS SCARCE

Rabbit hunters in southwestern Michigan counties, particularly Cass and Berrien, are counting the day until the opening of the season on October 15.

Observers report that rabbits seem to be more plentiful than in several years, according to the conservation department. Pheasant prospects, however, are not so good.

'Bob' Carpenter Is Transferred

Will Manage Kroger Store at Benton Harbor

Robert (Bob) Carpenter, manager of the local Kroger store, since June, 1942, has been transferred to Benton Harbor where he will become manager of a super-market, one of the largest stores in the district. Mr. Carpenter has been with the company for 14 years. He will assume his duties on Thursday.

Mrs. Carpenter and family expect to join him in the near future.

John F. (Jack) Hartzell, of Grand Rapids, has succeeded Mr. Carpenter as manager of the local store. He has served throughout the state as relief man and manager for several years and before coming here was at Shelby and Middleville.

Mrs. Hartzell and their daughters, Sally Ann and Jean Helene, will join him as soon as they are able to find a house suitable to their needs.

Marine Inspection Service For Free

All motorboat operators in this vicinity licensed to carry passengers for hire may avail themselves of the Marine Inspection Service, without charge, with regard to the number of passengers to be carried with safety, upon request by letter directed to the Officer in Charge, Marine Inspection, U. S. Coast Guard, Municipal Building, Saint Ignace, Michigan.

In the interests of safety and to assist owners and operators of such craft in obviating situations, insofar as overloading is concerned which might constitute reckless or negligent operation, a voluntary program has been instituted by the Coast Guard. All such requests for inspection will be complied with and a Marine Inspector will be detailed to make the inspection with a view to determine the number of passengers which may be carried in safety.

It is pointed out that this inspection is not mandatory, but in view of the protection afforded for the safety of vessels and passengers it is believed that this program will have the cooperation of all motorboat operators and owners carrying passengers for hire.

Body Brought Here For Burial Tomorrow

Lieutenant, junior grade, Fred R. Hardy, 37, veteran of 18 years service with the U. S. Coast Guard, was killed late Sunday afternoon when his privately-owned plane crashed in the harbor at Buffalo, N. Y. Mrs. Hardy received the news of the tragedy in a telephone call from the commander of the Coast Guard base at Buffalo where Lt. Hardy had been stationed since August 1 as engineering officer.

The crash occurred when the plane went into a dive at 2,000 feet and fell into the shallow water of a harbor slip. A flying student, Miss Marie Strzeszynski, of Sloan, N. Y., student at the Gardenville, N. Y., airport, who was with him at the time was also killed.

The body arrived via train from Buffalo on Tuesday evening with a military escort, Francis Deto, CBM, of the Buffalo base. A squad of Coast Guardsmen from the local station met the train and escorted the flag-draped casket to the Sec Funeral Home, where services will be held at 2 o'clock, Thursday afternoon. The Rev. W. D. Wood will officiate. Coast Guardsmen will act as color bearers and form the honor guard. Veterans of Foreign Wars will be color guards. Burial will be at the Brookside cemetery.

Fred R. Hardy was born at Manelona on May 31, 1908. He attended the Manelona schools. Enlisting in the U. S. Coast Guard in 1927 and served here except for two years on Mackinac Island and one year at St. Joseph until going to the Atlantic coast in June, 1941.

When the United States went to war he served on a troop transport and when the LCLs (Landing Craft, Infantry) were commissioned he was assigned to one which took him to North Africa in March 1943. He was commissioned overseas going from machinist's mate, first class, to lieutenant, junior grade, his present commission, in one year.

He took part in the invasions of Sicily and Normandy returning home in August, 1944. Since then he has been stationed at Milwaukee, and Sturgeon Bay, Wis. He was transferred to the base at Buffalo, N. Y. about August 1.

Noted as a skier, he won the northern Michigan regional championship in 1934 and for several years was a featured performer at skiing meets throughout this region.

Interested in flying for many years before the war, Lt. Hardy held a private pilot's license for a number of years and had planned to open a flying school upon retirement from the Coast Guard which he was due to receive in two years after completing 20 years service.

Surviving are his wife, the former Hilma Ephy, of Manelona, whom he married on February 14, 1928; three sons, Richard, David and Donald and one daughter, Joyce, all whom reside in Charlevoix; his mother, Mrs. Grant Tinkler, one sister, Mrs. Juanita Ouyry, and a brother, Joseph, all of Manelona. Another brother, William, returned recently from overseas duty with the army and is now at San Francisco, Calif.

News Of Our Servicemen

S-Sgt. Lyle D. Kowalske, 19, has been awarded an oak leaf cluster to his Air Medal by General C. Kenney, commanding the Far East Air Forces, for operational flight missions from May 31 to June 26, 1945. The missions consisted of bombing strikes against enemy airbases and installations, and attacks on enemy naval vessels and shipping. Sgt. Kowalske, who has been overseas since January, is an assistant radio operator and nose gunner on a B-24 Liberator bomber. He enlisted a year and a half ago.

Sgt. Kowalske is the son of Mr. and Mrs. Lyle Kowalske, former Charlevoix residents, who lived in Boyne City for several years before going to Mt. Clemens where they now reside. He has a brother, Donald, S3-c, who completed boot training recently at the U. S. N.T.C., Great Lakes, Ill., and a son, Ardis, who is an office employee at Selfridge Field, Mt. Clemens.

Joseph Bellinger, who is serving in the Philippines with a medical detachment of 313th General Hospital, has been promoted to technician, fifth grade, from pri-

vate, first class. He is the son of Mr. and Mrs. Charles Bellinger.

S-Sgt. Lee Scott returned to Fort Rosecrans, San Diego, Calif., on Saturday after spending a 15-day furlough with his parents, Mr. and Mrs. Walter Scott.

Chief Petty Officer Robert O. Penrl, CCM, has returned to the States after serving 22 months in England and Germany with the Navy. He made the trip on the Queen Elizabeth arriving in New York on August 31. On Sunday, September 9, he was married to Miss Edith Goode, daughter of Mr. and Mrs. T. E. Goode, of Brooklyn, N. Y., and are expected in Charlevoix this week to visit his parents, Mr. and Mrs. Reuben Penrl.

Pfc. Harold D. McGinnis, 19, son of Mr. and Mrs. Orval McGinnis, has arrived at Fort Leonard Wood, Mo., and is a member of the 8th Infantry Division which just returned from Europe and is now being trained in preparation for occupation in the Pacific.

Pfc. McGinnis, a rifleman, saw action in Germany, France, Belgium and Holland and is officially credited with the campaigns of the Ruhr pocket and the Rhineland. He wears the Combat Infantry Badge, the Good Conduct medal and the ETO ribbon with two stars. He has been in the service since April 1944, and served six months overseas.

McGinnis' outfit, the Eighth (Golden Arrow) Infantry Division, finished ten consecutive months in the line on the Western Front by throwing a bridgehead across the Elbe River in Northern Germany, capturing 246,000 prisoners in a fast 35 mile thrust, and linking with Russian forces pushing along the Baltic coast from the East. The Eighth, which landed in France on July 4, 1944, 28 days after D-Day, fought in the Ruhr Pocket, the Roer River crossing and the drive across the Cologne plain to the Rhine, the Hurtgen Forest, Luxembourg, Brittany and the capture of the Crozon Peninsula, and the Normandy breakthrough.

Mark Francis Mercier has returned to his duties with the Coast Guard in California after being called home by the death of Mrs. Mercier's grandmother, Mrs. Sarah Murray, of East Jordan. While here he visited his wife and son, Mark, at the home of her parents, Mr. and Mrs. Alonzo Murray.

S-Sgt. David C. Matchett writes the following from Camp Rucker, Ala.: Would like to write a few lines to thank you, the people of the Courier, and all the people of Charlevoix, who have made it possible for me to keep in touch with the old home town for the past 4 1/2 years while in the army. It's as good as receiving a half dozen letters, at least, from the old home town because then you are pretty sure to have all the news. There were times when even the ads made good reading for it brought me a bit of home.

Since the army has me on the move—this is the third camp in as many weeks—would please hold my paper for the present. Thanks for the paper.

Pfc. Herbert Colburn writes from Frankfurt, Germany: Am writing this to thank you for sending the Charlevoix Courier and to give you my correct address.

As a member of the 2nd Armored Division we have just moved into this area from Berlin where we were stationed for several weeks. During that time I saw most of the city and can report that our bombers sure did a good job.

Sgt. Clyde Roach has arrived from Camp Grant, Ill., to spend a 30 day leave with his wife, the former Marie Hansen, and their small son. Sgt. Roach has been serving in Germany with the Third Army since December. He will re-

port at Camp Grant for re-assignment.

Richard Bergmann, who is stationed at Miami Beach, Fla., with the army has been promoted to staff sergeant from sergeant. He is the son of Mr. and Mrs. Fred Bergmann.

Don Boss, Y3-c, has returned to the Naval Air Station at Groesbeek, after spending the weekend with his parents, Mr. and Mrs. John Boss.

Pvt. Esther Kay, who is stationed at Newark, N. J., with the WACs, visited from Thursday until Sunday with her brother-in-law and sister, Mr. and Mrs. Don Swinton.

PERSONAL MENTION

Lt. and Mrs. Lester Gallagher, of St. Ignace, spent the weekend with the latter's sister, Mrs. Peter O. Gallagher. They were accompanied by their daughter, Miss Mary Gallagher, cadet nurse at the Mercy Central school of nursing Grand Rapids, who is spending a month's vacation with her parents.

Mr. and Mrs. Wilbur A. Cline has as their guests over the weekend Mrs. Roy R. Bailey, Mrs. William McKeeney, and Mrs. F. H. Clarke, of Evinston, Ill., and Miss Edna Green, of Charleston, W. Va.

Mrs. Harker Kirby has returned to Wyandotte after spending most of the summer at her home on W. Upright. Mr. Kirby, who had been here for two weeks, returned with her.

Capt. and Mrs. Fred Marsh, of Glen Arbor, spent the weekend with their son and daughter-in-law, Mr. and Mrs. James Marsh and two sons. On Saturday they all visited relatives in Cheboygan.

Mr. and Mrs. David Howard and their son, Sgt. George Howard, came Monday from Muskegon to visit Mrs. Howard's brother-in-law and sister, Mr. and Mrs. Fred Bergmann. Sgt. Howard returned recently via plane from four years duty with the army in North Africa.

WHAT ABOUT ICE?

AND RELATED PROBLEMS

The value of ice, to our folks, is an accepted fact. The uses of ice are many and it is of importance to the community that this necessity be available in abundance.

Up to the present time, in this area, ice has been harvested from Lake Charlevoix. This picturesque occasion has been an annual event, eagerly looked forward to by many.

The harvesting of natural ice, although attractive at first sight, unfortunately, has not proved a money maker for those who took on the responsibility. One by one, the old line harvesters have given up the harvesting of ice. Some have taken their loss in silence, others who lost, like the city of Charlevoix, their losses are a matter of public record.

This Foundation took over the harvest last year. It cost a lot of money to provide you an ample ice supply this year. But, we did it. When we balance our books at the end of the season, we find, even at present prices, we will be lucky if we break even.

There are certain inherent losses in the harvesting and warehousing of natural ice. Lacking grift sense, we made mistakes, as all beginners will. But it is our honest opinion that the present harvesting and storing of ice, as it is now done, can not be made profitable because of the inherent losses; and this Foundation, like anyone else, can not continue to render a public service and operate at a loss. Under the circumstances, we can not improve the quality of our product or reduce the price.

It is up to us to decide what the future of ice will be. The following alternatives are open to us:

1. Leave the community stranded and no longer bother with ice.
2. On our property, on the shore of Lake Charlevoix, build a large Ice Storage Warehouse and continue to harvest natural ice.

3. Build an artificial ice plant.

4. Build both an artificial ice plant and in conjunction, build and operate a Locker Plant, or a Public Refrigerated Locker Warehouse.

Regarding to proposal No. 1, we are not going to leave the community stranded and give up ice just because the going is hard, for we are not the quitting kind.

Proposal No. 2, to build an Ice House adequate to store the ice, required by this community, will cost several thousands of dollars. Its construction will not assure you an adequate ice supply as there have been winters, when the natural ice supply was not satisfactory. Nor will the construction of this large warehouse result in economies sufficient to enable a reduction in ice prices; nor will it assure a uniform product.

To the proposal No. 3, that we build an artificial Ice Plant; a study of the facts, shows that the costs, both initial investment and operating, are high; it is questionable if the \$4000.00 per year, or so, business volume at the wholesale level, would pay a return on the investment.

No. 4. An artificial Ice Plant in conjunction with a public refrigerated locker warehouse, is a much more attractive proposal when viewed from several angles. Financially, it is more sound, as the initial investment is not proportionally greater, in relation to the increased volume of business expected; also, the operating costs are not much greater in relation to gross income.

It has been suggested that we build an artificial Ice Plant and Public Refrigerated Locker Warehouse, on our property on M66, at the intersection with Stover and Ferry Roads.

Our doing so, would assure your future Ice Supply, uniform in quality, and would contribute a greater degree of assurance of an adequate supply.

For a nominal annual fee, all who want to, could rent a refrigerated locker, to store therein their meats, fish, eggs and vegetables. In this locker warehouse, for a nominal extra charge, a butcher's services are available, and the farmer merchant or townsfolk, could bring his beef, mutton or pork, in halves or quarters for cutting, smoking or freezing.

It costs money to build an artificial Ice Plant and a refrigerated public locker warehouse. At this time, unaided, the Foundation can not finance the project. The local banks are willing to loan money for the purpose, but, the percentage that they can put in is limited by law, beyond this, the banks cannot go.

This invitation is being extended to those public-spirited citizens of our community, who are able and willing to assist us financially in this project. The Foundation, not being a profit corporation, can not sell you shares of stock; or give you an interest in the management. All we can do is to issue to you, our bonds, or certificate of indebtedness, which will pay you a nominal rate of interest, about 6% is all the project can afford to pay. We can not guarantee that this project will make money, your only assurance of its money-making possibilities can come from your investigation of other artificial Ice Plants and public Refrigerated Locker Warehouses, throughout the country. For your inspection, there are similar plants in Boyne City, East Jordan, Traverse City, etc.

WE WOULD BE INTERESTED NOW TO KNOW HOW MANY PEOPLE WOULD LIKE TO RENT A LOCKER! WRITE AND LET US KNOW AT ONCE!

Will all those who are able and willing to assist us in this project, write to us, and state how much money you are willing to invest?

How to STOP a check

Suppose you have written a check and misplaced it, or the person to whom it was issued loses it. Here is what to do:

1. Notify your bank of once in writing asking that payment be stopped.
2. In the notice, describe the check fully, giving date, amount, payee's name and the check number.
3. Issue a new check giving it a different number.

When you lose cash it is seldom recovered. When you lose a check your "stop payment" order is on extra safeguard. Open your checking account with us.

SAYS SECRETARY OF AGRICULTURE:

Despite Victory Used Fat Saving Must Go On!

Every woman in America should know that our country continues to face a serious fat shortage. And victory over Japan won't solve the problem immediately. We must keep on saving used fats in our kitchens!

If you have any thought that saving used fats is one of those wartime chores we can drop, now that Victory is here, please consider these facts and tell them to your neighbors.

Don't let a single drop of used fats go to waste! Little trimmings of fat left on the platter at the table, scraps left on plates, and even the skimmings of soups and gravies are important. It is the consistent saving of even these small amounts that counts.

Don't turn in fats that can be re-used! But some fats, such as those rendered from lamb and mutton, are not suitable for re-use. Put them immediately in the salvage can. And, with other fats, after you've got all cooking good out of them, there is always a little left. No matter how little it is, save it.

Your butcher will still give you 4¢ and 2 red points for every pound you turn in. Save consistently—save every drop you can—every day—until Uncle Sam says the job is done.

Don't let "Victory psychology" blind you to this national need! If housewives stop saving fats now, the shortage will become even more critical.

America still needs salvaged fats. Not even at the peak of our war effort, when fats were required for mountains of shells and bombs and medicines, in addition to the ever-present need for soap, were our needs for salvaging fat greater than now. Our stocks have been drained by four long years of war, and there isn't enough on hand to meet all requirements.

Don't let "Victory psychology" blind you to this national need! If housewives stop saving fats now, the shortage will become even more critical.

Mad Dogs and Wagging Tongues

The county had a "mad dog" scare last week. Phoebe Token's spaniel bit the postman, and he vowed that he was plenty mad about it.

But by the time the rumor got around, it wasn't the postman who was mad, it was the dog. And before the truth was learned, half the kids in the neighborhood had missed school, while their mothers nearly died of fright.

Wagging tongues can cause a lot of "mad dog" trouble. Like wagging tongues that gossip about our soldiers drinking too much around Army camps. It's just not true, as the government found out and told us. Milk and beer are among a soldier's favorite drinks—which is why we have the best behaved army in history. But those ugly rumors are bound to hurt morale and cause hard feeling.

From where I sit, wagging tongues can cause a heap more trouble than mad dogs.

PROLOGUE

To the "History of Belvedere" an amateur presentation of certain historical facts of the Belvedere Club Resort and Charlevoix, as given by the Belvedere artists at the Belvedere Casino, on Aug. 23, at 9:30 P. M.

Listen, resorters, and you will hear The epic tale of Belvedere; In song and dance and sketchy story

We'll picture here some of her glory, From that long-distant early year Before our forebears settled here; At "Greenesky" Hill, near Charlevoix.

The Ottawas, with pride and joy, Held Councils and from miles around, Came "Injuns" to this famous ground;

And where you sit they may have sat And smoked and danced and "chewed the fat"; And so our curtain we will raise On "Injuns" of those ancient days. This bunch of "braves", as you may guess,

Are actors all, in fancy dress, Who with loud whoops will dance and sing And start our show with bang and swing.

Veteranews

By Gilbert M. Lindsay

Twelve Simple Principles of Thought and Action for the Civilian.

1. Be natural at all times. Don't strain to appear nice or to say the right thing. Though changed, the veteran is still an ordinary human and wants to be treated as such. In fact, his service friendships have such genuine ones and have been based on such conditions of reality that he can spot insincerity readily.

2. Treat him as a responsible citizen, as well as a veteran. He has a tremendous job to do and will be one of the most important citizens in the community. Don't be patronizing. Recognize him for what he is, a citizen who is better equipped for success, as a result of his service experience, than most civilians.

3. Don't pamper him and don't feel or show pity. He's entitled to all the real consideration at your command, but he's a man who has been taught to stand on his own feet.

4. Don't kill him with sympathy. He wants real help, not muddled tears. Genuine kindness and a recognition of the job he has done form the basis of the real attitude for you to develop.

5. He'll talk about what he's been through if he wants to, but don't urge him. Like all of us, some veterans will want to talk, while others won't. Remember, if only one civilian were curious about what it was like it would be one thing, but he is likely to be queried by scores. So let him take the initiative in such conversations.

6. Keep your pulse and don't be startled if he has changed markedly, is disgraced, or highly nervous.

vous. He knows you'll notice so don't stare or call attention to it. If you feel you must mention, or he brings it up, discuss it in as natural a way as possible.

7. Be realistic. If he wants to talk about his problems and the future, don't tell him that he doesn't need to worry. Tell him the facts about employment and other situations in the community, and advise him, if you can, on how to cope with them. The G. I. Bill gives him a lot of help, but he'll have to compete with civilians and other veterans for long term success.

8. Develop serenity of spirit. This applies especially to those who are close to the veteran. He may have thought you were wonderful, so try to show your best colors.

9. Don't brag about how much money you've made or how well you've done while he was away. And if he's curious, tell him, but remember he may think, and rightly so in some cases, that the war has given the people who stayed at home an advantage.

10. Don't bring up the subject of how difficult things have been

at home. It hasn't been difficult and he knows it. Certainly it would sound ironical to mention the petty home-front hardships in the face of what he's been through. Just let him know most of us have everything that we've been asked to do and have wanted to do more.

11. Help him in every way you can. Be sure he is aware of his rights, his opportunities to get an education, his priority on his old job, under certain circumstances, and other benefits.

12. Remember, too, that you face problems of adjustment. Your nonwar job may not pay as well and it won't be as easy to get a job as it was. Furthermore, the veteran should have a prior right to any available job because he has given up time and opportunity to fight for us.

Jeanie Hampton From Chungking

This is the second in a series of interesting letters sent by WAG Sgt. Jennie Hampton to her parents, now living in Charlevoix:

"Dear Folks: "The door of the C-46 opened and discharged passengers and cargo. My feet touched Chinese ground and the ordinary airport scenes greeted my eyes—scattered wooden buildings, dust, curious natives, and the necessary transportation to take the passengers to their final destination. I was too tired, dirty and hungry to be interested in everything about me at the time. I climbed first into the 6x6 and then into a command car when it was offered us a more comfortable way of traveling the bad road into the City of Chungking. "Bad" road was a gross understatement, particularly since we were in no condition to be jolted about unnecessarily after an unrefreshed journey from Bhamo, Burma!

"A command car has no doors and is the most inhumane and springless contraption ever invented. I was convinced, as we were bounced and thrown about unmercifully with little to hang onto at that. Can you imagine a remote farm about 30 miles off a main road and about 10 miles off a wagon track? Well, this road to the city approximates those wagon tracks after a rain and 30 miles of it too. I am flabbergasted that this country, boasting of the most ancient civilizations in existence, shouldn't have a modern four-lane highway from Peishih Airport straight to the WAC Hotel, but that's life. On our way, groups of little children waved at us and yelled "Hua How"—how are you? Or they held up their thumbs and chorused "ding how"—very good. We ding-howed back as enthusiastically as possible, but finally compromised by just nodding at the hoodlum neclain. We noticed lots of times they held up their little fingers instead of their thumbs and were mystified but pleased. I have learned since that the gesture stands for "Boo how"—not very good! Chinese sense of humor.

"It took an hour and a half to drive over two rows of mountains. The scenery wasn't breathtaking but was decidedly pretty. We arrived at the WAC Hotel at dusk creaking in every joint and eagerly looking forward to the first cool shower and clean clothes in 24 hours. We were nabbed by the 1st Sgt. as we entered the door and taken to the Dayroom to be properly acclimated, however. We were told there are such things as working hours, how to report to the office the next afternoon, that we couldn't leave the hotel that night, that we couldn't leave the hotel ANY night without a male escort even to go to the compound (where the offices, Red Cross, Library, Movie and Church is) etc.

"When I reported to work the next day, I found it was a 20 minute walk from the Hotel to the Compound. Headquarters building is new and so is all the furniture therein. I reported to the Operations Section instead of Personnel where I've always been assigned both in the States and abroad, and inasmuch as the job in my particular sub-section of Operations concerned the assignment of crews and aircraft, it promised to be interesting as well as refreshing.

"On my daily walk to and from the Compound (when I don't grab the newly installed bus) I have mentally been comparing the Chungking man-on-the-street with the Calcutta populace. I find, personally, the Chinese are by far the best off, though their conditions

could stand a lot of improving. They are cleaner, better and more modernly dressed, and most outstandingly healthier. They are also more literate and less subservient than the resigned India, and have more initiative and natural independence inasmuch as they are not bound in every thought and action by such an intricate religious system as the Indian's. One who really knew the score could write a very interesting treatise comparing the futures of these two large countries. India's is largely futile only because of the caste system; China's promises everything under their "New Life Movement" which is doing and has done such fine things as abolishing the binding of women's feet. The stress is definitely on modernity in China and it is being accepted wholeheartedly and enthusiastically.

"I guess this letter has been a little dull as I've merely tried to give you an idea of the new military world in which I find myself. I shall concentrate on the lighter side—the "sassy swirl"—in my next. I think you will be very surprised to learn where I found myself one day last week—I know I was. By the way, just in case it takes me longer to get my next letter out than I anticipate... Do not be surprised to see my mug in a newspaper somewhere sometime, or in the Dayton Journal-Herald. No, I haven't been awarded the DSG or SPAM Ribbon, but I am among the first group of WAGs in China and there IS a recruiting program on in the States I'm told. Love, Jeanie"

"In a July issue of Time, I notice they describe the atmosphere of Chungking as "humid". I agree. India's heat was tropical, but China as I've previously mentioned, is quite mountainous as Chungking is surrounded by them, they prevent the faintest breeze, PARTICULARLY in my bedroom! I miss those fans we had on Hastings-on-the-Hoogley. The Hoogley is the name of the river down which float all those lovely things such as dead bodies. I am happy to relate the Yangtze which flows through this city has more sunbathers than bodies as the Chinese dispose of the deceased in much the same manner as we—by burial.

"When I reported to work the next day, I found it was a 20 minute walk from the Hotel to the Compound. Headquarters building is new and so is all the furniture therein. I reported to the Operations Section instead of Personnel where I've always been assigned both in the States and abroad, and inasmuch as the job in my particular sub-section of Operations concerned the assignment of crews and aircraft, it promised to be interesting as well as refreshing.

Discharged Vet Opens Lunch Room

Franklin Left, until recently a lieutenant, junior grade, in the Merchant Marine, has been discharged from the service and arrived Monday evening to make his home here.

With service for a year, Frank made trips to most of the important ports in Europe aboard a troop transport. The last trip he made was from Panama City, Fla., where the ship was commissioned, through the Panama Canal Zone to the West Coast. From there he made one trip to Leyte in the Philippines, returning to California recently.

He plans to open his lunch room, the Chatterbox, today (Wednesday). Mrs. Otto Kane has managed it in his absence.

HOSPITAL NOTES

John Garrison, of Central Lake, and George Willmarth were admitted on August 30 for surgical treatment. Donald Berg, of Sawyer, Wis., was admitted the same day for medical treatment.

Mrs. Esther Cohen, of Detroit, was admitted August 31 for surgical treatment. John Eccleston was admitted the same day for medical treatment.

Miss Helen Quade, of Waterloo, Wis., was admitted on September 2 for surgical treatment. Carl Green, USCG, was admitted September 3 for medical treatment.

Ramon Sanchez, of Ellsworth, was admitted last Tuesday and David Hamilton was admitted Wednesday for surgical treatment. Mrs. Stanley Orr, of Indian River was admitted on September 4 for medical treatment.

Fixing Up the Farm by BURTON WILLIAMS

Protect Machinery THE machine shed, in years past regarded as a secondary building which usually was cold and drafty and in poor repair, is becoming one of the most important structures on the American farm. In fact, on many farms it is not only housing a variety of valuable labor-saving machinery, but also is used as a garage and repair and workshop.

These uses call for a completely enclosed building which will protect the machinery and equipment from cold winds, rain and snow and at the same time provide reasonably comfortable working quarters. The importance of this protection has been emphasized by the need for farmers to keep every

piece of machinery in operation because of the difficulty of replacement. An average mechanized middle western farm of about 200 acres requires an investment of \$7,000 to \$8,000 in modern farm machinery which can't be left out in the weather.

Existing sheds with strong frame-works and poor coverings can be made weathertight and comfortable by applying asbestos cement siding over the present cover. If a new roof is needed, asbestos cement shingles applied over present roofing will assure permanent protection.

Assignment: HOME

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE BROADCASTERS

Question—Christ was the perfect
man, but—
Answer—But that is not enough.
He was and is the divine Son of
God. (John 3:16.) In Hebrews 1:8-
10 the Father calls His Son "God."

That our Lord and Saviour is more
than a perfect man, in shown in
Ephesians 3:9: "God, who created
all things by Jesus Christ."

Q.—Wasn't Abraham a Jew?
A.—He is not so called in the
Bible. Abraham's son was Isaac,
and his son was Jacob. Jacob had
twelve sons whose descendants
were called the Children of Israel.
(Jacob was also called "Israel,"
Genesis 32:28.) From Judah, one
of Jacob's sons, came the name
Jew, applied to anyone belonging
to the tribe or kingdom of Judah.
(2 Kings 18:6; 25:25.) Later the
term was extended to include any-
one of the Hebrew race who re-
turned from the Captivity. Finally
it comprehended all persons of that
race throughout the world. (Esther
2:6; Matthew 2:2.)

Q.—Astronomy has proved that
some of the stars are planets or
worlds like ours. What are you
going to do with the old Bible idea
that this world is the only one?

A.—The Bible speaks of more
than one world. Hebrews 1:13
says: "God, . . . hath in these last
days spoken unto us by His Son,
whom He hath appointed heir of
all things, by whom also He made
the worlds." And, Hebrews 11:3:
"Through faith we understand that
the worlds were framed by the
word of God, so that things which
are seen were not made of things
which do appear."

Q.—Christians say that we must
be born again to become God's
children, but Malachi 2:10 says:
"Have we not ALL one father?
hath not one God created us?"
A.—It is true that by creation all
men are brothers. (Acts 17:26.)
But spiritually, only those who are
born again are the children of God.
"But as many as received Him, to
them gave He power to become the
sons of God, even to them that be-
lieve on His name: which were
born, not of blood, nor of the will
of the flesh, nor of the will of man,
but of God." John 1:12,13.

**2 out of 3
rural telephones
are dial operated
today**

ONLY ONE out of ten rural telephones was
dial operated in 1937. Today two out of
three have dial service. That illustrates
some of the progress that has been made in
improving rural telephone service.

Now that the war is over, bringing dial
service to still more rural customers is only
one of many improvements Michigan Bell
plans to make as rapidly as sufficient ma-
terials, trained manpower and manufactur-
ing facilities become available.

We have developed important new de-
vices and construction methods which will
make telephone service available to more
rural folks. We intend to add more lines
so there will be fewer parties per line.

We are conducting market and rural-
opinion surveys, so that we can more
exactly meet the wants of telephone users.
We are studying special features designed

to make telephone service more valuable.

This indicates the way we are resuming
our rural construction and improvement
program. The program began long before
the war. In 1940 we incorporated into it a
rural construction plan suggested by the
Michigan Rural Communications Commit-
tee, a group of agricultural leaders. But the
entire program had to be curtailed because
of wartime shortages.

Its resumption is an important part of
Michigan Bell's 5-year, \$120,000,000 post-
war expansion and improvement program.
Of course, it will take time, for much tele-
phone construction is slow, painstaking
hand work.

However, we will work constantly toward
our goal of providing the best possible
rural service, to the largest number of
people, at the lowest possible cost.

10 Plead Guilty; Draw Probationary Terms From Court

Judge Fowler Reprimands
Offenders for Misbehavior

Says Charlevoix Will
Be Safe City For All

Ordered to appear before Judge Fowler in justice court last Friday morning, ten local youths were placed on probation for one year. Nine of them pleaded guilty to disturbing the peace, and the tenth pleaded guilty to assault and battery.

The ten youths, whose names are withheld, allegedly "crashed" a beach party a week previous at which vacationers were enjoying a "weiner" roast.

At least one person was cut on the face in the melee and several others had bruises before police arrived on the scene.

Judge Fowler admonished the boys for their part in the affair and placed all ten on probation with rigid stipulations.

In the probation terms, the judge said, will appear provisions whereby those guilty of the act must be indoors at 11 o'clock in the evening and that if any violation was found in the terms, the full sentence of the court would be automatically imposed upon them.

Also in the probation directive are provisions that not more than two of the youths shall gather or band together at any time. "There is room here in Charlevoix for both vacationers and local citizens," said the judge, "and anyone, regardless of race or creed, brought before this court, who has broken the laws, shall be duly punished."

The altercation and eventual clash started at Michigan beach early on Thursday evening, Aug. 22. The offending youths, who were vacationing here, returned to their homes the same evening and the following day.

No complaining witnesses were present in the court during the trial.

In summing up the case, the judge concluded: "All youths, whether local or visitors, must not try to settle grievances between themselves, but should and must bring their differences before a court governed by the law of the state and this municipality."

Launch Campaign For Nurses Aides

A national "Help for Hospitals" campaign is to be launched by the Office of War Information and the War Advertising Council, according to Mrs. E. J. Edwards, its purpose being to assist hospitals to meet the acute need for civilian nurses and auxiliary hospital workers, both volunteer and paid. The campaign will reach its full intensity in September. It will be sponsored by the National Nursing Council for War Service, the American Hospital Association, the United States Public Health Service, the Veterans Administration, the Procurement and Assignment Service of the War Manpower Commission, and the American Red Cross.

This national campaign will serve to inform the public about the general need in hospitals, but the success of the campaign in each locality will depend on specific state and local effort. Each local nursing council will assume responsibility for establishing a coordinating committee to evaluate local needs and direct the local effort.

Radio Talks Begin Sept. 7

Fenton Bulow Chairman
of Northern Counties

A series of ten broadcasts on the general theme "Know Your County Government" is sponsored by the Institute of Local Government. Its purpose is to better acquaint the public with their County Government.

The first broadcast will start on Saturday, September 8th over Station WTCM, Traverse City from 11:45 A. M. to 12:00 noon CWT. The subject for this first broadcast is in reference to the County Clerk's Office, Fenton R. Bulow, Charlevoix County Clerk is chairman of the committee in charge of seventeen northern counties adjoining Grand Traverse County.

The broadcast will be a panel discussion plan with Fenton R. Bulow of Charlevoix, Winfield S. Hinds, clerk of Emmet County, Potosky and Elmer L. Dalton, clerk of Leelanau County taking part. Harry A. Brinkmann, clerk of Grand Traverse County will act as interrogator on the program.

Jamboree Is Huge Success

Local Chapter No. 19, SPBB-SQSA, is gratified over the splendid results of the Third Annual Jamboree held here Sept. 1, 2 and 3, and expresses its thanks to all those who contributed to its success.

The singfest attracted several hundred out-of-town guests and was an attraction of sufficient magnitude to favorably compare with those held in metropolitan centers.

Quartets which participated in the Saturday evening program at the high school gymnasium, gave an outdoor sing in the park on Sunday afternoon, after which the society members were transported to Boyne City on the Mary Margaret and cruised of Bill Wallace and Al Young.

Following an outdoor program in the park, the Boyne Chapter furnished luncheon. Returning to Charlevoix the Jamboree continued at the Belvedere Casino with singing, dancing and refreshments.

The growth of this annual affair was well summed up by a visiting National Board member, who remarked, "the Charlevoix Chapter has earned the reputation of having the best parties of the society and each year they become greater. With two visiting quartets at your first jamboree and a small audience in the Beach hotel lounge, your hospitality has enticed a dozen out-of-town quartets playing to a packed auditorium."

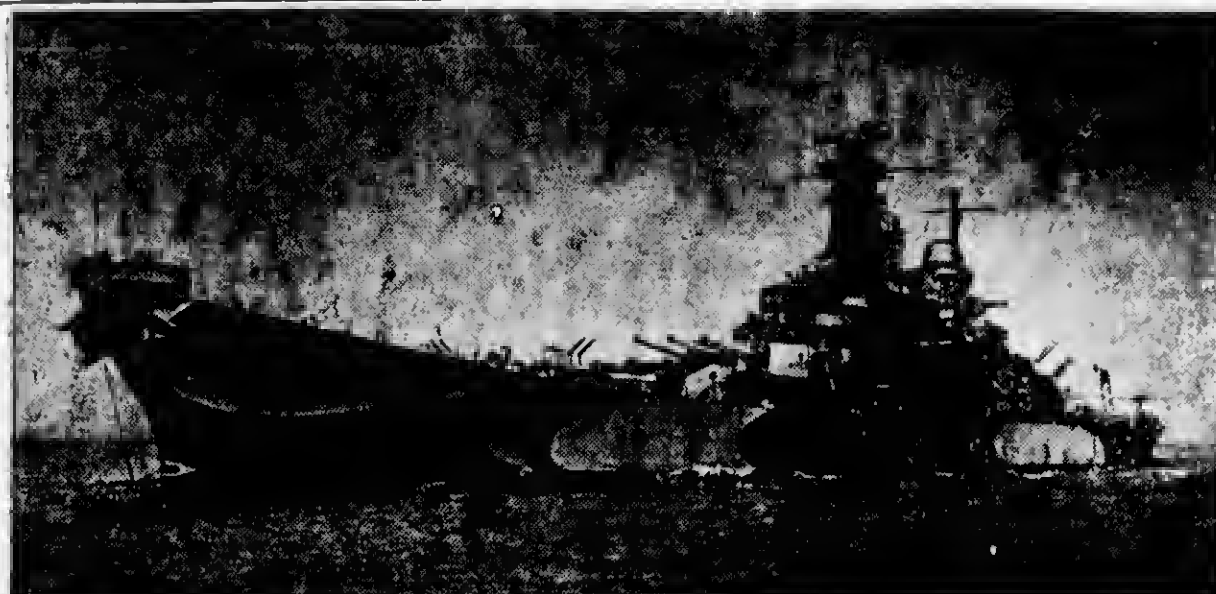

"The consensus is that this year you have reached the zenith and however your hard working committees could possibly improve your 1946 jamboree is beyond me."

RECEIVES DEGREE

Miss Alice Chew, daughter of Mr. and Mrs. M. K. Chew, RR3, received her Master's Degree in Education from the University of Michigan on August 24.

Miss Chew, a graduate of the Charlevoix high school and the West Michigan College of Education, Kalamazoo, is a member of the faculty of the Rochester Public schools.

Charlevoix High On Accredited List

Questions have been asked recently regarding the standing of the Charlevoix High School on the accredited list for college entrance. These questions apparently have arisen from some rumors that have been circulating to the effect that the school has been off the accredited list for some 12 or 14 years and that it is not now accredited.

Supt. E. D. Wagner has received a letter from Dr. E. G. Johnston, Michigan Chairman of the North Central Association, who inspected the school this past spring. The letter explains that schools may be admitted to the accredited list for one year only, requiring re-inspection at the end of that period; or for two years, or for a three year period. Dr. Johnston goes on to say that the Charlevoix High School has been placed on the accredited list for the three year term. This letter is on file at the school for anyone interested in seeing it.

Furthermore, there are also on file, readily available, papers which prove that the school has never been off the list. There have been a few years when we were on the list for one year only, as in the group mentioned in Dr. Johnston's letter.

To repeat and summarize the case: The Charlevoix High School has been continuously on the accredited list, is now newly placed on said list unconditionally for the ensuing three years. The school authorities will make every effort to keep our school so accredited in the future.

Jake White In Pacific Fleet Service

Is Son of Mr. and Mrs.
Jake White, Charlevoix

With a Seabee Unit in the Philippines—Jake G. White, coxswain, son of Mr. and Mrs. Jake W. White, of Charlevoix, is a member of this construction battalion of the Pacific Fleet Service Force which was working on its third major project when the announcement of Japan's capitulation came.

Just completed was a super highway, carved out of jungle and mountain coral which linked two islands of major importance. A dock, extending over 4,000 feet, which can berth eight cargo vessels, was almost finished.

Completed and successfully operating is a waterline with over five miles of pipe which runs from two mountain falls—both higher than Niagara—to the Navy Supply area. The Seabee unit dug through jungle and over mountain; fighting insects, tropical rain and mud, and cutting trails by hand, to supply two and a half million gallons of fresh, chlorinated water a day for the U. S. forces ashore and afloat.

The officers and men of this outfit saw combat in the Solomons, New Guinea and the Philippines.

Miss Ernestine Louise Chew Wed In Church Ceremony

Miss Ernestine Chew, daughter of Mrs. Albert S. Holmes, became the bride of Harold H. Hunt Jr., storekeeper, second class, U.S.C.G., son of Mr. and Mrs. Harold H. Hunt Sr., of Marshalltown, Iowa, at 7 o'clock Monday evening, August 27, at Long Beach, Calif. The Rev. Lawrence V. Lucas performed the ceremony in the manse of the Grace Methodist church, Long Beach.

The bride wore a street length dress of slate blue with black accents fashioned with a square neck and short sleeves. Her accessories were black and she carried a nosegay of pink rosebuds and white stephanotis.

Attending as matron of honor was Mrs. Charles Asher, of Sturgeon Bay, Wis., the former Hilda Roen, of this city, who wore a navy dress with navy and white accessories. Her flowers were a nosegay of yellow roses.

Ralph E. Bachman, SK1-c, of Long Beach, Calif., assisted the bridegroom as best man.

Ensign Asher, U.S.N.R., was also present.

Mother, Children Perish In Flames As Home Burns

Two Other Children Safe
In Home of Grandparents

Disaster visited the home of Clarence McCalmon shortly after 10:30 Monday evening when the mother, Mrs. Blanche M. McCalmon, 25, Marshall, 4, and Marcus, 3, were burned to death as the result of an explosion and fire which destroyed their home at 211 West Lincoln Ave. The two children perished in the flames which spread quickly to their small home. The mother died at the Charlevoix Hospital at 5 A. M. Tuesday from severe burns.

Angler Lands 16-lb. Pike

Lake Susan Angler
Has Thrilling Experience

Patiently fishing for blue gills, on Susan Lake, Loring Pangborn of South Michigan Ave., Saginaw, suddenly had his bamboo pole jerked from his grip.

Becoming more wrathful than curious, Pangborn grabbed his oar and gave chase.

Frequently his pole submerged below the surface. But not to be outdone, he continued in the chase. After an hour's attempt to retrieve the pole, success was accomplished.

His next feat was to land his prey. Finding the difficulty greater than his ability, Pangborn sought the aid of a near-by fisherman.

Landing his catch, Pangborn went to the Susan House, where Ed Frank, proprietor of the House and Bont Livery measured the Northern Pike to be 42 inches and a weight of 16 pounds and six ounces.

A night crawler was used for bait.

BULLETIN

Board Chairman Fred Bancroft of the local Price and Rationing Board, announced this morning that the board would issue additional rationing stamps at the rate of five pounds per person to those people in the board area who had received rationing stamps at the reduced issuance of seven and one half pounds per person.

Mr. Bancroft said the issuance would be accomplished automatically without any further application on the part of the consumer. Consumers are not to visit or phone the board about their sugar, it would only deny the issuance. The board will mail the coupons to the consumer just as soon as possible.

Mr. Bancroft stated that the board had received a quota based on the number of applications received and processed by the board on and after June 10. This issuance must last the home canner for the balance of the rationing season, Mr. Bancroft said.

United War Fund Committee Meet

Representatives From County
Will Gather at Boyne City

County chairmen and committee members of the United War Fund will meet next Tuesday, Sept. 11, at the Dilworth hotel, 8:00 P. M., Boyne City.

The meeting will be held for the purpose of forming a county budget with all county organizations participating.

Speakeading the fund drive from various communities in the county, are: Robert Bridge, local county chairman; Ralph Hamilton, treasurer; Robert Campbell, and L. B. Karr, East Jordan, members; Rev. DeVinney, Fr. Jupinski, William Tryen, members, Boyne City; and Barney Milstein of East Jordan.

Fire Chief Charles Marshall said he believed the accident occurred when the mother returning home from an evening visit at a neighbor's house, decided to build a fire in the kitchen range after putting the children to bed. The explosion occurred when Mrs. McCalmon poured kerosene from a large container onto live coals in the stove. The blast blew a hole in the side of the small house and threw flames through the house. The mother, running from the house with her clothes ablaze, called neighbors who turned in the alarm, then attempted to remove the children from the burning house.

Two other children, Michael, 7, and Maxine, 6, were at the home of their grandparents, Mr. and Mrs. Walter Smith, at the time of the accident. The husband and father, Clarence McCalmon, was discharged from the Navy early in July and had left about August 1 to accept a position at Oakland, Calif., where he had been stationed previous to his discharge.

Mrs. McCalmon, the former Blanche M. Blume, was born at Superior, Wis., on August 28, 1920. She married Mr. McCalmon on May 1, 1937, and came to Charlevoix later that year to live. Besides her husband and two children, she is survived by her mother, Mrs. Ada Miller, of Big Rapids, one brother, Edward Blume, three half-brothers, Clarence, John and Tom Johnson, and two half-sisters, Jean and Bertha Johnson, all residing in the upper peninsula.

Both children were born in Charlevoix, Marshall Dec on October 17, 1940, and Marcus Charles on February 25, 1942. They were all members of the Baptist church.

Funeral services for the three victims will be held at the See Funeral Home tomorrow at 2:00 P. M., with the Rev. A. B. Claypoole officiating. Burial will be at the Brookside cemetery.

Readjustment of Veterans

Gilbert M. Lindsay,
Charlevoix Co. Veterans'
Counselor, Gives Data

(Continued from last week)

Part three of the readjustment program can be divided into three parts.

The first part is to instruct families, friends, and the general public, of the treatment of and general approach to the veteran.

The second is to inform the public and particularly employers of the advantages of employing discharged veterans whether they have been discharged for being disabled, neurotic, or for any other reason. This program points out the value of the special vocational and other training veterans have received in the service, and if the latter are disabled or neurotic, the rehabilitation job that has been done on them by the service to equip them to face civilian life and work.

The third is to point out to the veteran the part he must play in his own readjustment and the contribution he can make in building a better community and a better America.

Veterans' Bulletin
State-Owned Building Sites
Available to World War II Veterans.

1. GENERAL. The Office of Veterans' Affairs has perfected arrangements with the two State Agencies having authority to dispose of State-Owned lands, whereby Veterans of World War II may acquire home and business building sites at very advantageous prices.

a. Without competition by other bidders at the appraised or sale price.

b. Provided the veteran can pay cash and intends to use the land for his home or business and NOT for re-sale.

c. And providing the Office of Veterans' Affairs approve the sale.

2. STATE AGENCIES CONCERNED. Charlevoix County comes under the Department of Conservation.

3. DESCRIPTION OF LANDS. The lands available include more than 50,000 home-building sites, most of which are located in the metropolitan area of Southern Michigan. However, state-owned lands available to World War II veterans will be found throughout the State.

4. ADMINISTRATION OF THE PROGRAM. Negotiations for such lands and handling preliminary details in behalf of the Veterans will be in the hands of counselors of local councils exclusively.

a. Action by Veterans. The Veteran can readily learn from the local assessing officer what lands in his locality have reverted to the State. Should the Veteran locate a site he would like to own he acquires a legal description of the property from the local assessor.

b. Action by Counselor. The counselor then ascertains the appraised or sales price of the land by contacting the appropriate agency by letter.

NOTE: All other details will be taken care of thru your County Veterans Counselor. If interested or want further information, kindly contact, Gilbert M. Lindsay, Charlevoix County, Veterans Counselor.

Mr. and Mrs. Ivan Holmea and son, Gerald, came Monday from Grand Haven to spend a week at their Nichols St. home.

Welcome, School Teachers!

Best wishes to the boys and girls of this community as another school year opens. An education is worth more to the individual than rubies or gold. So make the most of your opportunities.

We also extend a cordial welcome to members of the teaching staff, many of whom, no doubt, have passed up jobs and fat salaries in other fields to stick to their profession. More power to you—and may you enjoy a most successful school year.

Subsidy For Sheep Raisers

Producers of sheep and lambs are advised by the Triple-A Chairman of Charlevoix Co. to pay particular attention to the provisions of the new sheep and lamb production payment program.

Under the program, the Commodity Credit Corporation will make payments to any person who sells sheep and lambs to legally authorized slaughterers for slaughter. When the sheep or lambs are sold to legally authorized slaughterers for slaughter, the last person who owns the animals entitled to the subsidy payment.

Application for the subsidy will be made in the county where the farm or feedlot was located during the last 30 days period prior to the time of the slaughter.

The sheep and lamb subsidy payments will be made on sales made on or after August 5, 1945. The payments vary by calendar periods. They range from \$2.15 per hundred pounds for heavy lambs weighing over 90 pounds; from \$1.50 to \$2.50 for medium lambs weighing 65 to 90 pounds; and \$1.00 for all other sheep which include yearlings, aged wethers, ewes, bucks, rams, and all lambs weighing less than 65 pounds. Until December 1, the subsidy is \$1.50 medium lambs and \$2.15 for heavy lambs.

As under the beef production and dairy feed payment programs, farmers may apply for the sheep and lamb subsidy at the county AAA office. "Payment will be made by sight drafts on the account of CCC which may be cashed at any bank." However, no forms have as yet been received. Farmers will be notified when the sight draft forms are received. In the meantime if there are any questions on the program, the county AAA office will be glad to serve you.

Hospital fund bingo party will be held soon. Watch for dates.

McClellan Promoted To Sergeant

With the 81st Infantry Division somewhere in the Pacific—Thurston L. McClellan, has been promoted from corporal to sergeant in recognition of proven ability with an infantry rifle company.

Sergeant McClellan is a member of Maj. Gen. Paul J. Mueller's 81st Infantry "Wildcat" Division, which last fall wrested the Palau and other Western Caroline Islands from the Japs.

Sgt. McClellan is the son of Mr. and Mrs. Levi McClellan and the husband of Mrs. Susan McClellan, RFD 3.

Jap Surrender News Swamps Western Union

Japan's surrender produced the largest volume of telegraphing in the nation's history as American business began work immediately to resume peacetime production and distribution, it was announced today by Mr. Wakefield of the Western Union Telegraph Co.

Here and throughout the nation the volume of telegrams last week sent the 1945 volume line skyrocketing off the top of the telegraph company's charts. Mr. Wakefield said. The telegraph business exceeded even the busiest weeks of the war, in spite of the two day holiday.

During the two day holiday and over the weekend Western Union people stayed on the job, working at top speed to handle the heavy volume of traffic. As a result, Mr. Wakefield said, the service provided in the face of the unprecedented load was not far short of the high standards set by the telegraph in wartime.

While contract cancellations by the government accounted for much of the volume, Mr. Wakefield said, a contributing factor was the great number of telegrams from business concerns getting started in the production and sale of post war merchandise.

There's the story of the gent visiting in Washington who wanted to call someone in Baltimore. When the operator asked him to deposit "twenty-five cents please," he cried, "Twenty-five cents to call Baltimore? Why at home I can phone to hell and back for a nickel." "Oh yes," replied the operator, "but that's a local call."

Hogs Easily Injured

MAKES no difference if they're market bound, you oughta stop kicking your hogs around.

There's more sense than meter in this paraphrase of an old ditty. Rough handling of hogs while they are growing and at market time causes bruising and crippling which reduces their value. Even death may result.

The University of North Carolina comes up with some good suggestions for handling hogs. A university bulletin points out that even slight bruises lower the grade of prime cuts. Many of these bruises are caused by use of sticks, clubs, sharp instruments, prodpoles, and whips. The bulletin urges use of canvas clappers or electric prods to drive hogs.

Striking a hog with a canvas slapper, the bulletin says, results in an unusual noise which in itself helps to control the herd better than use of heavy or sharp weapons.

A survey in 1935 by the National Livestock Loss Prevention Board showed that 9,000,000 meat animals were either bruised, crippled or dead on arrival at stockyards. The cost to growers was \$11,000,000. The loss from bruises to hogs alone was estimated at \$3,000,000, with the most valuable cuts, such as hams and bellies, suffering the greatest injury.

Controls Lifted On Consumer Peacetime Goods

In a series of sweeping moves to facilitate the reconversion of industry and speed the flow of a wide variety of peacetime products into the hands of consumers, while still avoiding price inflation, prevention of scarce supplies, or a buyers' scramble, the War Production Board has dropped 210 more individual controls over industry.

J. A. Krug, WPB Chairman, says, "Limitations on the number of radios, refrigerators and trucks that could be manufactured for civilian use were removed. Restrictions on a long list of other products were lifted and the materials freed for consumer goods."

Affected are metal furniture, domestic stoves and laundry equipment, electric fans, motorcycles, storage batteries, photographic film, shipping containers, oil-burning equipment; silk and cotton duck, as well as a large number of other products.

Charlevoix Men Meet In Pacific

With the 544th Amphibian Engineers in Manila—For the second time in the Southwest Pacific, Sergeant Wurren Allison of the 544th Engineer Battalion and Shore Regiment, Fourth Engineer Special Brigade, met his brother-in-law, Corporal Donald Stevens, a member of the 33rd Division. The boys met for the first time on Morotoi Island, in the Netherlands East Indies, in January of this year.

Sgt. Allison is the son of Mr. and Mrs. Frank L. Allison, of this city. His wife, the former Phyllis Stevens, is employed by the Michigan Bell Telephone Co., Charlevoix. Since coming overseas in May, 1944, Sgt. Allison has been in command of a 56 foot LCM (Landing Craft, Mechanized). He was stationed at several places in New Guinea and took his landing barge on a 1000 mile hazardous trip through little known waters and past Jap held shores, the longest trip ever taken by small boats in the SWPA. He has taken part in two major operations, Morotoi, in the Netherlands East Indies and Lingayen Gulf on Luzon, for which unit has received several commendations. Allison personally received a commendation from the Brigade for the efficient operation of his boat over the past year. He is entitled to wear the Asiatic Pacific Theater and Philippines Liberation ribbons, each with one battle star.

Before entering the army in January, 1943, Sgt. Allison was employed by the Foster Boat Company. He graduated from Charlevoix High School in 1938, where he earned his letter in track and played basketball and football. Cpl. Donald Stevens is the son of Mr. and Mrs. Charles Stevens, of this city.

Michigan 4-H Farm Safety Club Members Study Accident Prevention Measures in City Plants

RURAL boys and girls in Michigan are taking every opportunity to learn how to prevent accidents on farms. As one example, a group of Wayne county participants in the 1945 National 4-H Safety Program (shown above) recently visited plants of an automobile manufacturing concern in Detroit to study safety measures taken to protect workers against injury. The 4-H'ers were accompanied by Mrs. Ada Watson, county club agent.

To comply with the organization's safety regulations, the group was equipped with nonshatter eyeglasses, and the girls were clad in slacks and provided with hair nets or other head covering. Safety measures throughout the plants were pointed out and the reason for their use explained to the 4-H'ers.

The tour will be credited to each member's 4-H safety program record. Participants in the program who achieve outstanding records in safety work this year will receive merit awards donated by General Motors. The awards are based on county, state, sectional and national levels.

AAA NEWS

Walter H. Henley, Chairman
Charlevoix County AAA
Committee

Walter H. Henley, County AAA Chairman, accompanied Stanley T. Yuill, District AAA Fieldman to Lansing August 22-23-24 for the purpose of attending a State AAA Conference. At this conference soil-building practices and recommendations were made for the 1946 AAA Program.

The 1946 AAA program should go further than any past program in meeting the most serious needs for soil-building and water-conserving measures on Charlevoix County farms, according to information received at this meeting.

A new plan of operation adopted for next year's program will give county and township AAA committees more to say in deciding what practices should be pushed in the county. Mr. Henley said that the new plan would be very helpful at this particular time. The big increase in production on Charlevoix County farms during the war has increased the need for restoring and maintaining soil-fertility and for other conservation measures.

Because funds available for AAA assistance are not sufficient to cover all the soil-building needs of either the Nation or the county, the new plan aims to use them on the farms and for the practices where they will do the most good. The farmer-elected township committees have the experience and the knowledge to get AAA assistance where it is most needed.

Under the new plan the State AAA Committee will allocate a definite sum of money as a county budget for AAA assistance to farmers next year. The county committee, in consultation with the farmer-elected township committees, will then choose from an approved State list the conservation practices most needed on farms in this county.

The township committees will call upon individual farmers next winter and spring and help them work out a plan of AAA assistance on their farms. It will be the responsibility of the county committee to see that the total of all assistance approved for the county does not run more than the soil-building budget allowed by the State committee.

Mr. Henley points out that the AAA program is important to people living in towns and cities as well as to farmers. The conservation practices encouraged by AAA help farmers to grow more and better quality food, thereby protecting both the pocketbooks and the health of the folks who buy it. A program of public assistance such as AAA is particularly needed at this time when farmers have gone all-out to produce for war with resulting loss of soil productivity.

Jeb Wilkins
loses the wanderlust

Jeb Wilkins was always a great one for traveling. Two weeks a year he used to cover more ground than a Pullman conductor. Used to come back from vacations tuckered out.

But the war has changed all that. Gasoline shortages—and saving space on trains for service men—has got Jeb spending his vacations home ... and liking it!

"Never knew staying home could be such fun," says Jeb. "Outdoor barbecues ... sitting around and chatting with the

kids and family ... basking in the sunshine with a glass of cold beer ... that's living," Jeb says.

From where I sit, Jeb's discovered what millions of other Americans have learned through the war. Whether your choice is beer or butter, milk ... horse shoes or checkers ... a quiet book or a bit of friendly conversation ... there's no place like home ... where we grumble the most and get treated the best!

BY THEIR RIBBONS YOU SHALL KNOW THEM

You've seen many of them already. You're going to see more and more of them as time goes on—ribbons, stars, decorations that speak a language of service and combat in every corner of the globe.

None of us here at home can fully appreciate the sacrifices and heroisms for which these strips of colored ribbon have been awarded. But we can learn what they mean so we can recognize them on sight.

Here at Michigan Bell, we'll need the help of our returning veterans in the enormous

post-war job of expansion and improvement which we intend to push as rapidly as conditions permit.

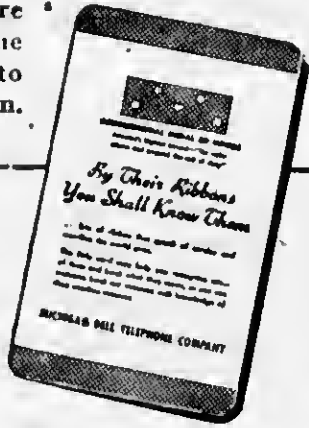

In order that we may all welcome them with some knowledge of their wartime records, every Michigan Bell employee is being furnished with a pocket card illustrating and explaining various service ribbons.

These ribbons are badges of honor. The least we can do is to know what they mean.

A \$9,000,000,000-a-year demand for houses will mean jobs in steel, as well as in lumber and other things.

Needed: 5,000,000 refrigerators. Result: Jobs making steel for them.

New Rails for the railroads' postwar program. More jobs in steel!

What's the Chance of a Postwar Job—in Steel?

HOW MANY jobs will there be in the steel mills for returning veterans and war workers? No one knows exactly. But this much is certain:

Plans have long been made to meet quickly after Victory the tremendous, pent-up demand for goods—and it will be out of production to meet this demand that jobs by the thousands will come.

Consider a few of the facts. The steel industry faces, right now, an accumulated demand for more than 600 articles of iron and steel that have not been made for civilian use since 1942—including an estimated 23,000,000 radios,

5,000,000 refrigerators, 3,000,000 washing machines.

Postwar building is expected to run to 9 billion dollars a year. There will be an immediate need for at least 7,000,000 automobiles to replace those junked since the war began. The rebuilding of European countries will open a tremendous market for American steel.

Over and above this, will be the demand for steel in new products—planes, deep-freeze units, air-conditioning equipment, television receivers, and hundreds of other devices grown out of war discoveries.

And all this will result in countless

jobs—for demand for goods makes jobs.

Now that Victory has been won, the steel industry and other industries will put into operation their plans for the jobs and opportunities all of us want.

NEWS FROM OUR SERVICEMEN

Lt. (j.g.) Norman Ance arrived Friday from Philadelphia, Pa., to spend a 30-day leave here. Mrs. Ance went to Chicago to meet him. Home from 18 months in the Pacific aboard a destroyer escort, Lt. Ance will report at Philadelphia for re-assignment. Enroute home he met his brother, Lt. Lyle Ance, who is at Pearl Harbor with the navy. It is the first time the boys have met for more than two and a half years.

Major Clair Bartholomew accompanied by Mrs. Bartholomew and three sons, returned to Detroit Monday after spending a month at their cottage on Lake Charlevoix and visiting his parents, Mr. and Mrs. Floyd Bartholomew. Major Bartholomew who returned recently from duty in Europe, will report at Fort Sheridan, Ill., for re-assignment. Sheridan Root, of the USNR, who has been spending a leave with his wife and son, will leave this week to report at Detroit for re-assignment.

Jeanie Hampton Writes Experiences

From Chungking, China comes a very interesting letter from the daughter of former Charlevoix residents (just recently returned to make their home here permanently) Mr. and Mrs. Charles Hampton.

The letter follows:

Hello—
I have decided to give you an idea of just how much, or how little, I am capable of sticking to any intentions I may have, by stating very holdly that this is the first of a series of letters I hope to write probably on the average of every two weeks about what I see, learn and experience while in this country. I do not expect this

little literary venture to run into volumes and volumes to bore—maybe one will be enough for that, however, I do hope I have enough tenacity of purpose, grim determination and the do or die spirit left over from those dim civilian days of mine to at least get started on a second letter. If you think that will be one too many is too bad!

"When I left India, I was prepared for anything. WHY do you want to go there, my Colonel asked me. It's too rough for a woman. Barney wrote from the States in a Convalescent Hospital at Plattsburg, you can't get cokes, beer and me in Chungking, said Bob. It is something I couldn't explain then nor now. It wasn't that I was looking forward to a new adventure through rose colored glasses, I wanted the experience no matter how rough the going might become. "Experience" is a vague way of saying it and all I got for the meager explanation was a blank look and the assurance I wouldn't like what I was going to see.

"Since the British took Rangoon, a new airline has been opened (south of the treacherous mountain terrain termed "The Hump") over which supplies and personnel may be transported with greater assurance of reaching their destination safely at a maximum of 15,000 feet. Many stories have been told about the ships and men lost over the Hump because of the highest mountains in the world, storms, and the distance necessary to keep aloft. I have photographs to show you of the terrain as it looks from the air and it is perilous to say the least. These mountains are the superb Himalayas and they or sister ranges stretch in a mighty mass of rumpled earth from the northeastern borders of India across Tibet, Thailand, Burma and deep into China, in fact actually to the coastline!

"Our fairly small detachment was briefed casually on the wearing of parachutes, breathing oxygen and acquainted with the jungle jacket and what it contains in case we were forced down (and survived). I can't resist telling you what these canvas-like jackets without sleeves carry in an emergency such as this. It is amazing and here are a few of the main articles among many other little ones: fishing kit, first aid kit, rations, water purifying tablets, knives, nets, plexiglass water bottle, sunhat, signal flares, spit (for cooking), compass, place for a gun, gloves, head net, etc. You are set for life—or a try at it.

"We left Dum Dum airport in four airplanes at two-day intervals. I was in the third group and we departed on schedule upon learning the previous groups had reached Chungking safely. In the early dawn light I strained against my safety belt to glance through the small porthole at my back and watch the marshy panorama of the Calcutta area gradually fade away with each foot of altitude. Those numerous stagnant pools were my first and last impression of a tragic land as rich as its people are poor.

"Until noon when we arrived at Bhamo, Burma there was nothing to view but the twisting contours of rivers and streams which seemingly wove an endless net over the face of the semi-fertile earth. We were held up three hours because of a low ceiling. From this point on was continuous flying over mountainous territory and the Commanding General of the Army Air Forces in China to whom we were assigned had given strict orders regarding conditions under which we were to be flown. For the men it did not matter it seems, but for us every precaution was to be taken. At Myitkyina (pronounced Mish-n-ay) an hour's flight away, there were accommodations for an indefinite stayover in case it was necessary and the fourth group was forced to take advantage of the hospitality there. Inasmuch as WACs have never before even

flown over Burma, you can imagine their hosts were not much put out; but for the girls it was hard to live those three days in one uniform in a bombed out city in which there was little to do but jeep ride in deep mud.

"The wheels of our C-46 finally landed on Chinese ground 30 miles outside Chungking (Chinese pronunciation is Chutchein) after a steep circular descent necessary because of the surrounding hills. Our stomachs seemed to dip with the plane and our ears closed like clams against the pressure. We arrived without anything more exciting than a few minor storms. The contour farming necessary because of the mountainous terrain produces an oriental effect from great heights which would tickle the fancy of the most fantastic surrealist painter. Beautiful forms and colors of which you can make nothing are suitable introduction to one's first glimpse of this great country on the other side of the world. When I was a little girl I remember sitting on the sidewalk in Detroit patting the ground with my hand and letting my imagination carry me to China. Someone had told me if I dug a hole through the earth I would come out in China. It has taken me twenty years to dig that hole and now here I am, as big as you please, in its very capital! Ding, chow pl, chow, heisa. Very good, little child."

Love, Jeanie

The final chapter of the war has been written. You have all done a swell job. It is mighty nice to see some of the veterans home already and to know that you all will be home soon. It is my sincere wish that your future will be one of success, health and happiness, and to those who will not return, who gave there all for us, but whose memory will remain forever. I offer my heartfelt thanks, God bless them.

VICTORY LOAN DRIVE OPENS

Tells Experiences As Prisoner of Japanese

Bennie Gill, electrician's mate, second class, was liberated from a Japanese prison camp on Sept. 13. He had been held as a prisoner of war for more than three and a half years after his ship, the submarine Perch, was lost early in the war. He was never reported as a prisoner of war and except for a shortwave broadcast over radio Tokyo in April, 1943, no word was heard of him until

Bennie Gill, electrician's mate, second class, taken since his return.

his mother, Mrs. Fred Gill, received two cables from him on Sept. 24. He arrived here on Oct. 20 to spend a 30 day leave before reporting at the Naval Hospital, Great Lakes, Ill. He still has another year to serve on a six year enlistment and says that he may stay in the Navy.

He is reluctant to talk about life in the prison camp and his treatment under the Japs but he did give us the following story in a recent interview.

"No matter how you put it, it's still wonderful to be home. I keep thinking that someone is going to wake me up and I'll find this is only a dream. I don't want to talk about the last three and a half years but if you will ask a few questions I'll try to answer them.

"When and where were we lost? I'll start from November, 1941 and try and give you an idea of what happened. As you know, I was in Manila then. We were out on a mission and returned there on Dec. 3. On Dec. 8, Philippine time, we were at war with Japan. From then on we were out. In February the conning tower was hit and we could no longer send radio messages. That was why the Navy Department never quite knew when we were lost.

"It was during the battle of the Java sea that we lost our ship. The Japs came after us with depth charges until we thought our number was up. One more charge would have finished us but the Japs didn't know that and they didn't drop it. They left long enough for us, with a great deal of effort, to surface and abandon ship before we scuttled.

Mrs. Hamlin Entertains Blue Star Mothers

The Charlevoix chapter of the Blue Star Mothers met at the home of Mrs. Josephine Hamlin on Thursday evening. At the business meeting, at which Mrs. Leo Carey presided, funds were voted to the Rehabilitation fund and the National War Fund. A report was given on the National War Fund Drive and plans made for a booth at Fairbanks Bakery on Saturday. Plans were also made to send Mrs. P. R. Ruse to the state convention at Port Huron on October 29-30.

At the social hour which followed, word games were played with Mrs. Ross, Mrs. John Stephens, Mrs. Grace Genie and Mrs. Carey winning prizes. Mrs. C. S. Webster and Mrs. Angus Fochtman were in charge of the program. Refreshments were served to the 14 members present. Hostesses were Mrs. Edward Heise, Mrs. Karl Kohler and Mrs. William Heise.

Along the Avenue

By The Editor

A town isn't just houses and streets—it's mostly folks. Be one of them.

We like to see people get along—and the sooner some of them get along the better.

It took all the 48 states to win the war. Let's stick together to win and keep the peace, too.

A lot of folks are wondering what they can do to help the returning veteran. If you can't give him anything but sympathy, you better leave him alone. He doesn't like that kind of help.

As pheasant hunting companions during the opening week, Herb Wilson, Glenn Rose and Bob Sarasin proved they could take it—and unload it to the birds. They brought back their limit of a dozen fine cocks.

Deer hunters are readying for the annual trek northward. Many from other parts of the state will be hunting in Charlevoix county, while our local simrods will be going above the Straits to hunt the buck.

Acc sleuth Dallas Henry was first to ferret out and report to ye editor the fact that new Ford cars arrived in Charlevoix Tuesday.

They are going to up the price of butter again. It should bring tears of pride to the cow to learn that her product is so fattening to the human account.

The first 1946 car to be sold went to a war veteran. He evidently has decided to see America next.

President Truman recommends a year of military training for young men after completing high school. At least, a student will know what he's going to do the first year after graduation.

The trial of the Belsen war criminals brings us to tears as they plead their innocence. They were only doing the best they knew how.

The author of "Bambi" died recently. Felix Salten brought fawn and enjoyment to thousands of children.

A soldier, still in Belgium, writes that he hopes to get home soon to get acquainted with his wife again. They had been married only a few months when he left for overseas, and says he, "Even Tommy Manville does better than that."

Another soldier writes that he just finished reading "20,000 years in Sing Sing." "It's a lot like the army," he says.

"A small world, isn't it? On a recent pheasant hunt into the Thumb of Michigan, we had the privilege to hunt with a couple of gents who, when they learned we were from Charlevoix, asked about their friends, the Harry Fosters, Gordon Clements, et al of the Foster Boat company. High in their praise of the hospitality of our local business men were two of the hunting companions. By name, they are known as "Hail" Newhauser and Harry Miller of the world champion Tiggers.

Herb Weissinger and Al Young, artists and designers, who have opened their studio here, together with their wives, were hosts at an open house and "Hard-Times" party last Saturday evening. A fine evening's entertainment, including refreshments, were served at the popular couples' Belvedere mansion.

Rig time for the kiddos at the New Palace Theatre tonight.

Martin Elzinga Home for Good

Martin Elzinga, one of three men from Charlevoix to be held a German prisoner of war after the Battle of the Bulge in December, 1944, was discharged from the service at Percy Jones Hospital, Battle Creek, Oct. 15, and arrived Thursday to join his wife and family. He has a total of 76 points.

Entering the service in March, 1941, he went overseas with the 106th Infantry in October, 1944. During the time of the Ardennes breakthrough in December he was

taken a prisoner of war and held in Germany until his liberation by the Americans in April, 1945. He returned home in May for a 60-day convalescent leave and reported at Miami Beach, Fla., late in July. He has since been stationed at Fort Sheridan, Ill., and the Percy Jones Hospital. He was a private first class at the time of his discharge.

Fowlers Honored

Mr. and Mrs. Horace R. Fowler were honored guests at a surprise party at their home Tuesday evening, Oct. 23, in observance of their Golden Wedding anniversary. Thirty friends and neighbors gathered for a social evening and refreshments. The couple received many lovely gifts and flowers, commemorating the occasion.

On Sunday, Oct. 28, a family dinner was held at the Fowler home with Mrs. Fowler's brother-in-law and sister, Mr. and Mrs. A. N. Burney, of Grosse Pointe Park, her nephew and niece, Mr. and Mrs. D. C. Wales and son, Randy, and Mrs. William Barry, Jr., of Traverse City, present.

Mr. and Mrs. Fowler were married in Charlevoix Oct. 23, 1895, and have always made their home here. Mr. Fowler was born at Brighton, Gifford-Surrey, England, Oct. 1, 1873. An orphan at the age of 5, he came to Canada when he was 9, with a family, and lived there for four years before coming to this community where he resided with his foster parents.

Mr. and Mrs. Henry Cornell, in Marion township. He was in the meat and grocery business for 28 years before operating a car sales and garage business. Later he operated a taxi and bus service throughout northern Michigan. He retired from that in 1929. He has served in many public offices. He is at present justice of the peace, an office he has held for the past 18 years. He has also served on the city council, and as county poor commissioner. He has been active in the Masonic lodge for many years, served as grand master of the organization. He has been associate patron of the OES for 16 years.

Mrs. Fowler, the former Nettie A. Shrier, was born at Arkon, Ont., Can. on Nov. 16, 1875, and came to Charlevoix with her parents at the age of 6 years. She has been active in the OES and has a life membership in the lodge. Both are members of the Congregational church.

The Fowlers have one son, Forrest F. Fowler, who resides in Grand Rapids; and three grandchildren.

County Quota Set at \$283,000; City's Share Is \$94,333

VICTORY BOND QUOTA FOR THE COUNTY			
E. Bonds	Ind. Bonds	Corp.	Total
\$104,000	\$95,000	\$84,000	\$283,000
EACH CITY'S QUOTA			
\$34,666	\$31,666	\$28,000	\$94,333
Last Bond Quota for Each City			
\$69,333	\$46,666	\$28,000	\$432,000

Ralph Price, County Chairman, is confident our quota can and will be met, as have all previous drives. However, this is not only the greatest drive—but the final one, extra effort will be needed to bring about its successful conclusion. We must keep the Peace! YOUR HELP IS NEEDED—AND NOW!

The treasury department urges this newspaper and all businesses and industries which use newspaper advertising, to support the Victory Loan drive to the limits of their abilities. The Treasury is asking for eleven billion dollars in the Victory Loan in order to help pay for:

Care of wounded; rehabilitation of veterans. Cancellation and termination of war contracts. Bringing men and women of the armed services home. Maintaining armies of occupation.

The possibility of inflation is still a danger. Present figures indicate that the "inflationary gap" between available consumer merchandise and income will be about \$40 billion this year. In addition, Americans have accumulated approximately \$100 billion in savings since Pearl Harbor. If this extra money is used for the purchase of Victory Bonds it can provide a backlog of buying power for years to come. If people should try to spend it now before adequate consumer goods are available, chaos can result.

Suggest Adoption of Permanent Farm Policy

A permanent farm policy should be adopted in Michigan, recognizing the family type farm as a tap root for economic and political freedom, and that families secure on the land should have parity with other groups in the state and nation, farm union officials declare.

To bring this about, the farm union members believe, the following program must be adopted:

A stated land policy. Land is the basis of life, and farm families are the seed of the nation.

A good land policy will conserve the soil for future generations, building it to a higher state of fertility. It will put in practice policies that will make it possible for the farm hand and tenant farmer to become land owners.

Michigan has much marginal land which should be taken over by the state and put to the growing of trees. A placement service would entitle all lands as to state of fertility and kind of crops it is suited to produce.

For the breaking up of excessive land holdings and driving out the land speculator, and encouraging home ownership. It is necessary that land held by absentee owners or speculators should be compelled to pay a higher tax rate, a graduated tax, depending on size and value of holdings. At

the same time an occupancy and use tax should be levied on all improvements, taxes so that if he puts a drain in his field or improves his buildings he would not be penalized in the form of added taxes.

Cooperative marketing and processing would eliminate unnecessary costs of distribution benefiting both producers and consumers.

The state should give all possible encouragement to farmers in building their cooperatives by the proper tax exemptions for such co-ops.

The Norwood local of the Farmers Union will hold their monthly meeting Thursday, Nov. 1 at the Hilton school. All members are urged to be present as the program of the convention will be discussed.

Services Are Held for James Helms

James Bird Helms, 70, resident of this community for more than 40 years, died unexpectedly at his home Thursday afternoon, on May 25, 1875. In March, 1901, he married Clara E. Austin at Marcelona where he was employed at the Antrim Iron Works. They later made their home in North Dakota a short time before coming to a farm in Marion township in 1902. In 1913 they moved to Charlevoix. He was employed by the Charlevoix county road commission for many years and for the past six years had been employed at the court house as caretaker. He had retired October 1.

He was a member of the IOOF. Surviving are his wife; two sons, Elmo, of Detroit, and Ilo, of Charlevoix; six grandchildren; one great-grandchild; and two sisters, Mrs. E. E. Folander, of Charlevoix and Mrs. Lulu Monty, of Flint.

Funeral services were held at the Sec. Funeral Home at two o'clock Monday afternoon with the Rev. W. D. Wood officiating. Interment was at Brookside cemetery.

HALLOWEEN PRANKSTERS WARNED OF DANGERS

Chief of Police Clarence Heise today warned Halloween pranksters that damage to property will not be tolerated, as it is dangerous, besides being unlawful. "The city ordinance will be enforced," said the chief. We must protect the property of our residents.

PFC. ASHFORD ORVIS

Pfc. Orvis, who took his initial training at Fort Sill, Okla. and Camp Swift, Texas, left for overseas duty Jan. 5, 1944. He was a member of the 10th Mountain Div. in Italy. He arrived home recently for a 45-day furlough with his parents, Mr. and Mrs. Vaughn Orvis of Ironton. Above sketch was made by an Italian soldier-artist.

Wagner Resigns

R. D. Wagner, superintendent of the Charlevoix public school system for the past year, last week tendered his resignation to the board of education, effective immediately.

His health is said to have forced resignation from further duties here. Mr. Wagner will take a complete rest, probably extending to January 1, 1946.

The board of education is considering applicants at this time to fill the position left vacant by Supt. Wagner.

Georgia Krchak Weds Coast Guard

Miss Georgia M. Krchak, daughter of Mr. and Mrs. John M. Krchak, became the bride of Keith R. Bruhl, chief radio technician, U. S. Coast Guard, at a ceremony performed at 8 o'clock Saturday evening by the Rev. Gaylord Howell at the Methodist manse.

Miss Lillian Evers and Robert Ashdon, boatswain's mate, first class, U.S.C.G., were their only attendants.

The bride wore a bluish gray tailored suit with white accents and navy and white accessories. Miss Evers wore a gray pin-stripe suit with black and white accessories.

The bride is a graduate of the Charlevoix high school and is employed at the local office of the Michigan Bell Telephone company. The bridegroom is a graduate of the Alaska high school, Fairbanks, Alaska, and attended the University of Nebraska before enlisting in the U. S. Coast Guard in January, 1940. He is now stationed at the Charlevoix station.

The couple will make their home in Charlevoix.

The Red Rayders walloped the Harbor Springs team last Friday by an score of 64-0. The Harbor Team consists of seven Freshmen, three Sophomores and one Junior so the veteran Charlevoix team had no trouble in scoring. But Coach Kipke also put most of his second team for the last three periods.

R. Carey, L.E. Husse, B. Ward, L.T. Standish, I. Manville, L.G. Brown, R. Crain, C. Angell, L. King, R.G. Elliott, E. Howe, R.T. Knuzell, J. Mol, R.E. Kishigo, B. Zietler, Q. Davert, F. Martin, L.H. Chellis, R. Hardy, R.H. Linhart, Brown, (capt) F. Casens. Hob Carey took the kick from Harbor on his 25 and got as far as the 45. F. Martin took the pass from center and went 55 yards for the first score. L. King kicked back and CHS held Harbor on the 35. Casens kicked, but Zetler dropped it and Harbor was on Charlevoix's 20 posing for a touchdown. On the next play Zetler recovered a fumble for CHS and Zetler, Martin and Brown made first downs up to Harbor's 35. A pass from Zetler to Hardy placed the ball on the 20. Brown brought it up to the two from where B. Zetler went through center for the second touchdown. Chellis took Carey's kick up to his 30. B. Ward recovered a fumble and on the next play Martin went over for the third tally. Hardy smashed over for the point after touchdown.

Davert took King's kick on his 10 and ran it up to the 30. F. Martin intercepted Chellis' pass and went over for another score, seventy yards behind blocking that would make any coach's chest swell with pride.

Davert again took King's kick determined to hold onto the ball, is stopped by the whole CHS line for three downs. In the second quarter Billy Carey picked up a Harbor fumble and ran to the IHSIS 28 yard line. Billy Carey threw a pass to B. Zetler who went over for the fifth score.

Davert again took the kick and ran it to his 30, where IHSIS was held. Billy took Chellis' punt up to his 35. D. Brown ran up a first down and a pass from Zetler to Hardy placed the ball on the 5 from where Hardy smashed his way over for the sixth score.

D. Brown kicked off to Davert ran the ball back to the 30 yard line. Two passes failed so Chellis punts which Pat Martin took and stopped on his own 35. Billy Carey ran up a first down to Harbor's 35. D. Brown got to the 25 and Pat carried the ball to the 10 for the final play of the first half.

In the first scrimmage play of the second half, F. Martin intercepted Chellis' pass and got to his own 35. Then Martin went over to make the score 45-0. A pass from B. Zetler to Martin for the extra point was good. Score 46-0. Martin kicked and Davert again took the ball and was stopped on his own 23. Two penalties gave Harbor a first down on their own 49 where CHS held and took the ball on downs. Jolliffe made 9 yards and Zetler a first down on the 25 to get into position for a pass to Martin who went over to make the score 52-0.

Davert took Martin's kick to his own 35. Frank intercepted a pass and trotted over behind his See RED RAYDERS, page 4

Keeping 'em Down on the farm

Rode out to the Jenkins farm the other day—and there was a young Charlie Jenkins—two months out of uniform—driving a tractor as pretty as could be with his one good arm.

"I expect you find that pretty dull after piloting a bomber," I suggested.

Charlie gives me a wide, contented grin. "Dull?" he says. "All the time I was over Germany I dreamt of this—the smell of hay, and the hot sun on my back... and comin' home to

women's voices in the farmhouse, and home cooking, and a friendly glass of beer. No," he says dreamily, "not dull!"

From where I sit, that's how lots of returning veterans must feel. Yearning for excitement? No, just mighty glad to be back with the old familiar things, the day's work, the rewards of home, companionship, and simple pleasures like a friendly glass of beer. No... not dull.

GOOD RURAL LINE NEIGHBORS
share the wires

THERE are more telephones today on most rural lines than before the war.

This is because there were so many "war-essential" rural folks who had telephones installed. And because of shortages of materials and manpower, we weren't able to expand the system sufficiently.

Now that the war is over, we are resuming our rural expansion and improvement program. As sufficient trained manpower and materials become available,

we shall be able to add enough new lines so there again will be fewer telephones per line.

Meanwhile, the best way for everybody to have good service is to treat his telephone neighbors as he himself would like to be treated: keep all calls short... avoid listening in or interrupting when the line is in use... hang up the receiver carefully. One receiver off the hook can tie up a whole line.

Most Farm Fires Are Preventable

Last week (Oct. 7-13) was National Fire Prevention Week, and both farm and city dwellers were asked to check their properties carefully for fire hazards.

Safety specialists at Michigan State college quote nationwide statistics which show that 85 per cent of all farm fires are preventable. These fires can be traced to one or more of the following hazards:

1. Failure to protect buildings with lightning rods.
2. Defective, sooty and poorly constructed chimneys.
3. Sparks from chimneys and bonfires falling on flammable wooden roofs.
4. Defective stoves and furnaces and failure to use fireproof covering on pipes.
5. Careless use of matches and smoking in barns.
6. Improper storage and careless use of gasoline and kerosene.
7. Hot ashes placed in paper or wooden containers.
8. Spontaneous ignition of hay.
9. Misuse of electricity and the failure to replace or repair worn cords and defective electrical appliances.

Correcting these hazardous conditions, immediately before the winter heating season starts will prevent many disastrous fires.

Lansing, Oct. 31—Black bears of Houghton and Chippewa counties are asking for trouble, it appears, and the conservation commission may be asked to remove protection from them.

The Blue Lake Sportsman's club of Hancock is recording complaints of Houghton county farmers concerning increasing depredations of the animals. In Chippewa county, sportsman's groups are considering recommendations, to lift the ban on bear shooting.

Year around shooting of bears in Iron and Ontonagon counties was approved by the commission last month on request of boards of supervisors, increasing to five those counties in the upper peninsula where bears are without protection. Other counties are Baraga, Menominee, and Schoolcraft.

Bears also may be shot at any time in Leelanau, Missaukee, Ogemaw, and Bay counties below the Straits.

MISS AMERICA, 1945

BESS MYERSON, 21, tall and willowy, graduate of Hunter College, New York City, is the new Miss America, 1945, having been selected at the annual contest in Atlantic City this month. The new Miss America represented New York City in a competition of 42 states, Canada and larger cities throughout the country. She is 5 feet 10 inches, weighs 136, bust 35½, hips 35, thighs 20, calf 14½, ankle 8½, upper arm 9½, wrist 5½, dress size 14, bathing suit size 33. She has received a \$5,000 scholarship and will continue her music studies. She is an accomplished pianist and flutist.

New Canned Food Soon

Now that the postwar era has become a reality with the downfall of Japan, citizens of Charlevoix county can look forward to dramatic developments in canned foods, many of which were first packed for the armed forces, according to W. C. Stolk, vice president of the American Can Company.

Mr. Stolk said that the approximately 1,000,000 cans of food opened annually by residents of the county undoubtedly will be largely increased with the arrival of the new postwar items. It will be no trick at all, he said, for a housekeeper to put together a three or four course meal by making use of the canned foods she should shortly find on grocery shelves.

Among the new foods he listed are such items as canned hamburger, canned bacon, seafood cocktails and salads in cans, as well as a long list of meats new to a can, among them chicken stew with dumplings, beef and gravy, pork with apple sauce, ham with raisins and boned turkey.

U. S. ARMY RECRUITING OFFICE TO OPEN HERE

Capt. Francis A. Sudowski, recruiting officer for Emmet, Charlevoix, Otsego, Cheboygan, and Presque Isle counties, today announced the opening of a recruiting office in the Charlevoix city hall.

Capt. Sudowski stated, "The Regular Army is now prepared to offer all male citizens between the ages of 18 and 35 who are physically and otherwise qualified, an opportunity to realize their ambition to travel, secure an education and make the army their career if they desire. Vacancies now exist which enable a man to select his arm of service (air corps, quartermaster corps, signal corps, etc.).

Men honorably discharged from the army who meet the physical requirements may enlist within three months after date of discharge. A special provision has been made for men discharged under the point system on or after May 12, 1945. These men may enlist any time before Oct. 20, 1945, and still regain their former grade. After Oct. 20, 1945, anyone discharged who wishes to regain his former grade must enlist within 20 days from date of discharge. Men in this category will be given the enlistment allowance of \$50.00 per year for the first three grades (master, 1st, technical, and staff sergeants) for each year of service since the last enlistment in the case of men who served in the regular army or \$50.00 per year for the first three grades for every year of service in the case of men who served in the army of the United States. Men in other than the first three grades will be given \$25.00 per year in their respective case.

Men who are discharged and enlist the next day are also immediately eligible for the enlistment furlough. This furlough may be for as long as 90 days, depending on length of service.

Regular army men may immediately apply for reenlistment in the regular army regardless of their point status. Reenlistments will be in their permanent regular army grade with an immediate temporary promotion to their present grade. Regular army men who reenlist are immediately eligible for the full 90 day furlough and the enlistment allowances. The enlistment allowance will be computed on the higher grade held whether the grade is temporary or permanent.

Sgt. Wm. Barney will be in charge of the branch office in the Charlevoix city hall club rooms. This office will be open every Thursday from 10 a. m. to 4 p. m. A man's draft status does not affect enlistment.

line which made the score 58-0. Harbor then began to click. A pass by Chellis placed the ball on the CHS 35, but, they soon had to punt and Zeidler ran it back to his 35. Bobby Carey ran it to the 40 as the quarter ended.

In the first play of the final quarter Zumbach, of Harbor, recovered a CHS fumble on Charlevoix's 30. The focus getting the ball back on downs on their 19. Bobby Carey, with Billy blocking, ran the ball to the 50. B. Zeidler smashed his way to another first down and then tried a pass which was incomplete and Harbor took over on downs. A barrage of passes were all blocked by CHS. Billy Carey intercepted Chellis' pass and got to the 50. Pat Martin smashed his way to the 35 for another first down. On exchange of losing the ball on downs, CHS, on their own 35, opened a hole in the right side and Billy Carey went through tackle for 55 yards and the final score of the game. Davert just had time enough to run King's kick back as the game ended. Final score 64-0.

her for good. That didn't take much after the beating we'd taken.

"It was just before dawn on March 3 when we left her. In a short time all 59 men of the crew, 5 officers and 54 enlisted ship. We were then taken directly to the port of Makassar on the Celebes in the Netherlands East Indies, six degrees below the equator.

"And when you're that close to the equator it's always hot. In all the time I was there the temperature never dropped below 80 degrees and in the sun, which just poured down, it was as much as 150 degrees.

"Prison camps were set up on the outskirts of the city of Makassar for the American and for Dutch and British military personnel who had been captured. We had our own compound and each of the other nationalities had theirs. The only clothes we had were those in which we'd abandoned ship—dungarees and a shirt. Most of us had kicked our shoes off in order to stay afloat, for besides our Mae Wests, we had escape lungs on. They were the last shoes we

were to see until we were liberated. What did we use for shoes? It's amazing what a tough sole one can develop in about a year.

I got so I could walk on broken glass, sharp stones and coral and on the roads which, when the sun was beating down, were scorching hot. In all the time we were there we were issued five sets of clothing—a shirt and trousers which wasn't much protection against the sun.

"We worked, and what I mean, we worked—from early morning until late at night. We did everything from loading ships, making air raid shelters, cleaning up after air raids, building roads and airports—just you name it. We did it. We were happy to see our planes come over but air raids always meant extra work for us.

"Food? Well, we won't say much about that. It's one of the things I'd like to forget. The first year we were there we had a little meat and eggs now and then but after the Japs started suffering set-backs in the Pacific our diet got slimmer and slimmer and so did we. Then we had trips and rice and more rice. I don't even want to hear the word again. Along with that we would have boiled 'bayan' which is comparable to boiled grass and just about as tasty and nourishing. We did a little trading on the side with the natives and the Chinese but the punishment was so severe if we were caught that we didn't take many chances. We all carried 'loot bags' tied to our legs and when we were out on 'work detail' we'd pick up whatever came our way.

"The Chinese and natives often brought us cigarettes and food. Many risked their necks getting the things to us. It was through these same people that we got news now and then about the war.

"Among the Dutch held captive were eight Dutch doctors, who were captured with the Dutch forces when the war started. With little to work with, they seemed to perform miracles. One was a wonderful surgeon. In January, 1943, I had an attack of appendicitis but came through it. In the fall, though, I had a second attack and on October 3, he operated on me. Now, having one's appendix removed in a modern operating room back here is one thing, but having it done in a 10x15 foot crude tin shack with 2 100-watt bulbs for light and only the most meager equipment and supplies to work with, is another thing. I was pretty sick for a while with a stitch infection, but he pulled me through. Later when I contracted a deadly tropical disease, he somehow pulled through that, too. A lot of men owed a great deal to all those doctors.

"The war ended August 15. We didn't know about it until two days later when the Japs told us. We had been living in bamboo harracks that were in awful condition and they soon moved us into a Dutch military hospital which they had been using until then. One of the boys, a radioman, had somehow gotten a radio. No one knew where he got it or how long he'd had it before the war ended but when it did end, he brought it out and we all listened to news and everything else we could pick up.

"During our captivity we worked at times in a military hospital. There are a lot of things laying around a place like that and we all picked up what we could. This same radio man who was trying to build a radio set got it working about a week after the war ended so he could send messages to the planes overhead. When our fliers got our messages they dropped more equipment and he made a set that could contact the base at Balikpapan on Borneo. They gave us instructions about various things and dropped food and supplies that we asked for.

"One thing we all enjoyed before we left was the sight of 2,000 or more Nips working night and day to prepare the landing strip for an American plane after an order had come through from the Americans. As soon as the

strip was ready, a B-25 came in with supplies and took out eight of the sickest men. The next day, Sept. 13, we left Makassar. Thirteen was a lucky number for me; I was liberated on Sept. 13 by Squadron No. 13 of our air force.

"I have already told you of my rescue. At the time I was liberated, I weighed 95 pounds. Since

then I have gained 50 pounds and hope soon to be back to my normal weight of 165 pounds.

"The atrocities? I don't want to talk about those. If you have read the papers you know that there were untold numbers committed against all prisoners. Now that I'm home, I want to forget about them as soon as I can."

He has been in the service four and one-half years and was stationed at the Soo, Detroit, Chicago and for eight months was in the Panama Canal zone.

Norman Houck, who has served in the Navy for the past 18 months, was discharged from the service at the USNFC, Great

Lakes, Ill., last week and has arrived to join Mrs. Houck and family here. A baker, third class, at the time of his discharge, he has been stationed at Little Creek, Va.

Hubert Herington, machinist's mate, third class, in the U. S. Navy until he was discharged at the USNFC, Great Lakes, Ill., this week, arrived Tuesday to join his wife and family here. Enlisting in the Navy in April, 1943, he returned recently from 14 months overseas duty, aboard a destroyer in the Pacific.

FORT BLISS, TEXAS.—Sgt. Harry Potter, son of Mr. and Mrs. Richard Potter, has been honorably discharged from the Army Air Force by the separation center at Fort Bliss, Tex.

Sergeant Potter has been in the Army Air Force for three years and six months as a crew chief. His last station before discharge was at Biggs Field, Tex., a B-29 training base.

Lowell L. Merica, ship's cook, third class, USNR, who saw the shores of Japan while on submarine life guard duty off Honolulu, is being released from service under the Navy's policy of discharging fathers of three or more children.

Before he joined the crew of the USS Papfish, Merica was attached to a submarine relief crew at Midway, assisting in maintenance of the Pacific underwater fleet which destroyed an estimated 10,000,000 ton of Japanese shipping during the war.

ON THE USS SAMUEL N. MOORE.—Robert Otto Herrington, machinist's mate, third class, USNR, 907 Bridge, Charlevoix, served on this destroyer when she operated with a fast carrier task group maintaining patrol from Hokkaido southward along the Japanese coast, aiding the occupation forces.

The Moore saw action at Luzon, Mindoro, Lingayen, Gulf, Manila, Formosa, on the China coast, at Iwo Jima, Okinawa, Kyushu, and in raids on Tokyo, Kobe, and Nagoya.

KLOOSTER ABOARD USS CHENANGO.

ON USS CHENANGO.—Henry E. Klooster, fireman, first class, USNR, served on this escort air-craft carrier when she carried 1,357 released prisoners of war from Nagasaki, Japan, to a redistribution point at Okinawa.

Some of the evacuees—Americans, English, Australians, Dutch, and Japanese—are survivors of Wake Island, the Bataan "Death March" and the sunken USS Houston.

Mr. Klooster is the son of Mr. and Mrs. Ed. Klooster, former residents, now living near Ellsworth.

LT. GRIFFIN IN NAVY DAY PARADE.—ON USS SAIMAUA (Delayed) Lt. (jg) Howard A. Griffin, USN, serving on this escort aircraft carrier, is en route to a West Coast port for the observance of Navy Day, Oct. 27.

The Saimaua joined the fleet in time to take part in the Leyte campaign and then saw action at Luzon and Okinawa. She was in Tokyo Bay for the signing of the surrender terms, furnishing air cover for landing of the first occupation troops to go ashore at Yokohama.

Lt. Griffin is the son of Mrs. Mary Griffin of this city.

Two Found Guilty In Rape Cases

Judge Paul Gilbert, presiding at the October term of Circuit Court here, sentenced Lewis Bennett of East Jordan to from 5 to 10 years after a jury previously had found him guilty of statutory rape.

Lawrence Nevils of Bay Shore also found guilty of statutory rape before a jury in the October session of Circuit Court will be sentenced when court convenes in November.

Former Librarian Dies in Gd. Rapids

Mrs. Anne E. Dooty, 55, former librarian at the Charlevoix public library, died at the Hodge Memorial hospital, Grand Rapids, on Tuesday, Oct. 23, after a long illness. Funeral services were held at the Ziegman Funeral Chapel at 1 o'clock Thursday afternoon with the Rev. Gerard Knud and Dr. Paul R. Jackson officiating. Committal services were held at the Deshpere cemetery, Lansing, by the Rev. Harold T. Reese.

Anne E. Dooty was born at Pratte, Wis. She was city librarian in Charlevoix, leaving here about 1918. Since then she has resided in Lansing and Grand Rapids.

Surviving are her husband, Rev. Norman F. Dooty, formerly pastor of the South Baptist church, Lansing, and president of the Baptist Institute and School of Theology in Grand Rapids; and one sister, Mrs. Harold H. Hess, of Williamston.

HOSPITAL NOTES

Mrs. Bernard Veenstra and son have been discharged to their home at Ellsworth. Mrs. Harold Pomeroy and daughter, and Mrs. Herbert Colburn and daughter, have been discharged to their respective homes in Charlevoix.

Hilda Vander Venter, who was admitted for surgical treatment, has been dismissed to her home in East Jordan. Mrs. Florence Gee has been dismissed to her home in East Jordan after being treated for a fractured leg.

Albert Raymond and Mrs. Tom Finnean, of Charlevoix, Jerry LaFrance of St. James, and Mary Ann Huntley and Mrs. Mary Smith, have been admitted for surgical treatment.

Mayrild Dougherty of Cadillac was admitted Saturday for surgical treatment. James Roberts was admitted for treatment of injuries received in an accident at school. Mrs. Elizabeth Mason was admitted Sunday for medical treatment.

Jack Foster was admitted Tuesday for surgical treatment. Michael LaBlanc was admitted on Tuesday for a minor operation.

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE BROADCASTERS

Question—Do you still believe in hell?

Answer—"The wicked shall be turned into hell, and all the nations that forget God." Psalm 9:17.

Q.—If sin is stronger than I, then am I responsible when it overcomes me?

A.—It is not stronger than God's grace. "But where sin abounded, grace did much more abound." Romans 5:20.

Q.—Who are the "dogs" in Philippians 3:2?

A.—Those impure persons whom the Apostle mentions in verses 18 and 19.

Q.—Did God make Christ die for us, or was He willing to do so?

A.—"Who gave Himself for our sins, that He might deliver us from this present evil world, according to the will of God and our Father." Galatians 1:4.

Q.—Is this the only world there is?

A.—"Through faith we understand that the worlds were framed by the Word of God, so that things which are seen were not made of things which do appear." Hebrews 11:3.

Q.—Were the twelve apostles the only apostles?

A.—Paul was an apostle (Romans 1:1). Barnabas was an apostle (Acts 14:14). Epaphroditus was an apostle (Philippians 2:25 A. R. V.). An apostle simply means "one sent," and implies that he has a vision or message from God.

Q.—Do you believe that what Adam did could affect the whole world?

A.—The Bible says: "Wherefore, as by one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned." Romans 5:12. But if a man is lost, it will be his own fault, not Adam's. "For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord." Romans 6:23.

Q.—Do you think God actually hears what we say?

A.—He knows what we say. Psalm 139:4: "For there is not a word in my tongue, but, O Lord, thou knowest it altogether." It is written in Matthew 12:34: "Out of the abundance of the heart the mouth speaketh." And in verses 36 and 37: "But I say unto you, That every idle word that men shall speak, they shall give account thereof in the day of judgment. For by thy words thou shalt be justified, and by thy words thou shalt be condemned."

Candy and Red Cross Girls Greet Blackhawks

CHICAGO, ILL.—When the train bearing the 86th Infantry's famous Blackhawk Division stopped for an hour in railroad yards here, the battle-weary heroes of the European war were greeted by the candy girls, cold drinks and doughnuts from Red Cross Canteen volunteers, and it was smiles all around as these women passed out candy doled out by Curtis Candy Company for the occasion.

The men were on their way through Chicago to Camp Grant, Ill., for processing and inspection before being granted their 30-day furloughs, but for the 700 Chicagoans among them it was a real homecoming as some of them recognized relatives and friends among the Red Cross girls who came to greet them.

BUY VICTORY BONDS in the great Victory Loan!

Sure, we've won the War BUT THE COST GOES ON!

IT WILL COST MILLIONS TO BRING OUR ARMIES BACK and it's just as expensive as it was taking them over. Meanwhile, thousands of our men who stay behind in occupied territory must receive their pay, be clothed, housed and fed at Uncle Sam's expense.

UNCLE SAM MUST STILL PAY FOR THESE. Although America had already started to cut down on production of various kinds of war materials, the swift ending of the war left many planes, tanks, battleships, guns, made at the last minute, still to be paid for.

WE OWE THEM A RETURN TRIP TICKET TO HEALTH. Today, the rehabilitation and care of over 300,000 wounded are among America's gravest peacetime problems. This obligation is one which every American can now share in—by investing in the Great Victory Loan.

America Must Take Care of Her Own in the Great Victory Loan!

It's too much to expect that the cost of a war which lasted many years can just stop overnight. Although the fighting is over the paying has to go on for some time to come.

So once more it's ALL TOGETHER in America's Great Victory Loan. Start off your own peace and prosperity—and your country's—right by investing in the biggest quota of bonds you've ever bought.

Promoted to the rank of Lieutenant Commander on the day of his discharge from the U. S. Naval Reserve, Jack Foster arrived Friday from Jacksonville, Florida, to make an indefinite stay with his parents, Mr. and Mrs. J. M. Foster.

Enlisting in the Naval Air Force in August, 1940, Jack received his flight training at the Naval Air Station at Pensacola,

Florida. In October, 1941, he went to Alaska as a member of Patrol Squadron No. 41 and later transferred to Bomb Squadron No. 135. He served 20 months in Alaska and the Aleutians. He was stationed on Attu when he returned to the States in the spring of 1943.

Since his return he has been stationed at Lake City, Florida, where he trained combat crews in Twin-Engine Bomber Squadrons, at Fort Worth, Texas, where he attended the American Air Lines school, and at Jacksonville, Florida, where he was a member of Admiral Davidson's staff.

He wears the Navy Commendation ribbon with two stars, the Air Medal, the American Defense and Pre-Pearl Harbor ribbons. He has 50 points.

Charles E. "Bud" Weststaff has been discharged from the army air forces at Sebring, Fla., with 86 points and, accompanied by Mrs. Weststaff, has arrived to make an indefinite stay with his parents, Mr. and Mrs. Robert Weststaff.

He has been in the service for 30 months and was overseas from May, 1944 until January, 1945.

as a nose gunner on a B-24 bomber, serving with the 15th Air Force. He was a staff sergeant at the time of his discharge.

Harold E. Newman, the last Red Arrow Division man from Charlevoix to return to this country, has been discharged from the army with 108 points and arrived Friday from Fort Sheridan, Ill., to make an indefinite stay with his mother Mrs. Rita M. Newman.

In the service since October, 1940, he went overseas with the 32nd Division in April, 1942, and served in Australia, New Guinea and the Philippines.

He wears the American Defense ribbon, the Asiatic-Pacific ribbon with combat stars, Philippine Liberation ribbon, Distinguished Unit Badge, Good Conduct medal and the Combat Infantry Badge. He was a staff sergeant at the time of his discharge.

Bert Pearl, motor machinist's mate second class, has been discharged from the Navy at the Alameda, Calif. Air Station, and arrived Friday to join his wife and twin sons. They will make their home with his parents, Mr. and Mrs. Reuben Pearl, for the present.

Mr. Pearl has been in the service since July, 1942, and has 30 months sea duty in the Pacific to his credit. He wears the Asiatic-Pacific ribbon with 2 combat stars, the China-Burma-India ribbon, the Presidential Unit Citation and the American theatre ribbon. He had 49 points at the time of his discharge.

Fred Eugene Mitchell, who was a baker, first class, with the Navy, is receiving his discharge from the service this week. He has been in the Navy for three years and has been serving in the South Pacific.

His brother, Charles Mitchell, who served in Europe with the army medical corps, has been discharged and is now at Cedar with his wife. He had been in the service for more than three years. They are the sons of Mrs. Frank Wright, former resident now living in Detroit.

Richard Hull, Cox., arrived last week from Treasure Island, Calif., to spend a 30 day leave with his mother, Mrs. Emerson Hull, before reporting at the USNTPC, Great Lakes, Ill., for discharge. He has been serving in the Pacific since December, aboard a LSV-2 and returned home from Tokyo.

T/Sgt. Jerry Scheidt, who is stationed at Delhart, Tex., with the Army Air Corps, is spending a 15 day furlough with Mrs. Scheidt and son, David.

Pvt. John Zeidler Jr., who has completed basic training at Fort Bragg, N. C., is spending a furlough with his wife and family.

James Marsh, CMM, who is stationed aboard the ice-crusher, Mackinaw, at Cheboygan, came Friday to spend a 30 day leave with his wife and family.

Franklin Noonan, CMM, left Thursday to report at Cleveland for re-assignment after spending a leave with his wife and family.

Pvt. Fred Speigl has arrived from Camp Gordon, Ga., to spend a furlough with relatives and friends. He will report at a camp in Virginia when he returns to duty.

Jess Mitchell, S1/c, who has completed more than a year's overseas duty in the Pacific, returned to Treasure Island, Calif., last week after a 30 day leave with relatives here and in Detroit.

Howard Kane, of the Navy, has returned to Norfolk, Va., after spending a leave with his wife in Traverse City and with relatives here.

C. Claire Stevens, M1/c, left Thursday for San Diego, Calif., after completing a 30 day leave with his parents, Mr. and Mrs. Charles Stevens.

Ted Jancha, Cox., who is stationed at the Naval Air Station, Traverse City, accompanied by Mrs. Jancha, visited Thursday and Friday with his parents, Mr. and Mrs. Stanley Jancha.

F. O. William Steffens, who is stationed at Albuquerque, N. M., with the Army Air Corps, visited from Wednesday until Sunday with his uncle and aunt, Mr. and Mrs. Leo Allard.

Archie Livingston, S1/cc who has been serving in the Pacific aboard the aircraft carrier, Shaugi-La, since January, arrived Saturday from San Diego, Calif., to spend a 30 day leave with his parents, Mr. and Mrs. A. L. Livingston. The ship left Tokyo Bay on Oct. 1 and after taking on return veterans at Okinawa, returned to this country via the Arctic route.

Buying Protection

AS A LAZY MAN'S EXPEDIENT, SOMEONE HIT UPON THE IDEA OF BUYING OFF THE YOUNGSTER PRANKSTERS' HALLOWEEN ACTIVITIES.

Now folks, there are several reasons why youngsters celebrate Halloween by mischief and begging. These are:

1. You have neglected to provide them with creative opportunities to occupy their time.
2. You have neglected to provide them with means of honestly acquiring purchasing power.

Less conservative (less mentally lazy) community leadership has discovered that actively employed youth, with earned money jingling in the pocket, is not out destructively bent on Halloween; hence it is not necessary to buy protection.

All that is required is, that you and you, become mentally active; figure ways and means whereby youths' activities can be channeled to constructive enterprise, and be rewarded by real purchasing power.

Return to Charlevoix Amid Wild Cheers

A perfect Indian summer day and crowds of friends greeted Bennie Gill, electrician's mate, second class, upon his return to Charlevoix on Saturday after an absence of six years, during which time he spent more than 3 1/2 years in a Japanese prison camp.

Lead by the Coast Guard with colors, the parade, which started at the top of south Bridge street hill, included the Charlevoix high school band and the Girl Scouts followed in a car carrying the honored guests, which included his mother, Mrs. Fred Gill, who had met him at Ludington; his brothers, S/Sgt. Robert Gill, home on furlough from Camp Campbell, Ky., and Albert G. Gill, of Sheboygan, Wis., who was discharged from the army after being wounded in Germany, and Edward S. Radle, Red Arrow Division veteran, now discharged. Members of

THANKS TO ALL OF THE CITIZENS OF CHARLEVOIX

To the people of Charlevoix:

For the six years I was away from Charlevoix, I had dreamed of the day I'd return. For the three years, six months and ten days that I was held as a Japanese prisoner of war, many thoughts of home filled my every waking hour and at night I dreamed of my family and friends back here. When I was liberated on Sept. 13, I knew that I would once again see all those people and places that had helped me through those dark days at Makassar.

Landing in the States was wonderful but it was just another leg on the journey that would bring me home. As I came closer to Michigan I had qualms about many things I know now were unnecessary.

When I came into Charlevoix last Saturday morning to the wonderful homecoming you had prepared for me, it made everything alright again. It is good to know that even though I was out of touch with all of you, I wasn't forgotten. I just haven't words to convey my feelings but I would like to express my most sincere thanks to all of you from my family and from me. It has meant a great deal to all of us.

BENNIE GILL

The family followed to the family home at 309 Prospect street.

The Gills held a family reunion on Sunday with each member bringing Bennie up to date on almost four years of family and local events. As he says "after being isolated for so long, I feel like Rip Van Winkle must have felt, only I haven't a beard." Those present besides Mrs. Gill were Mr. and Mrs. Robert Duff and family, of Elmira; Mr. and Mrs. Bud Gill and family, of Ironton; Mr. and Mrs. Glenn Gill and Mr. and Mrs. Albert Gill, of Sheboygan, Wis.; Mrs. Vernon Snyder and daughter of Milwaukee; S/Sgt. Robert Gill, Don Gill and his grandparents, Mr. and Mrs. Dan Swartz.

Sponsor Annual Party at Palace Theatre for High, Grade Students

The annual Halloween party, sponsored by the Kiwanis club, will be held at the New Palace theatre Wednesday afternoon and evening, Oct. 31.

The party is given students as a means of entertainment in exchange for their influence to prevent damage on Halloween, such as spreading soap, tallows, refuse, or in any way damaging property.

A personal appeal was made and special invitations extended students by a committee composed of Meyer Levinson, Clarence McGee, Dr. McMillan and Fenton Bulow when they appeared before the students at the high school building this week.

Harry Bingham, Clarence McGee and Meyer Levinson comprise the committee in charge of arrangements for the entertainment.

Keith and Lyle Return to Home and Friends in Charlevoix

The Miles boys, Keith and Lyle, are home to stay. Keith, who has been overseas for the past 45 months, and Lyle, who returned home from Europe in July, arrived together Tuesday to make an indefinite stay with their parents, Mr. and Mrs. C. V. Miles.

Keith, who was a corporal at the time of his discharge, entered the service in February, 1942 and has been overseas since December, 1942. He served in North Africa, Italy, France and Germany and has combat stars for the following campaigns: Tunisia, Rome Arno River, Foggia, southern France, the Rhineland and Central Europe. He was in the message center and later with photography unit. He has a total of 93 points.

Lyle, who was a technical sergeant, has been in the service since October, 1942, and overseas since January, 1944. While overseas he was stationed in England, France, Holland, Belgium and Germany and has combat stars for four major campaigns, Northern France, the Bulge, the Rhineland and Central Europe. He was a radio operator and has a total of 72 points. Since his return in July he has been stationed in the east.

Double Ring Ceremony Unites Couple Here

Miss Betty June Pearl, daughter of Mr. and Mrs. Harold Pearl, became the bride of James D. Woodward, of Detroit, son of Mr. and Mrs. Alfred T. Woodward, of Henryville, Tennessee, at a ceremony performed at ten o'clock Saturday morning at St. Mary's rectory. The Rev. A. V. Ulanowicz read the double ring service in the presence of their immediate families.

The bride chose a mellow rose dressmaker suit with brown accessories and a corsage of white roses for her wedding.

Miss Donna Bennett, of this city, and Mrs. Joseph Savic, of Detroit, were their attendants. Miss Bennett wore a pearl gray dress and Mrs. Savic wore a dress of black accessories and a corsage of red roses.

Mrs. Pearl, mother of the bride, wore a bluish gray dress with black accessories and a corsage of gardenias.

A wedding breakfast for relatives and friends was held at the home of the bride's parents at eleven o'clock. The bride's table was centered with a large wedding cake and bouquets of pastel pompons decorated the rooms.

After a wedding trip to the Tahquamenon Falls in the upper peninsula, the couple will make their home in Detroit.

The bride is a graduate of the Charlevoix high school class of 1943. The bridegroom is a graduate of the Summertown, Tennessee, high school.

Out of town guests who attended the wedding were Mrs. Paris Lehn, sister of the bridegroom, and Miss Marie Bines, of Detroit; Mrs. Lee Mason and Mrs. Henry Ingalls, of Flint; and Mr. and Mrs. Gerald Lakies, of Romulus.

Reconversion at Foster Boat

Following is letter, mailed yesterday, to all personnel of the Foster Boat Company, by H. G. Foster, president and general manager:

"You are all aware that the abrupt termination of war contracts immediately following V-J Day has posed tremendous problems for industrial plants throughout the country. The process of reconversion, instead of being a more or less orderly affair over a period of six months to a year as anticipated, has become a mad scramble.

The two big headaches of management are the winding up of government contract termination negotiations—and the obtaining of materials for peace-time production.

"Government contracting offices are swamped with the details of settling hundreds of thousands of claims arising out of terminated contracts. Each claim is a complicated piece of business all in itself.

"Our claims were filed as quickly as possible—and, at the time, we were led to believe we could expect final settlements within about a month or a month and a half. That time has now gone by and the best we can hope for is that another 60 days or so will bring final payments.

"All this means that a very great part of our working capital is tied up in government negotiations. We'll get it, of course—but meanwhile we are forced to confine operations to finishing up the 24 Plane Personnel boats and operating the sawmill and our department.

"It is impossible for us to begin producing rowboats, as we had originally planned. The necessary plywood can't be obtained until the mills on the west coast are again in operation.

"It is necessary, therefore, to make a temporary reduction in the number of employees. We are doing all in our power to make it a brief one—but it may be 60 days.

"If you are among those temporarily laid off, we suggest you make immediate application for such unemployment compensation benefits as you are entitled to. This company has contributed

Economics Group Meet at East Jordan

Will Demonstrate How to Construct Lamp Shades

"How to Make Lampshades" will be demonstrated to the leaders of the County Home Economics Extension groups Friday, Oct. 26, at 10 a. m. The meeting will be held in the Eastern Star dining room in East Jordan.

From pieces of wallpaper and scraps of curtain, drapery or dress materials the leaders will receive old lampshades or make new shades of the size, shape and color which will fit their lamps and rooms and which will also meet the requirements of good lighting.

It is often difficult to find a ready-made lampshade to fit a certain lamp at a price one can afford to pay. For this reason, dark, dingy paper or fabric lamp shades which rob rooms of good light and good looks are not required.

At this meeting leaders of the Home Economics Extension groups will learn to make various types of lampshades.

The leaders are reminded to bring with them the equipment and materials needed for this lesson.

The arrangements for the meeting have been made by Emma J. Fero, Home Demonstration agent.

The demonstration will be presented by Jessie Marion, Extension Specialist in Home Furnishings, from Michigan State college.

Sunshine Sisters In Special Session

The Ladies Aid of the Church of God met Thursday, Oct. 18 at the home of Mrs. C. J. Fiedler, south of Charlevoix. It was the annual Sunshine Sisters' Tea. Secret sisters were revealed and new ones were taken for another year.

The new president, Mrs. Winn Bambach, had charge of the meeting and all new officers began their year's work. The devotion was arranged by the vice-president, Mrs. Fiedler, with the subject, "Friends and Their Values" briefly treated by four ladies, Mrs. McGinnis, Mrs. Shaw, Mrs. Ward and Mrs. Stephens.

The program was varied and interesting, as the Sunshine Sisters revealed their identity, after relating any embarrassing moment or special incident in trying to keep their secret. Mrs. Hazel Murray read an original poem in honor of her sister. A list of gifts received also gave variety.

Fancy open-faced sandwiches of many clever designs, lead tea cakes and bowls of jello provided bountiful refreshments, which were served buffet style from a lace-cloth covered table, in the center of which was a large centerpiece of vegetables and fruits. Mrs. Bernice Pearl poured tea. Arrangements for the refreshments were made by Mrs. Wood, Mrs. Herg and Mrs. Louise.

Rayders Defeat Jordan to Remain Unbeaten

The Charlevoix Red Rayders remain undefeated and unscathed upon after defeating East Jordan last Friday by the score of 24-0. The visitors came closest to scoring against the Rayders when they had the ball on the local 1-foot line in the final period.

J. Mol received the kick-off for Charlevoix on his own 20 and ran the ball up to the 30. It was impossible for CHS to get past the 40, so Carey punted. East Jordan made no headway either, so they punted also. B. Zietler caught it and ran 15 yards. F. Martin took the ball for a 20-yd. gain. In three plays B. Zietler, F. Martin and D. Brown brought the ball up to the 25 yard line. After R. Carey had run up another first down, F. Martin and B. Zietler clicked for the first touchdown. The pass to R. Hardy was short. After receiving the kick, East Jordan could not get past their scrimmage line, so they punted. B. Zietler caught it on the 20 and was pulled down on his own 30.

In the second quarter the Jordan boys stopped the locals and Carey punted again. Ayers caught it but was stopped immediately. In a series of first downs, using the old Statue of Liberty play, E. Jordan ran the ball from their own 25 to the CHS 30. Being stopped there, Ayers punted. F. Martin took it and running behind king Howe, Mol and Zietler went over from his 30 for the second score. Carey's kick went wide. Hitchcock got the kick-off but Jordan could make no gain. Penfold punted for the visitors and the Rayders were almost stopped for good, but Carey kicked from the 50. Then the Rayders stopped the Jordanites. Carey took Penfold's punt and brought it up to East Jordan's 20 for the last play of the half.

In the third quarter the boys held East Jordan on their 35. Sinclair elected to kick and Carey catching it on the 50, ran up to the 30. A pass from B. Zietler to R. Hardy brought the ball up to the 30. After pushing the visitors back to the 10, F. Martin went over behind Carey, Ward and Manville. Zietler's pass to Hardy was knocked down. East Jordan was offside of the kick so L. King kicked to 45 instead of the 40. A fumble and a heavy line gave E. Jordan their third down and 20 yards to go for a first. On the punt, the ball touched Martin but he failed to fall on it in time and the visitors had the ball. During the next play, J. Mol intercepted a pass on CHS 45. D. Brown ran the ball to East Jordan's 35 yard line for the final play of the quarter.

The second play of the last quarter the locals surprised EJHS in a lateral play from Hardy to Martin for a first down of 20 yards. Martin ran a first down to the 9 and D. Brown smashed over center for the final score. A pass to Hardy was too far. On the kick Hitchcock ran the ball to the CHS 40. Bill Carey recovered a fumble for Charlevoix. A penalty put the locals back 10 yards. A punt and E. Jordan did the Statue of Liberty play again but made no gain. On a punt CHS had the ball on their own 20. A fumble by Billy Carey and East Jordan had the ball, knocking on the CHS goal line. Ayers ran the ball up to the 2 yard line. The whole Rayder team pushed the Jordanites back to the 5. Penfold weighing 245 pounds, pushed the ball up to the 1-foot line. But there Charlevoix held them and ran them back to the 6-yard line. CHS took the ball as the whistle blew, closing the game.

Officials were Win. Diekmann, Don Stewart and Harold Andrews. East Jordan made 6 first downs while the locals made 7. The visitors used 6 snubs and Charlevoix had 7. Next week our boys play in Harbor Springs. Can you make it?

Cpl. Ostrum Weds Mississippi Girl

Will Make Their Home at Lake Village, Arkansas

Miss Betty King, of Alligator, Mississippi, became the bride of Corporal Merlyn A. Ostrum at an evening ceremony performed by the Rev. T. M. Brownless on Thursday, October 4, at the parsonage.

The bride wore a white satin gown trimmed with lace. Her only ornament was a pearl necklace, a gift from the bridegroom. She carried a bouquet of pink roses and tube roses.

Mrs. Orwin Hamlin, Jr., her only attendant, wore a dress of white nee over florm infesta and a corsage of torn carnations, rose buds and ule roses.

William H. Bell, Jr., assisted the bridegroom as best man.

Following the ceremony a reception was held at the home of Mrs. W. H. Bell. The bride's table was centered with a large wedding cake. Arrangements of roses and fall flowers were used about the rooms.

The bridegroom, son of Mrs. Delos Ostrum, of this city, has been in the service for two and one-half years and is now stationed at Lake Village, Arkansas, where the couple will make their home.

Awards to Servicemen

Certificate Presented by Service Organization

More than 100 Gold Seal Service awards are being sent, beginning this week, to local men and women who are serving in the Armed Forces at the present time, or who have previously served in World War II.

Because there is so little opportunity for Charlevoix citizens to express their heartfelt appreciation to their own youth who have sacrificed much to insure the survival of communities such as ours, in a free United States, the Service Award was conceived as a symbol which would convey the thanks of the entire city. Each award is hand printed with the name of the respective owner, signed by the Mayor and Charlevoix Service Organization chairman, sealed with the city seal in gold, and may easily be framed.

In contrast to the crumpled discharge paper which was the only certified testimonial to the service of men and women in World War I, the Charlevoix Service Award was devised as a permanent

YES, WE'LL FINISH THE JOB!

We made a pledge when he went away. We would back him up at home until the job was finished, and we would preserve and sustain the kind of home he was fighting for.

The job is not yet finished; there are vital things yet to be done; the service flags are still in the windows and the taking care of home, its agencies and institutions is a continuing responsibility.

So, though the fighting has stopped, we have again our War Fund campaign, to finish the job we said we would finish, to meet the needs we said we would meet.

To make good the pledge we said we would keep!

When you are contacted, give generously, as this is the last drive for the community War Fund!

Let's keep our pledge!

record of its recipients' participation in the recent world conflict. Conceivable more than two years ago, 515 awards have already been presented to those who served before June 1, 1944. The group receiving the awards now, have served since that date. Because of the personal attention each award required, it was necessary to take the time and present them yearly. They will be sent to families of their real owners for snuff-keeping, while every man or woman in the service will receive a letter informing them that the award has been made.

It is desired to thank Father Aloysius Ulanowicz publicly for the handwriting of each certificate and Frances Martin for the work involved in addressing and mailing.

The Charlevoix Service Organization is your organization and as such deserves your support in the War Fund Drive now underway so that it may continue to send the Charlevoix Courier, and also continue its other activities until all the Service Flags are taken down.

The Charlevoix Service Award may be seen on display at the Central Drug Store.

Friends Mourn Death of Beaver Island Native

The community of Beaver Island was shocked by the passing of Wm. D. Gallagher, who died suddenly of a heart attack at his paternal home in Peaine township on Sept. 10.

William D. or "Big Willie", as he was better known, was born on Beaver Island the 20th day of August, 1868. He was the youngest son of Michael and Susan Gallagher. Two brothers, Mike of Portland, Ore., and Dan of Petoskey, Mich., preceded him in death, as did also five sisters.

As a man who lived a single and quiet life, his kindly and humorous personality endeared him to a large circle of friends and acquaintances.

A man of unimpeachable integrity, and moral virtue, a devout christian, and a loyal supporter of the democratic way of life, he was also an ardent exponent of good government. He represented Peaine township on the county board of supervisors for 15 years. Later he was elected secretary of the board of education. This office he held until his death.

Non-resident relatives and friends who attended the funeral and burial service at Holy cross cemetery were: Mr. and Mrs. Harry Hartweg of Grand Rapids, Mrs. Ella Bonner and niece, Myrtle Douglas, of Detroit, Capt. and Mrs. Owen D. Gallagher of Frankfort, Joseph Schmidt of Pontiac, Sister Mary Clare and Sister Mary Bridgetta of Bay City, William Underwood of Chicago, and Willie Green of St. James.

A nephew, Rev. Ambrose Gallagher, professor of theology at St. Columban Seminary, Bristol, R. I., officiated at the requiem high mass.

His many friends mourn his passing.

Legion Commander Urges Navy Day Observance Here

Asks Clubs, Churches to Participate in Appropriate Observance

Fenton R. Bulow, commander of Leslie T. Shapton Post, American Legion, and chairman of the Navy Day activities, asks the citizens of Charlevoix to observe the day Saturday, Oct. 27 in a fitting manner.

Mr. Bulow has arranged no program or parade, but urges an appropriate observance in churches and public organizations, as well as schools during the week in which the anniversary falls.

"I believe that all the citizens of our community are keenly aware of what we owe to our Navy and its associated sea forces," Mr. Bulow said. "And with peace so lately achieved, and

at such terrific cost in lives and ships and money during World War II, it seems to me that it is especially fitting now that we pay honor to all of our sea fighters in previous wars and to those who have been a major force in bringing to a victorious conclusion what we hope will be the last war in which we ever shall need to participate in order to preserve our peace, freedom and prosperity."

Pioneer Resident Died Monday

Mrs. Alice Hines Passes After Years of Ill Health

Mrs. Alice E. Hines, 83, resident of Charlevoix for 75 years, died at her home on South Bridge street Monday morning following several years of ill health.

Born at Whitcomb, Wis., on Nov. 29, 1861, Alice E. Carpen-

ter came to Charlevoix with her father, Egbert Carpenter, who settled here in 1870. Her husband, Franklin G. Hines, pioneer druggist in this city, died in 1936. Since his death she has made her home with her son, Galo Hines.

Mrs. Hines was a charter member of the local chapter of the Order of the Eastern Star and was one of the first worthy Matrons of this chapter. She also was a member and former First Reader of the Christian Science Society.

Surviving are three sons, Karl F. Hines, of Detroit; Otto L. Hines, of Ocean Park, Calif.; and Galo E. Hines of this city; one sister, Mrs. Jones McCrory, of Alhambra, Fla.; seven grandchildren and two great-grandchildren.

Funeral services were held at the Sec. Funeral Home at two o'clock Wednesday afternoon. Mrs. Julia Durance, First Reader of the Christian Science Society, conducted the service. Interment was at the Brookside cemetery.

FOSTER BOAT OFFERS BOAT RIDE TO ALL
The Foster Boat Company has extended to the people of Charlevoix a cordial invitation to share in its observance of Navy Day, Saturday, October 27.

A ride in one of the fast 24' Plane Personnel boats will be given to all those who visit the Company's Ferry Avenue Plant between the hours of 9:00 A. M. and 12:00 noon and 2:30 P. M. and 5:00 P. M.

The management asks only that children below the age of 12 be accompanied by parents or responsible older persons. Be sure to dress warmly.

heavily to the fund from which these benefits are paid.

"The loyalty of our employees has not gone, and will not go, unnoticed, and work recalls will be made just as fast as conditions permit."

The local concern has been more fortunate than most war plants in that not all of its contracts were terminated on V-J Day. The Navy contract for 24' Plane Personnel boats, although reduced at the time, still called for delivery of 30 boats, permitting continued employment of a substantial number of men.

WILBERS PURCHASE EMREY MENS' STORE
C. A. Wilber and W. H. Wilber, father and son, are new owners of the Emrey Mens' store, it was revealed this week. Sale was consummated Oct. 15.

The Wilbers were formerly affiliated with Standard Accident Ins. Co., of Detroit.

The Junior Mr. Wilber informed the Courier today that he is leaving immediately to attend a convention in Detroit, where the new fall line of mens' wear will be on display at the style show there, and that the firm will stock their store completely with the most modern and up-to-date merchandise available.

Said Mr. Wilber: "We want the people of Charlevoix to know that we intend to handle only the best goods, nationally advertised lines, and our firm will be at their disposal twelve months of the year."

Food for Those WHO THINK!

Up thru the census of 1910, the city and county of Charlevoix both showed a steady and healthy growth in population.

Before 1910 there was the era of highway pioneering, railroad development, lumbering, manufacturing. The harbor at Charlevoix was full with boats and the community thrived. Mansions, huge hotels and homes were built. Farms were improved, factories prospered.

Then came the era of CONSERVATISM--which is to say MENTAL LAZINESS!

All too many of the communities' leadership developed pronounced symptoms of the Sucker, in expecting and seeking something for nothing; and of the Mark, in expecting the best of everything. The small-time legitimate confidence men, the mercantile and realty interests found it much easier and much more profitable to trim suckers and marks in trade and rental than it was to create and operate enterprise, producing real wealth. The results were:

The railroad ceased to grow!
The boat builder ceased to build boats; instead he was satisfied to maintain them.
The development of industry, that is factories, was discouraged.

The farms began to run down.
The youth were told to go elsewhere to make a living.

One by one the big hotels burned down or were torn down, and were not replaced.

One by one the mansions rotted away, or have been torn down, and are not being replaced.

One by one the workers' homes have rotted away, or have burned down. These, too, are seldom replaced.

One by one the old line merchant and mansion owner have gone into oblivion and those who remain are squabbling among themselves for the steadily diminishing volume of trade and rentals.

Even the annual parade of Kleister Marks, (summer visitors) is diminishing.

Since 1910, under CONSERVATISM, the population of Charlevoix County has fallen by one-third.

Charlevoix County now has only two-thirds of the population that it had in 1910.

Between 1910 and 1940, under conservatism the population of the city of Charlevoix was diminished by 121 people.

Thus you have proven, on a mass scale, that the old biblical saying, "and there is he who withholds" and yet his substance diminishes."

Such are the rewards for being conservative—or mentally lazy.

If permitted to continue, the present population trend will cause the county and city to be depopulated, to become GHOST COMMUNITIES.

This population trend can be reversed, but before that is done, every last one of you must

make a mental inventory--an analysis of your own thinking and viewpoints. Some of you who pride yourselves in conservatism must change your viewpoints and attitudes.

From mentally lazy some of you must become mentally alert.

Take stock of your resources, if profitable, combine with your competitor, or with outsiders.

Those who are able must create enterprise, to employ those who lack initiative. Don't procrastinate, don't wait for your neighbor to do it. Do it now, if necessary, by yourself.

Your local bankers are sympathetic towards enterprise, soundly financed, soundly run.

The other day you folks had a splendid parade, in honor of a returning hero. The main street was decorated with flags and the hand played, and it was proper that your civic leadership should so honor your heroes. But this is not enough.

In the mind of every person who partook of the war effort, either as one of the forces, or as a civilian, is a burning thought:

"What can I do now to earn a living?"

The hero's brass buttons, ribbons and medals; the merchants and landlords will not accept in exchange for food, goods or shelter. The hero and the humble alike now must scratch for a livelihood.

By welcoming and creating enterprises NOW your civic leadership can hold in Charlevoix the returning personnel from the forces, and can bring back the migrant war plant worker. If you put into your enterprises enough sacrifices, work, guts, gumption and initiative, your work will attract to this community strangers and friends who will become year around residents.

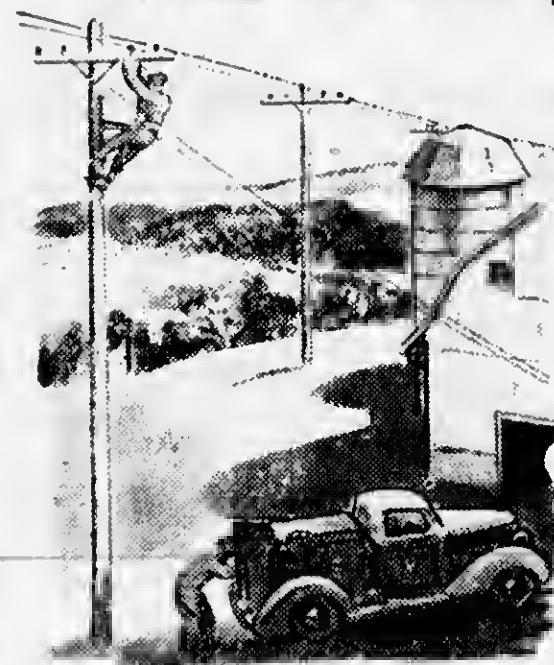

It is up to you and you alone to decide whether or not your present class position is to be altered for evil or for good. /You have it in your power to change from or to the proletariat, stiff, cockroach, professional, middle, bourgeois, or elite classes. Your mental conditioning, reflexes, inhibitions and initiative as demonstrated thru your work and life, determines your individual place in our class stratified society. As enough of you go, so goes the community, the city, the county.

Before you is a simple test of your mental viewpoint: The Locker Plant proposal. Many have shown a progressive viewpoint by taking advantage of the special introductory price, and have subscribed.

To those who took the chance, and deposited your rental money in escrow, with the bankers, congratulations on your sound investment--an investment which will return to you a savings equal to 40% interest.

To those who have not as yet subscribed, you can still reserve your locker by depositing in escrow, with your banker, the \$15.00 yearly locker rental.

This is the plan that we
began in 1940

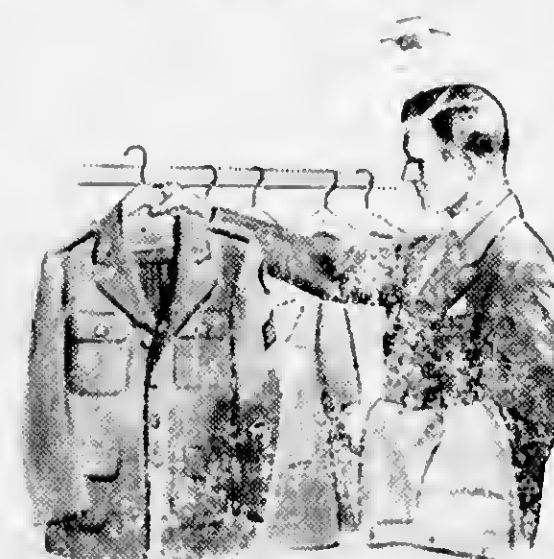

• By 1940, Michigan Bell's rural expansion and improvement program had been under way for a number of years. That year we incorporated into it a plan worked out in cooperation with the Michigan Rural Communications Committee, a group of agricultural leaders. This plan called for a liberal amount of free line-construction, and small monthly payments in cases where any construction charges were involved. Its purpose was to bring telephones to more farm families, and a good start was made in that direction.

This is the war that
delayed the plan that we
began in 1940

• For nearly four years, our fighting forces took almost all of the nation's telephone manufacturing output. Nevertheless, we installed all war-essential rural telephones. Today there are more farm telephones in Michigan than ever before. But line construction and switch-board expansion have not been able to keep pace with the increased demand for service. Now that the war is over, there is an enormous amount of work to be done.

This is when we expect
to resume the plan that we
began in 1940

• Just as soon as trained manpower, materials and manufacturing facilities are available in sufficient quantities, we will push forward our \$13,500,000 5-year, rural expansion and improvement program. We have important new devices and construction methods which will make telephone service available to more rural folks. We intend to construct more lines so there will be fewer parties per line. We plan to bring dial service to more farm families. We are studying special features to make telephone service more valuable. These are but a few of many ways Michigan Bell expects to give better service to more rural people.

SCHOOL NOTES

The third and fourth grades made finger puppets and learned health rules in rhyme for hygiene class last Friday.

The beginners and first grade are learning the song, "Come Little Leaves."

The new work books are here and in use every day. Nearly everyone has a workbook to use now.

The members of the fourth grade science made drawings entitled "About Bees." The life story of the bee was shown, also their homes and other things pertaining to them.

We have on display two built-up posters of early American days made by Leon Van Zant. He won the chance to make these as a reward for receiving 100 on a test on the multiplication tables.

The array of witches and black cats leaves no doubt as to the time of the year.

Several of the pupils picked up potatoes last week.

Shirley Kleeman is school reporter this week and Lovell McGinnis reported for last week.

From where I sit... by Joe Marsh

"There ought to be a law!"

Every now and then, when I run out of news for the *Courier*, I print items about what happened Fifty Years Ago in Our Town. May be a lazy man's way of filling space, but it often makes mighty interesting reading.

Seems like human nature is always repeating itself. Same old prejudices, bickerings, and mistakes. Here's an 1895 politician trying to restrict free speech... a demagogue crying out against women's rights... a local com-

mittee raising the bugaboo of Prohibition.

Same old cry down through the years: "There ought to be a law!" Same old desire of one group to force its opinions on another.

From where I sit, it's not more laws we need—nor more restrictions of our right to think, and choose, and live as we see fit. But more tolerance and understanding—more "live-and-let-live" among human kind.

HERO HONORED BY CITIZENS

Rayders Win From Boyne By Score of 33-0

Locals Win First Game in 13 Years From Boyne "11"

At last! Charlevoix's Red Rayders have beaten the Boyne City Ramblers for the first time in 13 years. The score then, 1933, was 7-6. The most beautiful play ever seen by CHS fans came into existence last Friday when F. Martin, in the second quarter, scrambled over the goal line just ahead of six Boyne City Ramblers, after a 55 yard run. Friday was ideal football weather and the Rayders played a perfect game.

With B. Zeitler holding the ball, F. Martin kicked to Boyne's 10 yard line, received by Moore who got up to the 15. After three plays Boyne punted to CHS 45. Caught by B. Zeitler who was pulled down on his own 51 yard line. Martin then ran the ball up to Boyne's 30 yard line. D. Brown pushed it six more yards and the first pass of the afternoon, Zeitler to Hardy, failed. But F. Martin made the first down up to the 15. A penalty placed the pigskin on the 20. F. Martin brought the ball back to the 15. Then a long punt over right end from Zeitler to Martin, brought the first score. An attempted pass for conversion failed. The only afternoon game at this time when J. Moore and Tooley ran the ball up to the CHS 46 yard line. Brown and Ward pushed Moore back 15 yards and a penalty for clipping gave Boyne third-down and 30 yards to go for a first. They preferred to kick and the quarter ended with Zeitler down on his own 35.

The second quarter opened with a smash. Brown and Zeitler went through the center for a first down. A penalty brought the ball back 15 yards but a pass from R. Carey to F. Martin brought it back up to the 45. Two plays later F. Martin took the ball around his right end and made the score that broke Boyne's morale. A 55 yard run! With six men breathing down his back he out ran them all. Wright received for Boyne but was snugged by Mol. Brown, Mol and Ward kept Boyne worried and on their own side of the 50. A fumble recovered for CHS by J. Mol, gave Charlevoix the ball on the Boyne 49. The half ended when D. Brown ran the ball up to the 32 yard line.

The second half opened with B. Carey receiving the kick from H. Ryan. The Ramblers were hauled and determined to hold the Rayders, so B. Carey punted to the 45. Tooley, the receiver was stopped immediately. D. Brown recovered a fumble by O. Moore on the Rambler's 48. On the next play the left side of locals line opened a hole and F. Martin ran the third score over unopposed. A pass from Martin to Hardy made the first conversion. Tooley received Martin's kick and for three plays the local boys held them on the 35. A punt gave CHS the ball. Martin made two first downs. Brown and Zeitler each made one to bring the ball up to the 20. A beautiful pass from Zeitler to Hardy, and "Jennie" went over standing up. A fake proved to be a pass for the conversion and the score stood 26-0. F. Martin kicked and the third quarter ended with the Ramblers on the CHS 35 yard line.

The first play of the fourth stanza R. Hardy took a fumble from Boyne on their own 25. Bill Carey, a substitute, carried the ball up to the 11. Then D. Brown made a first down. Brown received a pass for another score, but a hero on the play unified the tally. A penalty brought the ball back to the 16. Bill Carey took the half through center up to the 3, and from there B. Zeitler went over. But as he hit the ball squirmed from his arms and J. Hardy recovered for the fifth score. Bob Carey was perfect and the score stood 33-0. Boyne received but was held on the 20. They punted and Zeitler ran the ball up to the 40. A fumble re-

JOHN CROSS ENTERTAINS GRAND RAPIDS GROUP

Mr. and Mrs. R. E. Larson, Dr. and Mrs. W. A. Mitchell, and Mr. and Mrs. Harold Vaughn, all of Grand Rapids, enjoyed perch fishing in Lake Charlevoix last week as guests of John Cross, local commercial fisherman.

The group was rewarded with a fine mess of perch for their efforts.

Hamilton Addresses Blue Star Mothers

The Charlevoix chapter of the Blue Star Mothers met at the home of Mrs. J. M. Foster on Thursday evening. Ralph S. Hamilton, city vice-chairman of the Community Chest Drive, addressed the group and asked them to assist in the drive. At the business session members volunteered for a house to house canvass to raise funds for the drive.

A social hour was followed by refreshments served by Mrs. Foster, assisted by Mrs. Fred Gill, Mrs. Grace Geisler and Mrs. W. E. Goss.

Covered by Brown and Boyne held CHS on the 45. Ruzavski, who was downed on the 49. CHS 40. They could not make headway so punted and Zeitler ran the ball back to the 40. The game ended with Charlevoix on the Boyne 48 yard line.

Charlevoix made 11 first downs to Boyne's 6. The officials were R. F. Hastie and V. Knowlton of Alpena and Dan Evans of Ludington. This game brought Martin's score for the season up to 36 points; Jennie Hardy has made 24, Zeitler 18 and Brown 6. But then the boys are not started yet. This Friday the Rayders meet East Jordan here for the fourth game.

Charlevoix lineup: J. Mol, l. e.; B. Ward, l. t.; I. Mansville; R. Crain, c.; L. King, r. g.; E. Howe, r. t.; R. Carey, r. e.; B. Zeitler, q.; F. Martin l. h.; R. Hardy, r. h.; D. Brown, f. Cpl. Howe Commended

SERVED WITH 4th CAVALRY IN EUROPE

Cpl. Arland G. Howe, of the Headquarters 4th Cavalry Group, has received a commendation as a member of the above named group which reads in part:

To Col. John C. Macdonald, Commanding Officer, 4th Cavalry Group:

"With the end of the war in Europe, I wish to express to you and to the officers and men of the 4th Cavalry Group, reinforced, my admiration and deep appreciation for the magnificent job the group has done throughout the campaigns of the VII Corps in Europe.

Space does not permit a detailed resume of the fighting of the cavalry group. The group has consistently shown itself versatile, rugged and willing to take on any missions assigned it.

"Please convey to each of your officers and men my profound appreciation of their great soldierly qualities, and wish them all for me the very best of success and good luck in their future endeavors."

J. Lawton Collins, Lieut.-Gen. U. S. Army, Commanding

From Col. Macdonald the following letter was sent to the men under his command. It reads in part:

"This great letter acknowledging your soldierly qualities in combat is transmitted to you direct with my deep appreciation and respect, not only for your gallant and effective accomplishment of all your battle missions but also for the great American esprit de corps which as soldier citizens or citizen soldiers you displayed in serving your country in this great war. You are typical of the heroes of the past who won and preserved honor and freedom for the United States of America. You enjoy a priceless heritage and stand in a glorious tradition and you have added lustre to both through your service with the Fourth United States Cavalry Group, Reinforced."

John C. Macdonald, Colonel, Cavalry, Commanding

Cpl. Howe, son of Mr. and Mrs. Ernest Howe, has been in the service since October, 1942, and has been overseas for two years. He was stationed in England and went to France on D-Day, June 6, 1944.

BLUE STAR MOTHERS ANNOUNCE TEA

The Blue Star Mothers, who are in charge of the War Fund Drive for the residential section of Charlevoix, will have a Tea at Milton Block's Grocery on Saturday, October 20.

Firmly believing that the public will co-operate to their endeavor to go over the top on this last War Fund Drive, they have decided against a house to house canvass.

The public is cordially invited to attend this Tea or to just drop in and give your contribution to this most worthy cause.

A budget of \$82,373.40 was voted for the fiscal year. This is no increase of \$2,449.63 over the budget for last year. The appropriation voted included: Hospital Fund, \$750; West Michigan Resort and Tourist Association, \$400; Star Commonwealth for Boys, \$100; Michigan Children's Aid, \$100; Harbor Springs Indian School, \$100; bee inspection, \$150; advertising, \$1500; fishing and game fund \$1,000. The last is apportioned \$300 each to Charlevoix, Boyne City and East Jordan and \$100 to Beaver Island. The District Health Unit was given \$2,950 and there also was an appropriation for the Social Welfare.

At the business meeting reports on the district convention of the Union held at Boyne City on October 5 were given by Mrs. Gladys Funk (Mrs. Guy Smith) and Mrs. A. J. Hamilton. It was also announced that the state convention will be held at Flint on October 24-25-26.

The next meeting will be the annual Roll Call luncheon which will be held at the Baptist church at 1 o'clock Friday, November 9.

WCTU MEETING

The WCTU met at the home of Mrs. David Blake on Friday afternoon. The meeting opened with devotion by Mrs. Ethel Ryder followed by a talk by Mrs. Ethel Hamilton on the topic, "Family Life and the Effects Alcohol has in it Today."

At the business meeting reports on the district convention of the Union held at Boyne City on October 5 were given by Mrs. Gladys Funk (Mrs. Guy Smith) and Mrs. A. J. Hamilton. It was also announced that the state convention will be held at Flint on October 24-25-26.

Parade

Tentative arrangements have been made regarding the welcome home for "Bennie Gill" as follows:

The parade will start at 11:00 A. M., Friday, at Hurlbut avenue and march to the corner of Park avenue where it will disband.

The fire siren will blow one half hour before parade time. Stores will be closed during the time of the welcome.

The public is urged to be on Bridge street at least 15 minutes before the time of parade.

"Let's all give 'Bennie' a rousing welcome."

Local Soldier Visits Trieste

Army Arrange Visits to Many Famous Places

With the Fifth Army, Italy—Private First Class Earl T. Vail recently vacationed at Trieste, large Italian port of the Adriatic Sea.

His unit of the Fifth Army's 34th "Red Bull" Division has been stationed at Udine and it has been the policy of the division to arrange visits for its men to famous parts of Italy.

Trieste is the largest port in northern Italy. It has many shops and restaurants. There are dances nightly at two 34th Division clubs located in the heart of the city.

The port has a large beach. Among sports offered GI visitors is sailing.

His mother, Mrs. Jesse Vail, lives on Route 1, Charlevoix.

MAX FROELICK RITES HELD SUNDAY

Funeral services for Max Froelick, 45, former resident who died at Grand Haven on Wednesday, were held at the Ser funeral home at two o'clock Sunday afternoon. The Rev. Gaylord Howell conducted the service. Interment was at the Brookside cemetery.

Mr. Froelick, a commercial fisherman, came to Charlevoix about 1920 and left here in 1926 with his family to live in Alpena. He has since lived at other lake ports and was at Grand Haven at the time of his death.

Surviving are two daughters, Mrs. Maxine Rucinski and Patsy Froelick of Alpena; one son, Clarence, who was discharged from the army last week, and one grandson. His wife preceded him in death in 1928.

SUPERVISORS END OCTOBER SESSION

Completing their 77th annual October session at the court house in one week, the Charlevoix county board of supervisors adjourned last Saturday.

Gun Accidents Serious Again

Youthful Carelessness is Cause for Alarm

Four boys, 18 or under, have been wounded in early season gun accidents. A Bay City man is dead and two adults have been seriously injured.

The fact that more than half of the early season accident victims have been under 18 is causing grave concern among leaders of sportsmen's organizations and the department in recent months have greatly increased their efforts to educate youths in the safe handling of firearms. Here in Charlevoix, Bonnie Nickerson, president of the local Rod and Gun club, has arranged for motion pictures to be shown to club members and interested sportsmen dealing with all phases of hunting and handling of firearms. Motion pictures, lectures and demonstrations have been proven methods used to carry the message of gun safety to scores of groups throughout the state.

Interested persons have hoped that a decline this fall in gun accidents among youths may result from these efforts; the early season showing indicates there is little reason for optimism.

Sixteen persons were killed during the 1944 grouse season, 15 died during the deer season, and seven were killed while hunting ducks and rabbits. Those wounded during hunting seasons last year totaled 142.

This season's first fatality was Stephen Talaga, 30, of Bay City, killed while duck hunting.

Gladys Gibson Weds Owosso Soldier Friday

Bride is a Graduate of Charlevoix High

Miss Gladys W. Gibson, daughter of Mr. and Mrs. William Gibson of this city, became the bride of Staff Sergeant William B. Hayes, son of Mr. and Mrs. John Hayes, of Owosso, at Little Rock, Ark., October 5. The Rev. Fr. McKee read the nuptial Mass at 9 o'clock Friday morning at the Post Chapel at Camp Robinson, Ark. Staff Sergeant and Mrs. Samuel Valtz Jr. were their only attendants.

The bride chose a light blue suit with navy accessories for her wedding. Her flowers were a corsage of red roses.

Following the service, a breakfast for the wedding party was held at the Little Rock Hotel.

The bride is a graduate of the Charlevoix high school and the St. Mary's school of nursing, in Grand Rapids. The bridegroom returned recently from 2 1/2 years' service in Iran with the Army. He was discharged from the service on October 10.

After a wedding trip to Hot Springs, Ark., the couple will make their home in Owosso.

THEODORE F. JANCHA WEDS SPARTA GIRL

Miss Lois Piteher, daughter of Mr. and Mrs. Clyde Piteher, of Sparta, became the bride of Theodore F. Jancha, Coxswain, U. S. Navy, son of Mr. and Mrs. Stanley Jancha, of this city, at 7:30 Saturday evening, October 6.

The Rev. Mr. Ropal read the service before an altar banked with fall flowers and lighted with tapers in the presence of a hundred guests at the Egerton church, Sparta.

Before the ceremony Mr. and Mrs. Jean Wheeler played a program of wedding music and the traditional wedding marches, Miss Ruth Sipple sang "I Love You Truly" and "O Promise Me."

Given in marriage by her brother, Morris Piteher, the bride wore a crown of white net fashioned with a sweetheart neckline, long sleeves, a full skirt, her long veil fell from a pearl tiara and she carried a bouquet of white gladioli.

'Bennie' Gill Arrives Home After 3 1/2 Years In Jap Prison

GIVEN UP FOR LOST BY WAR OFFICIALS, MOTHER NEVER GAVE UP HOPE

Bennie Gill is coming home! He is expected to arrive in Charlevoix late this week where a hero's welcome will greet him. Liberated from a Jap prison camp in August where he had been held since the loss of the submarine, Perch, in February, 1942, he landed in Seattle, Washington, last Wednesday. In a telephone call to his mother, Mrs. Fred Gill, on Wednesday evening, he assured her his condition was good, that it was wonderful to be back in civilization again, and that he would be home soon. He left Seattle late Monday evening and is expected here Friday morning.

In letters received here this week he gave a few details of his rescue by the crew of a Catalina Flying boat based at Balikpapan: "How did I get this far? An American Commander finally got a plane to land a plane in Makassar about two weeks after the war was finished. He got our names, etc. then. They came over every day and dropped medical supplies for the hospitals and some cigarettes, CANDY and food for us.

"You see, there was a woman's camp about 20 miles from us that the AAF bombed thinking their rooms were warehouses and many were injured, so they came in and dropped blankets by the hundreds and medicine and food mostly for them.

"On with the trip. The day he first came he took eight men out. The reason no more, because it was a B-25 and there was no room for more. In a few days he came with a Catalina Flying Boat loaded with a doctor and plenty of food. An English officer was going to take command of the food, but the commander informed him that the 'American Air Force' that was stationed at Balikpapan had prepared it for the Americans only, so that was that. I was among the 20 who left so didn't get a crack at it. I think I made out OK tho'. We left the 'Hell Hole' at 2 p. m. and there wasn't one of us who wasn't glad to get away. We landed at Balikpapan at 4:23 p. m. We were transferred to the Naval Base and our first medical examination.

"Our headquarters was the MAA shack, but we made it the hospital and galley. The place was ours. The doctor and chaplain more or less took charge of us and we really enjoyed it. Two finer men can't be met. The chaplain reminded me so much of Rev. Parker, I got sort of homesick. Well, we had our first night supper and did make a clean-up of it. The Dr. had detailed men to serve us and the guys seemed to enjoy their job immensely. Nothing got empty or even close to it before they had a full one in front of us. Then the ice cream came. We didn't think we had room for it, but it slid down and then they had some enough to ask us if we couldn't eat a little more.

After that we were picked up in the truck and taken to the movie. After the show they waited, and I guess they would have waited all night for us to talk with some of the men and officers. Back to the galley for a cup of coffee I met a boy from Cassopolis and had quite a talk with him. He had just come out so had the latest dope. Didn't turn in until 2:30.

The next morning we were supposed to go to Palawan, but the plane didn't get in so we had to stay. We went to the airport tho' and met the crew of the Catalina again. They were packing all their gear into the plane. We ask what the dope was and were informed that they could take no more prisoners out of unoccupied territory. The Commander then drove up and was mad. He couldn't finish a project he'd started. They must have got that settled tho' for two days later they got 20 more out. More about that later.

"The next day we left by Army transport plane for Palawan which was much the same as Balikpapan, the camp was ours. We left Palawan for Manila late (Continued on page 8)

Former City Treasurer Succumbs at Chicago

Robert E. Rife, 50, who has resided in Chicago for the past eight years, died at his home there Saturday evening. Funeral services were held at the See Funeral Home at two o'clock Wednesday with the Rev. W. D. Wood officiating. The Masonic lodge conducted graveside services at the Brookside cemetery.

Mr. Rife was born at Vienna, Michigan, on May 6, 1895. He went to Canada at the age of 12 and resided there until 1925 when he came to Charlevoix to live. He was a bookkeeper at the VooAllisburg store and at the Charlevoix State Savings bank for several years. He served as city treasurer from 1930-37. Since then he has lived in Chicago.

He was a member of the Masonic lodge. Surviving him are his wife, Anna, whom he married in 1937, and one brother, Willard, of Winnipeg, Canada.

Compulsory Health Insurance

WHAT IS IT? WHAT ARE THE IMPLICATIONS?

On May 24, Senator Wagner introduced in the U. S. Senate a Bill (S. 1059) Social Security Amendments of 1945. Congressman Dingell introduced an identical Bill (H. R. 3293) in the House of Representatives.

The key measure of these amendments provide for free medical, dental, laboratory and nursing care and hospitalization for all Social Security beneficiaries and their dependents—Compulsory Health Insurance.

These provisions are more far-reaching than any proposals ever previously presented in the United States Congress. They are more comprehensive than any measures enacted into law in any country with the possible exception of Russia.

They not only represent a departure from all precedents but they would establish governmental machinery and administrative mechanism that are truly collectivist in concept.

In this country at this time there is a leadership of groups that would personally profit by the centralizing of controls. They would become the Gauleiters or the sub-Fuehrers of a new order.

The leadership of the A. F. of L. and the C. I. O. Labor Unions are vigorously supporting the Compulsory Health Insurance Provisions of the Wagner-Murray-Dingell Bills. The rank and file of Labor do not understand the meaning and implications of these measures.

Times change and the points of view of men change with time—but there are basic principles governing human relationships that are eternal verities.

For a mess of pottage, under the pretense of compulsory social insurance, let us not voluntarily surrender the fundamental principles of liberty and freedom, the hope of the Republic of the United States, the lender and teacher to the world of the significance of this great anthem chorus of humanity—LIBERTY!

Fr. Collins Tells of War In Philippines

Father John W. Collins, former pastor of the St. Mary's church, who is now an army chaplain serving near Manila in the Philippines, is working with liberated prisoners of war in the Pacific area. In recent letters he has written many messages of these men and what they have endured during their cruel imprisonment. The following are excerpts from his letters.

The first was written Sept. 13: "In a couple days I expect to be assigned to one of the battalions which is caring for liberated prisoners. I have been able to chat with a few of them, mostly British. Boy, they have been in for a long time—some since Java fell, some at the fall of Singapore, some since Hong Kong. Those were all kept in Japan. I understand there are some from that terrible Thailand-Burma railroad we heard so much about. They really suffered. Mostly from tropical diseases coupled with the hard work. A priest told me that one of them said all he had to his name for 3 1/2 years was a G-string—no clothes, no hat, mind you, in that terrific sun and monsoonal rains. Many, many died from tropical diseases. One very famous Aussie surgeon was with them. And he doesn't know how many amputations he had to perform, with only a knife or a razor blade—gangrene caused by tropical ulcers. But all the survivors are vociferously happy. One and all they glowingly tell us of our carrier planes dropping food, etc., to them right away. What a Godsend that was!

"Yesterday a bonnie Scotchman came into this office in the afternoon for a Rosary. He had no chance to attend mass for three years. Fortunately, he is a humorous man, for he has been through plenty. I certainly fell in love with that man and sympathized with him. He was a police-

man in Hong Kong for 14 years. He was taken along with military prisoners and kept with them throughout the time. The poor man is trying in every way possible to find out if his wife and two children are alive. For they were interned as civilians also in Hong Kong. The man was given a rough time in a prison camp, then moved to another, and finally was being shipped to Japan on that Jap transport which was sunk by one of our subs. He said there were 1800 of them down in the three hatches and the manholes were tied down. Fortunately, the ship stayed afloat for 20 hours after the torpedo hit. One of the officers happened to have a knife and worked all that 20 hours, reaching the knife up between the boards of the hatch cover and he could just touch the ropes. So, he finally got one cut, then had to move over to the other side and cut another. Finally got it opened.

The Japs had left some guards aboard. Some of the prisoners were shot, but the rest overpowered the guards and opened the second hatch. Came to the third and found that they could do nothing for the men imprisoned there—they were already dead. Just then the ship lurched and they were all thrown into the water. There were some small Jap ships around and they swam for them. But each time one of two things was done: either they shot the prisoners who approached, or they let them come close, then hung ropes over the sides just out of reach of the men and laughed at them. So, they swam away and clung to pieces of the old ship floating around. Many drowned of course, but the rest were in the water for 24 hours. Then another Jap ship came along and picked them up and took them to Osaka. In prison there he fared very well. He said they were only beaten once in a while. The chief thing they were afraid of was

their face. They didn't mind the beatings elsewhere on the body. But he said they got Red Cross parcels one or two times. In the boxes were little skull caps, wool. So, they would put rice or sugar into the skull cap and put it on their heads under their caps. Of course the favorite Jap beating was over the head. He said we felt nothing and the Japs never caught on! He worked down at the warehouse, so they stole the Japs blind and brought lots of things back to camp. They were caught only once, and then were beaten, but even though they were thoroughly examined after that each time they came back to the camp after work, he said, they still got plenty of stuff. The fire bomb raids were terrible. He said the city was leveled. You have no idea, he told us, of the devastation. He was in a camp outside Osaka. And when the Americans hit Kobe across the bay with high explosives, he said they could look right straight across the desert city of Osaka and see the beautiful display in Kobe.

We also had a Canadian priest who was kept at Hong Kong. A Belgian priest who was in a camp near Tokyo, too, was there. I haven't met him. There must have been some good camps. The priests were talking tonight about how Jap priests were allowed to come in regularly to some camps for Mass. In one camp in Korea a native priest came in regularly, distributed Rosaries, prayer books, etc. and had about 50 converts.

I am living in a tent with three British intelligence officers who are charged with investigating and checking atrocity accounts. They spoke of one man who gave them enough material that it could have filled a hundred pages, but 15 were more than enough to incriminate several Japs.

"Draw Me Nice for Mom!"

A HOT LITTLE ISLAND in the Pacific. A badly wounded boy lies on a hospital cot. The boy may die. He may live. It's touch and go!

He speaks to the artist who is sketching his picture:

"Listen, Mister. Don't draw me the way I am now. Make me nice and goodlooking for my mom. It may be the last she'll ever see of me."

Perhaps the kid is right. He may be dead within hours. Perhaps... and this the doctors hope for... the sketching of the picture may give the patient a healthy lift when he needs it badly.

Under the auspices of the U.S.O., scores of artists visit hospitals and draw crayon portraits of wounded fighting men to be sent home. The money you give to your local community war fund makes it possible to send these artists to the Pacific and other distant fighting areas.

Don't give up giving! Your help is needed now!

more than ever before! Your donation to your community war fund not only spreads cheer to wounded veterans far from home, but also provides maternity care for wives of servicemen... provides wholesome recreation to combat juvenile delinquency... and aids the homeless and helpless people of our allies.

How big is your heart? Give now, and generously, to the National War Fund in your community. Millions will thank you!

News Of Our Servicemen

Pfc. Jacob Klooster, who served with the Seventh Army in Italy and France, has been awarded the Bronze Star medal "for meritorious service in direct support of sustained operations against the enemy." He has previously been awarded the Silver Star medal for gallantry in action.

Pfc. Klooster has been in the service since February, 1942, and overseas since March, 1943, with the engineer corps. Besides the Bronze Star medal and the Silver Star, he has the ETO ribbon with 5 stars. He has taken part in the invasions of Salerno, Anzio and Southern France. He is the son of Mr. and Mrs. Albert Klooster, R. I.

Edward Thorp, who served overseas with the 819th Engineers Corps for three years, returned to this country recently and has been discharged from the army with 106 points. He arrived last Tuesday to make an indefinite stay with his mother, Mrs. William Thorp.

A private first class until his discharge, he has the ETO ribbon with 4 stars, Presidential Unit Citation, the Arrowhead and the Good Conduct medal.

His brother, Pfc. Albert Thorp, returned from overseas in September and is spending 45 days with his mother.

Lewis Brown, veteran of more than 38 months with the Navy, was discharged at the USNCC, Great Lakes, Ill., on October 4 and has arrived here to visit his parents, Mr. and Mrs. Benjamin Brown and to join his wife who resides in Petoskey, where they plan to make their home. He enlisted in the navy in July, 1942, and was stationed at Grose Point, Mich., and Ottumwa, Iowa, before going overseas. He was with the Commander Service Force of the 7th Fleet in the Southwest Pacific area. He was a yeoman, second class, at the time of his discharge and has a total of 46 points.

James A. Martin, who arrived recently from Biggs Field, El Paso, Tex., has been discharged from the Army Air Forces with a total of 82 points. He has been in the service since November, 1942. As a ball turret gunner on a Flying Fortress stationed in England, he completed 31 missions over Germany and France and has the Distinguished Flying Cross, the Air Medal with three clusters, and the ETO ribbon with three combat stars. He returned from England in September, 1945, after 8 months overseas. He was a staff sergeant at the time of discharge.

Sgt. Maurice Dixon, veteran of action in New Guinea, and his brother-in-law, Pfc. Marvin Pederson, who returned home recently after 18 months in Europe, have been discharged from the service and arrived here together last week to make an indefinite stay. Mrs. Dixon went to southern Michigan for them.

Maurice enlisted in the army in February, 1942, and went overseas in July, of the same year. He served with the transportation in New Guinea and was awarded combat stars for the Papuan and New Guinea campaigns. He returned from overseas in October, 1944. Since his return he has been stationed in Wisconsin and Michigan. He was discharged at Battle Creek with 78 points. He has the Asiatic-Pacific ribbon with two stars, Presidential Unit citation and the Good Conduct medal.

After November 1 he and Mrs. Dixon, the former Dorothy Pederson, will make their home at 105 W. Lincoln avenue. His mother, Mrs. Mary Dixon, also resides in Charlevoix.

Marvin entered the service in May, 1942. He went overseas in April, 1944, and went to Normandy from England shortly after D-Day in June, 1944, with the 79th Field Artillery battalion. He returned from overseas recently and was discharged at Camp Grant, Ill., with 84 points. He has the ETO ribbon with 4 combat stars, the Presidential Unit citation, the Purple Heart medal and the Good Conduct medal.

He will make an indefinite stay with his parents, Mr. and Mrs. Martin Pederson.

Forrest Wagner, until recently a corporal with the 441st Troop Carrier (Airborne), has been discharged from the army and has arrived to spend two months with his parents, Mr. and Mrs. Floyd Wagner, at Norwood. He was accompanied by his wife, the former Jennie I. Putikka, of Seheka, Minn., whom he married two years ago.

In service for 33 months, Mr. Wagner has the ETO ribbon with 7 combat stars for the Normandy, the Netherlands, Rhineland, Ardennes, Central Germany, northern France and Roma Arn, and

the Presidential Unit Citation for outstanding service.

Following his visit here, he and Mrs. Wagner intend to make their home in Detroit.

Jack Lamphear, son of Mr. and Mrs. Charles H. Lamphear, former residents, now living in Highland Park, is stationed on Guam with the Navy and has the following address: John E. Lamphear, F 2/c U.S.S.A.T.A.-215, % FPO, San Francisco, Calif.

The USS ATA-215 is a 185 foot fillet tug, based at Guam, transporting and towing supplies to Okinawa and newly installed bases in Japan. In a recent letter to his parents, he wrote that they had been held up in Okinawa on their way to Japan because of the recent typhoon which hit the island. While at Okinawa he went ashore with friends in search of souvenirs. He sent home native money which he said, the native owners tried to exchange for the ship. When told "no sale" they settled for cigarettes. He was amazed at the apparent hunger and disease rampant on the island. He saw natives fight over garbage from the ships and told of the prevalence of sleeping sickness and leprosy.

TRAILER HOME FIRE

The trailer home of Pfc. and Mrs. Gerald Boss was completely destroyed by fire shortly after noon on Tuesday. It is believed the fire was caused from a leak in a pipe line of the gasoline stove which Mrs. Boss had lighted a few minutes before the fire broke out.

Mrs. Boss suffered a painful burn on the hand when she returned to the trailer in an attempt to save their belongings after carrying her nine-months old son Jerry, to safety.

Robert Kelley, CMO, who is serving aboard the USCGC Cutter Woodrush in Lake Superior, spent Monday and Tuesday with Mrs. Kelley at the home of her parents, Mr. and Mrs. Walter Taylor. Mrs. Kelley returned to the Soo with him for a few days.

David Coulter, BM2/c, of Norfolk, Virginia, accompanied by his wife and family, of Rochester, visited recently for several days with his mother, Mrs. Lota Coulter. On their return Mrs. Coulter motored with them as far as West Branch and returned home after spending a day there.

It takes more than a telephone to provide service

If all we needed were new telephone instruments, the job of providing service for the 125,000 families now waiting would be much easier and faster. However, nearly two-thirds of those waiting are in areas where present central office equipment cannot handle any more telephones, or where all outside wire and cable are in use.

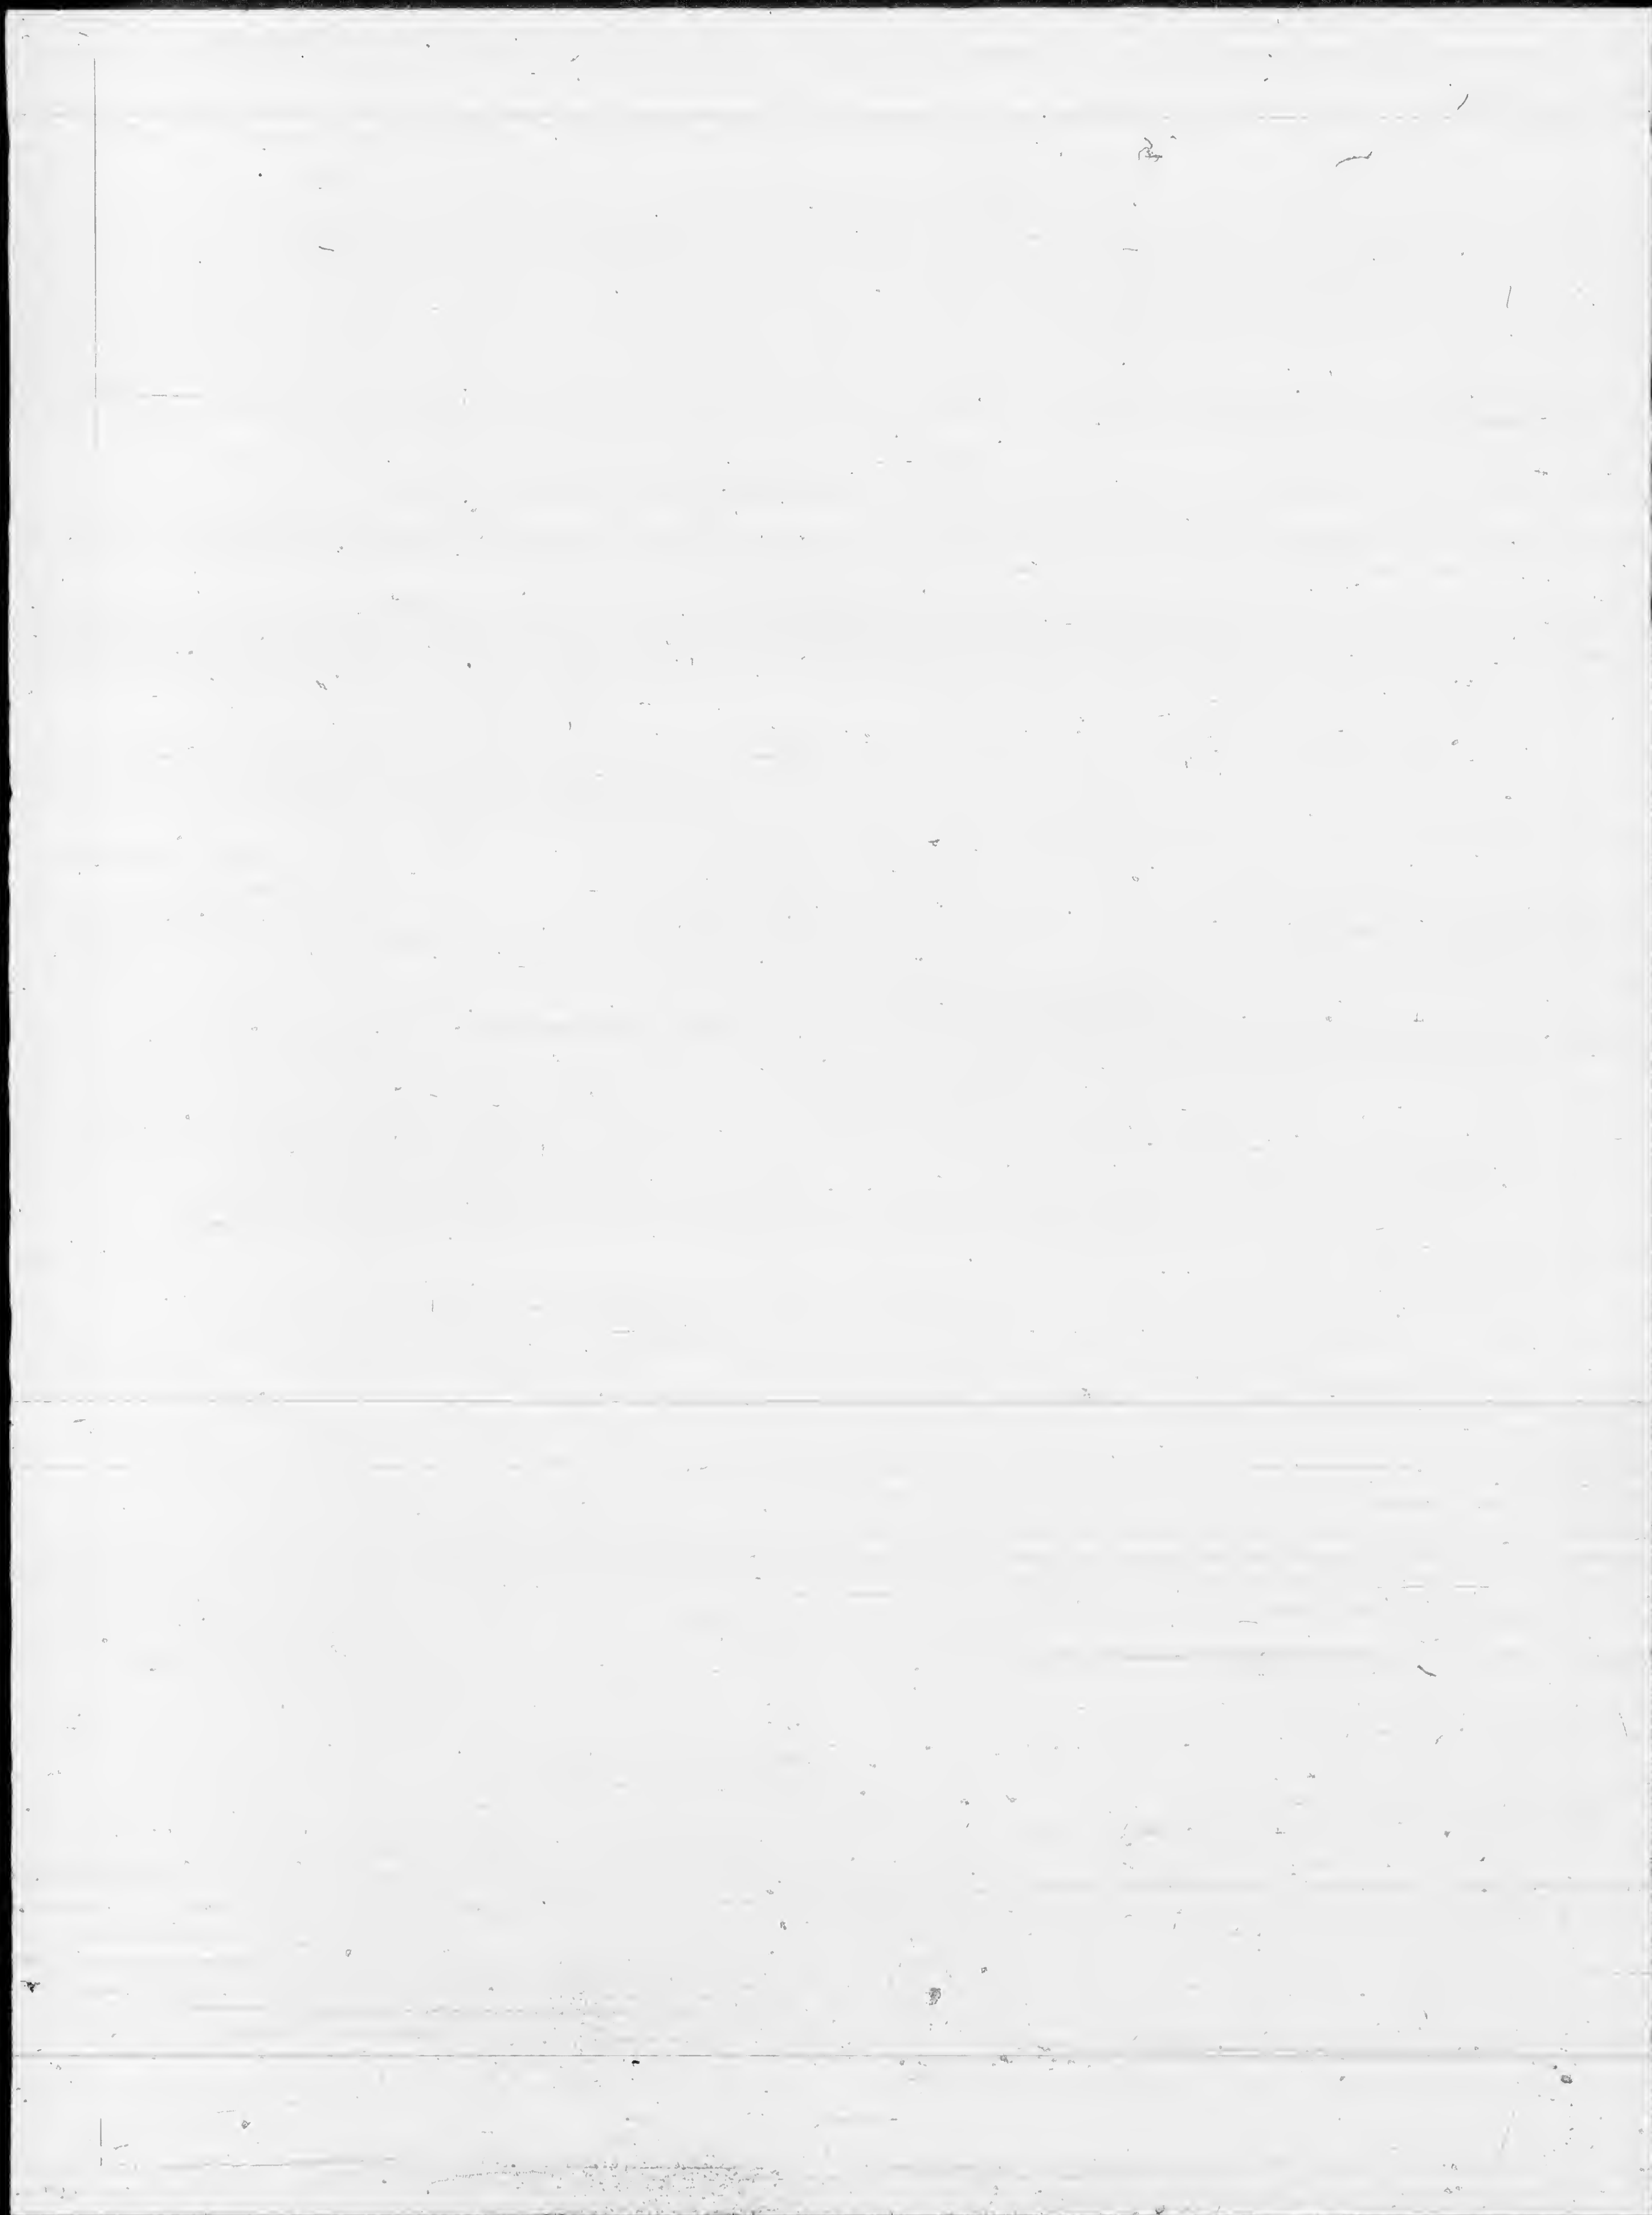

Large-scale manufacture of civilian telephone equipment is under way, and no effort is being spared to hasten production. But

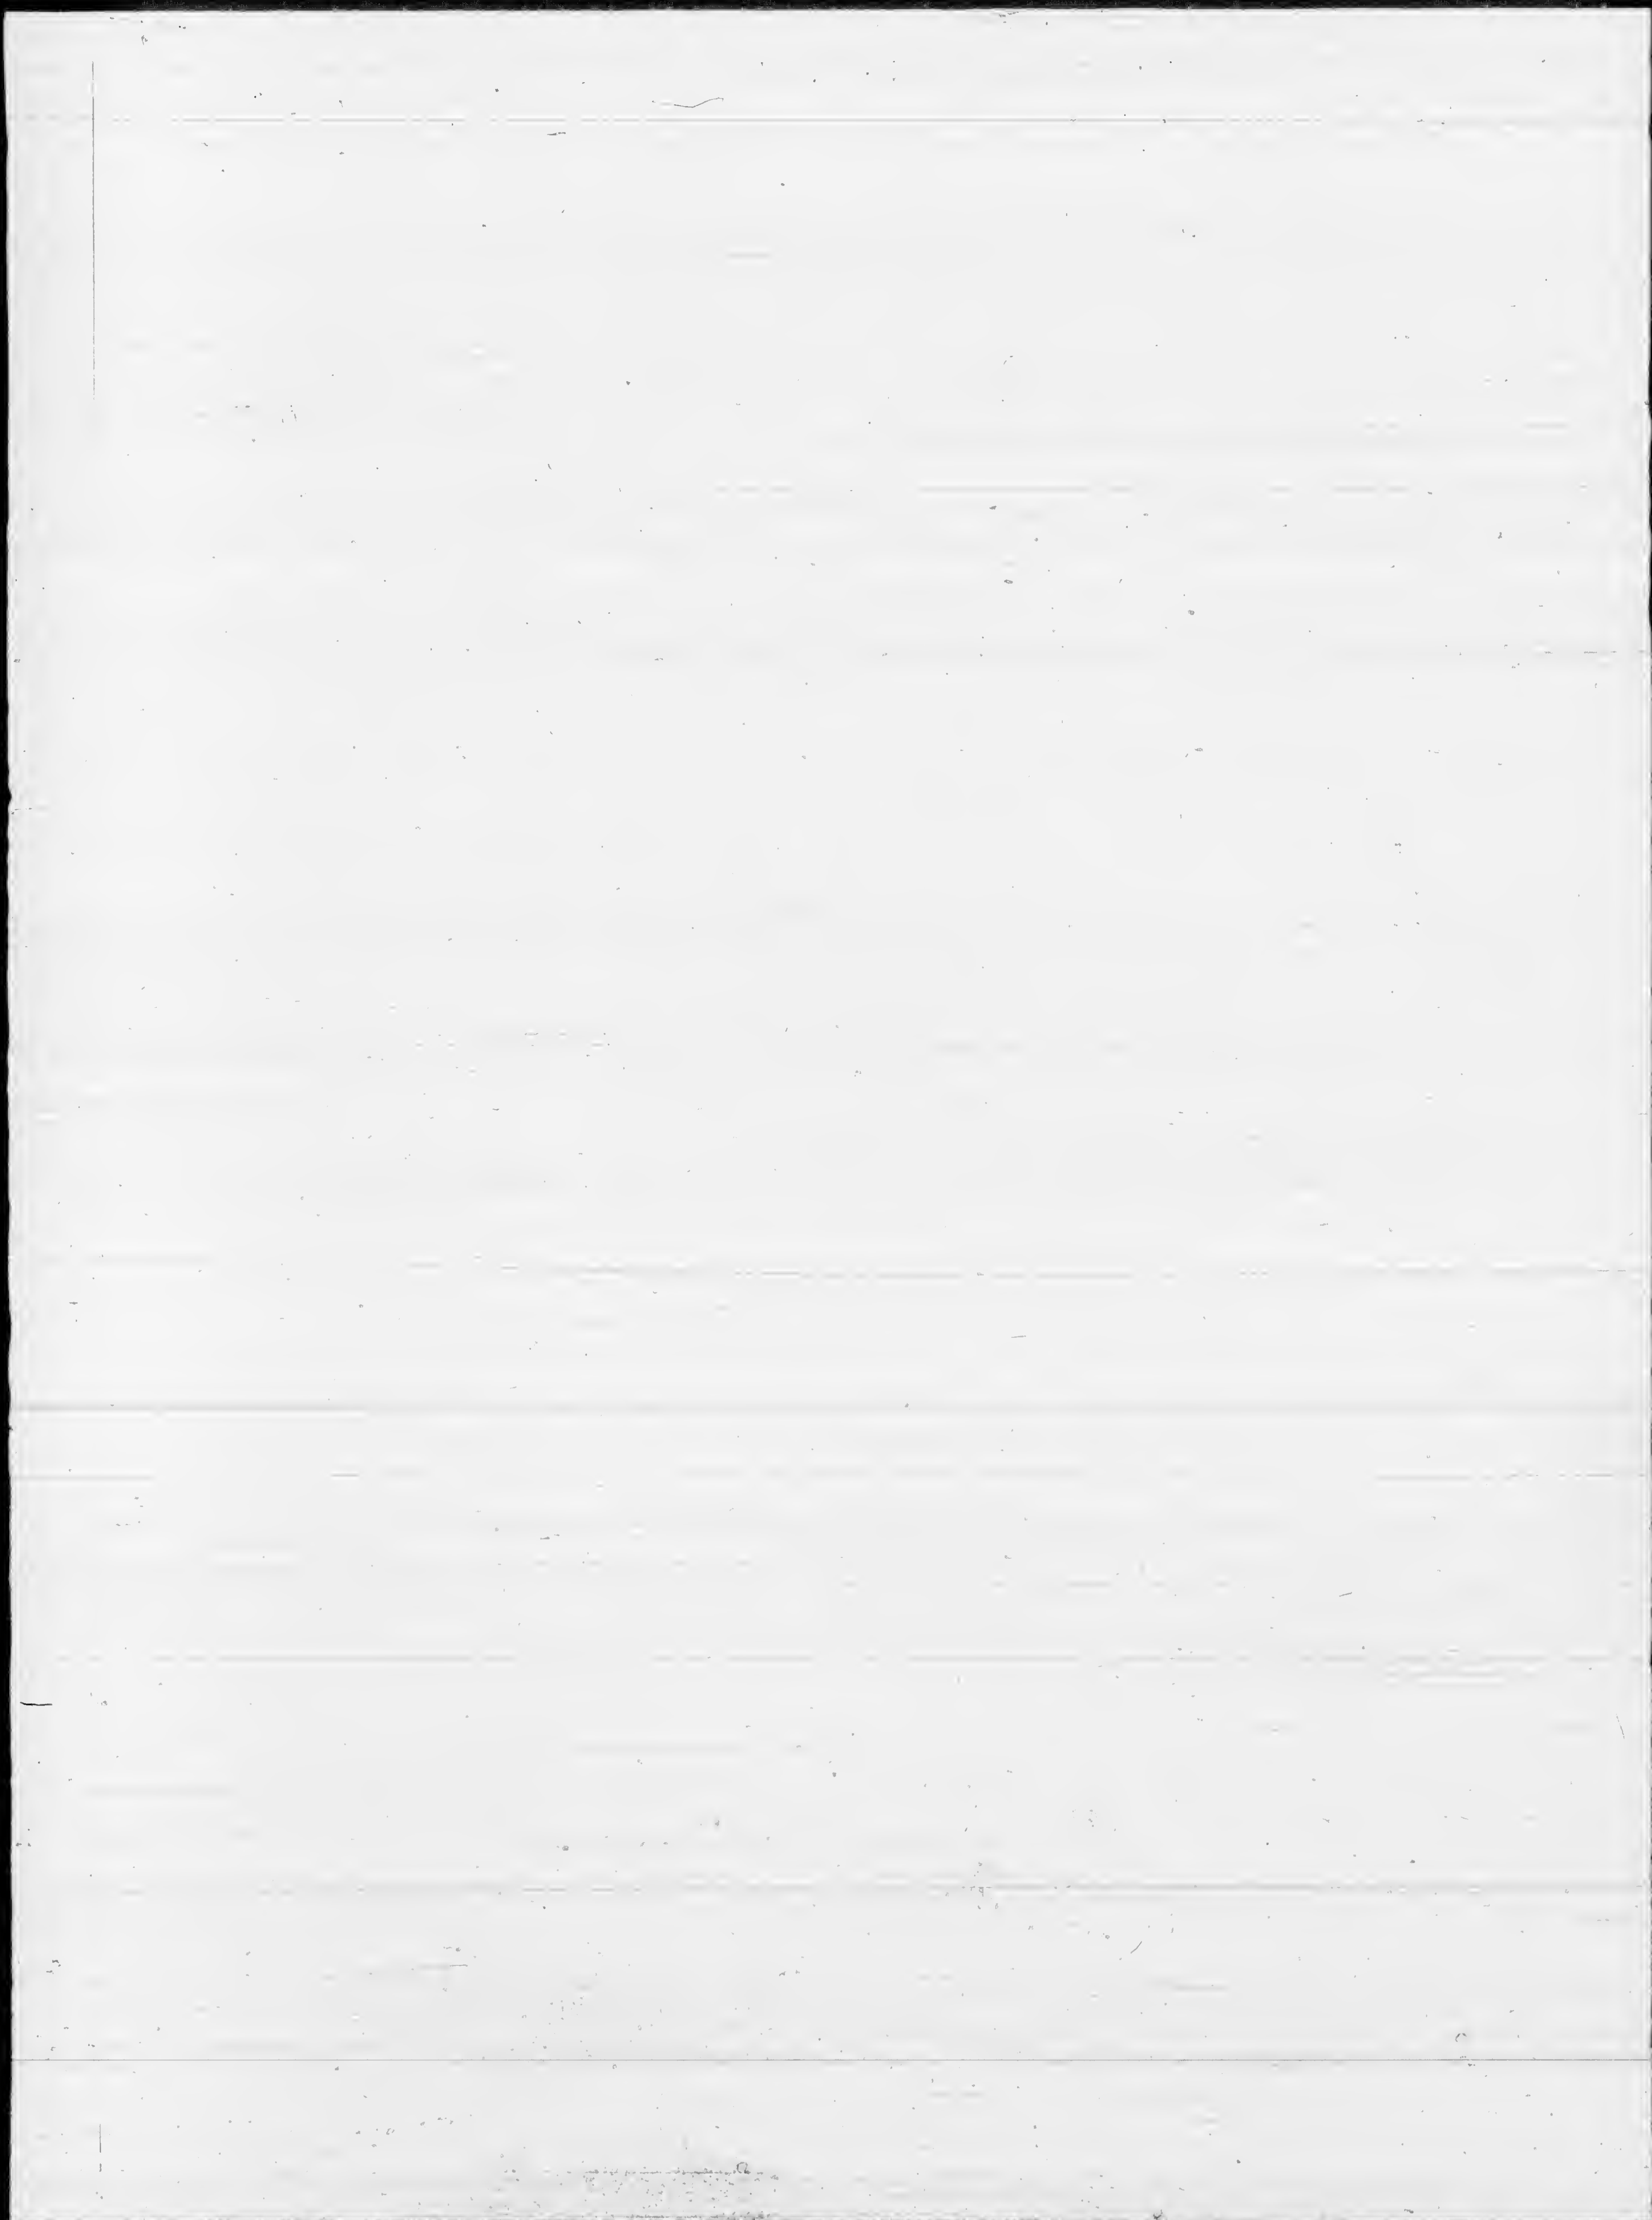

cable and central office equipment are not ready for use when they leave the factory. They must be fitted into the existing telephone system before they can be used to connect new telephones. This is a complicated, time-consuming process.

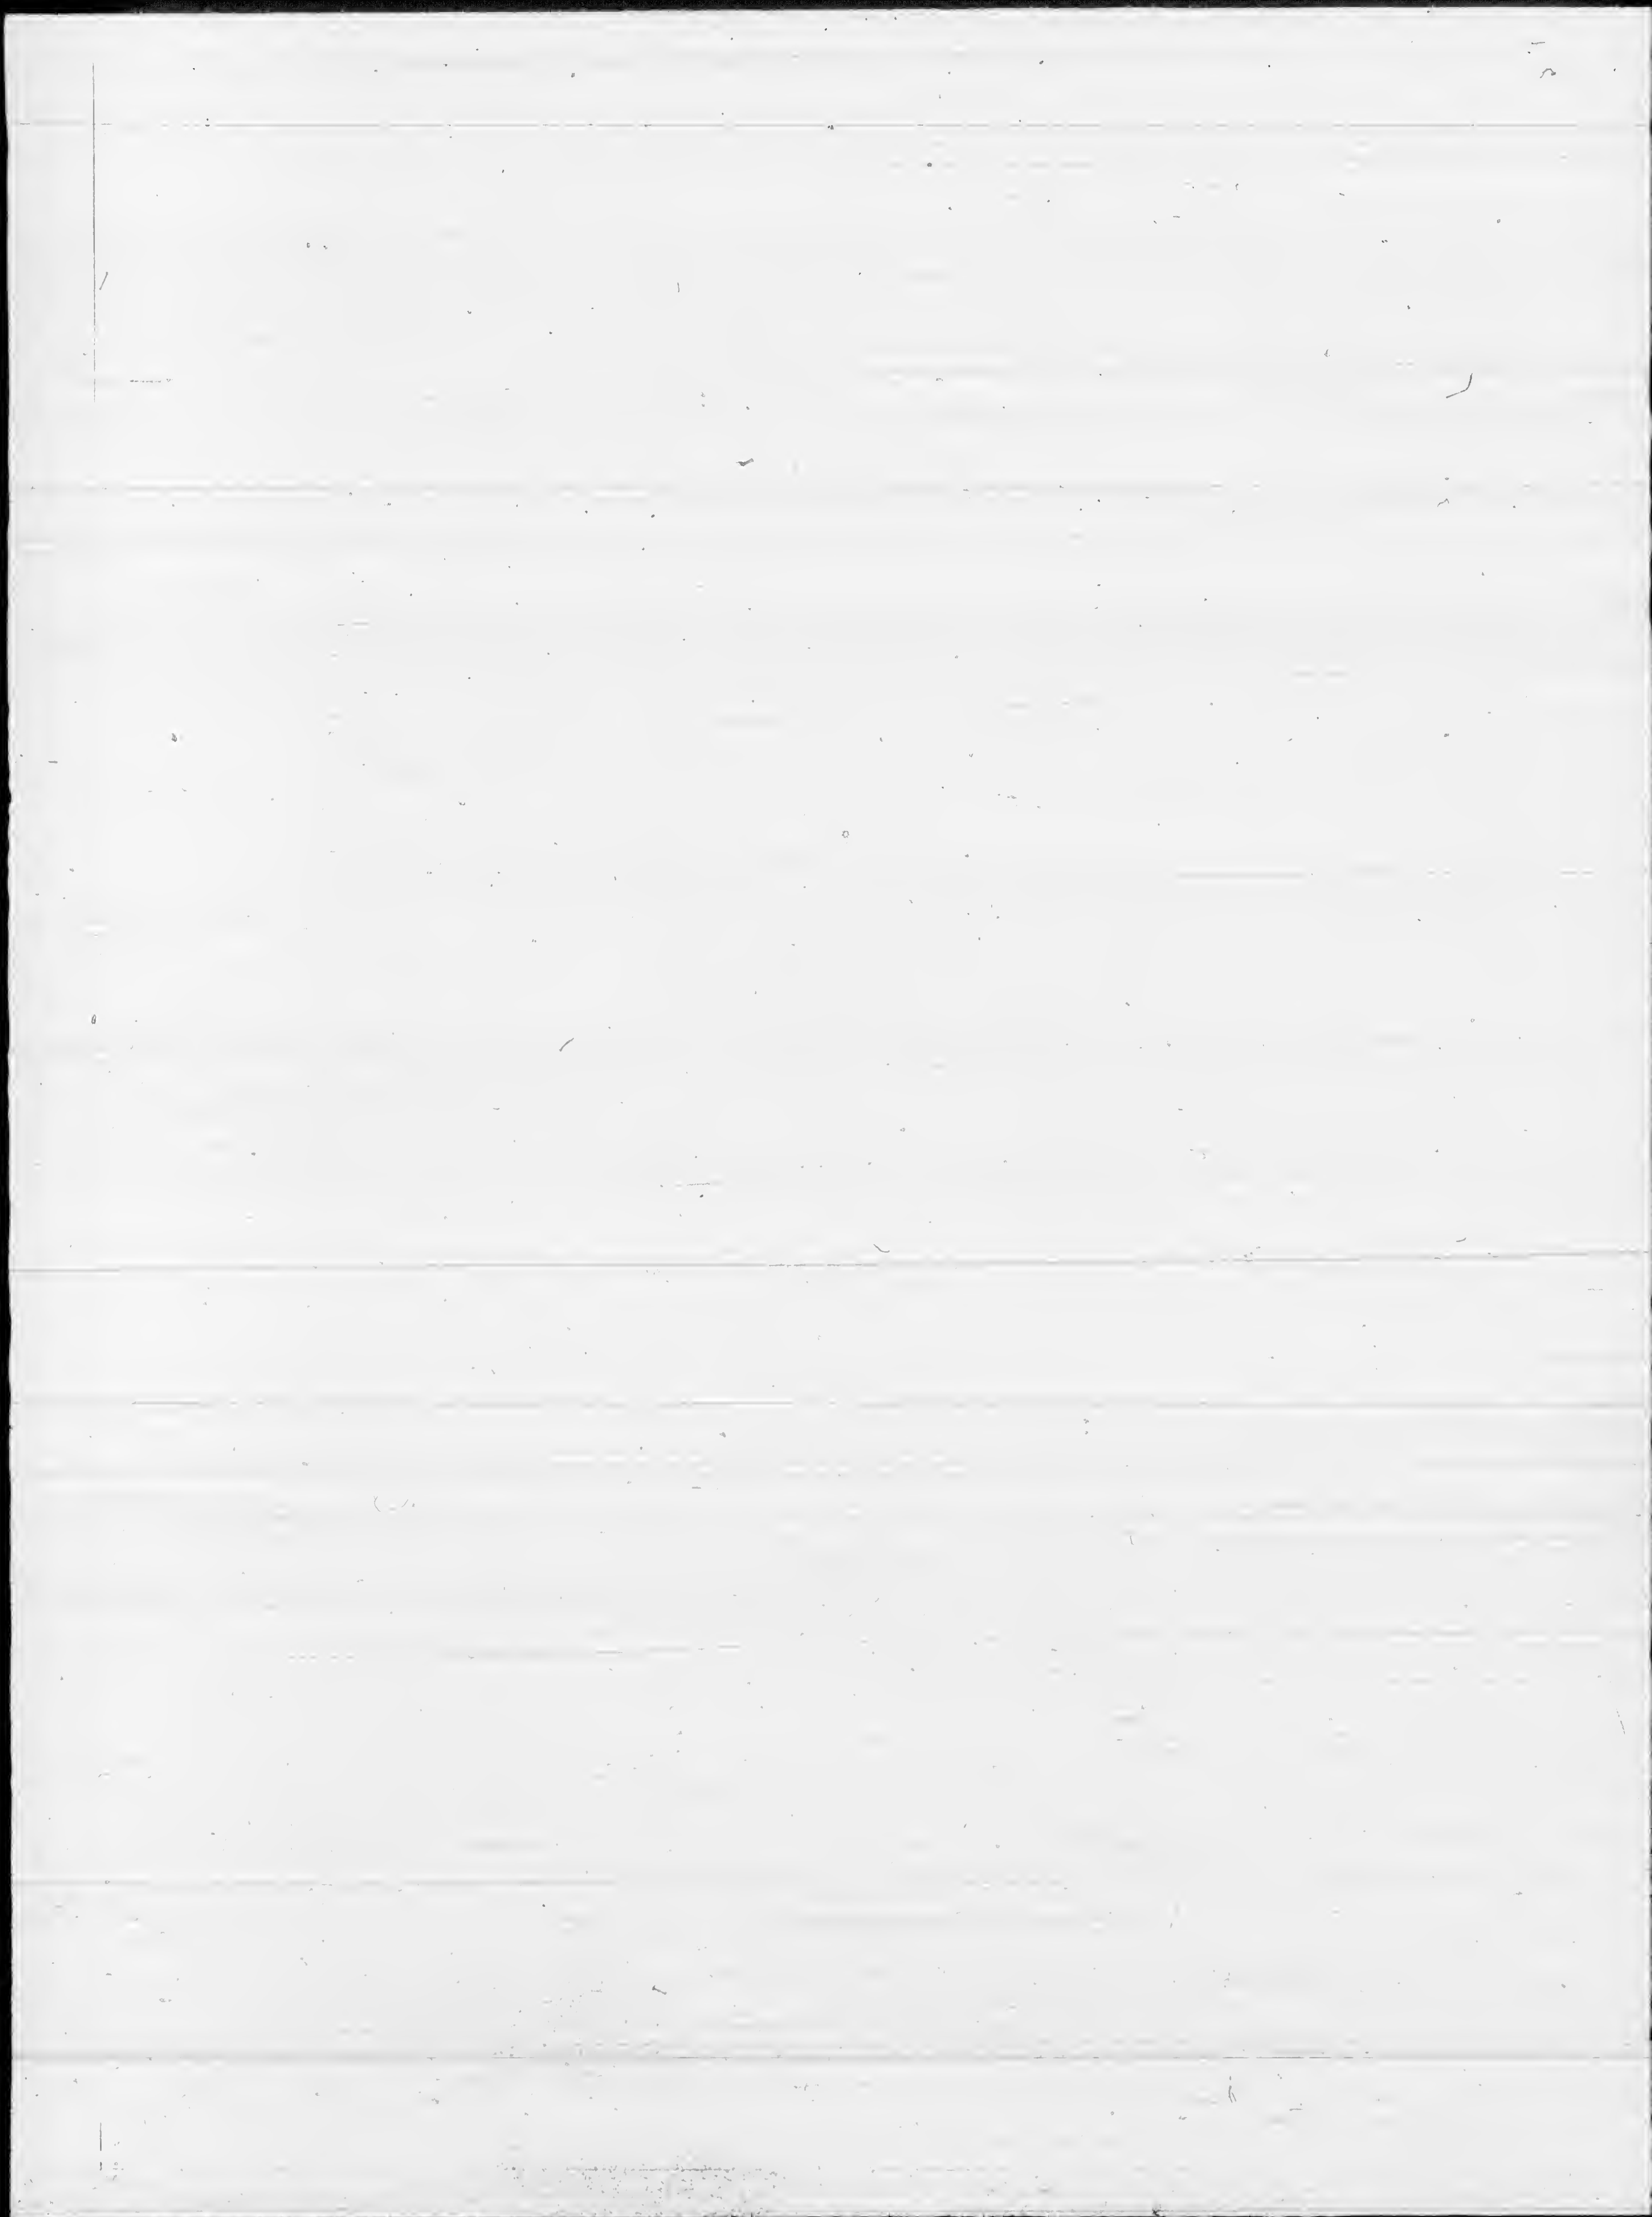

If you are among those waiting, you may be sure that we'll fill your order in its proper turn as soon as possible. But it may be nearly two years before telephones can be installed generally without delay.

Everyone makes a mistake once in a while, but don't make your grouse hunting trip with one, boys!

Military experts are trying to determine the smallest number of words to make ourselves understandable to the Japanese. Just two words are necessary: "Hell, no."

Strikers in automobile factories who have stopped production of new cars, have made themselves very unpopular. They should be taken for a ride.

Already we are becoming worried over the mounting unemployment figures. In the old days the number of unemployed varied only according to the whereabouts of the boss.

We can't understand why the wife gets so concerned when we fail to get home by 10 o'clock. Before we were married she didn't care how late it was.

We wonder if all farm owners know that when a land is posted with "No Hunting" signs, it means that no one, not even the owner, can hunt on that land.

Nutritionists now tell us that there is no such thing as "brain food." Hereafter, there will be no excuse for eating "noodle" soup.

Those guys in New York aren't the only ones to have their ups and downs. We had an aisle seat at the Palace Theatre Sunday night.

This is national newspaper week. No price is too great to pay for Freedom of the Press. The cost to you is trifling, but profoundly important. Paying pennies for a clean constructive newspaper is one way of keeping alive "The Torch of World Peace" ... for without news told truthfully, you would live in darkness.

We might be a bit envious of Mrs. Young's sojourn to Milwaukee via steamship, for ten days, but knowing how arduous she labored this summer, and for the past several years, we can only wish for her the very best on that well-earned vacation.

With quite a few of the boys "up north" hunting grouse, we hesitate to think what the "ole home town" will be like when deer season opens.

USO Swamped By Returning Veterans

United Was Fund Drive Will Benefit Servicemen

USO clubs at and near ports on the east, west and Gulf coasts through which returning service men are pouring, are handling records crowds, with most places recording an increased demand for service from the returning soldiers and sailors, according to Ray Johns, USO Director of Operations, Continental United States, in a statement received today by Kenneth Forbes, County Publicity Chairman, USO, a member agency of the National War Fund, is financed by contributions to the United War Fund.

In New Orleans the pressure was so great that the clubs had to go on a twenty-four hour service basis. Calls for every possible service are taxing volunteers and professional workers to their extent of their physical ability. San Francisco clubs show an average monthly increase of 150,000 visitors over a year ago, with the load growing heavier. In August the clubs served 632,000 persons.

Workers in the southwest USO clubs are rushed, and are finding a complete change in their "customers". A year ago their visitors were mostly checked youths just entering the Armed Forces or with very little training. Today they are "home" for thousands of battle-scarred sun-tanned veterans of many a campaign.

In San Antonio the pressure for service has increased about thirty per cent. The situation at Norfolk, Virginia, is in marked contrast. Gase workers' loads have doubled, and large numbers of veterans are being referred to veterans' service center. Club activity is expected to show 25,000 a month increase. The greater activity for this area extends even to Washington, where the club attendance has increased 11,500 a month.

Red Rayders Win 25-0

Local 11 Trim Grayling On Local Field Friday

Charlevoix High School started the 1945 Football Season in good trim by whipping Grayling High School in a slightly lopsided game by the score of 25-0.

Grayling kicked-off to Charlevoix at exactly 4:03. B. Carey received for CHS on his own 35 and ran it up to his 45. F. Martin made three first downs by end runs to put the ball on the four. Then D. Brown went through a hole in the line for the first tally. Time—2 minutes 15 seconds. B. Carey punted the extra point. Charlevoix kicked to Grayling and in a confused fumble took the ball again. Between F. Martin and B. Zietler Charlevoix put the ball on CHS 20 yd. line from where Frank went over behind a screen of protective blockers for the second score. Time—9 minutes and 30 seconds. The rest of the quarter saw Grayling more able to hold the ball and horn blew with no more excitement.

The second quarter the locals started with the ball on our 20 yd. line but lost the ball on downs then went into action, backwards. Three penalties and "Red" Hnr don't mix. CHS was on her own 30. Bennett caught for Grayling but dropped the ball. Carlson retrieved it for Charlevoix again and then it slipped from him; Kewey who took it, ran a few feet and was hit. B. Zietler fell on it for Charlevoix. More end runs and line smashes by Martin and Brown gave us five more first downs and Martin went over standing up for the third touchdown. Zietler's pass failed to contact and the score stood 13-0. The rest of the quarter Grayling had the ball but never again did they pass our 35 yd. line.

The third quarter opened while the boys were still quite cold. It took them almost ten minutes to get into action. But they marched down the field to the ten and B. Zietler went over behind some beautiful blocking. Carey's kick went into the wind and high. Grayling went awake and the only pass completed was from Bennett to Carlson. Good for 15 yards Charlevoix held them on our 30 and when the horn blew had the ball again.

The fourth quarter the ball went back and forth over the Fifty yard line with neither team showing much action. The event went only as far as their 30 and got as far as the 45 when the game was called.

The last time Charlevoix played Grayling was in 1942 when they clinched the northern Michigan class C conference title with the score of 18-14 over the Rayders. Charlevoix made 12 first downs, Grayling 5. Charlevoix had 7 substitutes, Grayling 5.

This week Friday the "Red" Rayders travel to Mancelona and another victory, they hope.

Blue Star Mothers Met Thursday Eve.

The Charlevoix chapter of the Blue Star Mothers met at the home Mrs. P. R. Ross on Thursday evening for their first meeting of the 1945-46 term.

At the business session at which Mrs. Leo Carey, president, presided, tentative plans were made for the year. Mrs. Ross was named delegate to the state convention at Port Huron this month.

Mrs. Fred Gill, whose son, Benjamin Gill, P2/c, was liberated from a Jap prison camp recently after being listed as missing for more than three years, was presented with a lovely bouquet of autumn flowers.

A social evening and refreshments followed. Mrs. Rose was assisted by Mrs. Charles Emery, Mrs. William Fisher and Mrs. Agnes Fairbanks.

War Prisoners Receiving Help

Service of National War Fund Makes It Possible

Nine hundred and forty-three cases of recreational and educational materials are being shipped overseas this week to aid ex-Allied prisoners of war who are still held in internment camps in Poland, France and Germany.

According to officials of War Prisoners Aid of the Y. M. C. A., a participating service of the National War Fund, who announced the 100,000 pound shipment, the materials are designed to support the morale of the ex-prisoners while they await repatriation.

According to Tracy Strong, General Secretary of the World's Committee of the Y.M.C.A., who returns Friday to his headquarters in Geneva, Switzerland, the shipment contains a wide variety of sports, theatrical and educational equipment. The items being shipped are: snftballs and bats, basketballs, volley balls, boxing gloves, horseshoes, hockey equipment, playing cards, chess and checker sets, recordings, table tennis sets and handicraft and theatrical equipment. Also being sent are art and school supplies and musical instruments. Dr. Strong pointed out that thousands of Poles, Balts and Yugoslavs who were once prisoners of war are now within the borders of Germany and France awaiting moves that would result in their return to their homelands.

Lt. Mary Simmons Injured In Accident

Suffers Fractured Ribs and Internal Injuries

Lt. Mary P. Simmons, of the Army Nurses Corps, was injured in a jeep accident on Okinawa on September 5 and is being returned to the States in the near future for treatment in a Michigan military hospital, her parents, Mr. and Mrs. James Simmons, have been notified in a letter from a friend of Lt. Simmons'. No details of the accident were given but it was revealed that she suffered a pelvic fracture and several fractured ribs and internal injuries.

Lt. Simmons enlisted in the army nurses corps and reported for duty in September, 1944. She has been overseas since July, 1945. She was with the Frontier Nursing Service, Asher, Ky., for several years prior to her enlistment.

Local Business Places Change Ownership

MIN-EVA RESTAURANT, FRED MEYERS CONFECTIONERY AND WILLIAM MEYERS' GARAGE CHANGE HANDS

The popular Min-Eva restaurant has new owners in the persons of Mr. and Mrs. Washahowsky, who will take possession next week. The new owners formerly resided at Bay City, Mich.

Mr. and Mrs. "Pete" Scott, who have operated the restaurant business for 20 years, have no immediate business plans. But "Pete" will be looking for his cabin in the Northwest in November while the Missus will get set on a "runway" in senrch of the elusive "huck" they expect to get.

Mr. and Mrs. Fred Meyers have sold the Meyers' Confectionery to Mr. and Mrs. Joseph Williams who took possession October 1.

Mr. Williams is not a newcomer having been employed by the Meyers' for 14 years prior to 1940. He was employed by the Maxbauer Creamery Company here recently.

Mr. and Mrs. Meyers will retire from business activities and will take a long well-earned rest, after 39 years of continuous service to the public. Fred was born here in 1876, left for Minnesota when in his teens and for 10 years was district manager of the Bell Telephone company there.

Returning in 1906, Mr. Meyers opened a confectionery store on the site of the present city park, opposite the Western Union office. He later removed to the present location on Bridge, near Clinton street.

Dean - Craig Nuptial Are Performed at Buffalo N. Y.

Miss Georgine Dean, daughter of Mrs. G. L. Dean, of Buffalo, N. Y., became the bride of Robert G. Craig, son of Mr. and Mrs. H. A. Craig, of this city, at a service performed at four o'clock Saturday afternoon at the Pilgrim Congregational church, Buffalo, The Rev. Dudley, pastor of the church, read the service in the presence of relatives and friends.

The bride wore a street-length dress of dusty blue crepe with black accessories and a corsage of deep pink roses. Mrs. Harvey Ligga, sister of the bride, was matron of honor. She wore a suit dress of grey and white crepe with matching accessories and a corsage of gardenias. Mr. Ligga assisted the bridegroom as best man.

A reception was held at the home of the bride's mother following the ceremony.

After a wedding trip at the foot of the Adirondack mountains, the couple will be at home at 400 Elmwood avenue, Buffalo, N. Y. Mr. and Mrs. H. A. Craig of this city and their daughter, Miss Mar-

tha Craig, of Dearborn, attended the wedding.

Mrs. J. K. Reed Hostess To Dickens Club Members

The Charles Dickens Club opened the club activities for the year with a 1:30 luncheon Monday given by the Executive committee at the home of the president, Mrs. J. K. Reed. Following the luncheon which was served at tables tastefully decorated in an autumn motif, a short business meeting was held and plans for the year were discussed.

Other members of the executive committee are Mrs. W. A. Cline, Mrs. Ray Hamilton and Mrs. Harvey Campbell.

ROD, GUN CLUB MEETING

The Charlevoix Rod and Gun Club will hold their next regular meeting at the I. O. O. F. hall here Thursday evening at 8 o'clock. Everyone is urged to attend. Refreshments will be served.

'Bud' Potter Sees Jap Homeland

Aboard the U. S. S. MISSISSIPPI, Tokyo Bay. Harold "Bud" Potter got his first glimpse of the Japanese homeland August 27, when his ship, the U. S. S. Mississippi sailed up to Tokyo Bay as part of Admiral "Bull" Halsey's powerful Third Occupation Fleet.

He served as a member of the Engineering Force aboard the 40,000 ton battleship during the Palinus, the Philippines, and Ryukyus operations. He wears the Asiatic-Pacific ribbon with four battle stars, the Philippine Liberation ribbon with two stars.

"Bud" is the son of Mr. and Mrs. Dan Potter and is married to the former Elinor Alhustus of Flint, Michigan. Mrs. Potter and three children reside at 1412 Huron avenue, Flint, Michigan.

The present Mississippi, claimed to have been sunk on several occasions by both the Japanese and Germans, was duplicating the feat of a previous warship bearing the same name. In 1853 Commodore Matthew C. Perry conned the first Mississippi into the then uncharted waters of Tokyo Bay to open world commerce to Japan.

Commemorating the return of the "Missy" the State Flag waved proudly from the mainmast below the stars and stripes. It had been presented in colorful ceremonies attended by Rear Admiral L. D. McCornick, USN, Commander of Battleship Division Three, and Captain J. F. Crowe, Jr., USN, on the day of entry at Sagami Wan. He was inducted into the Navy Jan. 6, 1944 and has spent all his service, except Boot Camp aboard the U. S. S. Mississippi.

An interesting letter received this week by his parents, tells of his experiences aboard the mighty Mississippi.

Lower 11th District Will Meet October 5 At Methodist Church

The lower 11th District of the Women's Christian Temperance Union will hold their annual convention at the Methodist church at Boyne City on Friday, Oct. 5.

The sessions will open at 10:30 a. m. and will run throughout the day and evening. The morning session will include a meeting of the officers and presentation of reports by the various Unions. Election of officers will be held and a special service of remembrance for departed members will be given at the afternoon session.

Mrs. Orville Hurd, of Flint, a very capable state speaker, will be the guest speaker and will have charge of the convention. Members are looking forward to hearing many interesting facts concerning the work of the Union and liquor traffic.

The Charlevoix Union will provide special music for the convention. The public is invited to attend all meetings but are extended a special invitation to the evening session.

The evening meal will be a co-operative dinner and each member is asked to bring her own table service, sandwiches and a dish to pass. At noon members are to bring their lunch or come prepared to buy.

Teachers Meet At Traverse

Will Hear Rickenbacker Co-Pilot Tell of Experiences Afloat In South Pacific

Teachers in MEA Region Five, meeting in Traverse City, Thursday and Friday, Oct. 4-5, will hear Lt. James C. Whitaker, co-pilot of Eddie Rickenbacker, relate the story of twenty-one days afloat on a raft in the South Pacific.

The conference will open at 10 a. m. Thursday morning at the high school auditorium.

Region Five includes approximately 1200 teachers from the following counties: Alcona, Antrim, Alpena, Benzie, Charlevoix, Cheboygan, Emmet, Grand Traverse, Kalkaska, Leelanau, Missaukee, Montmorency, Oscoda, Otsego, Presque Isle and Wexford.

At the first general session on Thursday morning, Lt. Whitaker will give a complete account of the flight and crash of the Flying Fortress in which he with Capt. Rickenbacker and six crew members, were flying on a military mission. Lt. Whitaker kept a diary of these harrowing experiences. His message develops the theme of his book, "We Thought We Heard the Angels Sing," by describing what happens to men's souls under the ordeal which these seven men survived.

Others in contribute to the program include Bernice Clifton and her seeing-eye dog; Eugene B. Elliott, state superintendent of public instruction; Dr. Hilton Ira Jones, chemist; Thomas A. Bnhcock, state MEA president and those who will lead group discussions, panels and conduct features.

Wade, Chairman

Officers of Region Five are: chairman E. E. Wade, superintendent, East Jordan; first vice chairman, W. E. Baker, superintendent, Mesick; second vice chairman, Thomas E. Whitehead, teacher and coach, Cheboygan; secretary, Marian Corey, teacher, Traverse City; and Regional executive secretary, Leo McQueen, teacher, high school Traverse City.

10 Plead Guilty; Draw Probationary Terms From Court

Judge Fowler Reprimands
Offenders for Misbehavior

Says Charlevoix Will
Be Safe City For All

Ordered to appear before Judge Fowler in justice court last Friday morning, ten local youths were placed on probation for one year. Nine of them pleaded guilty to disturbing the peace, and the tenth pleaded guilty to assault and battery.

The ten youths, whose names are withheld, allegedly "crashed" a beach party a week previous at which vacationers were enjoying a "weiner" roast.

At least one person was cut on the face in the melee and several others had bruises before police arrived on the scene.

Judge Fowler admonished the boys for their part in the affair and placed all ten on probation with rigid stipulations.

In the probation terms, the judge said, will appear provisions whereby those guilty of the act must be indoors at 11 o'clock in the evening and that if any violation was found in the terms, the full sentence of the court would be automatically imposed upon them.

Also in the probation directive are provisions that not more than two of the youths shall gather or band together at any time. "There is room here in Charlevoix for both vacationers and local citizens," said the judge, "and anyone, regardless of race or creed, brought before this court, who has broken the laws, shall be duly punished."

The altercation and eventual clash started at Michigan beach early on Thursday evening, Aug. 22. The offending youths, who were vacationing here, returned to their homes the same evening and the following day.

No complaining witnesses were present in the court during the trial.

In summing up the case, the judge concluded: "All youths, whether local or visitors, must not try to settle grievances between themselves, but should and must bring their differences before a court governed by the laws of the state and this municipality."

Launch Campaign For Nurses Aides

A national "Help for Hospitals" campaign is to be launched by the Office of War Information and the War Advertising Council, according to Mrs. E. J. Edwards, its purpose being to assist hospitals to meet the acute need for civilian nurses and auxiliary hospital workers, both volunteer and paid. The campaign will reach its full intensity in September. It will be sponsored by the National Nursing Council for War Service, the American Hospital Association, the United States Public Health Service, the Veterans Administration, the Procurement and Assignment Service of the War Manpower Commission, and the American Red Cross.

This national campaign will serve to inform the public about the general need in hospitals, but the success of the campaign in each locality will depend on specific state and local effort. Each local nursing council will assume responsibility for establishing a coordinating committee to evaluate local needs and direct the local effort.

COPY DEADLINE

Advertising and news copy must reach our office before 5 P. M. Tuesdays.

Radio Talks Begin Sept. 7

Fenton Bulow Chairman
of Northern Counties

A series of ten broadcasts on the general theme "Know Your County Government" is sponsored by the Institute of Local Government. Its purpose is to better acquaint the public with their County Government.

The first broadcast will start on Saturday, September 8th over Station WTCM, Traverse City from 11:45 A. M. to 12:00 noon CWT. The subject for this first broadcast is in reference to the County Clerk's Office. Fenton R. Bulow, Charlevoix County Clerk is chairman of the committee in charge of seventeen northern counties adjoining Grand Traverse County.

The broadcast will be a panel discussion plan with Fenton R. Bulow of Charlevoix, Winfield S. Hinds, clerk of Emmet County, Petoskey and Elmer L. Dalton, clerk of Leelanau County, taking part. Harry A. Brinkmann, clerk of Grand Traverse County will act as interrogator on the program.

Jamboree Is Huge Success

Local Chapter No. 19, SPEBSQSA, is gratified over the splendid results of the Third Annual Jamboree held here Sept. 1, 2 and 3, and expresses its thanks to all those who contributed to its success.

The singfest attracted several hundred out-of-town guests and was an attraction of sufficient magnitude to favorably compare with those held in metropolitan centers.

Quartets which participated in the Saturday evening program at the high school gymnasium, gave an outdoor sing in the park on Sunday afternoon, after which the society members were transported to Boyne City on the Mary Margaret and cruised on the Wallace and Al Young.

Following an outdoor program in the park, the Boyne Chapter furnished luncheon. Returning to Charlevoix the Jamboree continued at the Belvedere Casino with singing, dancing and refreshments.

The growth of this annual affair was well summed up by a visiting National Board member, who remarked, "the Charlevoix Chapter has earned the reputation of having the best parties of the society and each year they become greater. With two visiting quartets at your first jamboree and a small audience in the beach hotel lounge, your hospitality has enticed a dozen out-of-town quartets playing to a packed auditorium."

"The consensus is that this year you have reached the zenith and however your hard working committee could possibly improve your 1946 jamboree is beyond me."

RECEIVES DECREE

Miss Alice Chew, daughter of Mr. and Mrs. M. K. Chew, R.R.3, received her Master's Degree in Education from the University of Michigan on August 24.

Miss Chew, a graduate of the Charlevoix high school and the West Michigan College of Education, Kalamazoo, is a member of the faculty of the Rochester Public schools.

With bowed heads, Japanese Army and Navy officials signed peace terms aboard the above historic battleship. Instead of dictating peace on the White House steps in glory for the people of the Rising Sun, by Jap Generals, Gen. MacArthur will dictate, in behalf of the United Nations, terms that will completely disarm the Nipponese.

Charlevoix High On Accredited List

Questions have been asked recently regarding the standing of the Charlevoix High School on the accredited list for college entrance. These questions apparently have arisen from some rumors that have been circulating to the effect that the school has been off the accredited list for some 12 or 14 years and that it is not now accredited.

Supt. E. D. Wagner has received a letter from Dr. E. G. Johnston, Michigan Chairman of the North Central Association, who inspected the school this past spring. The letter explains that schools may be admitted to the accredited list for one year only, requiring re-inspection at the end of that period; or for two years, or for a three year period. Dr. Johnston goes on to say that the Charlevoix High School has been placed on the accredited list for the three year term. This letter is on file at the school for anyone interested in seeing it.

Furthermore, there are also on file, readily available, papers which prove that the school has never been off the list. There have been a few years when we were on the list for one year only, as in the group mentioned in Dr. Johnston's letter.

To repeat and summarize the case: The Charlevoix High School has been continuously on the accredited list, is now newly placed on said list unconditionally for the ensuing three years. The school authorities will make every effort to keep our school so accredited in the future.

Miss Ernestine Louise Chew Wed In Church Ceremony

Miss Ernestine Chew, daughter of Mrs. Albert S. Holmes, became the bride of Harold H. Hunt Jr., storekeeper, second class, U.S.C. G., son of Mr. and Mrs. Harold H. Hunt Sr., of Marshalltown, Iowa, at 7 o'clock Monday evening, August 27, at Long Beach, Calif. The Rev. Lawrence V. Lucaa performed the ceremony in the manse of the Grace Methodist church, Long Beach.

The bride wore a street length dress of slate blue with black accents fashioned with a aquene neck and short sleeves. Her accessories were black and she carried a nosegay of pink rosebuds and white stephanotis.

Attending as matron of honor was Mrs. Charles Asher, of Sturgeon Bay, Wis., the former Hilda Roen, of this city, who wore a navy dress with navy and white accessories. Her flowers were a nosegay of yellow roses.

Ralph E. Bachman, SK1-c, of Long Beach, Calif., assisted the bridegroom as best man.

Ensign Asher, U.S.N.R., was also present.

Jake White In Pacific Fleet Service

Is Son of Mr. and Mrs.
Jake White, Charlevoix

With a Seabee Unit in the Philippines—Jake G. White, coxswain, son of Mr. and Mrs. Jake W. White, of Charlevoix, is a member of this construction battalion of the Pacific Fleet Service Force which was working on its third major project when the announcement of Japan's capitulation came.

Just completed was a super highway, carved out of jungle and mountain coral which linked two islands of major importance. A dock, extending over 4,000 feet, which can berth eight cargo vessels, was almost finished.

Completed and successfully operating is a waterline with over five miles of pipe which runs from two mountain falls—both higher than Niagara—to the Navy Supply area. The Seabee unit dug through jungle and over mountain rain and mud, and cutting trails by hand, to supply two and a half million gallons of fresh, chlorinated water a day for the U. S. forces ashore and afloat.

The officers and men of this outfit saw combat in the Solomons, New Guinea and the Philippines.

MARRIAGE ANNOUNCED

Mrs. Bertha Cherney, of Shady-side, O., announces the marriage of her daughter, Private Juanita M. Cherney, of Camp Lejeune, N. C., to Lieutenant S. Anthony Morasco, of Muskogee, Okla., on Tuesday, August 22, at Immaculate Conception church, Clarksburg, W. Va.

The bride is the niece of Mr. and Mrs. Ralph S. Hamilton and has spent several summers in Charlevoix.

Mother, Children Perish In Flames As Home Burns

Two Other Children Safe
In Home of Grandparents

Disaster visited the home of Clarence McCalmon shortly after 10:30 Monday evening when the mother, Mrs. Blanche M. McCalmon, 25, Marshall, 4, and Marcus, 3, were burned to death as the result of an explosion and fire which destroyed their home at 211 West Lincoln Ave. The two children perished in the flames which spread

quickly to their small home. The mother died at the Charlevoix Hospital at 5 A. M. Tuesday from severe burns.

Angler Lands 16-lb. Pike

Lake Susan Angler
Has Thrilling Experience

Patiently fishing for blue gills, on Susan Lake, Loring Pangborn of South Michigan Ave., Saginaw, suddenly had his bamboo pole jerked from his grip.

Becoming more wrathful than curious, Pangborn grabbed his oar and gave chase.

Frequently his pole submerged below the surface. But not to be outdone, he continued in the chase. After an hour's attempt to retrieve the pole, success was accomplished.

His next feat was to land his prey. Finding the difficulty greater than his ability, Pangborn sought the aid of a near-by fisherman.

Landing his catch, Pangborn went to the Susan House, where Ed Frank, proprietor of the House and Boat Livery measured the Northern Pike to be 42 inches and a weight of 16 pounds and six ounces.

A night crawler was used for bait.

BULLETIN

Board Chairman Fred Bancroft of the local Price and Rationing Board, announced this morning that the board would issue additional rationing signs at the rate of five pounds per person to those people in the board area who had received rationing sugar at the reduced issuance of seven and one half pounds per person.

Mr. Bancroft said the issuance would be accomplished automatically without any further application on the part of the consumer. Consumers are not to visit or phone the board about their sugar, it would only delay the issuance. The board will mail the coupons to the consumer just as soon as possible.

Mr. Bancroft stated that the board had received a quota based on the number of applications received and processed by the board on and after June 10. This issuance must last the home canner for the balance of the canning season, Mr. Bancroft said.

United War Fund Committee Meet

Representatives From County
Will Gather at Boyne City

County chairmen and committee members of the United War Fund will meet next Tuesday, Sept. 11, at the Dilworth hotel, 8:00 P. M., Boyne City.

The meeting will be held for the purpose of forming a county budget with all county organizations participating. Spearheading the fund drive from various communities in the county, are: Robert Bridge, local county chairman; Ralph Hamilton, member; Mrs. John Porter, secretary; Robert Campbell, and L. B. Karr, East Jordan, members; Rev. DeVinney, Fr. Jupinski, William Tryen, members, Boyne City; and Barney Milstein of East Jordan.

Two other children, Michael, 7, and Maxine, 6, were at the home of their grandparents, Mr. and Mrs. Walter Smith, at the time of the accident. The husband and father, Clarence McCalmon, was discharged from the Navy early in July and had left about August 1 to accept a position at Oakland, Calif., where he had been stationed previous to his discharge.

Mrs. McCalmon, the former Blanche M. Blume, was born at Superior, Wis., on August 28, 1920. She married Mr. McCalmon on May 1, 1937, and came to Charlevoix later that year to live. Besides her husband and two children, she is survived by her mother, Mrs. Ada Miller, of Big Rapids, one brother, Edward Blume, three half-brothers, Clarence, John and Tom Johnson, and two half-sisters, Jean and Bertha Johnson, all residing in the upper peninsula.

Both children were born in Charlevoix, Marshall Dec on October 17, 1940, and Marcus Charles on February 25, 1942.

They were all members of the Baptist church.

Funeral services for the three victims will be held at the St. Peter's Funeral Home tomorrow at 2:00 P. M., with the Rev. A. B. Claypool officiating. Burial will be at the Brookside cemetery.

ANNUAL FARMERS
CONVENTION HELD
HERE NOV. 8-9

The Farmers Educational and Co-Operative Union of Michigan, will hold their annual state convention at Charlevoix, November 8th and 9th, 1945.

The high school gymnasium will be used for the convention program which will be announced later.

Nationally known speakers will be there to speak on the activities of this great farmers movement.

The Farmer's Union is the only farm organization in the United States that is one hundred percent for the working farm family and this convention will give the farmers of Charlevoix and neighboring counties an opportunity to learn first-hand what the Farmers Union stands for.

Readjustment of Veterans

Gilbert M. Lindsay,
Charlevoix Co. Veterans'
Counselor, Gives Data

(Continued from last week)

Part three of the readjustment program can be divided into three parts.

The first part is to instruct families, friends, and the general public, of the treatment of and general approach to the veteran.

The second is to inform the public and particularly employers of the advantages of employing discharged veterans whether they have been discharged for being disabled, neurotic, or for any other reason. This program points out the value of the special vocational and other training veterans have received in the service, and if the latter are disabled or neurotic, the rehabilitation job that has been done on them by the service to equip them to face civilian life and work.

The third is to point out to the veteran the part he must play in his own readjustment and the contribution he can make in building a better community and a better America.

Veterans' Bulletin
State-Owned Building Sites Available to World War II Veterans.

1. GENERAL. The Office of Veterans' Affairs, has perfected arrangements with the two State Agencies having authority to dispose of State-Owned lands, whereby Veterans of World War II may acquire home and business building sites at very advantageous prices.

a. Without competition by other bidders at the appraised or sale price.

b. Provided the veteran can pay cash and intends to use the land for his home or business and NOT for re-sale.

c. And providing the Office of Veterans' Affairs approve the sale.

2. STATE AGENCIES CONCERNED. Charlevoix County comes under the Department of Conservation.

3. DESCRIPTION OF LANDS. The lands available include more than 50,000 home-building sites, most of which are located in the metropolitan area of Southern Michigan. However, state-owned lands available to World War II veterans will be found throughout the State.

4. ADMINISTRATION OF THE PROGRAM. Negotiations for such lands and handling preliminary details in behalf of the Veterans will be in the hands of counselors of local councils exclusively.

a. Action by Veterans. The Veteran can readily learn from the local assessing officer what lands in his locality have reverted to the State. Should the Veteran locate a site he would like to own he secures a legal description of the property from the local assessor.

b. Action by Counselor. The counselor then ascertains the appraised or sales price of the land by contacting the appropriate agency by letter.

NOTE: All other details will be taken care of thru your County Veterans Counselor. If interested or want further information, kindly contact, Gilbert M. Lindsay, Charlevoix County, Veterans Counselor.

Mr. and Mrs. Ivan Holmes and son, Gerald, came Monday from Grand Haven to spend a week at their Nichols St. home.

Subsidy For Sheep Raisers

Producers of sheep and lambs are advised by the Triple-A Chairman of Charlevoix Co. to pay particular attention to the provisions of the new sheep and lamb production payment program.

Under the program, the Commodity Credit Corporation will make payments to any person who sells sheep and lambs to legally authorized slaughterers for slaughter. When the sheep or lambs are sold to legally authorized slaughterers for slaughter, the last person who owns the animals entitled to the subsidy payment.

Application for the subsidy will be made in the county where the farm or feedlot was located during the last 30 days period prior to the time of the slaughter.

The sheep and lamb subsidy payments will be made on sales made on or after August 5, 1945.

The payments vary by calendar periods. They range from \$2.15 to \$3.15 per hundred pounds for heavy lambs weighing over 90 pounds; from \$1.50 to \$2.50 for medium lambs weighing 65 to 90 pounds; and \$1.00 for all other sheep which include yearlings, aged wethers, ewes, bucks, rams, and all lambs weighing less than 65 pounds. Until December 1, the subsidy is \$1.50 medium lambs and \$2.15 for heavy lambs.

As under the beef production and dairy feed payment programs, farmers may apply for the sheep and lamb subsidy at the county AAA office. "Payment will be made by sight drafts on the account of CCC which may be cashed at any bank." However, no forms have as yet been received. Farmers will be notified when the sight draft forms are received. In the meantime if there are any questions on the program, the county AAA office will be glad to serve you.

Hospital fund bingo party will be held soon. Watch for dates.

McClellan Promoted To Sergeant

With the 81st Infantry Division somewhere in the Pacific—Thurston L. McClellan, has been promoted from corporal to sergeant in recognition of proven ability with an infantry rifle company.

Sergeant McClellan is a member of Maj. Gen. Paul J. Mueller's 81st Infantry "Wildcat" Division, which last fall wrested the Palau and other Western Caroline Islands from the Japs.

Sgt. McClellan is the son of Mr. and Mrs. Levi McClellan and the husband of Mrs. Susan McClellan, RFD 3.

Jap Surrender News Swamps Western Union

Japan's surrender produced the largest volume of telegraphing in the nation's history as American business began work immediately to resume peacetime production and distribution, it was announced today by Mr. Wakefield of the Western Union Telegraph Co.

Here and throughout the nation the volume of telegrams last week sent the 1945 volume line skyrocketing off the top of the telegraph company's charts, Mr. Wakefield said. The telegraph business exceeded even the busiest weeks of the war, in spite of the two day holiday.

During the two day holiday and over the weekend Western Union people stayed on the job, working at top speed to handle the heavy volume of traffic. As a result, Mr. Wakefield said, the service provided in the face of the unprecedented load was not far short of the high standards set by the telegraph in wartime.

While contract cancellations by the government accounted for much of the volume, Mr. Wakefield said, a contributing factor was the great number of telegrams from business concerns getting started in the production and sale of post war merchandise.

Highway Convoy For Shooting Star

Official U. S. Army Air Corps Photo

This convoy, a big Frischauf van with a siren-equipped two-car escort, took the first Lockheed P-80 Shooting Star from Burbank, Calif., to Wright Field, Dayton, Ohio, for testing. Arrival at Dayton was on schedule, enabling the Army to make necessary tests and quickly give Lockheed a "go-ahead" on production of the new jet fighter.

Lots of rain the past week and everything is looking fresh and green again.

Mike Eaton of East Jordan is in the neighborhood this week threshing grain. Oats is turning out good this year, from 40 to 60 bushels per acre.

Mr. and Mrs. Ben Timmer and family spent the weekend with her parents, Mr. and Mrs. Hoolman in Rudyard, Mich.

Mr. and Mrs. William Drenth and Mr. and Mrs. Dick Venema of Muskegon, formerly of this vicinity, visited with relatives here a few days.

Mr. and Mrs. Frank Kass of Grand Rapids, pioneers of this neighborhood, called on relatives and old friends the past week.

Miss Cora Timmer, who spent the summer here at home, left for Grand Rapids Monday where she is employed.

Annual Sunday School Picnic of the Christian Reformed Church was held in the Ellsworth City Park Labor Day afternoon. A nice crowd attended the program.

Among the many visitors here on Labor Day, we also met Mr. and Mrs. John Van Straten and family of Grand Rapids, our old neighbors.

Fixing Up the Farm

By BURTON WILLIAMS

Replacing Rotted Sills

FOR nearly 15 years, since the start of the depression and through the war years, many farm buildings have suffered greater than normal deterioration because needed repairs have not been made.

Unless these repairs are made now, buildings which could be made serviceable for many years will become useless. Farm buildings deteriorate because foundations fail and damage other parts of the structure, because sills, joists and studs rot from backslapping of roof drainage, because walls shift out of place when sills are not anchored to foundations and because of a lack of proper bracing for wind and dead loads.

In most cases serious damage can be prevented by making repairs in spare time with a minimum of critical materials. Rotted sills, for example, can be repaired by removing the decayed portion and splicing in new lumber. To prevent future damage, gutters should be installed to carry drainage water away. This also helps to protect the foundation.

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY

INTERNATIONAL BIBLE BROADCASTERS

Question—How long does it take to read the Bible through?

Answer—About sixty hours of average reading time.

Q.—Was there anyone on this earth before Adam?

A.—In Genesis 2:5 it is stated that before Adam was created there was not a man to till the ground. And in 1 Corinthians 15:45 Adam is called "the first man."

Q.—Does the Word of God still uphold fasting?

A.—"And Jesus said unto them, Can the children of the bride-chamber mourn, as long as the bridegroom is with them? but the days will come, when the bridegroom shall be taken from them, and then shall they fast." Matthew 9:15. Read also Matthew 6:17, 18 and Joel 2:12, 13.

Q.—How can you believe a book like the Bible teaches such an absurdity that the earth is held up on the shoulders of a giant?

A.—The Bible teaches no such idea. In Job 26:7 it is written, "He . . . hangeth the earth upon nothing," and that is an accurate scientific statement.

Q.—Isn't the Bible after all the word of man, since the apostles were men?

A.—It was given through men, but it is the Word of God. For this cause also thank we God without ceasing, because, when ye received the Word of God which ye heard of us, ye received it not as the word of men, but as it is in truth, the Word of God, which effectually worketh also in you that believe." 1 Thessalonians 2:13.

Q.—Where can I find the Bible reference to the secret rapture of the church?

A.—1 Thessalonians 4:13-18 is sometimes referred to, but this describes no secret event—rather, the opposite. Read verses 16 and 17: "For the Lord Himself shall descend from heaven with a shout, with the voice of the archangel, and with the trumpet of God; and the dead in Christ shall rise first: then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air; and so shall we ever be with the Lord." Notice the shout, the voice of the archangel, the trumpet of God. This is the glorious second coming of Christ.

Hogs Easily Injured

MAKES no difference if they're market bound, you oughta stop kicking your hogs around."

There's more sense than most in this paraphrase of an old ditty. Rough handling of hogs while they are growing and at market time causes bruising and crippling which reduces their value. Even death may result.

The University of North Carolina comes up with some good suggestions for handling hogs. A university bulletin points out that even slight bruises lower the grade of prime cuts. Many of these bruises are caused by use of sticks, clubs, sharp instruments, prodpoles, and whips. The bulletin urges use of canvas slappers or electric prods to drive hogs.

Striking a hog with a canvas slapper, the bulletin says, results in an unusual noise which in itself helps to control the herd better than use of heavy or sharp weapons.

A survey in 1935 by the National Livestock Loss Prevention Board showed that 9,000,000 meat animals were either bruised, crippled or dead on arrival at stockyards. The cost to growers was \$11,000,000. The loss from bruises to hogs alone was estimated at \$2,000,000, with the most valuable cuts, such as hams and bellies, suffering the greatest injury.

Frozen Hopes

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

SAYING what a man earns, expressing it in cents per hour or dollars per year, tells but little about the measure of prosperity he enjoys. Good living depends on many things that change from time to time and differ from place to place. Prosperity depends, in very large part, on what people must pay for the things they need and want.

Ben Franklin's discovery of electricity became a great discovery when electric lights began costing less than oil lamps. The automobile became a great invention when cars were priced down where only rich people could afford to own horses. Putting conveniences and luxuries in reach of a large number of people helps to build a nation's prosperity.

Pay for PLAIN people pay Service richly for favors; plain people are so being. Names like Edison, McCormick and Ford stand for huge estates because these men did a real service for a lot of plain people. Actually, the thing that inspires mechanical inventors to invent, is the chance to earn from a few people their reward for valuable service.

Edison, McCormick and Ford didn't need to hawk their ideas; neither did Bissell, Denton, Parker and O'Sullivan, but Foster Cunnison had to sell his. Gunnison's inventions came later. Do

you ask, "Who is this Cunnison man?" Well, he is a great inventor, not yet famous. But, unless I miss my guess, he is America's post-war Henry Ford.

Big Ideas GUNNISON Inventor. For Sale. A prefabricated house and worked out a plan to build it in mass production. His units were scientifically constructed, insulation built in thoroughly modern in every detail. Individually, his house models are so different that a tourist might drive past 100 of them in a row and never guess that they were drawn by the same architect.

They come in eight sizes with great variety in looks. They are better than any house possible to build of old-line material for the same money. They have everything from bathtub to garage, grinder, economy and economy; a poor man's palace, amortized to \$1 a day. But the inventor sold to the U. S. Steel Corp.—Why?

He lacked capital and, under today's tax laws, never could make much profit. The giant corporation can run the project in the red and deduct early losses from war profits. Unless our wartime tax laws are changed, every fertile idea in this inventive nation will have to hatch under the wing of some huge corporation that exists already.

Controls Lifted On Consumer Peacetime Goods

In a series of sweeping moves to facilitate the reconversion of industry and speed the flow of a wide variety of peacetime products into the hands of consumers, while still avoiding price inflation, pre-emption of scarce supplies, or a buyers' scramble, the War Production Board has dropped 210 more individual controls over industry, J. A. Krug, WPB Chairman, says.

Limitations on the number of radios, refrigerators and trucks that could be manufactured for civilian use were removed. Restrictions on a long list of other products were lifted and the materials freed for consumer goods. Affected are metal furniture, domestic stoves and laundry equipment, electric fans, motorcycles, storage batteries, photographic film, shipping containers, oil-burning equipment, silk and cotton duck, as well as a large number of other products.

SOCIAL EVENTS

Mrs. Joe Williams entertained with a party at her home Saturday, Sept. 1, honoring the eighth birthday anniversary of her daughter, Phyllis. Fourteen little classmates and Butch Coleman enjoyed games and refreshments served at a table decorated in pink and yellow and centered with a lighted birthday cake. Phyllis received many lovely gifts.

Petoskey area employees of the Michigan Bell Telephone company enjoyed a barbecue at the City Cabin near Mt. McSawby on Sunday. One hundred members from Petoskey, Gaylord and Charlevoix with several guests from Traverse City and Manistee were present for the occasion. Softball games, swimming and boating were enjoyed by the group.

Lloyd Johnson of Traverse City, district manager, was present with his father-in-law, Mr. Wisner, also of Traverse City and O. A. Solomon, of Charlevoix, who had retired from the company.

Miss Martha Craig entertained with a party at her home Thursday evening for a group of friends. Four tables of bridge were in play. Late in the evening refreshments were served.

Mrs. E. D. Hawley and Miss Martha Craig gave a party at 210 Dixon Ave., on Tuesday evening

for their sister, Miss Anna Skagen, of Bessmer, who spent the summer here and Miss Marlon Craig, who will leave later in the month to attend Michigan State College, East Lansing. The sixteen guests present enjoyed an evening of dancing and refreshments.

Assignment:
HOME

Donald Solomon was given an honorable discharge from the army at Chanute Field, Ill., recently and arrived last week to visit his parents, Mr. and Mrs. O. A. Solomon, before returning to his position with the Michigan Bell telephone company.

Mr. Solomon has been in the army since April, 1941. He returned in December, 1944, from 27 months overseas duty spent in North Africa, England and France. He was a corporal at the time of his discharge.

Miss Lila Tillotson of this city left Saturday to spend the Labor Day weekend in Big Rapids with friends, before going to Traverse City Wednesday to accept a second grade position in the Oak Park School. Miss Tillotson has taught the past seven years in Big Rapids.

Charlevoix Men
Meet In Pacific

With the 544th Amphibian Engineers in Manila—For the second time in the Southwest Pacific, Sergeant Warren Allison of the 544th Engineer Boat and Shore Regiment, Fourth Engineer Special Brigade, met his brother-in-law, Corporal Donald Stevens, a member of the 33rd Division. The boys met for the first time on Morotai Island, in the Netherlands East Indies, in January of this year.

Sgt. Allison is the son of Mr. and Mrs. Frank L. Allison, of this city. His wife, the former Phyllis Stevens, is employed by the Michigan Bell Telephone Co., Charlevoix.

Since coming overseas in May, 1944, Sgt. Allison has been in command of a 56 foot LCM (Landing Craft, Mechanized). He was stationed at several places in New Guinea and took his landing party through a 1000 mile hazardous trip through little known waters and past Jap held shores, the longest trip ever taken by small boats in the SWPA. He has taken part in two major operations, Morotai, in the Netherlands East Indies and Lingayen Gulf on Luzon, for which his unit has received several commendations. Allison personally received a commendation from the Brigade for the efficient operation of his boat over the past year. He is entitled to wear the Asiatic Pacific Theater and Philippines Liberation ribbons, each with one battle star.

Before entering the army in January, 1943, Sgt. Allison was employed by the Foster Boat Company. He graduated from Charlevoix High School in 1938, where he earned his letter in track and played basketball and football.

Cpl. Donald Stevens is the son of Mr. and Mrs. Charles Stevens, of this city.

Michigan 4-H Farm Safety Club Members Study
Accident Prevention Measures in City Plants

RURAL boys and girls in Michigan are taking every opportunity to learn how to prevent accidents on farms. As one example, a group of Wayne county participants in the 1945 National 4-H Safety Program (shown above) recently visited plants of an automobile manufacturing concern in Detroit to study safety measures taken to protect workers against injury. The 4-Hers were accompanied by Mrs. Ada Watson, county club agent.

To comply with the organization's safety regulations, the group

was equipped with nonshatter eyeglasses, and the girls were clad in cloaks and provided with hair nets or other head covering. Safety measures throughout the plants were pointed out and the reason for their use explained to the 4-Hers.

The tour will be credited to each member's 4-H safety program record. Participants in the program who achieve outstanding records in safety work this year will receive merit awards donated by General Motors. The awards are based on county, state, sectional and national levels.

AAA NEWS

Walter H. Henley, Chairman
Charlevoix County AAA
Committee

Walter H. Henley, County AAA Chairman, accompanied Stanley T. Yuill, District AAA Fieldman to Lansing August 22-23-24 for the purpose of attending a State AAA Conference. At this conference soil-building practices and recommendations were made for the 1946 AAA Program.

The 1946 AAA program should go further than any past program in meeting the most serious needs for soil-building and water-conserving measures on Charlevoix County farms, according to information received at this meeting.

A new plan of operation adopted for next year's program will give county and township AAA committeemen more to say in deciding what practices should be pushed in the county. Mr. Henley said that the new plan would be very helpful at this particular time. The big increase in production on Charlevoix County farms during the war has increased the need for restoring and maintaining soil-fertility and for other conservation measures.

Because funds available for AAA assistance are not sufficient to cover all the soil-building needs of either the Nation or the county, the new plan aims to use them on the farms and for the practices where they will do the most good. The farmer-elected township committeemen have the experience and the knowledge to get AAA assistance where it is most needed.

Under the new plan the State AAA Committee will allocate a definite sum of money as a county budget for AAA assistance to farmers next year. The county committee, in consultation with the farmer-elected township committeemen, will then choose from an approved State list the conservation practices most needed on farms in this county.

The township committeemen will call upon individual farmers next winter and spring and help them work out a plan of AAA assistance on their farms. It will be the responsibility of the county committee to see that the total of all assistance approved for the county does not run more than the soil-building budget allowed by the State committee.

Mr. Henley points out that the AAA program is important to people living in towns and cities as well as to farmers. The conservation practices encouraged by AAA help farmers to grow more and better quality food, thereby protecting both the pocketbooks and the health of the folks who buy it. A program of public assistance such as AAA is particularly needed in this time when farmers have gone all-out to produce for war with resulting loss of soil productivity.

Jeb Wilkins
loses the wanderlust

Jeb Wilkins was always a great one for traveling. Two weeks a year he used to cover more ground than a Pullman conductor. Used to come back from vacations tuckered out.

But the war has changed all that. Gasoline shortages—and saving space on trains for service men—has got Jeb spending his vacations home... and liking it!

"Never knew staying home could be such fun," says Jeb. "Outdoor barbecues... sitting around and chatting with the

kids and family... basking in the sunshine with a glass of cold beer... that's living," Jeb says. From where I sit, Jeb's discovered what millions of other Americans have learned through the war. Whether your choice is beer or batter milk... horse shoes or checkers... a quiet book or a bit of friendly conversation... there's no place like home... where we grumble the most and get treated the best!

BY THEIR RIBBONS YOU SHALL KNOW THEM

You've seen many of them already. You're going to see more and more of them as time goes on—ribbons, stars, decorations that speak a language of service and combat in every corner of the globe.

None of us here at home can fully appreciate the sacrifices and heroism for which these strips of colored ribbon have been awarded. But we can learn what they mean so we can recognize them on sight.

Here at Michigan Bell, we'll need the help of our returning veterans in the enormous

post-war job of expansion and improvement which we intend to push as rapidly as conditions permit.

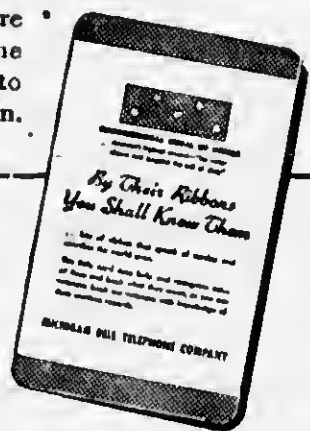

In order that we may all welcome them with some knowledge of their wartime records, every Michigan Bell employee is being furnished with a pocket card illustrating and explaining various service ribbons.

These ribbons are badges of honor. The least we can do is to know what they mean.

FREE TO YOU AT MICHIGAN BELL OFFICES

The same pocket card which illustrates and identifies service ribbons for Michigan Bell employees is yours for the asking. Telephone or stop at any Michigan Bell office for your free copy.

A \$9,000,000-a-year demand for houses will mean jobs in steel, as well as in lumber and other things.

Needed: 5,000,000 refrigerators. Result: Jobs making steel for them.

New Rails for the railroads' postwar program. More jobs in steel!

What's the Chance of a Postwar Job—in Steel?

HOW MANY jobs will there be in the steel mills for returning veterans and war workers? No one knows exactly. But this much is certain:

Plans have long been made to meet quickly after Victory the tremendous, pent-up demand for goods—and it will be out of production to meet this demand that jobs by the thousands will come.

Consider a few of the facts. The steel industry faces, right now, an accumulated demand for more than 600 articles of iron and steel that have not been made for civilian use since 1942—including an estimated 23,000,000 radios,

5,000,000 refrigerators, 3,000,000 washing machines.

Postwar building is expected to run to 9 billion dollars a year. There will be an immediate need for at least 7,000,000 automobiles to replace those junked since the war began. The rebuilding of European countries will open a tremendous market for American steel.

Over and above this, will be the demand for steel in new products—planes, deep-freeze units, air-conditioning equipment, television receivers, and hundreds of other devices grown out of war discoveries.

And all this will result in countless

jobs—for demand for goods makes jobs.

Now that Victory has been won, the steel industry and other industries will put into operation their plans for the jobs and opportunities all of us want.

NEWS FROM OUR SERVICEMEN

Lt. (j.g.) Norman Anee arrived Friday from Philadelphia, Pa., to spend a 30-day leave here. Mrs. Anee went to Chicago to meet him. Home from 18 months in the Pacific aboard a destroyer escort, Lt. Anee will report at Philadelphia for re-assignment. Enroute home he met his brother, Lt. Lyle Anee, who is at Pearl Harbor with the navy. It is the first time the boys have met for more than two and a half years.

Major Clair Bartholomew accompanied by Mrs. Bartholomew and three sons, returned to Detroit Monday after spending a month at their cottage on Lake Charlevoix and visiting his parents, Mr. and Mrs. Floyd Bartholomew. Major Bartholomew who returned recently from duty in Europe, will report at Fort Sheridan, Ill., for re-assignment.

Sheridan Root, of the USNR, who has been spending a leave with his wife and son, will leave this week to report at Detroit for re-assignment.

Jeanie Hampton Writes Experiences

From Chungking, China comes a very interesting letter from the daughter of former Charlevoix residents (just recently returned to make their home here permanently) Mr. and Mrs. Charles Hampton.

The letter follows:
Hello—
I have decided to give you an idea of just how much, or how little, I am capable of sticking to any intentions I may have, by stating very boldly that this is the first of a series of letters I hope to write probably on the average of every two weeks about what I see, learn and experience while in this country. I do not expect this

little literary venture to run into volumes and volumes to bore—maybe one will be enough for that, however, I do hope I have enough tenacity of purpose, grim determination and the do or die spirit left over from those dim civilian days of mine to at least get started on a second letter. If you think that will be one too many is too bad!

"When I left India, I was prepared for anything. WHY do you want to go there, my Colonel asked me, it's too rough for a woman. Barney wrote from the States in a convalescent hospital at Plattsburg, you can't get cokes, beer and me in Chungking, said Bob. It is something I couldn't explain then nor now. It wasn't that I was looking forward to a new adventure through rose colored glasses. I wanted the experience no matter how rough the going might become. "Experience" is a vague way of saying it and all I got for the meager explanation was a blank look and the assurance I wouldn't like what I was going to see.

"Since the British took Rangoon, a new airline has been opened (south of the treacherous mountain terrain termed "The Hump") over which supplies and personnel may be transported with greater assurance of reaching their destination safely at a maximum of 15,000 feet. Many stories have been told about the ships and men lost over the Hump because of the highest mountains in the world, storms, and the distance necessary to keep aloft. I have photographs to show you of the terrain as it looks from the air and it is perilous to say the least. These mountains are the superb Himalayas and they or sister ranges stretch in a mighty mass of rumpled earth from the northeastern borders of India across Tibet, Thailand, Burma and deep into China, in fact actually to the coastline!

"Our fairly small detachment was briefed usually on the wearing of parachutes, breathing oxygen and acquainted with the jungle jacket and what it contains in case we were forced down (and survived). I can't resist telling you what these canvas-like jackets without sleeves carry in an emergency such as this. It is amazing and here are a few of the main articles among many other little ones: fishing kit, first aid kit, rations, water purifying tablets, knives, nets, plexiglass water bottle, sunhat, signal flares, spit (for cooking), compass, place for a gun, gloves, head net, etc. You are set for life—or a try at it.

"We left Dnn Dum airport in four airplanes at two-day intervals. I was in the third group and we departed on schedule upon learning the previous groups had reached Chungking safely. In the early dawn light I strained against my safety belt to glance through the small porthole at my back and watch the murky panorama of the Culeutta area gradually fade away with each foot of altitude. Those numerous stagnant pools were my first and last impression of a tragic land as rich as its people are poor.

"Until noon when we arrived at Bhamo, Burma there was nothing to view but the twisting contours of rivers and streams which seemingly wove an endless net over the face of the semi-fertile earth. We were held up three hours because of a low ceiling. From this point on we were continuously flying over mountainous territory and the Commanding General of the Army Air Forces in China to whom we were assigned had given strict orders regarding conditions under which we were to be flown. For the men it did not matter it seems, but for us every precaution was to be taken. At Myitkyina (pronounced Misenough) an hour's flight away, there were accommodations for an indefinite stayover in case it was necessary and the fourth group was forced to take advantage of the hospitality there. Inasmuch as WACs have never before even

flown over Burma, you can imagine their hosts were not much put out; but for the girls it was hard to live those three days in one uniform in a bombed out city in which there was little to do but keep ride in deep mud.

"The wheels of our C-45 finally landed on Chinese ground 39 miles outside Chungking (Chinese pronunciation is Chunchin) after a steep circular descent necessary because of the surrounding hills. Our stomachs seemed to dip with the plane and our ears closed like clams against the pressure. We arrived without anything more exciting than a few minor storms. The contour farming necessary because of the mountainous terrain produces an oriental effect from great heights which would tickle the fancy of the most fantastic surrealist painter. Beautiful forms and colors of which you can make nothing are suitable introduction to one's first glimpse of this great country on the other side of the world. When I was a little girl I remember sitting on the sidewalk in Detroit patting the ground with my hand and letting my imagination carry me to China. Someone had told me if I dug a hole through the earth I would come out in China. It has taken me twenty years to dig that hole and now here I am, as big as you please, in its very capital! Ding chow pi, chow heisa. Very good, little child."

The final chapter of the war has been written. You have all done a swell job. It is mighty nice to see some of the veterans home already and to know that you all will be home soon. It is my sincere wish that your future will be one of success, health and happiness, and to those who will not return, who gave there all for us, but whose memory will remain forever. I offer my heartfelt thanks, God bless them.

FLYER KILLED IN PLANE CRASH

Rod and Gun Club Meet; Elect Officers

66 Members Pledge Support to Club's Activities and Plans

Bonnie Nickerson Elected President; Small and Large Bore Rifle Teams Organized

Planting of Trout in Monroe Creek on Club Program

Bonnie Nickerson, president; Kit Carson, vice-president; and Don Swinton, sec-treas., are the officers chosen to direct activities of the newly organized Charlevoix Rod and Gun Club.

At the regular meeting last Thursday evening, the club accepted use of a fish rearing pond, located at the head waters of Monroe Creek in Marion township. The pond was donated for club use by Irvin Bowen, owner of the property.

This natural rearing pond is fed by eight large springs, and therefore is not dependent on rain fall for its water supply. Through Mr. Nickerson and the Pere Marquette Railway Co. the club is able to obtain legal size trout to stock the pond which will naturally stock the entire stream; as the program grows, fish from this pond will be used to stock other streams.

Small Bore Rifle
Under the able management of Roy Melms, who is a member of National Rifle Association, they will have both an indoors and outdoor rifle range, with practice at least once a week for members; the match team will be formed in the near future.

Skeet and Trap
The club has limited facilities for skeet and trap shooting, which are being enlarged at the present time. Shells and targets are furnished to members at cost.

Committee chairmen appointed, include: Membership, Glenn Rose; Small Bore Rifle, Roy Melms; Skeet and Trap, Herh. Wilson; Publicity, E. I. Steinhurst; Large Bore Rifle, Kit Carson; Fish, S. E. Coleman; Commercial Fishing, Emerald LaBlanc.

Membership includes: H. C. Fleckler, Gordon Clement, Kit Carson, Willis Cross, David Miller, Allen Campbell, Herbert Campbell, Glenn See, Shelby Goss, E. B. Bowman, M. L. Culver, Walter Moore, Claude Davey, Jerry Whitely, Bud Hardey, Frank Brown, Carl Towles, William Taylor, Gerald Goss, Conrad Sternherz, Harold Pearl, Newell Ballard, John Murray, Bernie Ward, Frank Cur-tiss, Elmer Barber, I. Bowen, Robert Dickie, Joe E. Troyer, Keith Nickerson, Archie Ward, E. J. Steinhurst, Glenn Rose, Elmer Reed, Charles Reinhardt, Herb Wilson, Elmer Doerr.

Russell Curtis, Pete Scott, Sam King, Robert Sarasin, Ken Forbes, Emerald LaBlanc, George LaBlanc, Louis Boufford, Lawrence Swanson, Harry Walsstad, Steve Dubell, Roy Melms, Pat Ramsey, Glenn Pemberton, A. G. Leitch, Ernest Olney, Bonnie Nickerson, Frank Poole, William Brodin, Jake White, Don Swinton, W. E. Flynn, Joe Smith, Edward Heise Jr., J. J. Reis, Art Weststaff, Harry Foster, Ted Foster, Karl Erber.

VFW AND AUXILIARY TO MEET TOMORROW

The Veterans of Foreign Wars and Ladies Auxiliary will meet tomorrow evening, Sept. 13, at 8 o'clock in the IOOF hall.

Fall and winter activities will be discussed. All overseas veterans are urged to attend this meeting. There is no obligation.

The ladies eligible for auxiliary are urgently requested to attend meeting. Refreshments will be served.

RECRUITING STATION OPEN EVERY DAY

The Navy Recruiting Station, Naval Armory, East Grand Rapids, is open daily except Sunday to interview men interested, and to accept applications of those qualified.

Men 17 to 30 inclusive are eligible for enlistment. Those under 21 must bring their father, if living, or otherwise mother. Birth certificate is necessary.

Youth Conference Has Christian Ethics

Farm Union Hopes to Bring State Camp to Charlevoix

By Rev. Daniel S. McCorkle

State Camp is a youth conference that is governed by youth a conference promoted by no religious group yet deeply religious, a fellowship of young people where juvenile delinquency is not present and adult control is not attempted. Never have I attended any other conference of young people so earnestly and continuously devoted to problems of Christian ethics.

Come with me and visit this State Camp with its 28 boys and 41 girls, ages 14 to 19. Despite travel difficulties, they have come together from Farmers Union Locals in all sections of Montan. Unlike some gatherings of adults, there is in this group no Jew-baiting, no hatred for Japanese, no bitterness toward any class or group.

These young people are talking about democratic practices, and seeking solutions for social and economic problems. They are earnestly trying to map a way of life that will permit the nations of the world to live in one family. The themes they discuss and the objectives of their inquiries have to do with the conservation of soil and other natural resources. . . . with beneficent distribution of the tremendous potential production of the machines and processes of this scientific age. . . . with human happiness and welfare and normal ways of life. . . . with education.

Students Work Together
No serious problem of discipline exists at State Camp. Unlike other conferences of young people, difficulties with noise and disturbance do not arise after the lights are out. There are no dirty stories or other morbid manifestations. In their effort to behave with the decorum of older people, the young people here have attained a higher excellence of behavior than is common among adults.

The rules under which the Camp operates are proposed and ratified by the young people themselves. From among their number they nominate and elect a governing board of five members, and this board enforces the rules. Minor infractions occur, but not frequently, the sentiment of the group being the chief factor in achieving compliance.

The Farmers Union hopes to bring to Charlevoix County this State Camp youth conference in the near future.

Tourists Gone, Summer Is Over

Cold Winds, Rain Grim Reminder

Cold winds and intermittent rains prevailed this week as evidence that another summer season has ended.

Autumn is nearly upon us as the last of estimated 10,000 tourists and summer residents trek southward to winter homes and business.

This comes to an end another tourist and resort season in Charlevoix-the beautiful. Many happy thoughts of this beautiful resort country will remain with the vacationer while the snows blanket this beautiful paradise and preserve it until the harbinger of Spring arrives to remind us that the 1946 season will follow in all its splendor.

To all of you the best of luck and a hearty welcome back for the season of 1946.

School Bells Beckon Pupils

Teachers and Students Ready for Fall Term

Kids romped off to school Tuesday as bells rang out the message that the summer vacation period had ended. Students in upper grades as well as teachers seemed eager and enthusiastic as another semester of studies and instruction began in earnest.

The opening day Tuesday saw enrollment of pupils and assignments to rooms and classes. All schedules were in order on Tuesday and only minor shifts and changes were made to begin another complete school program in studies as well as athletics.

New faces on the high and grade school staffs include:

Mrs. Ethel Courier, fifth and sixth grades; Mrs. Clare T. Dean, Latin and English; Fred R. Frank, band and music; Ray L. Kipke, coach and math; D. C. Maltby, commercial; Mrs. Dorothy E. Richards; Junior high English and social science; Robert S. Richards, high school science; Miss Lennagene Rossman, first grade; and Miss Margaret Strehl, home economics.

Holiday Traffic Up 50 Per Cent

State Trunk Lines Loaded over Labor Day

Michigan trunkline traffic for the Labor Day weekend this year was nearly 50 per cent greater than the traffic for the same period in 1944, Highway Commission-er Charles M. Ziegler reports. Reports from the State Highway Department's 26 automatic traffic counters in various parts of the state recording stations show that the increase amounted to 47.3 per cent. Traffic for this holiday period, however, was still 33.3 per cent less than that for the Labor Day weekend in 1941, the last pre-war year.

Charlevoix City and county noted an increase of travelers over the same period but the greatest increases were not so in the Upper Peninsula, where traffic expanded by 182.1 per cent over 1944. The lowest percentages of increase were in the southwestern and southeastern sections, where they were 33.1 per cent and 38.9 per cent respectively. The comparative lag in these sections is probably due to the fact that they were the centers of the greatest industrial activity during the war with the result that wartime traffic reduction was less there than in other parts of the state.

Holiday traffic in the central and northern part of the lower peninsula increased rates varying from 53.8 per cent in the Thumb to 63.9 per cent in the south central section.

Two facts point up the pattern of this holiday traffic movement from industrial centers to northern resort areas. Traffic volumes on Detroit streets during the weekend this year were actually 2.8 per cent less than a year ago. The increase on the north-south trunklines which always carry the bulk of recreational traffic was 52.4 per cent as against an increase of 39.1 per cent on the east-west highways.

Observations at 21 traffic check points through the state for the latter half of August indicate the general increase of speed throughout the state is only about three miles an hour. Speeds increase slightly above this amount in outstate areas where there are clear stretches of highway but in the areas where there is more congested traffic the speeds have increased very little above that during the time the 35-mile speed limit was in effect.

There have been few cases of excessive speed by drivers, it was pointed out. In general drivers are driving at safe and moderate speeds.

For four days starting last Friday and ending Monday night, the Highway Department ferries at the Straits carried 11,400 cars and 24,683 persons, compared to 3,627 cars and 9,921 passengers in 1944. During the same period in 1941, last pre-war year the ferries carried 17,135 cars and 36,360 passengers.

Sgt. Essenberg Lauded As Hero

Gets Bronze Star Medal For Performing Military Deeds

Sgt. John L. Essenberg has been awarded the Bronze Star Medal by Major General Fay Brink Prickett, Commanding General of the Tenth Armored Division, somewhere in Germany, it was announced today by the Division Public Relations Office. Sgt. Essenberg, Squad Leader of 80th Armored Medical Battalion, was cited as follows:

For heroic achievement in connection with military operations against an enemy of the United States at Craitsheim, Germany on 7-11 April, 1945. When further evacuation of casualties became impossible Sergeant Essenberg, (then Corporal, serving as a squad leader), organized a casualty collecting point under fire, providing medical attention, food and water for the wounded. His exemplary conduct reflects great credit upon himself and the military forces of the United States.

Sgt. Essenberg, husband of the former Edna G. Boss, entered military service from Ellsworth.

The Tenth Armored Tigers gained early fame as the first iron defenders of Bastogne, the stumbling block of the desperate German counter-offensive into the Ardennes. More first followed. The division was the first in the Third Army to invade Germany and the first to capture a major German city (Trier). They were the first on the Western Front to smash into the National Redoubt, Hitler's vaunted inner mountain fortress, and the first division in the Seventh Army to enter Austria. Operating under an identification blackout in four different armies in four widely-separated sectors of the front, the Tenth Armored was called the "Ghost Division" by the bewildered German 82nd Corps.

RED CROSS CHAPTER WILL MEET AT CITY HALL

The annual meeting of the Charlevoix County chapter of the American Red Cross will be held on Wednesday evening, October 3rd at 8 P. M., in the Charlevoix City Hall. Everyone interested in Red Cross work is urged to attend.

Beaver Island Soldier Helps With Luxury Liner

GERMAN SHIP "EUROPA" WILL BE USED FOR U. S. SERVICE IN ATLANTIC CROSSING

330th Harbor Craft Company, Bremerhaven, Germany — Sgt. John E. Connaghan, of Beaver Island, a member of this company, is assisting in the harbor operations necessary to enable the former German luxury liner Europa make her initial trans-Atlantic crossing in the service of the United States.

As a first mate on a tug, Sgt. Connaghan is helping dredge a channel that will allow the 49,000-ton Europa, the third largest liner in the world, to float from her present berth in Bremerhaven into deep water. She is scheduled to sail for the United States very soon with thousands of troops to be demobilized.

In addition to his work in connection with the Europa, Sgt. Connaghan is engaged in bringing Liberty ships into the port of Bremerhaven and in preparing tugs that come from all over the European Theater of Operations for shipment to the United States.

The work that Sgt. Connaghan is doing is a project of Bremen Port Command, which is responsible for dock and harbor installations in the Bremen Enclave, and for the supply of American occupational troops in Germany.

"Ours is a unique Army outfit," said Sgt. Connaghan. "Sea-going soldiers are something of an oddity."

While towing part of a convoy across the English Channel, in August, 1944, the company was attacked by enemy warships. Several of the ships in the convoy were damaged. Three of the damaged vessels drifted into a minefield. Using four small tugs, crews carried 17,135 cars and 36,360 passengers.

Attend Wedding In Washington

Faulkner Will Witness Rites of Son and Bride

Mr. and Mrs. Ray W. Faulkner left Friday for Washington, D. C., to attend the wedding of their son, Lieutenant Commander Ray N. Faulkner, USNR, and Miss Sarah Key, of New York, daughter of Mr. and Mrs. James Melville Key, of New York and Boston. Mrs. Faulkner's sister, Mrs. George Myler, joined them at Detroit to attend the wedding.

The marriage of Miss Key and Lt. Commander Faulkner took place at high noon, Wednesday, September 12, at the Lincoln Memorial Chapel of the New York Avenue Presbyterian church, in Washington, D. C. A breakfast and reception followed at the Kennedy-Warner Hotel.

Miss Key is a graduate of Columbia University and has been in the Navy Bureau of Personnel in Washington for three years.

Lt. Commander Faulkner is a graduate of the Charlevoix high school, the University of Michigan, Harvard University and received his Ph. D. degree from the University of Minnesota where he was head of the Art Education Department before he accepted the same position at Columbia University, New York, in 1938. He was granted a leave in 1942 to enter the navy, receiving a commission, with the U. S. Naval Reserve and has been Director of Tests and Research for Officers Training in the Navy Bureau of Personnel for three years.

After a short wedding trip the couple will reside at Arlington, Va.

RABBITS PLENTIFUL; PHEASANTS SCARCE

Rabbit hunters in southwestern Michigan counties, particularly Cass and Berrien, are counting the day until the opening of the season on October 15.

Observers report that rabbits seem to be more plentiful than in several years, according to the conservation department. Pheasant prospects, however, are not so good.

'Bob' Carpenter Is Transferred

Will Manage Kroger Store at Benton Harbor

Robert (Bob) Carpenter, manager of the local Kroger store, since June, 1942, has been transferred to Benton Harbor where he will become manager of a super-market, one of the largest stores in the district. Mr. Carpenter has been with the company for 14 years. He will assume his duties on Thursday.

Mrs. Carpenter and family expect to join him in the near future.

John F. (Jack) Hartzell, of Grand Rapids, has succeeded Mr. Carpenter as manager of the local store. He has served throughout the state as relief man and manager for several years and before coming here was at Shelby and Middleville.

Mrs. Hartzell and their daughters, Sally Ann and Jean Helene, will join him soon as they are able to find a house suitable to their needs.

Marine Inspection Service For Free

All motorboat operators in this vicinity licensed to carry passengers for hire may avail themselves of the Marine Inspection Service, without charge, with regard to the number of passengers to be carried with safety, upon request by letter directed to the Officer in Charge, Marine Inspection, U. S. Coast Guard, Municipal Building, Saint Ignace, Michigan.

In the interests of safety and to assist owners and operators of such craft in obviating situations, insofar as overloading is concerned which might constitute reckless or negligent operation, a voluntary program has been instituted by the Coast Guard. All such requests for inspection will be complied with and a Marine Inspector will be detailed to make the inspection with a view to determine the number of passengers which may be carried in safety.

It is pointed out that this inspection is not mandatory, but in view of the protection afforded for the safety of vessels and passengers it is believed that this program will have the cooperation of all motorboat operators and owners carrying passengers for hire.

Body Brought Here For Burial Tomorrow

Lieutenant, junior grade, Fred R. Hardy, 37, veteran of 18 years service with the U. S. Coast Guard, was killed late Sunday afternoon when his privately-owned plane crashed in the harbor at Buffalo, N. Y. Mrs. Hardy received the news of the tragedy in a telephone call from the commander of the Coast Guard base at Buffalo where Lt. Hardy had been stationed since August 1 as engineering officer.

The crash occurred when the plane went into a dive at 2,000 feet and fell into the shallow water of a harbor slip. A flying student, Miss Marie Strzeszynski, of Sloan, N. Y., student at the Gardenville, N. Y., airport, who was with him at the time was also killed.

The body arrived via train from Buffalo on Tuesday evening with a military escort, Francis Deto, CBM, of the Buffalo base. A squad of Coast Guardsmen from the local station met the train and escorted the flag-draped casket to the See Funeral Home, where services will be held at 2 o'clock, Thursday-afternoon. The Rev. W. D. Wood will officiate. Coast Guardsmen will act as color bearers and form the honor guard. Veterans of Foreign Wars will be color guards. Burial will be at the Brookside cemetery.

Fred R. Hardy was born at Mancelona on May 31, 1908. He attended the Mancelona schools. Enlisting in the U. S. Coast Guard in 1927 and served here except for two years on Mackinac Island and one year at St. Joseph until going to the Atlantic coast in June, 1941.

When the United States went to war he served on a troop transport and when the LCI's (Landing Craft, Infantry) were commissioned he was assigned to one which took him to North Africa in March 1943. He was commissioned overseas going from machinist's mate, first class, to lieutenant, junior grade, his present commission, in one year.

He took part in the invasions of Sicily and Normandy returning home in August, 1944. Since then he has been stationed at Milwaukee and Sturgeon Bay, Wis. He was transferred to the base at Buffalo, N. Y. about August 1.

Noted as a skier, he won the northern Michigan regional championship in 1934 and for several years was a featured performer at skiing meets throughout this region.

Interested in flying for many years before the war, Lt. Hardy held a private pilot's license for a number of years and had planned to open a flying school upon retirement from the Coast Guard which he was due to receive in two years after completing 20 years service.

Surviving are his wife, the former Hilma Ehly, of Mancelona, whom he married on February 14, 1928; three sons, Richard, David and Donald and one daughter, Joyce, all whom reside in Charlevoix; his mother, Mrs. Grant Tinker, one sister, Mrs. Juanita Ouyr, and a brother, Joseph, all of Mancelona. Another brother, William, returned recently from overseas duty with the army and is now at San Francisco, Calif.

News Of Our Servicemen

S-Sgt. Lyle D. Kowalske, 19, has been awarded an oak leaf cluster to his Air Medal by General C. Kenney, commanding the Far East Air Forces, for operational flight missions from May 31 to June 26, 1945. The missions consisted of bombing strikes against enemy airdromes and installations, and attacks on enemy naval vessels and shipping. Sgt. Kowalske, who has been overseas since January, is an assistant radio operator and nose gunner on a B-24 Liberator bomber. He enlisted a year and a half ago.

Sgt. Kowalske is the son of Mr. and Mrs. Lyle Kowalske, former Charlevoix residents, who lived in Boyne City for several years before going to Mt. Clemens where they now reside. He has a brother, Donald, 23-c, who completed boot training recently at the U. S. N.T.C., Great Lakes, Ill., and a son, Ardis, who is an office employee at Selfridge Field, Mt. Clemens.

Joseph Bellinger, who is serving in the Philippines with a medical detachment of 313th General Hospital, has been promoted to technician, fifth grade, from pri-

vate, first class. He is the son of Mr. and Mrs. Charles Bellinger.

S-Sgt. Lee Scott returned to Fort Roscrans, San Diego, Calif., on Saturday after spending a 15-day furlough with his parents, Mr. and Mrs. Walter Scott.

Chief Petty Officer Robert O. Pearl, CCM, has returned to the States after serving 22 months in England and Germany with the Navy. He made the trip on the Queen Elizabeth arriving in New York on August 31. On Sunday, September 9, he was married to Miss Edith Goode, daughter of Mr. and Mrs. T. E. Goode, of Brooklyn, N. Y., and are expected in Charlevoix this week to visit his parents, Mr. and Mrs. Reuben Pearl.

Pfc. Harold D. McGinnis, 19, son of Mr. and Mrs. Orval McGinnis, has arrived at Fort Leonard Wood, Mo., and is a member of the 8th Infantry Division which just returned from Europe and is now being trained in preparation for occupation in the Pacific.

Pfc. McGinnis, a rifleman, saw action in Germany, France, Belgium and Holland and is officially credited with the campaigns of the Ruhr pocket and the Rhineland. He wears the Combat Infantry Badge, the Good Conduct medal and the ETO ribbon with two stars. He has been in the service since April 1941, and served six months overseas.

McGinnis' outfit, the Eighth (Golden Arrow) Infantry Division, finished ten consecutive months in the line on the Western Front by throwing a bridgehead across the Elbe River in Northern Germany, capturing 246,000 prisoners in a fast 35 mile thrust, and linking with Russian forces pushing along the Baltic coast from the East. The Eighth, which landed in France on July 4, 1944, 28 days after D-Day, fought in the Ruhr Pocket, the Roer River crossing and the drive across the Cologne plain to the Rhine, the Hurtgen Forest, Luxembourg, Brittany and the capture of the Crozon Peninsula, and the Normandy breakthrough.

Mark Francis Mevicer has returned to his duties with the Coast Guard in California after being called home by the death of Mrs. Mevicer's grandmother, Mrs. Sarah Murray, of East Jordan. While here he visited his wife and son, Mark, at the home of her parents, Mr. and Mrs. Alonzo Murray.

S-Sgt. David C. Matchett writes the following from Camp Rucker, Ala.: Would like to write a few lines to thank you, the people of the Courier, and all the people of Charlevoix, who have made it possible for me to keep in touch with the old home town for the past 4 1/2 years while in the army. It's as good as receiving a half dozen letters, at least, from the old home town because then you are pretty sure to have all the news. There were times when even the ads made good reading for it brought to me a bit of home.

Since the army has me on the move—this is the third camp in as many weeks—would please hold my paper for the present. Thanks for the paper.

Pfc. Herbert Colburn writes from Frankfurt, Germany: Am writing this to thank you for sending the Charlevoix Courier and to give you my correct address.

As a member of the 2nd Armored Division we have just moved into this area from Berlin where we were stationed for several weeks. During that time I saw most of the city and can report that our bombers sure did a good job.

Sgt. Clyde Roach has arrived from Camp Grant, Ill., to spend a 30 day leave with his wife, the former Marie Hansen, and their small son, Sgt. Roach has been serving in Germany with the Third Army since December. He will re-

port at Camp Grant for re-assignment.

Richard Bergmann, who is stationed at Miami Beach, Fla., with the army has been promoted to staff sergeant from sergeant. He is the son of Mr. and Mrs. Fred Bergmann.

Don Boss, Y3-c, has returned to the Naval Air Station at Grosse Ile, after spending the weekend with his parents, Mr. and Mrs. John Boss.

Pvt. Esther Kay, who is stationed at Newark, N. J., with the WACs, visited from Thursday until Sunday with her brother-in-law and sister, Mr. and Mrs. Don Swinton.

PERSONAL MENTION

Lt. and Mrs. Lester Gallagher, of St. Ignace, spent the weekend with the latter's sister, Mrs. Peter O. Gallagher. They were accompanied by their daughter, Miss Mary Gallagher, cadet nurse at the Mercy Central school of nursing Grand Rapids, who is spending a month's vacation with her parents.

Mr. and Mrs. Wilbur A. Cline has as their guests over the weekend Mrs. Roy R. Bailey, Mrs. William McReynolds, and Mrs. F. H. Clarke, of Evanston, Ill., and Miss Edna Green, of Charleston, W. Va.

Mrs. Harker Kirby has returned to Wyandotte after spending most of the summer at her home on W. Upright. Mr. Kirby, who had been here for two weeks, returned with her.

Capt. and Mrs. Fred Marsh, of Glen Arbor, spent the weekend with their son and daughter-in-law, Mr. and Mrs. James Marsh and two sons. On Saturday they all visited relatives in Cheboygan.

Mr. and Mrs. David Howard and their son, Sgt. George Howard, came Monday from Muskegon to visit Mrs. Howard's brother-in-law and sister, Mr. and Mrs. Fred Bergmann. Sgt. Howard returned recently in plane from four years duty with the army in North Africa.

WHAT ABOUT ICE?

AND RELATED PROBLEMS

The value of ice, to our folks, is an accepted fact. The uses of ice are many and it is of importance to the community that this necessity be available in abundance.

Up to the present time, in this area, ice has been harvested from Lake Charlevoix. This picturesque occasion has been an annual event, eagerly looked forward to by many.

The harvesting of natural ice, although attractive at first sight, unfortunately, has not proved a money maker for those who took on the responsibility. One by one, the old line harvesters have given up the harvesting of ice. Some have taken their loss in silence, others who lost, like the city of Charlevoix, their losses are a matter of public record.

This Foundation took over the harvest last year. It cost a lot of money to provide you an ample ice supply this year. But, we did it. When we balance our books at the end of the season, we find, even at present prices, we will be lucky if we break even.

There are certain inherent losses in the harvesting and warehousing of natural ice. Lacking gift sense, we made mistakes, as all beginners will. But it is our honest opinion that the present harvesting and storing of ice, as it is now done, can not be made profitable because of the inherent losses; and this Foundation, like anyone else, can not continue to render a public service and operate at a loss. Under the circumstances, we can not improve the quality of our product or reduce the price.

It is up to us to decide what the future if ice will be. The following alternatives are open to us:

1. Leave the community stranded and no longer bother with ice.
2. On our property, on the shore of Lake Charlevoix, build a large Ice Storage Warehouse and continue to harvest natural ice.

3. Build an artificial ice plant.

4. Build both an artificial ice plant and in conjunction, build and operate a Locker Plant, or a Public Refrigerated Locker Warehouse.

Regarding to proposal No. 1, we are not going to leave the community stranded and give up ice just because the going is hard, for we are not the quitting kind.

Proposal No. 2, to build an Ice House adequate to store the ice, required by this community, will cost several thousands of dollars. Its construction will not assure you an adequate ice supply as there have been winters, when the natural ice supply was not satisfactory. Nor will the construction of this large warehouse result in economies sufficient to enable a reduction in ice prices; nor will it assure a uniform product.

To the proposal No. 3, that we build an artificial Ice Plant; a study of the facts, shows that the costs, both initial investment and operating, are high; it is questionable if the \$4000.00 per year, or so, business volume at the wholesale level, would pay a return on the investment.

No. 4. An artificial Ice Plant in conjunction with a public refrigerated locker warehouse, is a much more attractive proposal when viewed from several angles. Financially, it is more sound, as the initial investment is not proportionally greater, in relation to the increased volume of business expected; also, the operating costs are not much greater in relation to gross income.

It has been suggested that we build an artificial Ice Plant and Public Refrigerated Locker Warehouse, on our property on M66, at the intersection with Stover and Ferry Roads.

Our doing so, would assure your future Ice Supply, uniform in quality, and would contribute a greater degree of assurance of an adequate supply.

For a nominal annual fee, all who want to, could rent a refrigerated locker, to store therein their meats, fish, eggs and vegetables. In this locker warehouse, for a nominal extra charge, a butcher's services are available, and the farmer merchant or townsfolk, could bring his beef, mutton or pork, in halves or quarters for cutting, smoking or freezing.

It costs money to build an artificial Ice Plant and a refrigerated public locker warehouse. At this time, unaided, the Foundation can not finance the project. The local banks are willing to loan money for the purpose, but the percentage that they can put in is limited by law, beyond this, the banks cannot go.

This invitation is being extended to those public-spirited citizens of our community, who are able and willing to assist us financially in this project. The Foundation, not being a profit corporation, can not sell you shares of stock; or give you an interest in the management. All we can do is to issue to you, our bonds, or certificate of indebtedness, which will pay you a nominal rate of interest, about 6% is all the project can afford to pay. We can not guarantee that this project will make money, your only assurance of its money-making possibilities can come from your investigation of other artificial Ice Plants and public Refrigerated Locker Warehouses, throughout the country. For your inspection, there are similar plants in Boyne City, East Jordan, Traverse City, etc.

WE WOULD BE INTERESTED NOW TO KNOW HOW MANY PEOPLE WOULD LIKE TO RENT A LOCKER! WRITE AND LET US KNOW AT ONCE!

Will all those who are able and willing to assist us in this project, write to us, and state how much money you are willing to invest?

How to STOP a check

Suppose you have written a check and misplaced it, or the person to whom it was issued loses it. Here is what to do:

1. Notify your bank at once in writing asking that payment be stopped.
2. In the notice, describe the check fully, giving date, amount, payee's name and the check number.
3. Issue a new check giving it a different number.

When you lose cash it is seldom recovered. When you lose a check your "stop payment" order is on extra safeguard. Open your checking account with us.

SAYS SECRETARY OF AGRICULTURE:

Despite Victory Used Fat Saving Must Go On!

Every woman in America should know that our country continues to face a serious fat shortage. And victory over Japan won't solve the problem immediately. We must keep on saving used fats in our kitchens!

If you have any thought that saving used fats is one of those wartime chores we can drop, now that Victory is here, please consider these facts and tell them to your neighbors.

America still needs salvaged fats. Not even at the peak of our war effort, when fats were required for mountains of shells and bombs and medicines, in addition to the ever-present need for soap, were our needs for salvaging fat greater than now. Our stocks have been drained by four long years of war, and there isn't enough on hand to meet all requirements.

Don't let "Victory psychology" blind you to this national need! If housewives stop saving fats now, the shortage will become even more critical.

Don't let a single drop of used fats go to waste! Little trimmings of fat left on the platter at the table, scraps left on plates, and even the skimmings of soups and gravies are important. It is the consistent saving of even these small amounts that counts.

Don't turn in fats that can be re-used! But some fats, such as those rendered from lamb and mutton, are not suitable for re-use. Put them immediately in the salvage can. And, with other fats, after you've got all cooking good out of them, there is always a little left. No matter how little it is, save it.

Your butcher will still give you 4¢ and 2 red points for every pound you turn in. Save consistently—save every drop you can—every day—until Uncle Sam says the job is done.

YEARS EXPERIENCE

From where I sit... by Joe Marsh

Mad Dogs and Wagging Tongues

The county had a "mad dog" scare last week. Phoebe Token's spaniel bit the postman, and he vowed that he was plenty mad about it.

But by the time the rumor got around, it wasn't the postman who was mad, it was the dog. And before the truth was learned, half the kids in the neighborhood had missed school, while their mothers nearly died of fright.

Wagging tongues can cause a lot of "mad dog" trouble. Like wagging tongues that gossip about our soldiers drinking too much around Army camps. It's just not true, as the government found out and told us. Milk and beer are among a soldier's favorite drinks—which is why we have the best behaved army in history. But those ugly rumors are bound to hurt morale and cause hard feeling.

From where I sit, wagging tongues can cause a heap more trouble than mad dogs.
